

Supplemental Listing Document

If you are in any doubt as to any aspect of this document, you should consult your stockbroker or other registered dealer in securities, bank manager, solicitor, accountant or other professional adviser.

Application has been made to the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) for permission to deal in and for quotation of the Certificates (as defined below). The SGX-ST assumes no responsibility for the correctness of any statements made or opinions or reports expressed in this document, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document. Admission to the Official List of the SGX-ST is not to be taken as an indication of the merits of SG Issuer, Societe Generale, the Certificates, or the Company (as defined below).

A further 10,000,000 European Style Cash Settled Long Certificates

relating to the ordinary shares of Sembcorp Industries Ltd

with a Daily Leverage of 5x

issued by

SG Issuer

(Incorporated in Luxembourg with limited liability)

unconditionally and irrevocably guaranteed by

Societe Generale

Issue Price: S\$0.70 per Certificate

This document is published for the purpose of obtaining a listing of all the above certificates (the “**Certificates**”) to be issued by SG Issuer (the “**Issuer**”) unconditionally and irrevocably guaranteed by Societe Generale (the “**Guarantor**”), and is supplemental to and should be read in conjunction with a base listing document dated 13 June 2025 including such further base listing documents as may be issued from time to time (the “**Base Listing Document**”) for the purpose of giving information with regard to the Issuer, the Guarantor and the Certificates. Information relating to the Company (as defined below) is contained in this document.

The Certificates shall be consolidated and form a single series with an existing issue of 6,000,000 European Style Cash Settled Long Certificates relating to the ordinary shares of Sembcorp Industries Ltd (Sembcorp 5xLongSG270623 (UZMW)) issued by the Issuer and listed on the SGX-ST, in which dealings commenced on 25 June 2025 and details of which are contained in the Supplemental Listing Document dated 24 June 2025.

This document does not constitute or form part of any offer, or invitation, to subscribe for or to sell, or solicitation of any offer to subscribe for or to purchase, Certificates or other securities of the Issuer, nor is it calculated to invite, nor does it permit the making of, offers by the public to subscribe for or purchase for cash or other consideration the Certificates or other securities of the Issuer.

Restrictions have been imposed on offers and sales of the Certificates and on distributions of documents relating thereto in Singapore, Hong Kong, the European Economic Area, the United Kingdom and the United States (see “Placing and Sale” contained herein).

The Certificates are complex products. You should exercise caution in relation to them. Investors are warned that the price of the Certificates may fall in value as rapidly as it may rise and holders may sustain a total loss of their investment. The price of the Certificates also depends on the supply and demand for the Certificates in the market and the price at which the Certificates is trading at any time may differ from the underlying valuation of the Certificates because of market inefficiencies. It is not possible to predict the secondary market for the Certificates. Although the Issuer, the Guarantor and/or any of their affiliates may from time to time purchase the Certificates or sell additional Certificates on the market, the Issuer, the Guarantor and/or any of their affiliates are not obliged to do so. Investors should also note that there are leveraged risks because the Certificates integrate a leverage mechanism and the Certificates will amplify the movements in the increase, and in the decrease, of the value of the Underlying Stock (as defined below) and if the investment results in a loss, any such loss will be increased by the leverage factor of the Certificates. As such, investors could lose more than they would if they had invested directly in the Underlying Stock.

The Certificates are classified as capital markets products other than prescribed capital markets products¹ and Specified Investment Products (SIPs)², and may only be sold to retail investors with enhanced safeguards, including an assessment of such investors’ investment knowledge or experience.

The Certificates constitute general unsecured obligations of the Issuer (in the case of any substitution of the Issuer in accordance with the Conditions of the Certificates, the Substituted Obligor as defined in the Conditions of the Certificates) and of no other person, and the guarantee dated 13 June 2025 (the “**Guarantee**”) and entered into by the Guarantor constitutes direct unconditional unsecured senior preferred obligations of the Guarantor and of no other person, and if you purchase the Certificates, you are relying upon the creditworthiness of the Issuer and the Guarantor and have no rights under the Certificates against any other person.

Application has been made to the SGX-ST for permission to deal in and for quotation of the Certificates and the SGX-ST has agreed in principle to grant permission to deal in and for quotation of the Certificates. It is expected that dealings in the Certificates will commence on or about 4 September 2025.

As of the date hereof, the Guarantor’s long term credit rating by S&P Global Ratings is A, and by Moody’s Investors Service, Inc. is A1.

The Issuer is regulated by the Luxembourg Commission de Surveillance du Secteur Financier on a consolidated basis and the Guarantor is regulated by, *inter alia*, the Autorité des Marchés Financiers, the Autorité de Contrôle Prudentiel et de Résolution and the European Central Bank.

3 September 2025

¹ As defined in the Securities and Futures (Capital Markets Products) Regulations 2018.

² As defined in the MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products.

Subject as set out below, the Issuer and the Guarantor accept full responsibility for the accuracy of the information contained in this document and the Base Listing Document in relation to themselves and the Certificates. To the best of the knowledge and belief of the Issuer and the Guarantor (each of which has taken all reasonable care to ensure that such is the case), the information contained in this document and the Base Listing Document for which they accept responsibility (subject as set out below in respect of the information contained herein with regard to the Company) is in accordance with the facts and does not omit anything likely to affect the import of such information. The information with regard to the Company as set out herein is extracted from publicly available information. The Issuer and the Guarantor accept responsibility only for the accurate reproduction of such information. No further or other responsibility or liability in respect of such information is accepted by the Issuer and the Guarantor.

No person has been authorised to give any information or to make any representation other than those contained in this document in connection with the offering of the Certificates, and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer or the Guarantor. Neither the delivery of this document nor any sale made hereunder shall under any circumstances create any implication that there has been no change in the affairs of the Issuer, the Guarantor or their respective subsidiaries and associates since the date hereof.

This document does not constitute an offer or invitation by or on behalf of the Issuer or the Guarantor to purchase or subscribe for any of the Certificates. The distribution of this document and the offering of the Certificates may, in certain jurisdictions, be restricted by law. The Issuer and the Guarantor require persons into whose possession this document comes to inform themselves of and observe all such restrictions. In particular, the Certificates and the Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended or any state securities law, and trading in the Certificates has not been approved by the United States Commodity Futures Trading Commission (the “CFTC”) under the United States Commodity Exchange Act of 1936, as amended and the Issuer has not been and will not be registered as an investment company under the United States Investment Company Act of 1940, as amended, and the rules and regulations thereunder. None of the Securities and Exchange Commission, any state securities commission or regulatory authority or any other United States, French or other regulatory authority has approved or disapproved of the Certificates or the Guarantee or passed upon the accuracy or adequacy of this document. Accordingly, Certificates, or interests therein, may not at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, nor may any U.S. person at any time trade, own, hold or maintain a position in the Certificates or any interests therein. In addition, in the absence of relief from the CFTC, offers, sales, re-sales, trades, pledges, exercises, redemptions, transfers or deliveries of Certificates, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading and commodity pools. Consequently, any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised. A further description of certain restrictions on offering and sale of the Certificates and distribution of this document is given in the section headed “Placing and Sale” contained herein.

The SGX-ST has made no assessment of, nor taken any responsibility for, the financial soundness of the Issuer or the Guarantor or the merits of investing in the Certificates, nor have they verified the accuracy or the truthfulness of statements made or opinions expressed in this document.

The Issuer, the Guarantor and/or any of their affiliates may repurchase Certificates at any time on or after the date of issue and any Certificates so repurchased may be offered from time to time in one or more transactions in the over-the-counter market or otherwise at prevailing market prices or in negotiated transactions, at the discretion of the Issuer, the Guarantor and/or any of their affiliates. Investors should not therefore make any assumption as to the number of Certificates in issue at any time.

References in this document to the “**Conditions**” shall mean references to the Terms and Conditions of the European Style Cash Settled Long/Short Certificates on Single Equities contained in the Base Listing Document. Terms not defined herein shall have the meanings ascribed thereto in the Conditions.

RISK FACTORS

The following are risk factors relating to the Certificates:

- (a) in respect of certain corporate adjustment events on the Underlying Stock, trading in the Certificates may be suspended on the relevant ex-date of the Underlying Stock and trading in the Certificates will resume on the next immediate trading day on the SGX-ST. Please note that trading in the Certificates on the SGX-ST may be suspended for more than one trading day in certain circumstances;
- (b) investment in Certificates involves substantial risks including market risk, liquidity risk, and the risk that the Issuer and/or the Guarantor will be unable to satisfy its/their obligations under the Certificates. Investors should ensure that they understand the nature of all these risks before making a decision to invest in the Certificates. You should consider carefully whether Certificates are suitable for you in light of your experience, objectives, financial position and other relevant circumstances. Certificates are not suitable for inexperienced investors;
- (c) the Certificates constitute general unsecured obligations of the Issuer (in the case of any substitution of the Issuer in accordance with the Conditions of the Certificates, the Substituted Obligor as defined in the Conditions of the Certificates) and of no other person, and the Guarantee constitutes direct unconditional unsecured senior preferred obligations of the Guarantor and of no other person. In particular, it should be noted that the Issuer issues a large number of financial instruments, including Certificates, on a global basis and, at any given time, the financial instruments outstanding may be substantial. If you purchase the Certificates, you are relying upon the creditworthiness of the Issuer and the Guarantor and have no rights under the Certificates against any other person;
- (d) since the Certificates relate to the price of the Underlying Stock, certain events relating to the Underlying Stock may cause adverse movements in the value and the price of the Underlying Stock, as a result of which, the Certificate Holders (as defined in the Conditions of the Certificates) may, in extreme circumstances, sustain a significant loss of their investment if the price of the Underlying Stock has fallen sharply;
- (e) in the event that the Company is subject to any sanction by governmental authorities, (i) such sanction may impact general investor interest in the Underlying Stock, which may in turn affect the liquidity and market price of the Underlying Stock, and (ii) investors should consult their own legal advisers to check whether and to what extent investing in the Certificates will be in violation of applicable laws and regulations;
- (f) in the event that the Company is controlled through weighted voting rights, certain individuals who own shares of a class which is being given more votes per share may have the ability to determine the outcome of most matters, and depending on the action taken by the Company, the market price of the Certificates could be adversely affected;
- (g) due to their nature, the Certificates can be volatile instruments and may be subject to considerable fluctuations in value. The price of the Certificates may fall in value as rapidly as it may rise due to, including but not limited to, variations in the frequency and magnitude of the changes in the price of the Underlying Stock, the time remaining to expiry, the currency exchange rates and the creditworthiness of the Issuer and the Guarantor;
- (h) if, whilst any of the Certificates remain unexercised, trading in the Underlying Stock is suspended or halted on the relevant stock exchange, trading in the Certificates may be suspended for a similar period;
- (i) as indicated in the Conditions of the Certificates and herein, a Certificate Holder must tender a specified number of Certificates at any one time in order to exercise. Thus, Certificate Holders with

fewer than the specified minimum number of Certificates in a particular series will either have to sell their Certificates or purchase additional Certificates, incurring transactions costs in each case, in order to realise their investment;

- (j) investors should note that in the event of there being a Market Disruption Event (as defined in the Conditions) determination or payment of the Cash Settlement Amount (as defined in the Conditions) may be delayed, all as more fully described in the Conditions;
- (k) certain events relating to the Underlying Stock require or, as the case may be, permit the Issuer to make certain adjustments or amendments to the Conditions. Investors may refer to the Conditions 4 and 6 on pages 30 to 34 and the examples and illustrations of adjustments set out in the “Information relating to the European Style Cash Settled Long Certificates on Single Equities” section of this document for more information;
- (l) the Certificates are only exercisable on the Expiry Date and may not be exercised by Certificate Holders prior to such Expiry Date. Accordingly, if on the Expiry Date the Cash Settlement Amount is zero, a Certificate Holder will lose the value of his investment;
- (m) the total return on an investment in any Certificate may be affected by the Hedging Fee Factor (as defined below), Management Fee (as defined below) and Gap Premium (as defined below);
- (n) investors holding their position overnight should note that they would be required to bear the annualised cost which consists of the Management Fee and Gap Premium, which are calculated daily and applied to the value of the Certificates, as well as certain costs embedded within the Leverage Strategy (as described below) including the Funding Cost (as defined below) and Rebalancing Cost (as defined below);
- (o) investors should note that there are leveraged risks because the Certificates integrate a leverage mechanism and the Certificates will amplify the movements in the increase, and in the decrease, of the value of the Underlying Stock and if the investment results in a loss, any such loss will be increased by the leverage factor of the Certificates. As such, investors could lose more than they would if they had invested directly in the Underlying Stock;
- (p) when held for longer than a day, the performance of the Certificates could be more or less than the leverage factor that is embedded within the Certificates. The performance of the Certificates each day is locked in, and any subsequent returns are based on what was achieved the previous trading day. This process, referred to as compounding, may lead to a performance difference from 5 times the performance of the Underlying Stock over a period longer than one day. This difference may be amplified in a volatile market with a sideways trend, where market movements are not clear in direction, whereby investors may sustain substantial losses;
- (q) the Air Bag Mechanism (as defined below) is triggered only when the Underlying Stock is calculated or traded, which may not be during the trading hours of the Relevant Stock Exchange for the Certificates (as defined below);
- (r) investors should note that the Air Bag Mechanism reduces the impact on the Leverage Strategy if the Underlying Stock falls further, but will also maintain a reduced exposure to the Underlying Stock in the event the Underlying Stock starts to rise after the Air Bag Mechanism is triggered, thereby reducing its ability to recoup losses;
- (s) there is no assurance that the Air Bag Mechanism will prevent investors from losing the entire value of their investment, in the event of (i) an overnight fall in the Underlying Stock, where there is a 20% or greater gap between the previous trading day closing price and the opening price of the Underlying Stock the following trading day, as the Air Bag Mechanism will only be triggered when market opens (including pre-opening session or opening auction, as the case may be) the following

trading day or (ii) a sharp intraday fall in the price of the Underlying Stock of 20% or greater within the 15 minutes Observation Period compared to the reference price, being: (1) if air bag has not been previously triggered on the same day, the previous closing price of the Underlying Stock, or (2) if one or more air bag have been previously triggered on the same day, the latest New Observed Price. Investors may refer to pages 51 to 52 of this document for more information;

- (t) certain events may, pursuant to the terms and conditions of the Certificates, trigger (i) the implementation of methods of adjustment or (ii) the early termination of the Certificates. The Certificates may be terminated prior to its Expiry Date for the following reasons which are not exhaustive: Illegality and force majeure, occurrence of a Holding Limit Event (as defined in the Conditions of the Certificates) or Hedging Disruption (as defined in the Conditions of the Certificates). For more detailed examples of when early termination may occur, please refer to the FAQ section under the “Education” tab on the website at dlc.socgen.com.

The Issuer will give the investors reasonable notice of any early termination. If the Issuer terminates the Certificates early, the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Certificate Holder in respect of each Certificate held by such holder equal to the fair market value of the Certificate less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion. The performance of this commitment shall depend on (i) general market conditions and (ii) the liquidity conditions of the underlying instrument(s) and, as the case may be, of any other hedging transactions. Investors should note that the amount repaid by the Issuer may be substantially less than the amount initially invested, and at the worst case, be zero. Investors may refer to the Condition 13 on pages 37 to 39 of this document for more information;

- (u) there is no assurance that an active trading market for the Certificates will sustain throughout the life of the Certificates, or if it does sustain, it may be due to market making on the part of the Designated Market Maker. The Issuer acting through its Designated Market Maker may be the only market participant buying and selling the Certificates. Therefore, the secondary market for the Certificates may be limited and you may not be able to realise the value of the Certificates. Do note that the bid-ask spread increases with illiquidity;
- (v) in the ordinary course of their business, including without limitation, in connection with the Issuer or its appointed designated market maker’s market making activities, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may effect transactions for their own account or for the account of their customers and hold long or short positions in the Underlying Stock. In addition, in connection with the offering of any Certificates, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may enter into one or more hedging transactions with respect to the Underlying Stock. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer, the Guarantor and any of their respective subsidiaries and affiliates, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may enter into transactions in the Underlying Stock which may affect the market price, liquidity or value of the Certificates and which may affect the interests of Certificate Holders;
- (w) various potential and actual conflicts of interest may arise from the overall activities of the Issuer, the Guarantor and/or any of their subsidiaries and affiliates.

The Issuer, the Guarantor and any of their subsidiaries and affiliates are diversified financial institutions with relationships in countries around the world. These entities engage in a wide range of commercial and investment banking, brokerage, funds management, hedging transactions and investment and other activities for their own account or the account of others. In addition, the Issuer, the Guarantor and any of their subsidiaries and affiliates, in connection with their other business

activities, may possess or acquire material information about the Underlying Stock. Such activities and information may involve or otherwise affect issuers of the Underlying Stock in a manner that may cause consequences adverse to the Certificate Holders or otherwise create conflicts of interests in connection with the issue of Certificates by the Issuer. Such actions and conflicts may include, without limitation, the exercise of voting power, the purchase and sale of securities, financial advisory relationships and exercise of creditor rights. The Issuer, the Guarantor and any of their subsidiaries and affiliates have no obligation to disclose such information about the Underlying Stock or such activities. The Issuer, the Guarantor and any of their subsidiaries and affiliates and their officers and directors may engage in any such activities without regard to the issue of Certificates by the Issuer or the effect that such activities may directly or indirectly have on any Certificate;

- (x) legal considerations which may restrict the possibility of certain investments:
 Some investors' investment activities are subject to specific laws and regulations or laws and regulations currently being considered by various authorities. All potential investors must consult their own legal advisers to check whether and to what extent (i) they can legally purchase the Certificates (ii) the Certificates can be used as collateral security for various forms of borrowing (iii) if other restrictions apply to the purchase of Certificates or their use as collateral security. Financial institutions must consult their legal advisers or regulators to determine the appropriate treatment of the Certificates under any applicable risk-based capital or similar rules;
- (y) the credit rating of the Guarantor is an assessment of its ability to pay obligations, including those on the Certificates. Consequently, actual or anticipated declines in the credit rating of the Guarantor may affect the market value of the Certificates;
- (z) the Certificates are linked to the Underlying Stock and subject to the risk that the price of the Underlying Stock may decline. The following is a list of some of the significant risks associated with the Underlying Stock:
 - Historical performance of the Underlying Stock does not give an indication of future performance of the Underlying Stock. It is impossible to predict whether the price of the Underlying Stock will fall or rise over the term of the Certificates; and
 - The price of the Underlying Stock may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which the Underlying Stock may be traded;
- (aa) the value of the Certificates depends on the Leverage Strategy performance built in the Certificate. The Calculation Agent will make the Leverage Strategy last closing level and a calculation tool available to the investors on a website;
- (bb) two or more risk factors may simultaneously have an effect on the value of a Certificate such that the effect of any individual risk factor may not be predicted. No assurance can be given as to the effect any combination of risk factors may have on the value of a Certificate;
- (cc) as the Certificates are represented by a global warrant certificate which will be deposited with The Central Depository (Pte) Limited ("CDP"):
 - (i) investors should note that no definitive certificate will be issued in relation to the Certificates;
 - (ii) there will be no register of Certificate Holders and each person who is for the time being shown in the records maintained by CDP as entitled to a particular number of Certificates by way of interest (to the extent of such number) in the global warrant certificate in respect

of those Certificates represented thereby shall be treated as the holder of such number of Certificates;

- (iii) investors will need to rely on any statements received from their brokers/custodians as evidence of their interest in the Certificates; and
- (iv) notices to such Certificate Holders will be published on the web-site of the SGX-ST. Investors will need to check the web-site of the SGX-ST regularly and/or rely on their brokers/custodians to obtain such notices;

- (dd) the US Foreign Account Tax Compliance Act ("**FATCA**") withholding risk:

FATCA generally imposes a 30 per cent. withholding tax on certain U.S.-source payments to certain non-US persons that do not provide certification of their compliance with IRS rules to disclose the identity of their US owners and account holders (if any) or establish a basis for exemption for such disclosure. The Issuer or an investor's broker or custodian may be subject to FATCA and, as a result, may be required to obtain certification from investors that they have complied with FATCA disclosure requirements or have established a basis for exemption from FATCA. If an investor does not provide the Issuer or the relevant broker or custodian with such certification, the Issuer and the Guarantor or other withholding agent could be required to withhold U.S. tax on U.S.-source income (if any) paid pursuant to the Certificates. In certain cases, the Issuer or the relevant broker or custodian could be required to close an account of an investor who does not comply with the FATCA certification procedures.

FATCA IS PARTICULARLY COMPLEX. EACH INVESTOR SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO DETERMINE HOW THIS LEGISLATION MIGHT AFFECT EACH INVESTOR IN ITS PARTICULAR CIRCUMSTANCES;

- (ee) U.S. withholding tax

The Issuer has determined that this Certificate is not linked to U.S. Underlying Equities within the meaning of applicable regulations under Section 871(m) of the United States Internal Revenue Code, as discussed in the accompanying Base Listing Document under "TAXATION—TAXATION IN THE UNITED STATES OF AMERICA—Section 871(m) of the U.S. Internal Revenue Code of 1986." Accordingly, the Issuer expects that Section 871(m) will not apply to the Certificates. Such determination is not binding on the IRS, and the IRS may disagree with this determination. Section 871(m) is complex and its application may depend on a Certificate Holder's particular circumstances. Certificate Holders should consult with their own tax advisers regarding the potential application of Section 871(m) to the Certificates;

- (ff) risks arising from the taxation of securities

Tax law and practice are subject to change, possibly with retroactive effect. This may have a negative impact on the value of the Certificates and/or the market price of the Certificates. For example, the specific tax assessment of the Certificates may change compared to its assessment at the time of purchase of the Certificates. This is especially true with regard to derivative Certificates and their tax treatment. Holders of Certificates therefore bear the risk that they may misjudge the taxation of the income from the purchase of the Certificates. However, there is also the possibility that the taxation of the income from the purchase of the Certificates will change to the detriment of the holders.

Holders of the Certificates bear the risk that the specific tax assessment of the Certificates will change. This can have a negative impact on the value of the Certificates and the investor may incur a corresponding loss. The stronger this negative effect, the greater the loss may be; and

(gg) risk factors relating to the BRRD

French and Luxembourg law and European legislation regarding the resolution of financial institutions may require the write-down or conversion to equity of the Certificates or other resolution measures if the Issuer or the Guarantor is deemed to meet the conditions for resolution.

Directive 2014/59/EU of the European Parliament and of the Council of the European Union dated 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (the “**BRRD**”) entered into force on 2 July 2014. The BRRD, as amended, has been implemented into Luxembourg law by, among others, the Luxembourg act dated 18 December 2015 on the failure of credit institutions and certain investment firms, as amended (the “**BRR Act 2015**”). Under the BRR Act 2015, the competent authority is the Luxembourg financial sector supervisory authority (*Commission de surveillance du secteur financier*, the CSSF) and the resolution authority is the CSSF acting as resolution council (*conseil de résolution*).

In April 2023, the EU Commission released a proposal to amend, in particular, the BRRD according to which senior preferred debt instruments would no longer rank *pari passu* with any non covered non preferred deposits of the Issuer; instead, senior preferred debt instruments would rank junior in right of payment to the claims of all depositors.

This proposal is still subject to further discussions and as a result its precise legal application date is unknown. As such, there may be an increased risk of an investor in senior preferred debt instruments losing all or some of their investment in the context of the exercise of the Bail-in Power.

Moreover, Regulation (EU) No. 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism (“**SRM**”) and a Single Resolution Framework (the “**SRM Regulation**”) has established a centralised power of resolution entrusted to a Single Resolution Board (the “**SRB**”) in cooperation with the national resolution authorities.

Since November 2014, the European Central Bank (“**ECB**”) has taken over the prudential supervision of significant credit institutions in the member states of the Eurozone under the Single Supervisory Mechanism (“**SSM**”). In addition, the SRM has been put in place to ensure that the resolution of credit institutions and certain investment firms across the Eurozone is harmonised. As mentioned above, the SRM is managed by the SRB. Under Article 5(1) of the SRM Regulation, the SRM has been granted those responsibilities and powers granted to the EU Member States’ resolution authorities under the BRRD for those credit institutions and certain investment firms subject to direct supervision by the ECB. The ability of the SRB to exercise these powers came into force at the beginning of 2016.

Societe Generale has been, and continues to be, designated as a significant supervised entity for the purposes of Article 49(1) of Regulation (EU) No 468/2014 of the ECB of 16 April 2014 establishing the framework for cooperation within the SSM between the ECB and national competent authorities and with national designated authorities (the “**SSM Regulation**”) and is consequently subject to the direct supervision of the ECB in the context of the SSM. This means that Societe Generale and SG Issuer (being covered by the consolidated prudential supervision of Societe Generale) are also subject to the SRM which came into force in 2015. The SRM Regulation mirrors the BRRD and, to a large part, refers to the BRRD so that the SRB is able to apply the same powers that would otherwise be available to the relevant national resolution authority.

The stated aim of the BRRD and the SRM Regulation is to provide for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and certain investment firms. The regime provided for by the BRRD is, among other things, stated to be needed to provide the

resolution authority designated by each EU Member State (the “**Resolution Authority**”) with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution’s critical financial and economic functions while minimising the impact of an institution’s failure on the economy and financial system (including taxpayers’ exposure to losses).

In accordance with the provisions of the SRM Regulation, when applicable, the SRB, has replaced the national resolution authorities designated under the BRRD with respect to all aspects relating to the decision-making process and the national resolution authorities designated under the BRRD continue to carry out activities relating to the implementation of resolution schemes adopted by the SRB. The provisions relating to the cooperation between the SRB and the national resolution authorities for the preparation of the institutions’ resolution plans have applied since 1 January 2015 and the SRM has been fully operational since 1 January 2016.

The SRB is the Resolution Authority for the Issuer and the Guarantor.

The powers provided to the Resolution Authority in the BRRD and the SRM Regulation include write-down/conversion powers to ensure that capital instruments (including subordinated debt instruments) and eligible liabilities (including senior debt instruments if junior instruments prove insufficient to absorb all losses) absorb losses of the issuing institution that is subject to resolution in accordance with a set order of priority (the “**Bail-in Power**”). The conditions for resolution under the SRM Regulation are deemed to be met when: (i) the Resolution Authority determines that the institution is failing or is likely to fail, (ii) there is no reasonable prospect that any measure other than a resolution measure would prevent the failure within a reasonable timeframe, and (iii) a resolution measure is necessary for the achievement of the resolution objectives (in particular, ensuring the continuity of critical functions, avoiding a significant adverse effect on the financial system, protecting public funds by minimizing reliance on extraordinary public financial support, and protecting client funds and assets) and winding up of the institution under normal insolvency proceedings would not meet those resolution objectives to the same extent.

The Resolution Authority could also, independently of a resolution measure or in combination with a resolution measure, fully or partially write-down or convert capital instruments (including subordinated debt instruments) into equity when it determines that the institution or its group will no longer be viable unless such write-down or conversion power is exercised or when the institution requires extraordinary public financial support (except when extraordinary public financial support is provided in Article 10 of the SRM Regulation). The terms and conditions of the Certificates contain provisions giving effect to the Bail-in Power in the context of resolution and write-down or conversion of capital instruments at the point of non-viability.

The Bail-in Power could result in the full (i.e., to zero) or partial write-down or conversion of the Certificates into ordinary shares or other instruments of ownership, or the variation of the terms of the Certificates (for example, the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered). Extraordinary public financial support should only be used as a last resort after having assessed and applied, to the maximum extent practicable, the resolution measures. No support will be available until a minimum amount of contribution to loss absorption and recapitalization of 8% of total liabilities including own funds has been made by shareholders, holders of capital instruments and other eligible liabilities through write-down, conversion or otherwise.

In addition to the Bail-in Power, the BRRD and the SRM Regulation provide the Resolution Authority with broader powers to implement other resolution measures with respect to institutions that meet the conditions for resolution, which may include (without limitation) the sale of the institution’s business, the creation of a bridge institution, the separation of assets, the replacement

or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), removing management, appointing an interim administrator, and discontinuing the listing and admission to trading of financial instruments.

Before taking a resolution measure, including implementing the Bail-in Power, or exercising the power to write down or convert relevant capital instruments, the Resolution Authority must ensure that a fair, prudent and realistic valuation of the assets and liabilities of the institution is carried out by a person independent from any public authority.

The BRRD, the BRR Act 2015 and the SRM Regulation however also state that, under exceptional circumstances, if the bail-in instrument is applied, the SRB, in cooperation with the CSSF, may completely or partially exclude certain liabilities from the application of the impairment or conversion powers under certain conditions.

Since 1 January 2016, EU credit institutions (such as Societe Generale) and certain investment firms have to meet, at all times, a minimum requirement for own funds and eligible liabilities ("**MREL**") pursuant to Article 12 of the SRM Regulation. The MREL, which is expressed as a percentage of the total liabilities and own funds of the institution, aims at preventing institutions from structuring their liabilities in a manner that impedes the effectiveness of the Bail-in Power in order to facilitate resolution.

The regime has evolved as a result of the changes adopted by the EU legislators. On 7 June 2019, as part of the contemplated amendments to the so-called "EU Banking Package", the following legislative texts were published in the Official Journal of the EU 14 May 2019:

- Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending the BRRD as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms ("**BRRD II**"); and
- Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 amending the SRM Regulation as regards the loss-absorbing and recapitalisation capacity ("**TLAC**") of credit institutions and investment firms (the "**SRM II Regulation**" and, together with the BRRD II, the "**EU Banking Package Reforms**").

The EU Banking Package Reforms introduced, among other things, the TLAC standard as implemented by the Financial Stability Board's TLAC Term Sheet ("**FSB TLAC Term Sheet**"), by adapting, among other things, the existing regime relating to the specific MREL with the aim of reducing risks in the banking sector and further reinforcing institutions' ability to withstand potential shocks will strengthen the banking union and reduce risks in the financial system.

The TLAC has been implemented in accordance with the FSB TLAC Term Sheet, which imposes a level of "Minimum TLAC" that will be determined individually for each global systemically important bank ("**G-SIB**"), such as Societe Generale, in an amount at least equal to (i) 16%, plus applicable buffers, of risk weight assets since January 1, 2022 and 18%, plus applicable buffers, thereafter and (ii) 6% of the Basel III leverage ratio denominator since January 1, 2022 and 6.75% thereafter (each of which could be extended by additional firm-specific requirements).

Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the "**CRR**"), as amended notably by Regulation (EU) 2019/876 as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements (the "**CRR II**") and Regulation (EU) 2022/2036 of the

European Parliament and of the Council of 19 October 2022 amending Regulation (EU) No 575/2013 and Directive 2014/59/EU as regards the prudential treatment of global systemically important institutions with a multiple-point-of-entry resolution strategy and methods for the indirect subscription of instruments eligible for meeting the minimum requirement for own funds and eligible liabilities, EU G-SIBs, such as Societe Generale, have to comply with TLAC requirements, on top of the MREL requirements, since the entry into force of the CRR II. As such, G-SIBs, such as Societe Generale have to comply with both the TLAC and MREL requirements.

Consequently, the criteria for MREL-eligible liabilities have been closely aligned with the criteria for TLAC-eligible liabilities under CRR II, but subject to the complementary adjustments and requirements introduced in the BRRD II. In particular, certain debt instruments with an embedded derivative component, such as certain structured notes, will be eligible, subject to certain conditions, to meet MREL requirements to the extent that they have a fixed or increasing principal amount repayable at maturity that is known in advance with only an additional return permitted to be linked to that derivative component and dependent on the performance of a reference asset.

The level of capital and eligible liabilities required under MREL is set by the SRB for Societe Generale on an individual and/or consolidated basis based on certain criteria including systemic importance and may also be set for SG Issuer. Eligible liabilities may be senior or subordinated, provided, among other requirements, that they have a remaining term of at least one year and, they recognise contractually the Resolution Authority's power to write down or convert the liabilities governed by non-EU law.

The scope of liabilities used to meet MREL includes, in principle, all liabilities resulting from claims arising from ordinary unsecured creditors (non-subordinated liabilities) unless they do not meet specific eligibility criteria set out in BRRD, as amended notably by BRRD II. To enhance the resolvability of institutions and entities through an effective use of the bail-in tool, the SRB should be able to require that MREL be met with own funds and other subordinated liabilities, in particular where there are clear indications that bailed-in creditors are likely to bear losses in resolution that would exceed the losses that they would incur under normal insolvency proceedings. Moreover the SRB should assess the need to require institutions and entities to meet the MREL with own funds and other subordinated liabilities where the amount of liabilities excluded from the application of the bail-in tool reaches a certain threshold within a class of liabilities that includes MREL-eligible liabilities. Any subordination of debt instruments requested by the SRB for the MREL shall be without prejudice to the possibility to partly meet the TLAC requirements with non-subordinated debt instruments in accordance with the CRR, as amended by the CRR II, as permitted by the TLAC standard. Specific requirements apply to resolution groups with assets above EUR 100 billion (top-tier banks, including Societe Generale).

TERMS AND CONDITIONS OF THE CERTIFICATES

The following are the terms and conditions of the Certificates and should be read in conjunction with, and are qualified by reference to, the other information set out in this document and the Base Listing Document.

The Conditions are set out in the section headed “Terms and Conditions of the European Style Cash Settled Long/Short Certificates on Single Equities” in the Base Listing Document. For the purposes of the Conditions, the following terms shall have the following meanings:

Certificates:	A further 10,000,000 European Style Cash Settled Long Certificates relating to the ordinary shares of Sembcorp Industries Ltd (the “Underlying Stock”) The Certificates shall be consolidated and form a single series with an existing issue of 6,000,000 European Style Cash Settled Long Certificates relating to the ordinary shares of Sembcorp Industries Ltd issued by the Issuer and listed on the SGX-ST, in which dealings commenced on 25 June 2025.
ISIN:	LU2079526211
Company:	Sembcorp Industries Ltd (RIC: SCIL.SI)
Underlying Price ³ and Source:	S\$6.85 (Reuters)
Calculation Agent:	Societe Generale
Strike Level:	Zero
Daily Leverage:	5x (within the Leverage Strategy as described below)
Notional Amount per Certificate:	SGD 0.70
Management Fee (p.a.) ⁴ :	0.40%
Gap Premium (p.a.) ⁵ :	15.00%, is a hedging cost against extreme market movements overnight.
Funding Cost ⁶ :	The annualised costs of funding, referencing a publicly published reference rate plus spread.
Rebalancing Cost ⁶ :	The transaction costs (if applicable), computed as a function of leverage and daily performance of the Underlying Stock.

³ These figures are calculated as at, and based on information available to the Issuer on 24 June 2025. The Issuer is not obliged, and undertakes no responsibility to any person, to update or inform any person of any changes to the figures after 24 June 2025.

⁴ Please note that the Management Fee is calculated on a 360-day basis and may be increased up to a maximum of 3% p.a. on giving one month's notice to investors. Any increase in the Management Fee will be announced on the SGXNET. Please refer to “Fees and Charges” below for further details of the fees and charges payable and the maximum of such fees as well as other ongoing expenses that may be borne by the Certificates.

⁵ Please note that the Gap Premium is calculated on a 360-day basis.

⁶ These costs are embedded within the Leverage Strategy.

Launch Date:	1 September 2025
Closing Date:	3 September 2025
Expected Listing Date:	4 September 2025
Last Trading Date:	The date falling 5 Business Days immediately preceding the Expiry Date, currently being 16 June 2027
Expiry Date:	23 June 2027 (if the Expiry Date is not a Business Day, then the Expiry Date shall fall on the preceding Business Day and subject to adjustment of the Valuation Date upon the occurrence of Market Disruption Events as set out in the Conditions of the Certificates)
Board Lot:	100 Certificates
Valuation Date:	22 June 2027 or if such day is not an Exchange Business Day, the immediately preceding Exchange Business Day.
Exercise:	The Certificates may only be exercised on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, in a Board Lot or integral multiples thereof. Certificate Holders shall not be required to deliver an exercise notice. Exercise of Certificates shall be determined by whether the Cash Settlement Amount (less any Exercise Expenses) is positive. If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates shall be deemed to have been automatically exercised at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day. The Cash Settlement Amount less the Exercise Expenses in respect of the Certificates shall be paid in the manner set out in Condition 4(c) of the Conditions. In the event the Cash Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, and Certificate Holders shall not be entitled to receive any payment from the Issuer in respect of the Certificates.
Cash Settlement Amount:	<p>In respect of each Certificate, shall be an amount payable in the Settlement Currency equal to:</p> <p>Closing Level multiplied by the Notional Amount per Certificate</p> <p>Please refer to the “Information relating to the European Style Cash Settled Long Certificates on Single Equities” section on pages 43 to 57 of this document for examples and illustrations of the calculation of the Cash Settlement Amount.</p>
Hedging Fee Factor:	In respect of each Certificate, shall be an amount calculated as: Product (for t from 2 to Valuation Date) of $(1 - \text{Management Fee} \times (\text{ACT}(t-1;t) \div 360)) \times (1 - \text{Gap Premium}(t-1) \times (\text{ACT}(t-1;t) \div 360))$, where:

“t” refers to “**Observation Date**” which means each Exchange Business Day (subject to Market Disruption Event) from (and including) the Exchange Business Day immediately preceding 25 June 2025 to the Valuation Date; and

ACT (t-1;t) means the number of calendar days between the Exchange Business Day immediately preceding the Observation Date (which is “t-1”) (included) and the Observation Date (which is “t”) (excluded).

If the Issuer determines, in its sole discretion, that on any Observation Date a Market Disruption Event has occurred, then that Observation Date shall be postponed until the first succeeding Exchange Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Exchange Business Days immediately following the original date that, but for the Market Disruption Event, would have been an Observation Date. In that case, that fifth Exchange Business Day shall be deemed to be the Observation Date notwithstanding the Market Disruption Event and the Issuer shall determine, its good faith estimate of the level of the Leverage Strategy and the value of the Certificate on that fifth Exchange Business Day in accordance with the formula for and method of calculation last in effect prior to the occurrence of the first Market Disruption Event taking into account, inter alia, the exchange traded or quoted price of the Underlying Stock and the potential increased cost of hedging by the Issuer as a result of the occurrence of the Market Disruption Event.

Please refer to the “Information relating to the European Style Cash Settled Long Certificates on Single Equities” section on pages 43 to 57 of this document for examples and illustrations of the calculation of the Hedging Fee Factor.

Closing Level: In respect of each Certificate, shall be an amount payable in the Settlement Currency equal to:

$$\left(\frac{\text{Final Reference Level} \times \text{Final Exchange Rate}}{\text{Initial Reference Level} \times \text{Initial Exchange Rate}} - \text{Strike Level} \right) \times \text{Hedging Fee Factor}$$

Initial Reference Level: 1,000

Final Reference Level: The closing level of the Leverage Strategy (as described below) on the Valuation Date

The calculation of the closing level of the Leverage Strategy is set out in the “Specific Definitions relating to the Leverage Strategy” section on pages 19 to 24 below.

Initial Exchange Rate: 1

Final Exchange Rate: 1

Air Bag Mechanism: The “**Air Bag Mechanism**” refers to the mechanism built in the Leverage Strategy and which is designed to reduce the Leverage Strategy exposure to the Underlying Stock during extreme market

conditions. If the Underlying Stock falls by 15% or more (“**Air Bag Trigger Price**”) during the trading day (which represents an approximately 75% loss after a 5 times leverage), the Air Bag Mechanism is triggered and the Leverage Strategy is adjusted intra-day. The Air Bag Mechanism reduces the impact on the Leverage Strategy if the Underlying Stock falls further, but will also maintain a reduced exposure to the Underlying Stock in the event the Underlying Stock starts to rise after the Air Bag Mechanism is triggered, thereby reducing its ability to recoup losses.

Trading of Certificates is suspended for at least 30 minutes of continuous trading after the Air Bag is triggered. The resumption of trading is subject to the SGX-ST’s requirements of at least 15 minutes after the SGX-ST approves the request from the Issuer to resume trading on the Certificates, rounded to the next quarter of an hour.

The Leverage Strategy is floored at 0 and the Certificates cannot be valued below zero. Please refer to the “Extraordinary Strategy Adjustment for Performance Reasons (“Air Bag Mechanism”)” section on pages 22 to 24 below and the “Description of Air Bag Mechanism” section on pages 49 to 50 of this document for further information of the Air Bag Mechanism.

Adjustments and Extraordinary Events:	The Issuer has the right to make adjustments to the terms of the Certificates if certain events, including any capitalisation issue, rights issue, extraordinary distributions, merger, delisting, insolvency (as more specifically set out in the terms and conditions of the Certificates) occur in respect of the Underlying Stock. For the avoidance of doubt, no notice will be given if the Issuer determines that adjustments will not be made.
Underlying Stock Currency:	Singapore Dollar (“ SGD ”)
Settlement Currency:	SGD
Exercise Expenses:	Certificate Holders will be required to pay all charges which are incurred in respect of the exercise of the Certificates.
Relevant Stock Exchange for the Certificates:	The SGX-ST
Relevant Stock Exchange for the Underlying Stock:	The SGX-ST
Business Day, Settlement Business Day and Exchange Business Day:	A “ Business Day ”, a “ Settlement Business Day ” or an “ Exchange Business Day ” is a day on which the SGX-ST is open for dealings in Singapore during its normal trading hours and banks are open for business in Singapore.
Warrant Agent:	The Central Depository (Pte) Limited (“ CDP ”)
Clearing System:	CDP

Fees and Charges:

Normal transaction and brokerage fees shall apply to the trading of the Certificates on the SGX-ST. Investors should note that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Certificates are transferred. Investors who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, investors should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

Investors holding position overnight would also be required to bear the Management Fee and Gap Premium, which are calculated daily and applied to the value of the Certificates, as well as certain costs embedded within the Leverage Strategy including the Funding Cost and Rebalancing Cost. The Management Fee may be increased up to a maximum of 3% p.a. on giving one month's notice to investors in accordance with the terms and conditions of the Certificates. Any increase in the Management Fee will be announced on the SGXNET.

Further Information:

Please refer to the website at dlc.socgen.com for more information on the theoretical closing price of the Certificates on the previous trading day, the closing price of the Underlying Stock on the previous trading day, the Air Bag Trigger Price for each trading day and the Management Fee and Gap Premium.

Specific Definitions relating to the Leverage Strategy

Description of the Leverage Strategy

The Leverage Strategy is designed to track a 5 times daily leveraged exposure to the Underlying Stock.

At the end of each trading day of the Underlying Stock, the exposure of the Leverage Strategy to the Underlying Stock is reset within the Leverage Strategy in order to retain a daily leverage of 5 times the performance of the Underlying Stock (excluding costs) regardless of the performance of the Underlying Stock on the preceding day. This mechanism is referred to as the Daily Reset.

The Leverage Strategy incorporates an air bag mechanism which is designed to reduce exposure to the Underlying Stock during extreme market conditions, as further described below.

Leverage Strategy Formula

LSL_t

means, for any Observation Date(t), the Leverage Strategy Closing Level as of such day (t).

Subject to the occurrence of an Intraday Restrike Event, the Leverage Strategy Closing Level as of such Observation Date(t) is calculated in accordance with the following formulae:

On Observation Date(1):

$$LSL_1 = 1000$$

On each subsequent Observation Date(t):

$$LSL_t = \text{Max}[LSL_{t-1} \times (1 + LR_{t-1,t} - FC_{t-1,t} - RC_{t-1,t}), 0]$$

LR_{t-1,t}

means the Leveraged Return of the Underlying Stock between Observation Date(t-1) and Observation Date(t) closing prices, calculated as follows:

$$LR_{t-1,t} = \text{Leverage} \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1 \right)$$

FC_{t-1,t}

means, the Funding Cost between Observation Date(t-1) (included) and Observation Date(t) (excluded) calculated as follows :

$$FC_{t-1,t} = (\text{Leverage} - 1) \times \frac{\text{Rate}_{t-1} \times \text{ACT}(t-1,t)}{\text{DayCountBasisRate}}$$

RC_{t-1,t}

means the Rebalancing Cost of the Leverage Strategy on Observation Date (t), calculated as follows :

$$RC_{t-1,t} = \text{Leverage} \times (\text{Leverage} - 1) \times \left(\left| \frac{S_t}{S_{t-1} \times Rfactor_t} - 1 \right| \right) \times \text{TC}$$

TC

means the Transaction Costs applicable (including Stamp Duty and any other applicable taxes, levies and costs which may be levied on the stock transactions on the Relevant Stock Exchange for the Underlying Stock by the applicable regulatory authorities from time to time) that are currently equal to:

0.04%

“Stamp Duty” refers to the applicable rate of stamp duty on the stock transactions in the jurisdiction of the Relevant Stock Exchange for the Underlying Stock, which may be changed by the applicable regulatory authorities from time to time.

Leverage

5

S_t

means, in respect of each Observation Date(t), the Closing Price of the Underlying Stock as of such Observation Date(t), subject to the adjustments and provisions of the Conditions.

Rate_t

means, in respect of each Observation Date(t), a rate calculated as of such day in accordance with the following formula:

$$\text{Rate}_t = \text{CashRate}_t + \% \text{SpreadLevel}_t$$

CashRate_t

means, in respect of each Observation Date(t), the daily Singapore Overnight Rate Average (SORA) provided by the Monetary Authority of Singapore as administrator of the benchmark (or a successor administrator), as published on BLOOMBERG/SIBCSORA Index or any successor page, being the rate as of day (t-2) at 09:00 Singapore time, provided that if such rate is not available, then such rate shall be determined by reference to the last available rate that was published on Refinitiv Screen (SORA=MAST) or any successor page.

%SpreadLevel_t	1.00%, subject to change by the Issuer on giving 10 Business Days' notice to investors via SGXNet.
Rfactor_t	<p>means, in the event Observation Date (t) is an ex-dividend date of the Underlying Stock, an amount determined by the Calculation Agent, subject to the adjustments and provisions of the Conditions, according to the following formula:</p> $Rfactor_t = 1 - \frac{Div_t}{S_{t-1}}$ <p>where</p> <p><i>Div_t</i> is the dividend to be paid out in respect of the Underlying Stock and the relevant ex-dividend date which shall be considered net of any applicable withholding taxes.</p>
ACT(t-1,t)	ACT (t-1;t) means the number of calendar days between the Exchange Business Day immediately preceding the Observation Date (which is "t-1") (included) and the Observation Date (which is "t") (excluded).
DayCountBasisRate	365
Benchmark Fallback	upon the occurrence or likely occurrence, as determined by the Calculation Agent, of a Reference Rate Event, the Calculation Agent may make adjustments as it may determine appropriate to account for the relevant event or circumstance, including but not limited to using any alternative rates from such date, with or without retroactive effect as the Calculation Agent may in its sole and absolute discretion determine.
Reference Rate Event	<p>means, in respect of the Reference Rate any of the following has occurred or will occur:</p> <p>(i) a Reference Rate Cessation;</p> <p>(ii) an Administrator/Benchmark Event; or</p> <p>(iii) a Reference Rate is, with respect to over-the-counter derivatives transactions which reference such Reference Rate, the subject of any market-wide development formally agreed upon by the International Swaps and Derivative Association (ISDA) or the Asia Securities Industry & Financial Markets Association (ASIFMA), pursuant to which such Reference Rate is, on a specified date, replaced with a risk-free rate (or near risk-free rate) established in order to comply with the recommendations in the Financial Stability Board's paper titled "Reforming Major Interest Rate Benchmarks" dated 22 July 2014.</p>
Reference Rate Cessation	<p>means, for a Reference Rate, the occurrence of one or more of the following events:</p> <p>(i) a public statement or publication of information by or on behalf of the administrator of the Reference Rate announcing that it has ceased or will cease to provide the Reference Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the Reference Rate;</p>

(ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Reference Rate, the central bank for the currency of the Reference Rate, an insolvency official with jurisdiction over the administrator for the Reference Rate, a resolution authority with jurisdiction over the administrator for the Reference Rate or a court or an entity with similar insolvency or resolution authority over the administrator for the Reference Rate, which states that the administrator of the Reference Rate has ceased or will cease to provide the Reference Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the Reference Rate; or

(iii) in respect of a Reference Rate, a public statement or publication of information by the regulatory supervisor for the administrator of such Reference Rate announcing that (a) the regulatory supervisor has determined that such Reference Rate is no longer, or as of a specified future date will no longer be, representative of the underlying market and economic reality that such Reference Rate is intended to measure and that representativeness will not be restored and (b) it is being made in the awareness that the statement or publication will engage certain contractual triggers for fallbacks activated by pre-cessation announcements by such supervisor (howsoever described) in contracts;

Administrator/Benchmark Event	means, for a Reference Rate, any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of the Reference Rate or the administrator or sponsor of the Benchmark has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that either the Issuer, the Calculation Agent or any other entity is not, or will not be, permitted under any applicable law or regulation to use the Reference Rate to perform its or their respective obligations under the Certificates.
Reference Rate(s)	means the rate(s) used in the Leverage Strategy Formula, for example SORA, SOFR and US Federal Funds Effective Rate.

Extraordinary Strategy Adjustment for Performance Reasons (“Air Bag Mechanism”)

Extraordinary Strategy Adjustment for Performance Reasons	<p>If the Calculation Agent determines that an Intraday Restrike Event has occurred during an Observation Date(t) (the Intraday Restrike Date, noted hereafter IRD), an adjustment (an Extraordinary Strategy Adjustment for Performance Reasons) shall take place during such Observation Date(t) in accordance with the following provisions.</p> <p>(1) Provided the last Intraday Restrike Observation Period as of such Intraday Restrike Date does not end on the TimeReferenceClosing, the Leverage Strategy Closing Level on the Intraday Restrike Date (LSL_{IRD}) should be computed as follows :</p> $LSL_{IRD} = \text{Max}[ILSL_{IR(n)} \times (1 + ILR_{IR(n),IR(C)} - IRC_{IR(n),IR(C)}), 0]$ <p>(2) If the last Intraday Restrike Event Observation Period on the relevant Intraday Restrike Date ends on the TimeReferenceClosing:</p> $LSL_{IRD} = \text{Max}[ILSL_{IR(n)}, 0]$
--	---

ILSL_{IR(k)}	<p>means, in respect of IR(k), the Intraday Leverage Strategy Level in accordance with the following provisions:</p> <p>(1) for k = 1 :</p> $ILSL_{IR(1)} = \text{Max}[LSL_{IRD-1} \times (1 + ILR_{IR(0),IR(1)} - FC_{IRD-1,IRD} - IRC_{IR(0),IR(1)}), 0]$ <p>(2) for k > 1 :</p> $ILSL_{IR(k)} = \text{Max}[ILSL_{IR(k-1)} \times (1 + ILR_{IR(k-1),IR(k)} - IRC_{IR(k-1),IR(k)}), 0]$
ILR_{IR(k-1),IR(k)}	<p>means the Intraday Leveraged Return between IR(k-1) and IR(k), calculated as follows:</p> $ILR_{IR(k-1),IR(k)} = \text{Leverage} \times \left(\frac{IS_{IR(k)}}{IS_{IR(k-1)}} - 1 \right)$
IRC_{IR(k-1),IR(k)}	<p>means the Intraday Rebalancing Cost of the Leverage Strategy in respect of IR(k) on a given Intraday Restrike Date, calculated as follows:</p> $IRC_{IR(k-1),IR(k)} = \text{Leverage} \times (\text{Leverage} - 1) \times \left(\left \frac{IS_{IR(k)}}{IS_{IR(k-1)}} - 1 \right \right) \times TC$
IS_{IR(k)}	<p>means the Underlying Stock Price in respect of IR(k) computed as follows:</p> <p>(1) for k=0</p> $iS_{IR(0)} = S_{IRD-1} \times Rfactor_{IRD}$ <p>(2) for k=1 to n</p> <p>means in respect of IR(k), the lowest price of the Underlying Stock during the respective Intraday Restrike Observation Period</p> <p>(3) with respect to IR(C)</p> $iS_{IR(C)} = S_{IRD}$ <p>In each case, subject to the adjustments and provisions of the Conditions.</p>
IR(k)	<p>For k=0, means the scheduled close for the Relevant Stock Exchange for the Underlying Stock (or any successor thereto) on the Observation Date immediately preceding the relevant Intraday Restrike Date;</p> <p>For k=1 to n, means the kth Intraday Restrike Event on the relevant Intraday Restrike Date.</p>
IR(C)	<p>means the scheduled close for the Relevant Stock Exchange for the Underlying Stock (or any successor thereto) on the relevant Intraday Restrike Date.</p>
n	<p>means the number of Intraday Restrike Events that occurred on the relevant Intraday Restrike Date.</p>
Intraday Restrike Event	<p>means in respect of an Observation Date(t) :</p> <p>(1) provided no Intraday Restrike Event has previously occurred on such Observation Date (t), the decrease at any Calculation Time of the Underlying</p>

Stock price by 15% or more compared with the relevant Underlying Stock Price $iS_{IR(0)}$ as of such Calculation Time.

(2) if k Intraday Restrike Events have occurred on the relevant Intraday Restrike Date, the decrease at any Calculation Time of the Underlying Stock price by 15% or more compared with the relevant Underlying Stock Price $iS_{IR(k)}$ as of such Calculation Time.

Calculation Time	means any time between the TimeReferenceOpening and the TimeReferenceClosing, provided that the relevant data is available to enable the Calculation Agent to determine the Leverage Strategy Level.
TimeReferenceOpening	means the scheduled opening time (including pre-opening session or opening auction, as the case may be) for the Relevant Stock Exchange for the Underlying Stock (or any successor thereto).
TimeReferenceClosing	means the scheduled closing time (including closing auction session) for the Relevant Stock Exchange for the Underlying Stock (or any successor thereto).
Intraday Restrike Event Observation Period	<p>means in respect of an Intraday Restrike Event, the period starting on and excluding the Intraday Restrike Event Time and finishing on and including the sooner between (1) the time falling 15 minutes of continuous trading after the Intraday Restrike Event Time and (2) the TimeReferenceClosing.</p> <p>Where, during such period, the Calculation Agent determines that (1) the trading in the Underlying Stock is disrupted or subject to suspension or limitation or (2) the Relevant Stock Exchange for the Underlying Stock is not open for continuous trading, the Intraday Restrike Event Observation Period will be extended to the extent necessary until (1) the trading in the Underlying Stock is no longer disrupted, suspended or limited and (2) the Relevant Stock Exchange for the Underlying Stock is open for continuous trading.</p>
Intraday Restrike Event Time	means in respect of an Intraday Restrike Event, the Calculation Time on which such event occurs.

The Conditions set out in the section headed “Terms and Conditions of the European Style Cash Settled Long/Short Certificates on Single Equities” in the Base Listing Document are set out below. This section is qualified in its entirety by reference to the detailed information appearing elsewhere in this document which shall, to the extent so specified or to the extent inconsistent with the relevant Conditions set out below, replace or modify the relevant Conditions for the purpose of the Certificates.

TERMS AND CONDITIONS OF THE EUROPEAN STYLE CASH SETTLED LONG/SHORT CERTIFICATES ON SINGLE EQUITIES

1. Form, Status and Guarantee, Transfer and Title

- (a) *Form.* The Certificates (which expression shall, unless the context otherwise requires, include any further certificates issued pursuant to Condition 11) are issued subject to and with the benefit of:-
- (i) a master instrument by way of deed poll (the “**Master Instrument**”) dated 13 June 2025, made by SG Issuer (the “**Issuer**”) and Societe Generale (the “**Guarantor**”); and
 - (ii) a warrant agent agreement (the “**Master Warrant Agent Agreement**” or “**Warrant Agent Agreement**”) dated any time before or on the Closing Date, made between the Issuer and the Warrant Agent for the Certificates.

Copies of the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement are available for inspection at the specified office of the Warrant Agent.

The holders of the Certificates (the “**Certificate Holders**”) are entitled to the benefit of, are bound by and are deemed to have notice of all the provisions of the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement.

- (b) *Status and Guarantee.* The Certificates constitute direct, general and unsecured obligations of the Issuer and rank, and will rank, equally among themselves and *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer (save for statutorily preferred exceptions). The Certificates provide for cash settlement on exercise. The Certificates do not entitle Certificate Holders to the delivery of any Underlying Stock, are not secured by the Underlying Stock and do not entitle Certificate Holders to any interest in any Underlying Stock.

The due and punctual payment of any amounts due by the Issuer in respect of the Certificates issued by the Issuer is unconditionally and irrevocably guaranteed by the Guarantor as provided in the Guarantee (each such amount payable under the Guarantee, a “**Guarantee Obligation**”).

The Guarantee Obligations will constitute direct, unconditional, unsecured and unsubordinated obligations of the Guarantor ranking as senior preferred obligations as provided for in Article L. 613-30-3 I 3° of the French Code *Monétaire et Financier* (the “**Code**”).

Such Guarantee Obligations rank and will rank equally and rateably without any preference or priority among themselves and:

- (i) *pari passu* with all other direct, unconditional, unsecured and unsubordinated obligations of the Guarantor outstanding as of the date of the entry into force of the law no. 2016-1691 (the “**Law**”) on 11 December 2016;

- (ii) *pari passu* with all other present or future direct, unconditional, unsecured and senior preferred obligations (as provided for in Article L. 613-30-3 I 3° of the Code) of the Guarantor issued after the date of the entry into force of the Law on 11 December 2016;
- (iii) junior to all present or future claims of the Guarantor benefiting from the statutorily preferred exceptions; and
- (iv) senior to all present and future senior non-preferred obligations (as provided for in Article L.613-30-3 I 4° of the Code) of the Guarantor.

In the event of the failure of the Issuer to promptly perform its obligations to any Certificate Holder under the terms of the Certificates, such Certificate Holder may, but is not obliged to, give written notice to the Guarantor at Societe Generale, Tour Societe Generale, 75886 Paris Cedex 18, France marked for the attention of SEGL/JUR/OMF - Market Transactions & Financing.

- (c) **Transfer.** The Certificates are represented by a global warrant certificate ("**Global Warrant**") which will be deposited with The Central Depository (Pte) Limited ("**CDP**"). Certificates in definitive form will not be issued. Transfers of Certificates may be effected only in Board Lots or integral multiples thereof. All transactions in (including transfers of) Certificates, in the open market or otherwise, must be effected through a securities account with CDP. Title will pass upon registration of the transfer in the records maintained by CDP.
- (d) **Title.** Each person who is for the time being shown in the records maintained by CDP as entitled to a particular number of Certificates shall be treated by the Issuer, the Guarantor and the Warrant Agent as the holder and absolute owner of such number of Certificates, notwithstanding any notice to the contrary. The expression "**Certificate Holder**" shall be construed accordingly.
- (e) **Bail-In.** By the acquisition of Certificates, each Certificate Holder (which, for the purposes of this Condition, includes any current or future holder of a beneficial interest in the Certificates) acknowledges, accepts, consents and agrees:
 - (i) to be bound by the effect of the exercise of the Bail-In Power (as defined below) by the Relevant Resolution Authority (as defined below) on the Issuer's liabilities under the Certificates, which may include and result in any of the following, or some combination thereof:
 - (A) the reduction of all, or a portion, of the Amounts Due (as defined below), on a permanent basis;
 - (B) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or the Guarantor or another person (and the issue to the Certificate Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the Conditions of the Certificates, in which case the Certificate Holder agrees to accept in lieu of its rights under the Certificates any such shares, other securities or other obligations of the Issuer or the Guarantor or another person;
 - (C) the cancellation of the Certificates; and/or
 - (D) the amendment or alteration of the expiration of the Certificates or amendment of the amounts payable on the Certificates, or the date on

which the amounts become payable, including by suspending payment for a temporary period; and

that terms of the Certificates are subject to, and may be varied, if necessary, to give effect to the exercise of the Bail-In Power by the Relevant Resolution Authority or the regulator,

(the “**Statutory Bail-In**”);

(ii) if the Relevant Resolution Authority exercises its Bail-In Power on liabilities of the Guarantor, pursuant to Article L.613-30-3-I-3 of the French Monetary and Financial Code (the “**Code**”):

(A) ranking:

- (1) junior to liabilities of the Guarantor benefitting from statutorily preferred exceptions pursuant to Article L.613-30-3-I 1° and 2 of the Code;
- (2) *pari passu* with liabilities of the Guarantor as defined in Article L.613-30-3-I-3 of the Code; and
- (3) senior to liabilities of the Guarantor as defined in Article L.613-30-3-I-4 of the Code; and

(B) which are not *titres non structurés* as defined under Article R.613-28 of the Code, and

(C) which are not or are no longer eligible to be taken into account for the purposes of the MREL (as defined below) ratio of the Guarantor

and such exercise of the Bail-In Power results in the write-down or cancellation of all, or a portion of, the principal amount of, or the outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or the outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of the Guarantor or another person, including by means of variation to their terms and conditions in order to give effect to such exercise of Bail-In Power, then the Issuer's obligations under the Certificates will be limited to (i) payment of the amount as reduced or cancelled that would be recoverable by the Certificate Holders and/or (ii) the delivery or the payment of value of the shares or other securities or other obligations of the Guarantor or another person that would be paid or delivered to the Certificate Holders as if, in either case, the Certificates had been directly issued by the Guarantor itself and any Amount Due under the Certificates had accordingly been directly subject to the exercise of the Bail-In Power (the “**Contractual Bail-in**”).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Statutory Bail-In with respect to the Issuer or the Guarantor unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer or the Guarantor under the applicable laws and regulations in effect in France or Luxembourg and the European Union applicable to the Issuer or the Guarantor or other members of its group.

No repayment or payment of the Amounts Due will become due and payable or be paid under the Certificates issued by SG Issuer after implementation of the Contractual Bail-in.

Upon the exercise of the Statutory Bail-in or upon implementation of the Contractual Bail-in with respect to the Certificates, the Issuer or the Guarantor will provide a written notice to the Certificate Holders in accordance with Condition 9 as soon as practicable regarding such exercise of the Statutory Bail-in or implementation of the Contractual Bail-in. Any delay or failure by the Issuer or the Guarantor to give notice shall not affect the validity and enforceability of the Statutory Bail-in or Contractual Bail-in nor the effects on the Certificates described above.

Neither a cancellation of the Certificates, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or the Guarantor or another person, as a result of the exercise of the Statutory Bail-in or the implementation of the Contractual Bail-in with respect to the Certificates will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Certificate Holder to any remedies (including equitable remedies) which are hereby expressly waived.

The matters set forth in this Condition shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer, the Guarantor and each Certificate Holder. No expenses necessary for the procedures under this Condition, including, but not limited to, those incurred by the Issuer and the Guarantor, shall be borne by any Certificate Holder.

For the purposes of this Condition:

“Amounts Due” means any amounts due by the Issuer under the Certificates.

“Bail-In Power” means any statutory cancellation, write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms, including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms, or any other applicable laws or regulations, as amended, or otherwise, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, varied or otherwise modified in any way and/or converted into shares or other securities or obligations of the obligor or any other person.

“MREL” means the Minimum Requirement for own funds and Eligible Liabilities as defined in Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time).

“Relevant Resolution Authority” means any authority with the ability to exercise the Bail-in Power on Societe Generale or SG Issuer as the case may be.

2. Certificate Rights and Exercise Expenses

- (a) *Certificate Rights.* Every Certificate entitles each Certificate Holder, upon due exercise and on compliance with Condition 4, to payment by the Issuer of the Cash Settlement Amount (as defined below) (if any) in the manner set out in Condition 4.

The **“Cash Settlement Amount”**, in respect of each Certificate, shall be an amount payable in the Settlement Currency equal to the Closing Level multiplied by the Notional Amount per Certificate.

The “**Closing Level**”, in respect of each Certificate, shall be an amount payable in the Settlement Currency equal to:

$$\left(\frac{\text{Final Reference Level} \times \text{Final Exchange Rate}}{\text{Initial Reference Level} \times \text{Initial Exchange Rate}} - \text{Strike Level} \right) \times \text{Hedging Fee Factor}$$

If the Issuer determines, in its sole discretion, that on the Valuation Date or any Observation Date a Market Disruption Event has occurred, then that Valuation Date or Observation Date shall be postponed until the first succeeding Exchange Business Day or Underlying Stock Business Day, as the case may be, on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Exchange Business Days or Underlying Stock Business Days, as the case may be, immediately following the original date that, but for the Market Disruption Event, would have been a Valuation Date or an Observation Date. In that case:-

- (i) that fifth Exchange Business Day or Underlying Stock Business Day, as the case may be, shall be deemed to be the Valuation Date or the Observation Date notwithstanding the Market Disruption Event; and
- (ii) the Issuer shall determine the Final Reference Level or the relevant closing level on the basis of its good faith estimate of the Final Reference Level or the relevant closing level that would have prevailed on that fifth Exchange Business Day or Underlying Stock Business Day, as the case may be, but for the Market Disruption Event.

“**Market Disruption Event**” means the occurrence or existence of (i) any suspension of trading on the Relevant Stock Exchange of the Underlying Stock requested by the Company if that suspension is, in the determination of the Issuer, material, (ii) any suspension of or limitation imposed on trading (including but not limited to unforeseen circumstances such as by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or any act of God, war, riot, public disorder, explosion, terrorism or otherwise) on the Relevant Stock Exchange in the Underlying Stock if that suspension or limitation is, in the determination of the Issuer, material, or (iii) the closing of the Relevant Stock Exchange or a disruption to trading on the Relevant Stock Exchange if that disruption is, in the determination of the Issuer, material as a result of the occurrence of any act of God, war, riot, public disorder, explosion or terrorism.

- (b) *Exercise Expenses.* Certificate Holders will be required to pay all charges which are incurred in respect of the exercise of the Certificates (the “**Exercise Expenses**”). An amount equivalent to the Exercise Expenses will be deducted by the Issuer from the Cash Settlement Amount in accordance with Condition 4. Notwithstanding the foregoing, the Certificate Holders shall account to the Issuer on demand for any Exercise Expenses to the extent that they were not or could not be deducted from the Cash Settlement Amount prior to the date of payment of the Cash Settlement Amount to the Certificate Holders in accordance with Condition 4.
- (c) *No Rights.* The purchase of Certificates does not confer on the Certificate Holders any right (whether in respect of voting, dividend or other distributions in respect of the Underlying Stock or otherwise) which the holder of an Underlying Stock may have.

3. Expiry Date

Unless automatically exercised in accordance with Condition 4(b), the Certificates shall be deemed to expire at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day (as defined below), the immediately preceding Business Day.

4. Exercise of Certificates

- (a) *Exercise.* Certificates may only be exercised on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, in accordance with Condition 4(b).
- (b) *Automatic Exercise.* Certificate Holders shall not be required to deliver an exercise notice. Exercise of Certificates shall be determined by whether the Cash Settlement Amount (less any Exercise Expenses) is positive. If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates shall be deemed to have been automatically exercised at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day. The Cash Settlement Amount less the Exercise Expenses in respect of the Certificates shall be paid in the manner set out in Condition 4(c) below. In the event the Cash Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, and Certificate Holders shall not be entitled to receive any payment from the Issuer in respect of the Certificates.
- (c) *Settlement.* In respect of Certificates which are automatically exercised in accordance with Condition 4(b), the Issuer will pay to the relevant Certificate Holder the Cash Settlement Amount (if any) in the Settlement Currency. The aggregate Cash Settlement Amount (less any Exercise Expenses) shall be despatched as soon as practicable and no later than five Settlement Business Days (as defined in the relevant Supplemental Listing Document and subject to extension upon the occurrence of a Settlement Disruption Event (as defined below)) following the Expiry Date by way of crossed cheque or other payment in immediately available funds drawn in favour of the Certificate Holder only (or, in the case of joint Certificate Holders, the first-named Certificate Holder) appearing in the records maintained by CDP. Any payment made pursuant to this Condition 4(c) shall be delivered at the risk and expense of the Certificate Holder and posted to the Certificate Holder's address appearing in the records maintained by CDP (or, in the case of joint Certificate Holders, to the address of the first-named Certificate Holder appearing in the records maintained by CDP). If the Cash Settlement Amount is equal to or less than the determined Exercise Expenses, no amount is payable.

If the Issuer determines, in its sole discretion, that on any Settlement Business Day during the period of five Settlement Business Days following the Expiry Date a Settlement Disruption Event has occurred, such Settlement Business Day shall be postponed to the next Settlement Business Day on which the Issuer determines that the Settlement Disruption Event is no longer subsisting and such period shall be extended accordingly, provided that the Issuer and/or the Guarantor shall make their best endeavours to implement remedies as soon as reasonably practicable to eliminate the impact of the Settlement Disruption Event on its/their payment obligations under the Certificates and/or the Guarantee.

"Settlement Disruption Event" means the occurrence or existence of any malicious action or attempt initiated to steal, expose, alter, disable or destroy information through

unauthorised access to, or maintenance or use of, the Computer Systems of the Issuer, the Guarantor, the Calculation Agent, their respective affiliates (the “SG Group”), their IT service providers, by (and without limitation) the use of malware, ransomware, phishing, denial or disruption of service or cryptojacking or any unauthorized entry, removal, reproduction, transmission, deletion, disclosure or modification preventing the Issuer, the Guarantor and/or the Calculation Agent to perform their obligations under the Certificates, and notwithstanding the implementation of processes, required, as the case may be, by the laws and regulations applicable to the Issuer, the Guarantor, the Calculation Agent and their affiliates, or their IT service providers to improve their resilience to these actions and attempts.

“**Computer System**” means all the computer resources including, in particular: hardware, software packages, software, databases and peripherals, equipment, networks, electronic installations for storing computer data, including Data. The Computer System shall be understood to be that which (i) belongs to the SG Group and/or (ii) is rented, operated or legally held by the SG Group under a contract with the holder of the rights to the said system and/or (iii) is operated on behalf of the SG Group by a third party within the scope of a contractual relationship and/or (iv) is made available to the SG Group under a contract within the framework of a shared system (in particular cloud computing).

“**Data**” means any digital information, stored or used by the Computer System, including confidential data.

- (d) *CDP not liable.* CDP shall not be liable to any Certificate Holder with respect to any action taken or omitted to be taken by the Issuer or the Warrant Agent in connection with the exercise of the Certificates or otherwise pursuant to or in connection with these Conditions.
- (e) *Business Day.* In these Conditions, a “**Business Day**” shall be a day on which the SGX-ST is open for dealings in Singapore during its normal trading hours and banks are open for business in Singapore.

5. Warrant Agent

- (a) *Warrant Agent.* The Issuer reserves the right, subject to the appointment of a successor, at any time to vary or terminate the appointment of the Warrant Agent and to appoint another Warrant Agent provided that it will at all times maintain a Warrant Agent which, so long as the Certificates are listed on the SGX-ST, shall be in Singapore. Notice of any such termination or appointment and of any change in the specified office of the Warrant Agent will be given to the Certificate Holders in accordance with Condition 9.
- (b) *Agent of Issuer.* The Warrant Agent will be acting as agent of the Issuer and will not assume any obligation or duty to or any relationship of agency or trust for the Certificate Holders. All determinations and calculations by the Warrant Agent under these Conditions shall (save in the case of manifest error) be final and binding on the Issuer and the Certificate Holders.

6. Adjustments

- (a) *Potential Adjustment Event.* Following the declaration by a Company of the terms of any Potential Adjustment Event (as defined below), the Issuer will determine whether such Potential Adjustment Event has a dilutive or concentrative or other effect on the theoretical value of the Underlying Stock and, if so, will (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Issuer determines appropriate to account for that dilutive or concentrative or other effect, and (ii) determine the effective date of that

adjustment. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an exchange on which options or futures contracts on the Underlying Stock are traded.

- (b) *Definitions.* **“Potential Adjustment Event”** means any of the following:
- (i) a subdivision, consolidation, reclassification or other restructuring of the Underlying Stock (excluding a Merger Event) or a free distribution or dividend of any such Underlying Stock to existing holders by way of bonus, capitalisation or similar issue;
 - (ii) a distribution or dividend to existing holders of the Underlying Stock of (1) such Underlying Stock, or (2) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Company equally or proportionately with such payments to holders of such Underlying Stock, or (3) share capital or other securities of another issuer acquired by the Company as a result of a “spin-off” or other similar transaction, or (4) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Issuer;
 - (iii) an extraordinary dividend;
 - (iv) a call by the Company in respect of the Underlying Stock that is not fully paid;
 - (v) a repurchase by the Company of the Underlying Stock whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
 - (vi) with respect to a Company an event that results in any shareholder rights pursuant to a shareholder rights agreement or other plan or arrangement of the type commonly referred to as a “poison pill” being distributed, or becoming separated from shares of common stock or other shares of the capital stock of such Company (provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights); or
 - (vii) any other event that may have, in the opinion of the Issuer, a dilutive or concentrative or other effect on the theoretical value of the Underlying Stock.
- (c) *Merger Event, Tender Offer, Nationalisation and Insolvency.* If a Merger Event, Tender Offer, Nationalisation or Insolvency occurs in relation to the Underlying Stock, the Issuer may take any action described below:
- (i) determine the appropriate adjustment, if any, to be made to any one or more of the Conditions to account for the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, Nationalisation or Insolvency made by an options exchange to options on the Underlying Stock traded on that options exchange;
 - (ii) cancel the Certificates by giving notice to the Certificate Holders in accordance with Condition 9. If the Certificates are so cancelled, the Issuer will pay an amount to each Certificate Holder in respect of each Certificate held by such Certificate Holder which amount shall be the fair market value of a Certificate taking into account the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case

may be, less the cost to the Issuer and/or any of its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its reasonable discretion. Payment will be made in such manner as shall be notified to the Certificate Holders in accordance with Condition 9; or

- (iii) following any adjustment to the settlement terms of options on the Underlying Stock on such exchange(s) or trading system(s) or quotation system(s) as the Issuer in its reasonable discretion shall select (the “**Option Reference Source**”) make a corresponding adjustment to any one or more of the Conditions, which adjustment will be effective as of the date determined by the Issuer to be the effective date of the corresponding adjustment made by the Option Reference Source. If options on the Underlying Stock are not traded on the Option Reference Source, the Issuer will make such adjustment, if any, to any one or more of the Conditions as the Issuer determines appropriate, with reference to the rules and precedents (if any) set by the Option Reference Source, to account for the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, that in the determination of the Issuer would have given rise to an adjustment by the Option Reference Source if such options were so traded.

Once the Issuer determines that its proposed course of action in connection with a Merger Event, Tender Offer, Nationalisation or Insolvency, it shall give notice to the Certificate Holders in accordance with Condition 9 stating the occurrence of the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto. Certificate Holders should be aware that due to the nature of such events, the Issuer will not make an immediate determination of its proposed course of action or adjustment upon the announcement or occurrence of a Merger Event, Tender Offer, Nationalisation or Insolvency.

- (d) *Definitions.* “**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting a Company (i) all the Underlying Stock of that Company is required to be transferred to a trustee, liquidator or other similar official or (ii) holders of the Underlying Stock of that Company become legally prohibited from transferring them. “**Merger Date**” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Issuer. “**Merger Event**” means, in respect of the Underlying Stock, any (i) reclassification or change of such Underlying Stock that results in a transfer of or an irrevocable commitment to transfer all of such Underlying Stock outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of a Company with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Company is the continuing entity and which does not result in reclassification or change of all of such Underlying Stock outstanding), (iii) takeover offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Underlying Stock of the Company that results in a transfer of or an irrevocable commitment to transfer all such Underlying Stock (other than such Underlying Stock owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Company or its subsidiaries with or into another entity in which the Company is the continuing entity and which does not result in a reclassification or change of all such Underlying Stock outstanding but results in the outstanding Underlying Stock (other than Underlying Stock owned or controlled by such other entity) immediately prior to such event

collectively representing less than 50 per cent. of the outstanding Underlying Stock immediately following such event, in each case if the Merger Date is on or before the Valuation Date. "**Nationalisation**" means that all the Underlying Stock or all or substantially all of the assets of a Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof. "**Tender Offer**" means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Company, as determined by the Issuer, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Issuer deems relevant.

- (e) *Subdivision or Consolidation of the Certificates.* The Issuer reserves the right to subdivide or consolidate the Certificates, provided that such adjustment is considered by the Issuer not to be materially prejudicial to the Certificate Holders generally (without considering the circumstances of any individual Certificate Holder or the tax or other consequences of such adjustment or amendment in any particular jurisdiction) and subject to the approval of the SGX-ST.
- (f) *Other Adjustments.* Except as provided in this Condition 6 and Conditions 10 and 12, adjustments will not be made in any other circumstances, subject to the right reserved by the Issuer (such right to be exercised in the Issuer's sole discretion and without any obligation whatsoever) to make such adjustments and amendments as it believes appropriate in circumstances where an event or events occur which it believes in its sole discretion (and notwithstanding any prior adjustment made pursuant to the above) should, in the context of the issue of the Certificates and the obligations of the Issuer, give rise to such adjustment or, as the case may be, amendment provided that such adjustment or, as the case may be, amendment is considered by the Issuer not to be materially prejudicial to the Certificate Holders generally (without considering the circumstances of any individual Certificate Holder or the tax or other consequences of such adjustment or amendment in any particular jurisdiction).
- (g) *Notice of Adjustments.* All determinations made by the Issuer pursuant hereto will be conclusive and binding on the Certificate Holders. The Issuer will give, or procure that there is given, notice as soon as practicable of any adjustment and of the date from which such adjustment is effective by publication in accordance with Condition 9. For the avoidance of doubt, no notice will be given if the Issuer determines that adjustments will not be made.

6A. US withholding tax implications on the Payment

Notwithstanding any other provision of these Conditions, in no event will the Issuer or the Guarantor be required to pay any additional amounts in respect of the Certificates for, or on account of, any withholding or deduction (i) required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**US Code**"), or otherwise imposed pursuant to Sections 1471 through 1474 of the US Code, any regulations or agreements thereunder, or any official interpretations thereof, or any law implementing an intergovernmental approach thereto, (ii) imposed pursuant to the Section 871(m) Regulations ("**Section 871(m) Withholding**") or (iii) imposed by any other law of the United States. In addition, in determining the amount of Section 871(m) Withholding imposed on any payments on the Certificates, the Issuer shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) of the US Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

With respect to Specified Warrants that provide for net dividend reinvestment in respect of either an underlying U.S. security (i.e. a security that pays U.S. source dividends) or an index that includes U.S. securities, all payments on Certificates that reference such U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer or the Guarantor will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer or the Guarantor will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

For the purpose of this Condition:

“Section 871(m) Regulations” means the U.S. Treasury regulations issued under Section 871(m) of the Code.

“Specified Warrants” means, subject to special rules from 2017 through 2026 set out in Notice 2024-44 (the **Notice**), Warrants issued on or after 1 January 2017 that substantially replicate the economic performance of one or more U.S. underlying equities as determined by the Issuer on the date for such Warrants as of which the expected delta of the product is determined by the Issuer, based on tests set out in the applicable Section 871(m) Regulations, such that the Warrants are subject to withholding under the Section 871(m) Regulations.

7. Purchases

The Issuer, the Guarantor or any of their respective subsidiaries may at any time purchase Certificates at any price in the open market or by tender or by private treaty. Any Certificates so purchased may be held or resold or surrendered for cancellation.

8. Meetings of Certificate Holders; Modification

- (a) *Meetings of Certificate Holders.* The Master Warrant Agent Agreement or Warrant Agent Agreement contains provisions for convening meetings of the Certificate Holders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Warrant Agent Agreement or Warrant Agent Agreement) of a modification of the provisions of the Certificates or of the Master Warrant Agent Agreement or Warrant Agent Agreement.

At least 21 days' notice (exclusive of the day on which the notice is given and of the day on which the meeting is held) specifying the date, time and place of the meeting shall be given to the Certificate Holders.

Such a meeting may be convened by the Issuer or by Certificate Holders holding not less than ten per cent. of the Certificates for the time being remaining unexercised. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 25 per cent. of the Certificates for the time being remaining unexercised, or at any adjourned meeting, two or more persons being or representing Certificate Holders whatever the number of Certificates so held or represented.

A resolution will be an Extraordinary Resolution when it has been passed at a duly convened meeting by not less than three-quarters of the votes cast by such Certificate Holders who, being entitled to do so, vote in person or by proxy.

An Extraordinary Resolution passed at any meeting of the Certificate Holders shall be binding on all the Certificate Holders whether or not they are present at the meeting. Resolutions can be passed in writing if passed unanimously.

- (b) *Modification.* The Issuer may, without the consent of the Certificate Holders, effect (i) any modification of the provisions of the Certificates or the Master Instrument which is not materially prejudicial to the interests of the Certificate Holders or (ii) any modification of the provisions of the Certificates or the Master Instrument which is of a formal, minor or technical nature, which is made to correct an obvious error or which is necessary in order to comply with mandatory provisions of Singapore law. Any such modification shall be binding on the Certificate Holders and shall be notified to them by the Warrant Agent before the date such modification becomes effective or as soon as practicable thereafter in accordance with Condition 9.

9. Notices

- (a) *Documents.* All cheques and other documents required or permitted by these Conditions to be sent to a Certificate Holder or to which a Certificate Holder is entitled or which the Issuer shall have agreed to deliver to a Certificate Holder may be delivered by hand or sent by post addressed to the Certificate Holder at his address appearing in the records maintained by CDP or, in the case of joint Certificate Holders, addressed to the joint holder first named at his address appearing in the records maintained by CDP, and airmail post shall be used if that address is not in Singapore. All documents delivered or sent in accordance with this paragraph shall be delivered or sent at the risk of the relevant Certificate Holder.
- (b) *Notices.* All notices to Certificate Holders will be validly given if published in English on the web-site of the SGX-ST. Such notices shall be deemed to have been given on the date of the first such publication. If publication on the web-site of the SGX-ST is not practicable, notice will be given in such other manner as the Issuer may determine. The Issuer shall, at least one month prior to the expiry of any Certificate, give notice of the date of expiry of such Certificate in the manner prescribed above.

10. Liquidation

In the event of a liquidation or dissolution of the Company or the appointment of a liquidator (including a provisional liquidator) or receiver or judicial manager or trustee or administrator or analogous person under Singapore or other applicable law in respect of the whole or substantially the whole of its undertaking, property or assets, all unexercised Certificates will lapse and shall cease to be valid for any purpose, in the case of voluntary liquidation, on the effective date of the relevant resolution and, in the case of an involuntary liquidation or dissolution, on the date of the relevant court order or, in the case of the appointment of a liquidator (including a provisional liquidator) or receiver or judicial manager or trustee or administrator or analogous person under Singapore or other applicable law in respect of the whole or substantially the whole of its undertaking, property or assets, on the date when such appointment is effective but subject (in any such case) to any contrary mandatory requirement of law. In the event of the voluntary liquidation of the Company, the Issuer shall make such adjustments or amendments as it reasonably believes are appropriate in the circumstances.

11. Further Issues

The Issuer shall be at liberty from time to time, without the consent of the Certificate Holders, to create and issue further certificates so as to form a single series with the Certificates, subject to the approval of the SGX-ST.

12. Delisting

- (a) **Delisting.** If at any time, the Underlying Stock ceases to be listed on the Relevant Stock Exchange, the Issuer shall give effect to these Conditions in such manner and make such adjustments and amendments to the rights attaching to the Certificates as it shall, in its absolute discretion, consider appropriate to ensure, so far as it is reasonably able to do so, that the interests of the Certificate Holders generally are not materially prejudiced as a consequence of such delisting (without considering the individual circumstances of any Certificate Holder or the tax or other consequences that may result in any particular jurisdiction).
- (b) **Issuer's Determination.** The Issuer shall determine, in its absolute discretion, any adjustment or amendment and its determination shall be conclusive and binding on the Certificate Holders save in the case of manifest error. Notice of any adjustments or amendments shall be given to the Certificate Holders in accordance with Condition 9 as soon as practicable after they are determined.

13. Early Termination

- (a) *Early Termination for Illegality and Force Majeure, etc.* If the Issuer determines that a Regulatory Event (as defined below) has occurred and, for reasons beyond its control, the performance of its obligations under the Certificates has become illegal or impractical in whole or in part for any reason, or the Issuer determines that, for reasons beyond its control, it is no longer legal or practical for it to maintain its hedging arrangements with respect to the Certificates for any reason, the Issuer may in its discretion and without obligation terminate the Certificates early in accordance with Condition 13(e).

Should any one or more of the provisions contained in the Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

For the purposes of this Condition:

"Regulatory Event" means, following the occurrence of a Change in Law (as defined below) with respect to the Issuer and/or Societe Generale as Guarantor or in any other capacity (including without limitation as hedging counterparty of the Issuer, market maker of the Certificates or direct or indirect shareholder or sponsor of the Issuer) or any of its affiliates involved in the issuer of the Certificates (hereafter the **"Relevant Affiliates"** and each of the Issuer, Societe Generale and the Relevant Affiliates, a **"Relevant Entity"**) that, after the Certificates have been issued, (i) any Relevant Entity would incur a materially increased (as compared with circumstances existing prior to such event) amount of tax, duty, liability, penalty, expense, fee, cost or regulatory capital charge however defined or collateral requirements for performing its obligations under the Certificates or hedging the Issuer's obligations under the Certificates, including, without limitation, due to clearing requirements of, or the absence of, clearing of the transactions entered into in connection with the issue of, or hedging the Issuer's obligation under, the Certificates, (ii) it is or will become for any Relevant Entity impracticable, impossible (in each case, after using commercially reasonable efforts), unlawful, illegal or otherwise prohibited or contrary, in whole or in part, under any law, regulation, rule, judgement, order or directive of any governmental, administrative or judicial authority, or power, applicable to such Relevant Entity (a) to hold, acquire, issue, reissue, substitute, maintain, settle, or as the case may be, guarantee, the Certificates, (b) to acquire, hold, sponsor or dispose of any asset(s) (or any interest thereof) of any other transaction(s) such Relevant Entity may use in connection with the issue of the Certificates or to hedge the Issuer's obligations under the Certificates,

(c) to perform obligations in connection with, the Certificates or any contractual arrangement entered into between the Issuer and Societe Generale or any Relevant Affiliate (including without limitation to hedge the Issuer's obligations under the Certificates) or (d) to hold, acquire, maintain, increase, substitute or redeem all or a substantial part of its direct or indirect shareholding in the Issuer's capital or the capital of any Relevant Affiliate or to directly or indirectly sponsor the Issuer or any Relevant Affiliate, or (iii) there is or may be a material adverse effect on a Relevant Entity in connection with the issue of the Certificates.

"Change in law" means (i) the adoption, enactment, promulgation, execution or ratification of any applicable new law, regulation or rule (including, without limitation, any applicable tax law, regulation or rule) after the Certificates have been issued, (ii) the implementation or application of any applicable law, regulation or rule (including, without limitation, any applicable tax law, regulation or rule) already in force when the Certificates have been issued but in respect of which the manner of its implementation or application was not known or unclear at the time, or (iii) the change of any applicable law, regulation or rule existing when the Certificates are issued, or the change in the interpretation or application or practice relating thereto, existing when the Certificates are issued of any applicable law, regulation or rule, by any competent court, tribunal, regulatory authority or any other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any additional or alternative court, tribunal, authority or entity, to that existing when the Certificates are issued).

- (b) *Early Termination for Holding Limit Event.* The Issuer may in its discretion and without obligation terminate the Certificates early in accordance with Condition 13(e) where a Holding Limit Event (as defined below) occurs.

For the purposes of this Condition:

"Holding Limit Event" means, assuming the investor is the Issuer and/or any of its affiliates, the Issuer together with its affiliates, in aggregate hold, an interest in the Underlying Stock, constituting or likely to constitute (directly or indirectly) ownership, control or the power to vote a percentage of any class of voting securities of the Underlying Stock, of the Underlying Stock in excess of a percentage permitted or advisable, as determined by the Issuer, for the purpose of its compliance with the Bank Holding Company Act of 1956 as amended by Section 619 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Volcker Rule), including any requests, regulations, rules, guidelines or directives made by the relevant governmental authority under, or issued by the relevant governmental authority in connection with, such statutes.

- (c) *Early Termination for Hedging Disruption.* If the Issuer or any of its affiliates is, following commercially reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any Hedge Positions (as defined below) or (ii) to freely realize, recover, receive, repatriate, remit, regain or transfer the proceeds of any Hedge Position (where either (i) or (ii) shall constitute a "Hedging Disruption"), the Issuer may terminate the Certificates early in accordance with Condition 13(e) provided that the intrinsic value on the previous trading day of the relevant Certificate is at or above the Issue Price. The Issuer's decision on whether a Hedging Disruption has occurred is final and conclusive. For the avoidance of doubt, Hedging Disruptions shall include the scenario where any Hedge Position cannot be maintained up to the amount necessary to cover all of the Issuer's obligations under the Certificates.

For the purposes hereof, "Hedge Positions" means any one or more commercially reasonable (i) positions (including long or short positions) or contracts in, or relating to, securities, options, futures, other derivatives contracts or foreign exchange, (ii) stock loan or borrowing transactions or (iii) other instruments, contracts, transactions or arrangements (howsoever described) that the Issuer or any of its affiliates determines necessary to hedge, individually or on a portfolio basis, any risk (including, without limitation, market risk, price risk, foreign exchange risk and interest rate risk) in relation to the assumption and fulfilment of the Issuer's obligations under the Certificates.

- (d) *Early Termination for other reasons.* The Issuer reserves the right (such right to be exercised in the Issuer's sole and unfettered discretion and without any obligation whatsoever) to terminate the Certificates in accordance with Condition 13(e) where an event or events occur which it believes in its sole discretion should, in the context of the issue of the Certificates and the obligations of the Issuer, give rise to such termination provided that such termination (i) is considered by the Issuer not to be materially prejudicial to the interests of Certificate Holders generally (without considering the circumstances of any individual Certificate Holder or the tax or other consequences of such termination in any particular jurisdiction); or (ii) is otherwise considered by the Issuer to be appropriate and such termination is approved by the SGX-ST.
- (e) *Termination.* If the Issuer terminates the Certificates early, the Issuer will give notice to the Certificate Holders in accordance with Condition 9. The Issuer will, if and to the extent permitted by applicable law, pay an amount to each Certificate Holder in respect of each Certificate held by such holder equal to the fair market value of a Certificate notwithstanding such illegality, impracticality or the relevant event less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion. The determination of the fair market value may deviate from the determination of the Cash Settlement Amount under different scenarios, including but not limited to, where (i) the Daily Reset (as defined in the relevant Supplemental Listing Document) mechanism is suspended and/or (ii) the Final Reference Level is determined based on the closing price of the Underlying Stock on multiple Underlying Stock Business Days or Exchange Business Days, as the case may be. Payment will be made in such manner as shall be notified to the Certificate Holders in accordance with Condition 9.

14. Substitution of the Issuer

The Issuer may be replaced by the Guarantor or any subsidiary of the Guarantor as principal obligor in respect of the Certificates without the consent of the relevant Certificate Holders. If the Issuer determines that it shall be replaced by the Guarantor or any subsidiary of the Guarantor (the "**Substituted Obligor**"), it shall give at least 90 days' notice (exclusive of the day on which the notice is given and of the day on which the substitution is effected) specifying the date of the substitution, in accordance with Condition 9, to the Certificate Holders of such event and, immediately on the expiry of such notice, the Substituted Obligor shall become the principal obligor in place of the Issuer and the Certificate Holders shall thereupon cease to have any rights or claims whatsoever against the Issuer.

Upon any such substitution, all references to the Issuer in the Conditions and all agreements relating to the Certificates will be to the Substituted Obligor and the Certificates will be modified as required, and the Certificate Holders will be notified of the modified terms and conditions of such Certificates in accordance with Condition 9.

For the purposes of this Condition, it is expressly agreed that by subscribing to, acquiring or otherwise purchasing or holding the Certificates, the Certificate Holders are expressly deemed to have

consented to the substitution of the Issuer by the Substituted Obligor and to the release of the Issuer from any and all obligations in respect of the Certificates and all agreements relating thereto and are expressly deemed to have accepted such substitution and the consequences thereof.

15. Governing Law

The Certificates, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement will be governed by and construed in accordance with Singapore law. The Issuer and the Guarantor and each Certificate Holder (by its purchase of the Certificates) shall be deemed to have submitted for all purposes in connection with the Certificates, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement to the non-exclusive jurisdiction of the courts of Singapore. The Guarantee shall be governed by and construed in accordance with Singapore law.

16. Prescription

Claims against the Issuer for payment of any amount in respect of the Certificates will become void unless made within six years of the Expiry Date and, thereafter, any sums payable in respect of such Certificates shall be forfeited and shall revert to the Issuer.

17. Contracts (Rights of Third Parties) Act 2001 of Singapore

Unless otherwise provided in the Global Warrant, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement, a person who is not a party to any contracts made pursuant to the Global Warrant, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement has no rights under the Contracts (Rights of Third Parties) Act 2001 of Singapore to enforce any terms of such contracts. Except as expressly provided herein, the consent of any third party is not required for any subsequent agreement by the parties hereto to amend or vary (including any release or compromise of any liability) or terminate such contracts.

SUMMARY OF THE ISSUE

The following is a summary of the issue and should be read in conjunction with, and is qualified by reference to, the other information set out in this document and the Base Listing Document. Terms used in this Summary are defined in the Conditions.

Issuer:	SG Issuer
Company:	Sembcorp Industries Ltd
The Certificates:	European Style Cash Settled Long Certificates relating to the Underlying Stock
Number:	<p>A further 10,000,000 Certificates</p> <p>The Certificates shall be consolidated and form a single series with an existing issue of 6,000,000 European Style Cash Settled Long Certificates relating to the ordinary shares of Sembcorp Industries Ltd issued by the Issuer and listed on the SGX-ST, in which dealings commenced on 25 June 2025.</p>
Form:	The Certificates will be issued subject to, and with the benefit of, a master instrument by way of deed poll dated 13 June 2025 (the “ Master Instrument ”) and executed by the Issuer and the Guarantor and a master warrant agent agreement dated 29 May 2017 (the “ Master Warrant Agent Agreement ”) and made between the Issuer, the Guarantor and the Warrant Agent (as amended and/or supplemented from time to time).
Cash Settlement Amount:	<p>In respect of each Certificate, is the amount (if positive) equal to:</p> <p>Notional Amount per Certificate x Closing Level</p>
Denominations:	Certificates are represented by a global warrant in respect of all the Certificates.
Exercise:	The Certificates may only be exercised on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, in a Board Lot or integral multiples thereof. Certificate Holders will not be required to deliver an exercise notice. If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates will be deemed to have been automatically exercised at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day. The Cash Settlement Amount less the Exercise Expenses in respect of the Certificates shall be paid in the manner set out in Condition 4(c) of the Conditions. In the event the Cash Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, and Certificate Holders shall not be entitled to receive any payment from the Issuer in respect of the Certificates.

Exercise and Trading Currency:	SGD
Board Lot:	100 Certificates
Transfers of Certificates:	Certificates may only be transferred in Board Lots (or integral multiples thereof). All transfers in Certificates, in the open market or otherwise, must be effected through a securities account with CDP. Title will pass upon registration of the transfer in the records of CDP.
Listing:	Application has been made to the SGX-ST for permission to deal in and for quotation of the Certificates and the SGX-ST has agreed in principle to grant permission to deal in and for quotation of the Certificates. Issue of the Certificates is conditional on such listing being granted. It is expected that dealings in the Certificates on the SGX-ST will commence on or about 4 September 2025.
Governing Law:	The laws of Singapore
Warrant Agent:	The Central Depository (Pte) Limited 4 Shenton Way #02-01 SGX Centre 2 Singapore 068807
Further Issues:	Further issues which will form a single series with the Certificates will be permitted, subject to the approval of the SGX-ST.

The above summary is qualified in its entirety by reference to the detailed information appearing elsewhere in this document and the Base Listing Document.

INFORMATION RELATING TO THE EUROPEAN STYLE CASH SETTLED LONG CERTIFICATES ON SINGLE EQUITIES

What are European Style Cash Settled Long Certificates on Single Equities?

European style cash settled long certificates on single equities (the “**Certificates**”) are structured products relating to the Underlying Stock and the return on a Certificate is linked to the performance of the Leverage Strategy.

A) Cash Settlement Amount Payable upon the Exercise of the Certificates at Expiry

Upon the exercise of the Certificates at expiry, the Certificate Holders would be paid a Cash Settlement Amount in respect of each Certificate.

The Cash Settlement Amount, in respect of each Certificate, shall be an amount payable in the Settlement Currency equal to the Closing Level multiplied by the Notional Amount per Certificate.

The Closing Level, in respect of each Certificate, shall be an amount payable in the Settlement Currency equal to (1) divided by (2) less (3) subject to any adjustments such as (4), where:

- (1) is the Final Reference Level multiplied by the Final Exchange Rate;
- (2) is the Initial Reference Level multiplied by the Initial Exchange Rate;
- (3) is the Strike Level; and
- (4) is the Hedging Fee Factor.

If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates shall be deemed to have been automatically exercised and investors will receive a Cash Settlement Amount. If the Cash Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired. Please refer to the section headed “Terms and Conditions of the European Style Cash Settled Long/Short Certificates on Single Equities” for further details on the calculation of the Cash Settlement Amount.

The Certificates are only suitable for investors who believe that the price of the Underlying Stock will increase and are seeking short-term leveraged exposure to the Underlying Stock.

B) Trading the Certificates before Expiry

If the Certificate Holders want to cash out their investments in the Certificates before the expiry of the Certificates, they may sell the Certificates in the secondary market during the life of the Certificates, and would be subject to the following fees and charges:

- (i) For Certificate Holders who trade the Certificates intraday: shall pay normal transaction and brokerage fees for the trading of the Certificates on the SGX-ST, and may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Certificates are transferred; and
- (ii) For Certificate Holders who hold the Certificates overnight: in addition to the normal transaction and brokerage fees and applicable stamp taxes, would also be required to bear the Management Fee and Gap Premium as well as certain costs embedded within the Leverage Strategy including the Funding Cost and Rebalancing Cost.

Illustration of the Calculation of Hedging Fee Factor

Hedging Fee Factor	=	Product of the Daily Fees
--------------------	---	---------------------------

Daily Fees	=	Daily Management Fee Adjustment	
		1 – Management Fee x ACT (t-1;t) / 360	
		x	
		Daily Gap Premium Adjustment	
		1 – Gap Premium (t-1) x ACT (t-1;t) / 360	

Illustration of the Calculation of Cash Settlement Amount

Cash Settlement Amount = Final Value of Certificates – Strike Level (zero)

Value of Certificates	=	<table border="1"> <tr><td>t⁷=0</td></tr> <tr><td>Notional Amount</td></tr> </table>	t ⁷ =0	Notional Amount	x	<table border="1"> <tr><td>t=1</td></tr> <tr> <td>Leverage Strategy daily performance⁸</td> <td>x</td> <td>Daily Fees</td> </tr> </table>	t=1	Leverage Strategy daily performance ⁸	x	Daily Fees	x	<table border="1"> <tr><td>t=2</td></tr> <tr> <td>Leverage Strategy daily performance</td> <td>x</td> <td>Daily Fees</td> </tr> </table>	t=2	Leverage Strategy daily performance	x	Daily Fees	x ...	<table border="1"> <tr><td>t=i</td></tr> <tr> <td>Leverage Strategy Daily performance</td> <td>x</td> <td>Daily Fees</td> </tr> </table>	t=i	Leverage Strategy Daily performance	x	Daily Fees

Final Value of Certificates	=	<table border="1"> <tr><td>t=0</td></tr> <tr><td>Notional Amount</td></tr> </table>	t=0	Notional Amount	x	<table border="1"> <tr> <td colspan="2">Final Reference Level x Final Exchange Rate</td> </tr> <tr> <td colspan="2">÷</td> </tr> <tr> <td colspan="2">Initial Reference Level x Initial Exchange Rate</td> </tr> </table>	Final Reference Level x Final Exchange Rate		÷		Initial Reference Level x Initial Exchange Rate		x	<table border="1"> <tr><td colspan="2">Hedging Fee Factor</td></tr> </table>	Hedging Fee Factor	
			t=0													
Notional Amount																
Final Reference Level x Final Exchange Rate																
÷																
Initial Reference Level x Initial Exchange Rate																
Hedging Fee Factor																

Illustration of the applicable fees and charges for an intraday trading scenario

Hedging Fee is implemented overnight in the price of the Certificate. As a consequence, when trading intraday, investors will not bear any Hedging Fee.

Investors will only support bid/ask costs, which are the difference between the price at which the Designated Market Maker purchases (bid) and sells (ask) the Certificate at any point of time.

⁷ “t” refers to “**Observation Date**” which means each Exchange Business Day (subject to Market Disruption Event) from (and including) the Exchange Business Day immediately preceding the Expected Listing Date to the Valuation Date.

⁸ Leverage Strategy daily performance is computed as the Leverage Strategy Closing Level on Business Day (t) divided by the Leverage Strategy Closing Level on Business Day (t-1).

Example of Calculation of Hedging Fee Factor and Cash Settlement Amount

The example is purely hypothetical. We include the example to illustrate how the Certificates work, and you MUST NOT rely on them as any indication of the actual return or what the payout on the Certificates might actually be. The example also assumes a product which expires 16 days after listing date, to illustrate the daily calculation of price, costs and fees from listing date to expiry date.

Assuming an investor purchases the following Certificates at the Issue Price:

Underlying Stock:	Ordinary shares of Sembcorp Industries Ltd
Expected Listing Date:	03/07/2018
Expiry Date:	18/07/2018
Initial Reference Level:	1,000
Initial Exchange Rate:	1
Final Reference Level:	1,200
Final Exchange Rate:	1
Issue Price:	0.70 SGD
Notional Amount per Certificate:	0.70 SGD
Management Fee (p.a.):	0.40%
Gap Premium (p.a.):	15.00%
Strike Level:	Zero

Hedging Fee Factor

Hedging Fee Factor on the n^{th} Exchange Business Day after issuance of Certificate ("HFF (n)") is calculated as follows:

$$\text{HFF}(0) = 100\%$$

On Next Calendar Day (assuming it is an Exchange Business Day):

$$\text{HFF}(1) = \text{HFF}(0) \times \left(1 - \text{Management Fee} \times \frac{\text{ACT}(t-1; t)}{360}\right) \times \left(1 - \text{Gap Premium} \times \frac{\text{ACT}(t-1; t)}{360}\right)$$

$$\text{HFF}(1) = 100\% \times \left(1 - 0.40\% \times \frac{1}{360}\right) \times \left(1 - 15.00\% \times \frac{1}{360}\right)$$

$$\text{HFF}(1) = 100\% \times 99.9989\% \times 99.9583\% \approx 99.9572\%$$

Assuming 2nd Exchange Business Day falls 3 Calendar Days after 1st Exchange Business Day:

$$\text{HFF}(2) = \text{HFF}(1) \times \left(1 - \text{Management Fee} \times \frac{\text{ACT}(t-1; t)}{360}\right) \times \left(1 - \text{Gap Premium} \times \frac{\text{ACT}(t-1; t)}{360}\right)$$

$$\text{HFF}(2) = 99.9572\% \times \left(1 - 0.40\% \times \frac{3}{360}\right) \times \left(1 - 15.00\% \times \frac{3}{360}\right)$$

$$\text{HFF (2)} = 99.9572\% \times 99.9967\% \times 99.8750\% \approx 99.8289\%$$

The same principle applies to the following Exchange Business Days:

$$\text{HFF (n)} = \text{HFF (n - 1)} \times \left(1 - \text{Management Fee} \times \frac{\text{ACT (t - 1; t)}}{360} \right) \times \left(1 - \text{Gap Premium} \times \frac{\text{ACT (t - 1; t)}}{360} \right)$$

In this example, the Hedging Fee Factor as of the Valuation Date would be equal to 99.3602% as illustrated below:

Date	HFF
3/7/2018	100.0000%
4/7/2018	99.9572%
5/7/2018	99.9145%
6/7/2018	99.8717%
9/7/2018	99.7436%
10/7/2018	99.7009%
11/7/2018	99.6582%
12/7/2018	99.6156%
13/7/2018	99.5730%
16/7/2018	99.4452%
17/7/2018	99.4027%
18/7/2018	99.3602%

Cash Settlement Amount

In this example, the Closing Level and the Cash Settlement Amount would be computed as follows:

$$\begin{aligned} \text{Closing Level} &= [(\text{Final Reference Level} \times \text{Final Exchange Rate}) / (\text{Initial Reference Level} \times \text{Initial Exchange Rate}) - \text{Strike Level}] \times \text{Hedging Fee Factor} \\ &= [(1200 \times 1) / (1000 \times 1) - 0] \times 99.3602\% \\ &= 119.23\% \end{aligned}$$

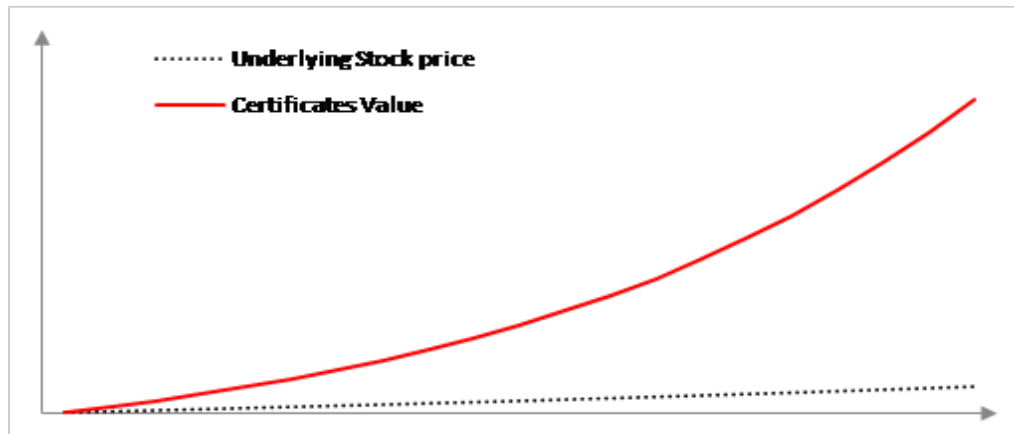

$$\begin{aligned} \text{Cash Settlement Amount} &= \text{Closing Level} \times \text{Notional Amount per Certificate} \\ &= 119.23\% \times 0.70 \text{ SGD} \\ &= \mathbf{0.835 \text{ SGD}} \end{aligned}$$

Illustration on how returns and losses can occur under different scenarios

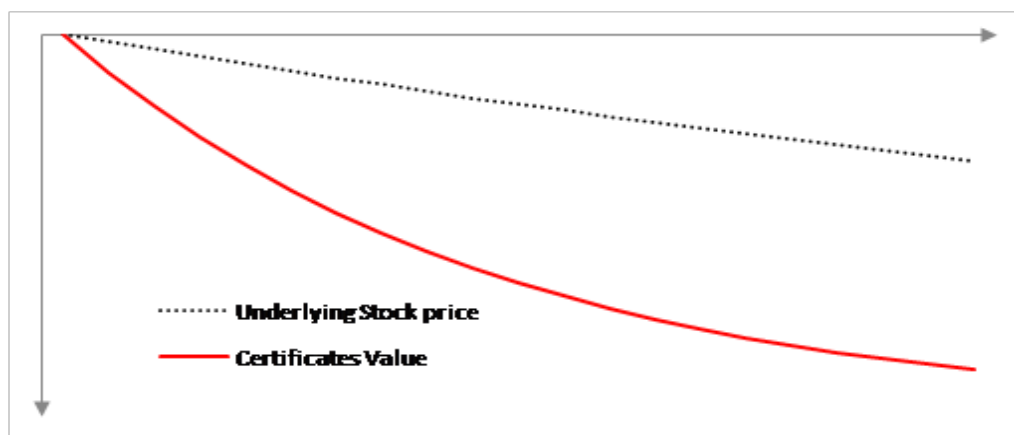

The examples are purely hypothetical and do not take fees and charges payable by investors into consideration. The examples highlight the effect of the Underlying Stock performance on the value of the Certificates and do not take into account the possible influence of fees, exchange rates, dividends, or any other market parameters.

Description of Air Bag Mechanism

The Certificates integrate an “Air Bag Mechanism” which is designed to reduce exposure to the Underlying Stock during extreme market conditions.

When the Air Bag triggers, this is followed by a period which is divided into two sub-periods:

- Observation Period: the price of the Underlying Stock is observed and its minimum price is recorded (i) during 15 minutes of continuous trading after the Air Bag is triggered, or (ii) until Market Close if there is less than 15 minutes of continuous trading until Market Close when the Air Bag Mechanism is triggered; and
- Reset Period: the Leverage Strategy is then reset using the minimum price of the Underlying Stock during the Observation Period as the New Observed Price. The New Observed Price replaces the last closing price of the Underlying Stock in order to compute the performance of the Leverage Strategy.

During the Observation Period and Reset Period, trading of Certificates is suspended for a period of at least 30 minutes of continuous trading after the Air Bag is triggered, and such suspension will be based on instructions provided by the Issuer to the SGX-ST for suspension of trading. Investors cannot sell or purchase any Certificates during this period.

For the avoidance of doubt, if the Air Bag Mechanism was triggered more than 60 minutes of continuous trading before Market Close, trading of Certificates will resume the same trading day after the Reset Period has elapsed, subject to the SGX-ST's approval to resume trading. If the Air Bag Mechanism was triggered between 45 minutes and 60 minutes of continuous trading before Market Close, trading of Certificates may or may not resume the same trading day after the Reset Period has elapsed. If the Air Bag Mechanism was triggered with only 45 minutes or less of continuous trading before Market Close, trading of Certificates resumes on the next trading day.

The resumption of trading is subject to the SGX-ST's requirements of at least 15 minutes after the SGX-ST approves the request from the Issuer to resume trading on the Certificates, rounded to the next quarter of an hour. The Issuer will provide at least 15 minutes' notice of the resumption of trading by making an SGXNET announcement.

With **Market Close** defined as:

- the Underlying Stock closing time, including the closing auction session, with respect to the Observation Period; and
- the sooner of (i) the Underlying Stock closing time for continuous trading and (ii) the SGX-ST closing time, with respect to the Resumption of Trading

Illustrative examples of the Air Bag Mechanism⁹

Scenario 1 – Downward Trend after Air Bag trigger

^ The resumption of trading is subject to the SGX-ST's requirements of at least 15 minutes after the SGX-ST approves the request from the Issuer to resume trading on the Certificates, rounded to the next quarter of an hour.

Scenario 2 – Upward Trend after Air Bag trigger

^ The resumption of trading is subject to the SGX-ST's requirements of at least 15 minutes after the SGX-ST approves the request from the Issuer to resume trading on the Certificates, rounded to the next quarter of an hour.

⁹ The illustrative examples are not exhaustive.

Scenarios where the investor may lose the entire value of the investment

The scenarios below are purely hypothetical and do not take fees and charges payable by investors into consideration. The scenarios highlight cases where the Certificates may lose 100% of their value.

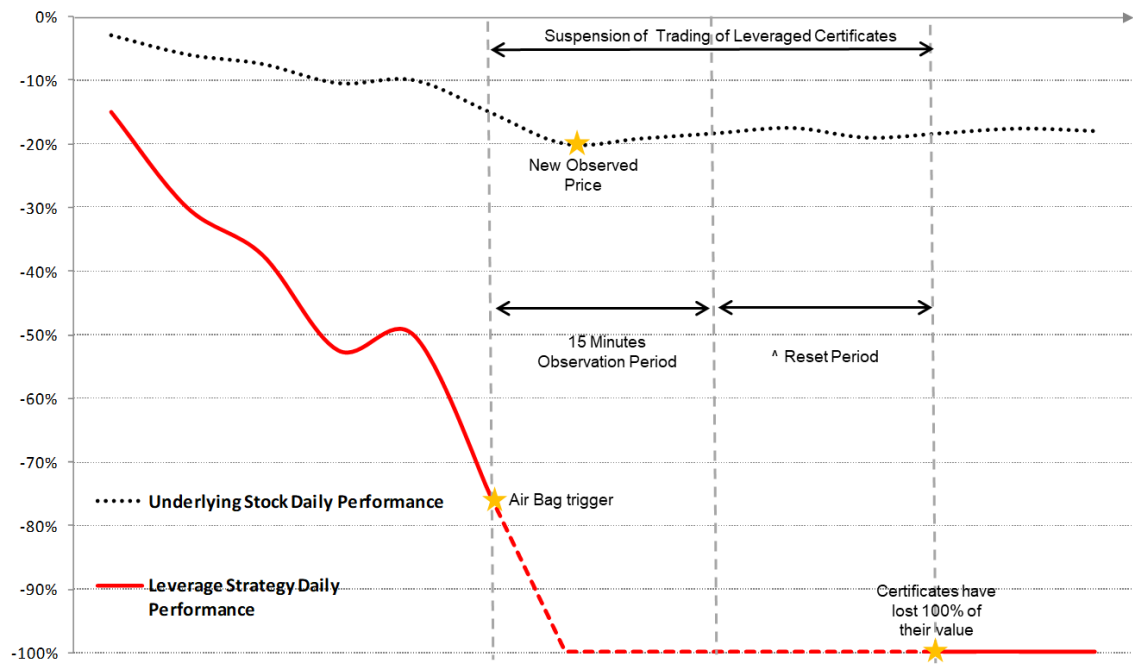

Scenario 1 – Overnight fall of the Underlying Stock

On any Business Day, the opening price of the Underlying Stock may be higher or lower than the closing price on the previous trading day. The difference between the previous closing price and the opening price of the Underlying Stock is termed a “gap”. If the opening price of the Underlying Stock is 20% or more below the previous trading day closing price, the Air Bag Mechanism would only be triggered when the market opens (including pre-opening session or opening auction, as the case may be) the following trading day, and the Certificates would lose their entire value in such event.

Scenario 2 – Sharp intraday fall of the Underlying Stock

Although the Air Bag Mechanism is designed to reduce the exposure to the Underlying Stock during extreme market conditions, the Certificate can lose 100% of its value in the event the price of the Underlying Stock falls by 20% or more within the 15 minutes Observation Period compared to the reference price, being: (i) if air bag has not been previously triggered on the same day, the previous closing price of the Underlying Stock, or (ii) if one or more air bag have been previously triggered on the same day, the latest New Observed Price. The Certificates would lose their entire value in such event.

Examples and illustrations of adjustments due to certain corporate actions

The examples are purely hypothetical and do not take fees and charges payable by investors into consideration. The examples highlight the effect of corporate actions on the value of the Certificates and do not take into account the possible influence of fees, exchange rates, or any other market parameters.

In the case of any corporate action on the Underlying Stock, the Calculation Agent will, as soon as reasonably practical after it becomes aware of such event, determine whether such corporate action has a dilutive or concentrative effect on the theoretical value of the Underlying Stock, and if so, will (a) calculate the corresponding adjustment, if any, to be made to the elements relating to the Underlying Stock which are used to determine any settlement or payment terms under the Certificates and/or adjust at its discretion any other terms of the Certificates as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Certificates and (b) determine the effective date of such adjustment.

Notwithstanding the foregoing, in the event Observation Date (t) is an ex-date with respect to a corporate action related to the Underlying Stock, the Calculation Agent may, in its sole and absolute discretion, replace the $Rfactor_t$ with respect to such Observation Date (t) by an amount computed according to the following generic formula :

$$Rfactor_t = \left[1 - \frac{Div_t + DivExc_t - M \times R}{S_{t-1}} \right] \times \frac{1}{1 + M}$$

This formula is provided for indicative purposes and the Calculation Agent may determine that this formula is not appropriate for certain corporate actions and may apply a different formula instead.

Such adjustment of $Rfactor_t$ would affect the Leveraged Return, the Rebalancing Cost, and the Underlying Reference Price used to determine the Intraday Restrike Event. The Air Bag Mechanism would not be triggered if the stock price falls by 15% exclusively because of the dilutive effect of a corporate action.

Where:

$DivExc_t$ is the amount received as an Extraordinary Dividend by a holder of existing Shares for each Share held prior to the Extraordinary Dividend, net of any applicable withholding taxes.

M is the number of new Share(s) (whether a whole or a fraction) per existing Share each holder thereof is entitled to subscribe or to receive (positive amount) or the number of existing Shares redeemed or canceled per existing Share (negative amount), as the case may be, resulting from the corporate action.

R is the subscription price per Share (positive amount) or the redemption price per Share (negative amount) including any dividends or other benefits forgone to be subscribe to or to receive (as applicable), or to redeem a Share.

1. Stock split

Assuming the Underlying Stock is subject to a 1 to 2 stock split (i.e. 1 new Share for every 1 existing share):

$$S_{t-1} = \$100$$

$$S_t = \$51$$

$$Div_t = \$0$$

$$DivExc_t = \$0$$

$$M = 1 \text{ (i.e. 1 new Shares for 1 existing Share)}$$

$$R = \$0 \text{ (no subscription price / redemption price)}$$

$$Rfactor_t = \left[1 - \frac{0 + 0 - 2 \times 0}{100} \right] \times \frac{1}{1 + 1} = 50\%$$

As a consequence:

$$LR_{t-1,t} = \text{Leverage} \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1 \right) = 5 \times \left(\frac{51}{100 \times 50\%} - 1 \right) = 10\%$$

S_{t-1}	$S_{t-1} \times Rfactor_t$	S_t	Adjusted Underlying Stock Performance
100	50	51	2%

Value of the Certificate (t-1)	Value of the Certificate (t)	Certificates' performance (excluding any cost and fees)
0.70	0.77	10%

In such case an Intraday Restrike Event would occur if the Underlying Stock price falls to \$42.5, which is 15% below \$50, the Underlying Stock Reference Price.

2. Share Consolidation

Assuming the Underlying Stock is subject to a 2 to 1 share consolidation (i.e. 1 Share canceled for every 2 existing Shares):

$$S_{t-1} = \$100$$

$$S_t = \$202$$

$$\text{Div}_t = \$0$$

$$\text{DivExc}_t = \$0$$

$$M = -0.5 \text{ (i.e. 0.5 Shares canceled for each 1 existing Share)}$$

$$R = \$0 \text{ (no subscription price / redemption price)}$$

$$Rfactor_t = \left[1 - \frac{0 + 0 - (-0.5) \times 0}{100} \right] \times \frac{1}{1 + (-0.5)} = 200\%$$

As a consequence:

$$LR_{t-1,t} = \text{Leverage} \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1 \right) = 5 \times \left(\frac{202}{100 \times 200\%} - 1 \right) = 5\%$$

S_{t-1}	$S_{t-1} \times Rfactor_t$	S_t	Adjusted Underlying Stock Performance
100	200	202	1%

Value of the Certificate (t-1)	Value of the Certificate (t)	Certificates' performance (excluding any cost and fees)
0.70	0.735	5%

In such case an Intraday Restrike Event would occur if the Underlying Stock price falls to \$170, which is 15% below \$200, the Underlying Stock Reference Price.

3. Rights Issues

Assuming there is a rights issue with respect to the Underlying Stock, with a right to receive 1 new Share for every 2 existing Shares, for a subscription price of \$40.

$$S_{t-1} = \$100$$

$$S_t = \$84$$

$$\text{Div}_t = \$0$$

$$\text{DivExc}_t = \$0$$

$$R = \$40 \text{ (i.e. subscription price of \$40)}$$

$$M = 0.5 \text{ (i.e. 1 new share for every 2 existing shares)}$$

$$Rfactor_t = \left[1 - \frac{0 + 0 - 0.5 \times 40}{100} \right] \times \frac{1}{1 + 0.5} = 80\%$$

As a consequence:

$$LR_{t-1,t} = \text{Leverage} \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1 \right) = 5 \times \left(\frac{84}{100 \times 80\%} - 1 \right) = 25\%$$

S_{t-1}	$S_{t-1} \times Rfactor_t$	S_t	Adjusted Underlying Stock Performance
100	80	84	5%

Value of the Certificate (t-1)	Value of the Certificate (t)	Certificates' performance (excluding any cost and fees)
0.70	0.875	25%

In such case an Intraday Restrike Event would occur if the Underlying Stock price falls to \$68, which is 15% below \$80, the Underlying Stock Reference Price.

4. Bonus Issues

Assuming there is a bonus issue with respect to the Underlying Stock, where shareholders receive 1 bonus share for 5 existing shares:

$$S_{t-1} = \$100$$

$$S_t = \$85$$

$$\text{Div}_t = \$0$$

$$\text{DivExc}_t = \$0$$

$$R = \$0$$

$$M = 0.2 \text{ (i.e. 1 new share for 5 existing shares)}$$

$$Rfactor_t = \left[1 - \frac{0 + 0 - 0.2 \times 0}{100} \right] \times \frac{1}{1 + 0.2} = 83.33\%$$

As a consequence:

$$LR_{t-1,t} = \text{Leverage} \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1 \right) = 5 \times \left(\frac{85}{100 \times 83.33\%} - 1 \right) = 10\%$$

S_{t-1}	$S_{t-1} \times Rfactor_t$	S_t	Adjusted Underlying Stock Performance
100	83.33	85	2%

Value of the Certificate (t-1)	Value of the Certificate (t)	Certificates' performance (excluding any cost and fees)
0.70	0.77	10%

In such case an Intraday Restrike Event would occur if the Underlying Stock price falls to \$70.83, which is 15% below \$83.33, the Underlying Stock Reference Price.

5. Extraordinary Dividend

Assuming there is an extraordinary dividend of \$20 (net of taxes) paid in respect of each stock.

$$S_{t-1} = \$100$$

$$S_t = \$84$$

$$\text{Div}_t = \$0$$

$$\text{DivExc}_t = \$20$$

$$R = \$0$$

$$M = 0$$

$$Rfactor_t = \left[1 - \frac{0 + 20 - 0 \times 0}{100} \right] \times \frac{1}{1 + 0} = 80\%$$

As a consequence:

$$LR_{t-1,t} = \text{Leverage} \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1 \right) = 5 \times \left(\frac{84}{100 \times 80\%} - 1 \right) = 25\%$$

S_{t-1}	$S_{t-1} \times Rfactor_t$	S_t	Adjusted Underlying Stock Performance
100	80	84	5%

Value of the Certificate (t-1)	Value of the Certificate (t)	Certificates' performance (excluding any cost and fees)
0.70	0.875	25%

In such case an Intraday Restrike Event would occur if the Underlying Stock price falls to \$68, which is 15% below \$80, the Underlying Stock Reference Price.

INFORMATION RELATING TO THE COMPANY

All information contained in this document regarding the Company, including, without limitation, its financial information, is derived from publicly available information which appears on the web-site of the SGX-ST at <http://www.sgx.com>. The Issuer has not independently verified any of such information.

Sembcorp Industries Ltd (“**Sembcorp**” or the “**Company**”) is a leading energy and urban solutions provider, driven by its purpose to do good and play its part in building a sustainable future. Headquartered in Singapore, Sembcorp leverages its sector expertise and global track record to deliver innovative solutions that support the energy transition and sustainable development. By focusing on growing its Renewables and Integrated Urban Solutions businesses, it aims to transform its portfolio towards a greener future and be a leading provider of sustainable solutions. Sembcorp has an energy portfolio which includes renewables comprising solar, wind and energy storage globally. The Company also has a proven track record of transforming raw land into sustainable urban development across Asia.

The information set out in Appendix I of this document relates to the unaudited results of the Company and its subsidiaries for the half-year ended 30 June 2025 and has been extracted and reproduced from an announcement by the Company released on 8 August 2025 in relation to the same. Further information relating to the Company may be located on the web-site of the SGX-ST at <http://www.sgx.com>.

INFORMATION RELATING TO THE DESIGNATED MARKET MAKER

Societe Generale has been appointed the designated market maker ("**DMM**") for the Certificates. The DMM will provide competitive buy and sell quotes for the Certificates continuously during the trading hours of the SGX-ST on the following basis:

- (a) Maximum bid and offer spread : (i) when the best bid price of the Certificate is S\$10 and below: 10 ticks or S\$0.20 whichever is greater; and
(ii) when the best bid price of the Certificate is above S\$10: 5% of the best bid price of the Certificate.
- (b) Minimum quantity subject to bid and offer spread : 10,000 Certificates
- (c) Last Trading Day for Market Making : The date falling 5 Business Days immediately preceding the Expiry Date

In addition, the DMM may not provide a quotation in the following circumstances:

- (i) during the pre-market opening and five minutes following the opening of the SGX-ST on any trading day;
- (ii) if the Certificates are valueless (where the Issuer's bid price is below the minimum bid size for such securities as prescribed by the SGX-ST);
- (iii) where the Certificates are suspended from trading for any reason;
- (iv) market disruption events, including, without limitation, any suspension of or limitation imposed on trading (including but not limited to unforeseen circumstances such as by reason of movements in price exceeding limits permitted by the SGX-ST or any act of God, war, riot, public disorder, explosion, terrorism or otherwise) in the Underlying Stock;
- (v) where the Issuer or the DMM faces technical problems affecting the ability of the DMM to provide bids and offer quotations;
- (vi) where the ability of the Issuer to source a hedge or unwind an existing hedge, as determined by the Issuer in good faith, is materially affected by the prevailing market conditions, and the Issuer informs the SGX-ST of its inability to do so as soon as practicable;
- (vii) in cases where the Issuer has no Certificates to sell, then the DMM will only provide bid quotations. The DMM may provide intermittent offer quotations when it has inventory of the Certificates;
- (viii) if the stock market experiences exceptional price movement and volatility;
- (ix) when it is a public holiday in Singapore and the SGX-ST is not open for dealings; and
- (x) during the suspension of trading of Certificates after an Air Bag Mechanism has been triggered.

The last trading day on which the DMM will provide competitive quotations for the Certificates would be the fifth Business Day immediately preceding the Expiry Date.

SUPPLEMENTAL INFORMATION RELATING TO THE ISSUER

The information below sets out the updated information relating to the Issuer and supersedes in its entirety the section in Appendix 2 of the Base Listing Document entitled “**4. Management and Supervision**”:

“Pursuant to SG Issuer’s Articles of Association, SG Issuer is managed by a board of directors under the supervision of a supervisory board. The members of the board of directors as at 12 August 2025 are Yves Cacclin, Thierry Bodson, Olivier Pelsser, François Caralp, Laurent Simonet and Samuel Worobel (each individually a “**Director**” and collectively the “**Board of Directors**”). The members of the supervisory board as at 12 August 2025 are Peggy Veniant Cottin, Laurent Weil, Emanuele Maiocchi, Faouzi Borgi and Gregory Claudy. Save for Gregory Claudy who is an independent director, all members of the Board of Directors and the Supervisory Board hold full-time positions within the Societe Generale Group.

The business address of Yves Cacclin, Thierry Bodson, Olivier Pelsser, Peggy Veniant Cottin and Emanuele Maiocchi as at 12 August 2025 is 11, avenue Emile Reuter, L-2420 Luxembourg. The business address of François Caralp, Laurent Simonet, Samuel Worobel, Laurent Weil and Faouzi Borgi as at 12 August 2025 is Tour Societe Generale, 17, Cours Valmy, F-92897 Paris-La Défense 7, France. The business address of Gregory Claudy as at 12 August 2025 is 225a, rue du Burgknapp, B-6717 Heinstert.”

SUPPLEMENTAL INFORMATION RELATING TO THE GUARANTOR

The information set out in Appendix II of this document is a reproduction of the Guarantor's unaudited consolidated financial results for the 6-month period ending 30 June 2025.

On 24 July 2025, the share capital of Societe Generale changed to EUR 981,475,408.75, divided into 785,180,327 shares with a nominal value of EUR 1.25 each.

SUPPLEMENTAL GENERAL INFORMATION

The information set out herein is supplemental to, and should be read in conjunction with the information set out in the Base Listing Document.

1. Save as disclosed in this document and the Base Listing Document, neither the Issuer nor the Guarantor is involved in any legal or arbitration proceedings (including any proceedings which are pending or threatened of which the Issuer or the Guarantor is aware) which may have or have had in the previous 12 months a significant effect on the financial position of the Issuer or the Guarantor in the context of the issuance of the Certificates.
2. Settlement of trades done on a normal “ready basis” on the SGX-ST generally take place on the second Business Day following the transaction. Dealing in the Certificates will take place in Board Lots in Singapore dollars. For further details on the transfer of Certificates and their exercise, please refer to the section headed “Summary of the Issue” above.
3. It is not the current intention of the Issuer to apply for a listing of the Certificates on any stock exchange other than the SGX-ST.
4. Save as disclosed in the Base Listing Document and herein, there has been no material adverse change in the financial position or prospects of the Issuer since 31 December 2024 or the Guarantor since 30 June 2025, in the context of the issuance of Certificates hereunder.
5. The following contracts, relating to the issue of the Certificates, have been or will be entered into by the Issuer and/or the Guarantor and may be material to the issue of the Certificates:
 - (a) the Guarantee;
 - (b) the Master Instrument; and
 - (c) the Master Warrant Agent Agreement.

None of the directors of the Issuer and the Guarantor has any direct or indirect interest in any of the above contracts.

6. The reports of the Auditors of the Issuer and the Guarantor were not prepared exclusively for incorporation into this document.

The Auditors of the Issuer and the Guarantor have no shareholding in the Issuer or the Guarantor or any of its subsidiaries, nor do they have the right (whether legally enforceable or not) to subscribe for or to nominate persons to subscribe for securities of the Issuer or the Guarantor or any of its subsidiaries.

7. The Certificates are not fully covered by the Underlying Stock held by Issuer or a trustee for and on behalf of the Issuer. The Issuer has appropriate risk management capabilities to manage the issue of the Certificates.
8. Societe Generale, Singapore Branch, currently of 8 Marina Boulevard, #12-01 Marina Bay Financial Centre Tower 1, Singapore 018981, has been authorised to accept, on behalf of the Issuer and the Guarantor, service of process and any other notices required to be served on the Issuer or the Guarantor. Any notices required to be served on the Issuer or the Guarantor should be sent to Societe Generale at the above address for the attention of Societe Generale Legal Department.
9. Copies of the following documents may be inspected during usual business hours on any weekday (Saturdays, Sundays and holidays excepted) at the offices of Societe Generale, Singapore Branch

at 8 Marina Boulevard, #12-01 Marina Bay Financial Centre Tower 1, Singapore 018981, during the period of 14 days from the date of this document:

- (a) the Memorandum and Articles of Association of the Issuer and the Constitutional Documents of the Guarantor;
- (b) the latest financial reports (including the notes thereto) of the Issuer;
- (c) the latest financial reports (including the notes thereto) of the Guarantor;
- (d) the Base Listing Document (which can also be viewed at: <https://www.sgx.com/securities/prospectus-circulars-offer-documents>);
- (e) this document; and
- (f) the Guarantee.

PLACING AND SALE

General

No action has been or will be taken by the Issuer that would permit a public offering of the Certificates or possession or distribution of any offering material in relation to the Certificates in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Certificates, or distribution of any offering material relating to the Certificates may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws or regulations and will not impose any obligation on the Issuer. In the event that the Issuer contemplates a placing, placing fees may be payable in connection with the issue and the Issuer may at its discretion allow discounts to placees.

Each Certificate Holder undertakes that it will inform any subsequent purchaser of the terms and conditions of the Certificates and all such subsequent purchasers as may purchase such securities from time to time shall be deemed to be a Certificate Holder for the purposes of the Certificates and shall be bound by the terms and conditions of the Certificates.

Singapore

This document has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this document and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of Certificates may not be circulated or distributed, nor may Certificates be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than pursuant to, and in accordance with the conditions of, any applicable provision of the Securities and Futures Act 2001 of Singapore.

Hong Kong

Each dealer has represented and agreed, and each further dealer appointed in respect of the Certificates and each other purchaser will be required to represent and agree, that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Certificates (except for Certificates which are a "structured product" as defined in the Securities and Futures Ordinance (Cap.571) of Hong Kong ("SFO")) other than (i) to "professional investors" as defined in the SFO and any rules made under the SFO; or (ii) in other circumstances which do not result in the document being a "prospectus", as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong ("CWUMPO") or which do not constitute an offer to the public within the meaning of the CWUMPO; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Certificates, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Certificates which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

European Economic Area

Each dealer represents and agrees, and each further dealer appointed in respect of the Certificates will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell, or otherwise make available any Certificates which are the subject of the offering as contemplated by this document to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or
 - (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the Insurance Distribution Directive), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended and superseded, the Prospectus Regulation); and
- (b) the expression “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Certificates to be offered so as to enable an investor to decide to purchase or subscribe for the Certificates.

United Kingdom

Each dealer represents and agrees, and each further dealer appointed in respect of the Certificates will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Certificates which are the subject of the offering as contemplated by this document to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or
 - (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act, as amended (the “**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA; and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Certificates to be offered so as to enable an investor to decide to purchase or subscribe for the Certificates.

Each dealer further represents and agrees, and each further dealer appointed in respect of the Certificates will be required to further represent and agree, that:

- (a) in respect to Certificates having a maturity of less than one year: (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and (ii) it has not offered or sold and will not offer or sell any Certificates other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Certificates would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Certificates in circumstances in which section 21(1) of the FSMA does not apply to the Issuer or the Guarantor; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Certificates in, from or otherwise involving the United Kingdom.

United States

The Certificates and the Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or any state securities law, and trading in the Certificates has not been approved by the United States Commodity Futures Trading Commission (the “**CFTC**”) under the United States Commodity Exchange Act of 1936, as amended (the “**Commodity Exchange Act**”) and the Issuer has not been and will not be registered as an investment company under the United States Investment Company Act of 1940, as amended, and the rules and regulations thereunder. None of the Securities and Exchange Commission, any state securities commission or regulatory authority or any other United States, French or other regulatory authority has approved or disapproved of the Certificates or the Guarantee or passed upon the accuracy or adequacy of this document. Accordingly, Certificates, or interests therein, may not at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, nor may any U.S. person at any time trade, own, hold or maintain a position in the Certificates or any interests therein. In addition, in the absence of relief from the CFTC, offers, sales, re-sales, trades, pledges, exercises, redemptions, transfers or deliveries of Certificates, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading and commodity pools. Consequently, any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised.

Each dealer has represented and agreed, and each further dealer will be required to represent and agree, that it has not and will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, Certificates in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, trade, pledge, exercise, redeem, transfer or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any such U.S. person. Any person purchasing Certificates of any tranches must agree with the relevant dealer or the seller of such Certificates that (i) it is not a U.S. Person, (ii) it will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, any Certificates in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person, and (iii) it is not purchasing any Certificates, directly or indirectly, in the United States or for the account or benefit of any U.S. person.

Exercise or otherwise redemption of Certificates will be conditional upon certification that each person exercising or otherwise redeeming a Certificate is not a U.S. person or in the United States and that the Certificate is not being exercised or otherwise redeemed on behalf of a U.S. person. No payment will be made to accounts of holders of the Certificates located in the United States.

As used in the preceding paragraphs, the term **“United States”** includes the territories, the possessions and all other areas subject to the jurisdiction of the United States of America, and the term **“U.S. person”** means any person who is (i) a U.S. person as defined under Regulation S under the Securities Act, (ii) a U.S. person as defined in paragraph 7701(a)(30) of the Internal Revenue Code of 1986, (iii) a person who comes within any definition of U.S. person for the purposes of the United States Commodity Exchange Act of 1936, as amended (the **“CEA”**) or any rules thereunder of the CFTC (the **“CFTC Rules”**), guidance or order proposed or issued under the CEA (for the avoidance of doubt, any person who is not a “Non-United States person” defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for purposes of subsection (D) thereof, the exception for qualified eligible persons who are not “Non-United States persons”, shall be considered a U.S. person), or (iv) a U.S. Person for purposes of the final rules implementing the credit risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended.

APPENDIX I

REPRODUCTION OF THE UNAUDITED RESULTS FOR THE HALF-YEAR ENDED 30 JUNE 2025 OF SEMBCORP INDUSTRIES LTD AND ITS SUBSIDIARIES

The information set out below is a reproduction of the unaudited results of the Company and its subsidiaries for the half-year ended 30 June 2025 and has been extracted and reproduced from an announcement by the Company released on 8 August 2025 in relation to the same.

- diluted	2f	29.73	30.08	(1)

* Denotes amount of less than S\$1 million or less than 1%
 NM Not meaningful

In 2025, the Group revised its accounting policy for the subsequent measurement of investment properties by transitioning from the cost model to the fair value model in accordance with Singapore Financial Reporting Standards (International) SFRS(I) 1-40 Investment Property. This change has been applied retrospectively, with prior period comparatives restated accordingly (see Note 8b).

1. CONSOLIDATED INCOME STATEMENT (Cont'd)

RECONCILIATION OF PROFIT BEFORE EXCEPTIONAL ITEMS FOR PERFORMANCE REVIEW (NOTE 4c)

	GROUP		
	1H2025	1H2024	+ / (-)
(S\$ million)		Restated	%
Attributable to:			
Owners of the Company			
Profit for the period	536	543	(1)
Less: Exceptional items (EI), net of tax	(140)	(8)	NM
Net profit before EI	396	535	(26)

Exceptional Items, net of tax

1H2025: EI related to the profit from the sale of the waste management subsidiaries in Singapore, as well as a fair value loss on contingent consideration related to a prior acquisition in India (Note 2b(viii)).

1H2024: EI related to the gain on bargain purchase of a 100% equity interest in two special purpose vehicles (SPVs) of Leap Green Energy Private Limited (Leap Green) in India (Note 2b(viii)).

2. NOTES TO THE CONSOLIDATED INCOME STATEMENT

2a. **Turnover and disaggregation of revenue**

The Group's businesses are grouped under five main segments, namely Gas and Related Services, Renewables, Integrated Urban Solutions, Decarbonisation Solutions, and Other Businesses and Corporate (Note 4a).

(S\$ million)	Gas and Related Services	Renewables	Integrated Urban Solutions	Decarbonisation Solutions	Other Businesses and Corporate	Elimination	Total
1H2025							
Turnover							
External sales	2,093	431	134	24	260	—	2,942
Inter-segment sales	10	30	6	10	6	(62)	—
Total	2,103	461	140	34	266	(62)	2,942
Major product / service lines							
Provision of energy products and related services (including electricity, gas and steam)	1,860	408	—	13	*	—	2,281
Provision of water products, reclamation of water and industrial wastewater treatment	65	—	86	—	—	—	151
Solid waste management	3	—	33	—	—	—	36
Service concession revenue	114	—	3	—	—	—	117

Total external sales	2,093	431	134	24	260	—	2,942
Timing of revenue recognition							
Over time	2,093	428	128	—	232	—	2,881
At a point in time	—	3	1	24	28	—	56
Total revenue from contracts with customers	2,093	431	129	24	260	—	2,937

2. NOTES TO THE CONSOLIDATED INCOME STATEMENT (Cont'd)

2a. Turnover and disaggregation of revenue (Cont'd)

(S\$ million)	Gas and Related Services	Renewables	Integrated Urban Solutions	Decarbonisation Solutions	Other Business- es and Corporate	Elimi- nation	Total
1H2024							
Turnover							
External sales	2,338	371	209	22	268	—	3,208
Inter-segment sales	27	4	21	3	7	(62)	—
Total	2,365	375	230	25	275	(62)	3,208
Major product / service lines							
Provision of energy products and related services (including electricity, gas and steam)	2,091	354	*	—	*	—	2,445
Provision of water products, reclamation of water and industrial wastewater treatment	63	—	89	—	—	—	152
Solid waste management	3	—	105	—	—	—	108
Service concession revenue	129	—	7	—	—	—	136
Construction and engineering related activities	—	—	—	—	243	—	243
Others	52	17	4	22	25	—	120
Total revenue from contracts with customers	2,338	371	205	22	268	—	3,204
Rental income	—	—	4	—	*	—	4
Total external sales	2,338	371	209	22	268	—	3,208
Timing of revenue recognition							
Over time	2,337	366	198	—	247	—	3,148
At a point in time	1	5	7	22	21	—	56
Total revenue from contracts with customers	2,338	371	205	22	268	—	3,204

The Group's 1H2025 turnover of S\$2,942 million was 8% lower than the S\$3,208 million recorded in 1H2024. The decrease was mainly due to lower contribution from the Gas and Related Services segment on lower pool prices in Singapore. Lower revenue was recognised in the Integrated Urban Solutions segment due to the absence of contribution from Sembcorp Environment and its subsidiaries (SembEnviro) following its divestment. The decline in turnover was partially offset by higher gas sales in Singapore, as well as increased revenue from new capacity additions and acquisitions in the Renewables segment in Vietnam, India and Oman.

2b. Profit for the period

Profit for the period includes:

(S\$ million)	Note	GROUP		
		1H2025	1H2024 Restated	+ / (-) %
Expenses				
Materials	(i)	(1,542)	(1,766)	(13)
Depreciation and amortisation		(227)	(220)	3
Sub-contract cost	(ii)	(189)	(228)	(17)
Repair and maintenance		(33)	(44)	(25)
(Allowance for) / write-back of expected credit loss, net	(iii)	(6)	11	NM
Impairment and write-off of assets		(1)	(2)	(50)
Write-back of inventory		*	2	NM

2. NOTES TO THE CONSOLIDATED INCOME STATEMENT (Cont'd)

2b. Profit for the period (Cont'd)

(S\$ million)	Note	GROUP		
		1H2025	1H2024 Restated	+ / (-) %
Other operating income, net				
Changes in fair value of investment properties		1	(1)	NM
Changes in fair value of financial instruments	(iv)	5	18	(72)
Foreign exchange loss, net	(v)	(22)	(19)	16
Grant income		2	2	—
Other income	(vi)	46	13	254
Non-operating income and expenses				
DPN ¹ (expense) / income	(vii)	(30)	128	NM
Gain on disposal of assets held for sale	(viii)	136	—	NM
Gain on disposal of subsidiaries	(viii)	6	—	NM
Change in fair value of contingent consideration	(viii)	(2)	—	NM
Gain on bargain purchase	(viii)	—	8	NM
Gain on disposal of other financial assets		3	2	50
Change in fair value of other financial assets		*	1	NM

¹ DPN denotes deferred payment note, which is the consideration receivable for the disposal Sembcorp Energy India Limited (SEIL) in January 2023

- (i) The decrease in materials costs corresponded to the decrease in sales and lower gas costs from the Gas and Related Services segment in Singapore.
- (ii) The decrease in sub-contract costs in 1H2025 was due to lower business activities in the construction business and the divestment of SembEnviro.
- (iii) The higher expected credit loss in 1H2025 was primarily due to increased credit loss provisions related to the China renewables business, whereas the 1H2024 amount reflected a net write-back of expected credit losses, mainly due to receipts in India and Singapore.
- (iv) Changes in the fair value of financial instruments were mainly from foreign exchange forward contracts and cross currency swaps used for managing the Group's foreign currency exposures and interest costs. The corresponding net effects from revaluation of assets and liabilities in foreign currencies were recorded under foreign exchange loss, net.
1H2024 gain in fair value mainly due to Japanese Yen/Singapore dollar cross currency swap.
- (v) The 1H2025 foreign exchange (FX) loss was predominantly due to FX revaluation on the USD financial assets designated for future committed payments. FX loss in 1H2024 was mainly due to the Group's borrowing in Japanese Yen to Singapore Dollar (SGD) for interest cost management.
- (vi) Other income in 1H2025 primarily consisted of claim settlement proceeds from dispute resolution, contractor-related liquidated damages, customer late payment surcharges, and corporate guarantee fee income.
1H2024 mainly included corporate guarantees fee income and income received from insurance compensation.
- (vii) DPN (expense) / income represents the change in fair value of the DPN. For 1H2025, this included income of S\$65 million (1H2024: S\$82 million) and a FX loss of S\$95 million (1H2024: foreign exchange gain of S\$46 million).
- (viii) Disposal gains included the profit from the sale of waste management subsidiaries in Singapore, as well as a fair value loss on contingent consideration related to a prior acquisition in India, which arose upon the collection of certain receivables tied to that acquisition.
1H2024 related to the gain on bargain purchase of a 100% equity interest in two SPVs of Leap Green in India.

2. NOTES TO THE CONSOLIDATED INCOME STATEMENT (Cont'd)

2c. Finance income and finance costs

(S\$ million)	GROUP		
	1H2025	1H2024	+ / (-) %
Finance income	12	14	(14)
Finance costs	(189)	(180)	5
<u>Included in finance costs:</u>			
Interest paid and payable to banks and others	(178)	(169)	5
Fair value changes of interest rate swaps	7	2	250
Amortisation of capitalised transaction costs	(5)	(4)	25
Interest expense on lease liabilities	(10)	(6)	67
Unwind of discount on restoration costs and financing component from contracts with customers	(3)	(3)	–

2d. Share of results of associates and joint ventures, net of tax

The Group's share of results of associates and joint ventures was S\$211 million in 1H2025, which was 35% or S\$55 million higher than the S\$156 million recorded in 1H2024. The improved performance was mainly attributable to a full half year contribution from the investment in Senoko Energy (acquired in November 2024 and June 2025), as well as better performance from the Urban business on higher land sales, driven by stable demand in Vietnam and strong sales in Indonesia. This better performance was partially offset by higher curtailment and lower tariffs in China Renewables, as well as absence of contribution from Phu My 3 post the expiry of its concession.

2e. Tax expense

(S\$ million)	Note	GROUP		
		1H2025	1H2024 Restated	+ / (-) %
Current tax expense				
Current year		79	72	10
Over-provision in prior years	(i)	(8)	(13)	(38)
Foreign withholding tax		2	5	(60)
Deferred tax expense				
Movements in temporary differences		4	30	(87)
Under-provision in prior years	(i)	8	13	(38)
Pillar 2 tax expense – Qualified IIR		3	–	NM
Tax expense		88	107	(18)

The overall tax expense in 1H2025 was comparable to 1H2024 and the Group's effective tax rate for 1H2025 was approximately 21% (1H2024: 20%).

- (i) Prior year's current tax provision was reduced after taking into consideration capital allowance claims which resulted in over-provision in prior years' current tax and corresponding under provision of deferred tax.

International Tax Reform – Pillar Two

The Group is within scope of the OECD Pillar Two ("Pillar Two") tax legislation.

Singapore, where the Company's ultimate holding company was incorporated, will implement the Qualifying Domestic Minimum Top-Up-Tax (QDMTT) and Income Inclusion Rule (IIR) under Pillar Two model rules with effect from January 1, 2025.

As at June 30, 2025, The Group has recognised an estimated current tax expense related to Pillar Two amounting to S\$3 million arising from jurisdictions that the Group operates in. As provided under SFRS 12 Income Taxes, the Group has applied the exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes.

The Group continues to monitor legislative developments and refine its calculations as more definitive guidance becomes available.

2. NOTES TO THE CONSOLIDATED INCOME STATEMENT (Cont'd)

2f. Earnings per ordinary share

	GROUP		
	1H2025	1H2024 Restated	+ / (-) %
Earnings per ordinary share (cents)			
(i) Based on the weighted average number of shares (in Singapore cents)	30.13	30.47	(1)
– Weighted average number of shares (in million)	1,779.2	1,782.0	*
(ii) On a fully diluted basis (in Singapore cents)	29.73	30.08	(1)
– Adjusted weighted average number of shares (in million)	1,802.8	1,805.3	*

3. CONSOLIDATED STATEMENT OF COMPREHENSIVE INCOME

(S\$ million)	Note	GROUP		
		1H2025	1H2024 Restated	+ / (-) %
Profit for the period		552	554	*
Items that may be reclassified subsequently to profit or loss:				
Foreign currency translation differences for foreign operations	(i)	(332)	37	NM
Exchange differences on monetary items forming part of net investment in foreign operation		1	1	–
Change in fair value of cash flow hedges	(ii)	(92)	32	NM
Change in fair value of cash flow hedges reclassified to profit or loss		(9)	(21)	(57)
Share of other comprehensive income of associates and joint ventures	(iii)	(7)	6	NM
Income tax relating to these items		12	*	NM
		(427)	55	NM
Items that may not be reclassified subsequently to profit or loss:				
Defined benefit plan actuarial gains and losses		*	*	*
Change in fair value of financial assets at fair value through other comprehensive income (FVOCI)		(3)	5	NM
Other comprehensive income for the period, net of tax		(430)	60	NM
Total comprehensive income for the period		122	614	(80)
Attributable to:				
Owners of the Company		126	600	(79)
Non-controlling interests		(4)	14	NM
Total comprehensive income for the period		122	614	(80)

- (i) Foreign currency translation loss for 1H2025 mainly arose from the depreciation of the Chinese Renminbi (RMB), Indian Rupee (INR) and United States Dollar (USD) against SGD, while 1H2024's gain mainly arose from the appreciation of INR against SGD.
- (ii) Fair value changes were mainly due to mark-to-market changes from foreign exchange forward contracts, foreign currency swaps, fuel oil swaps and interest rate swaps.
- (iii) These mainly related to share of associates and joint ventures' changes in fair value on fuel oil swaps and interest rate swaps.

4. SEGMENTAL REPORTING

Net Profit / (Loss)	339	113	73	(9)	29	(2)	543
Capital expenditure	200	489	6	*	3	—	698

² EBITDA refers to earnings before net interest expense, tax, depreciation and amortisation

³ Net Profit / (Loss) refers to profit / (loss) attributable to Owners of the Company

⁴ Includes additions of property, plant and equipment (PPE) and intangible assets, excluding carbon allowances

The EBITDA elimination amount relates to unrealised profits on the sale of Environmental Attributes across the segments with corresponding adjustment in segment assets.

⁵ China businesses under Renewables and Integrated Urban Solutions segments comprise associates or joint ventures that are accounted for under the equity method

The decrease in total assets in 1H2025 was primarily attributable to the depreciation of RMB, INR and USD against the Singapore Dollar, which reduced the translated value of assets held in China, India and the INR-denominated DPN held in Singapore, as well as investments in associates and joint ventures with USD functional currency. Additionally, total assets declined due to loan repayments funded by proceeds from the DPN collections and the disposal of the SembEnviro business.

4. **SEGMENTAL REPORTING** (Cont'd)

Notes to Segmental Analysis

4a. Operating segments

Sembcorp Industries is a leading energy and urban solutions provider. In November 2023, the Group announced its 2024 – 2028 strategic plan, reaffirming its commitment to transform its portfolio from brown to green.

The Group will play its part in achieving a low-carbon future through a responsible energy transition. The Gas and Related Services segment continues to provide reliable energy. Its significantly contracted position provides earnings visibility, to fund the Group's renewables growth as well as the development of decarbonisation solutions.

The Group has categorised its business segments based on the internal reports that are reviewed and used by the executive management team in determining the allocation of resources and in assessing performance of the operating segments. The Group's businesses are categorised into the five main segments with comparatives segment information re-presented. These five main segments are:

- (i) The Gas and Related Services segment's principal activities include the sale of energy molecules (including natural gas, steam and electricity from a diversity of fossil fuels such as natural gas). This segment also includes sale of water products from its integrated assets.
- (ii) The Renewables segment's principal activities are the provision of self-generated electricity from solar and wind resources, energy storage, as well as provision of system services that support integration of renewables into grid. This segment also includes the development and provision of installation, operation and maintenance of solar, wind and energy storage assets.
- (iii) The Integrated Urban Solutions segment supports sustainable development through its suite of urban, water as well as waste and waste-to-resource solutions. The segment's businesses comprise the development of large-scale integrated urban developments and integrated townships such as industrial parks, business, commercial and residential spaces, production and reclamation of water and industrial wastewater treatment as well as solid waste management and waste-to-resource solutions.
- (iv) The Decarbonisation Solutions segment includes the trading of Environmental Attributes, low-carbon feedstock (green hydrogen and ammonia), power imports and carbon capture, utilisation and storage (CCUS) businesses.
- (v) The Other Businesses and Corporate segment comprise businesses mainly relating to specialised construction, minting, the Group's captive insurance and financial services, as well as corporate costs.

4b. Geographical segments

The Group's geographical segments are presented in seven principal geographical areas: Singapore, China, India, Vietnam, Rest of Asia, the UK and the Middle East. In presenting information based on geographical segments, segment revenue is based on the geographical location of customers. Segment assets and total assets are based on the geographical location of the assets.

4c. Review of Group's performance

	1H2025	1H2024	+ / (-)	
		Restated		%
<i>(\$ million)</i>				
Adjusted EBITDA before EI and DPN FXΔ	1,000	993	7	*
DPN FXΔ, (Loss) / Gain	(95)	46	(141)	NM
EI – Income	140	8	132	NM
Adjusted EBITDA	1,045	1,047	(2)	*
Profit before EI and DPN FXΔ	491	489	2	*
DPN FXΔ, (Loss) / Gain	(95)	46	(141)	NM
EI – Income	140	8	132	NM
Net Profit	536	543	(7)	(1)

The Group reported an adjusted EBITDA of S\$1,045 million in 1H2025, broadly in line with the same period in 1H2024. EI income of S\$140 million in 1H2025 cushioned the effect of the S\$141 million swing in the FX component of the DPN. Excluding the EI Income and the FX impact on the DPN, the underlying adjusted EBITDA was S\$1,000 million in 1H2025 compared to S\$993 million in 1H2024.

4. **SEGMENTAL REPORTING** (Cont'd)

4c. **Review of Group's performance** (Cont'd)

The Gas and Related Services segment recorded earnings from a new acquisition completed in November 2024. However, overall performance declined due to reduced margins in existing operations. This decrease was offset by stronger performance in the Renewables segment. Improvements in the Renewables segment was driven by increased wind resources in India, the addition of new capacity (including recently acquired assets) and compensation received for a project delay in UK. These improvements were partially offset by higher curtailment and lower tariff in certain provinces in China.

El – Income: The amount in 1H2025 related to divestment gains from the sale of the Group's waste management businesses in Singapore, net of a change in the fair value of contingent consideration related to a past acquisition (see Note 2b(viii)).

4d. **Review of segment performance**

Gas and Related Services

	1H2025	1H2024	+ / (-)	%
(S\$ million)				
Adjusted EBITDA	467	489	(22)	(4)
Net Profit	330	339	(9)	(3)

Adjusted EBITDA

Adjusted EBITDA of S\$467 million in 1H2025 was S\$22 million or 4% lower than 1H2024. The decrease was primarily attributed to the Singapore operation, driven by a lower power spread as a result of the significant drop in the Uniform Singapore Energy Price (USEP) in 1H2025, compared to 1H2024. In addition, there was a decline in pool gains and lower gas margins due to the reprofiling of customer contracts. These declines were partially offset by higher gas diversion and contributions from Senoko Energy (acquired in November 2024 and June 2025).

Net Profit

The decrease in net profit was in line with the lower adjusted EBITDA.

Renewables

	1H2025	1H2024	+ / (-)	%
(S\$ million)				
Adjusted EBITDA^	396	329	67	20
Profit before El^	140	105	35	33
El – (Expense) / Income	(2)	8	(10)	NM
Net Profit^	138	113	25	22

^ The amounts were before the elimination of unrealised profits on the sale of Environmental Attributes of S\$8 million (1H2024: S\$1 million) across the segments

Adjusted EBITDA

Adjusted EBITDA of S\$396 million in 1H2025 was S\$67 million or 20% higher than 1H2024. The improved performance was mainly driven by higher wind resource availability in India and contributions from newly commissioned capacities (including acquisitions) in Singapore, India, China and the Middle East. The better performance was offset by higher curtailment and lower tariff in certain provinces in China.

Profit before El

The increase was mainly due to higher contribution from increased capacity, coupled with interest savings from progressive refinancing.

El - Income

1H2025 and 1H2024 exceptional income related to fair value loss of contingent consideration of past acquisitions and gain on bargain purchase on the acquisition of a 100% equity interest in two SPVs of Leap Green in India (Note 2b(viii)) respectively.

4. SEGMENTAL REPORTING (Cont'd)

4d. Review of segment performance (Cont'd)

Integrated Urban Solutions

	1H2025	1H2024	+ / (-)	
(S\$ million)		Restated		%
Adjusted EBITDA	107	112	(5)	(4)
Profit before EI	74	73	1	1
EI – Income	6	–	6	NM
Net Profit	80	73	7	10

Adjusted EBITDA

1H2025 adjusted EBITDA of S\$107 million was lower than 1H2024's adjusted EBITDA of S\$112 million. The decrease was mainly attributed to higher costs spent to facilitate the expansion of Urban's market presence and operations, and absence of contribution post the divestment of SembEnviro. This was offset by higher land sales in Indonesia from the Urban business.

Profit before EI

The increase in net profit was due to lower depreciation and amortisation for SembEnviro upon classification to held for sale, offset by decreases in line with the lower adjusted EBITDA.

EI - Income

1H2025 exceptional income comprised a gain on disposal of a subsidiary holding a leased land asset designated for waste management activities (Note 2b(viii)).

Decarbonisation Solutions

	1H2025	1H2024	+ / (-)	
(S\$ million)				%
Adjusted EBITDA [#]	(13)	(10)	(3)	30

[#] The amounts were before the elimination of unrealised profits on the sale of Environmental Attributes of nil (1H2024: S\$1 million) across the segments

Adjusted EBITDA[#] & Net Loss[#]

1H2025 adjusted EBITDA represents cost incurred to capture market opportunities, offset by capitalisation of project related expenses.

4. SEGMENTAL REPORTING (Cont'd)

4d. Review of segment performance (Cont'd)

Other Businesses and Corporate

	1H2025	1H2024	+ / (-)	%
(S\$ million)				
Adjusted EBITDA	96	129	(33)	(26)
- Other Businesses	28	25		
- Net corporate costs	(38)	(24)		
- DPN (expense) / income	(30)	128		
- EI – Income	136	–		
Profit before EI	(127)	29	(156)	NM
- Other Businesses	21	19		
- Net corporate costs	(46)	(38)		
- Corporate finance costs	(72)	(80)		
- DPN (expense) / income	(30)	128		
EI – Income	136	–	136	NM
Net Profit	9	29	(20)	(69)

Adjusted EBITDA

Adjusted EBITDA of S\$96 million in 1H2025 was S\$33 million or 26% lower than 1H2024. The decrease was mainly due to FX loss of the DPN as INR has depreciated against SGD in 1H2025 (Note 2b(vii)), scaling digital spend to support growth and absence of reversal of expected credit loss upon receipt of dividends offset by exceptional income attributed to divestment gain from SembEnviro.

Net Profit

The net profit of S\$9 million in 1H2025 was S\$20 million or 69% lower than 1H2024. The decrease was mainly due to the lower adjusted EBITDA, offset by write-back of tax provision upon settlement. Overall finance costs declined despite higher average borrowings to support growth projects, due to lower interest rate.

EI - Income

1H2025 exceptional income related to gain on disposal of SembEnviro (Note 2b(viii)).

5. BALANCE SHEETS

With the revision of the Group's accounting policy for the subsequent measurement of investment properties, prior period comparatives have been restated accordingly (see Note 8b for the impact of the change in accounting policy).

5. BALANCE SHEETS (Cont'd)

(S\$ million)	Note	GROUP			COMPANY	
		As at June 30, 2025	As at December 31, 2024 Restated	As at January 1, 2024 Restated	As at June 30, 2025	As at December 31, 2024
Equity attributable to Owners of the Company:						
Share capital		566	566	566	566	566
Other reserves		(1,048)	(675)	(705)	(104)	(56)
Revenue reserve		5,695	5,550	4,800	854	922
Total		5,213	5,441	4,661	1,316	1,432
Non-controlling interests		302	310	294	–	–
Total equity		5,515	5,751	4,955	1,316	1,432
Net asset value per ordinary share based on issued share capital (excluding treasury shares) at the end of the financial period (in S\$)		2.93	3.05	2.62	0.74	0.80

The decline in net asset value was primarily attributable to a decrease in the currency translation reserve, resulting from the depreciation of the USD, RMB and INR against SGD. In addition, the hedging reserve also declined during the period, mainly due to fair value losses on derivatives used to hedge currency risk. These decreases were partially offset by profit for the period, net of dividends paid.

5a. Group's borrowings and debt securities

(S\$ million)	As at June 30, 2025	As at December 31, 2024
Loans and borrowings repayable:		
<u>In one year or less, or on demand</u>		
Secured	162	214
Unsecured	396	457
	<u>558</u>	<u>671</u>
<u>Between one to five years</u>		
Secured	845	890
Unsecured	3,497	3,183
	<u>4,342</u>	<u>4,073</u>
<u>After five years</u>		
Secured	1,141	1,147
Unsecured	2,219	2,780
	<u>3,360</u>	<u>3,927</u>
Total	<u>8,260</u>	<u>8,671</u>

The secured loans were collateralised by the following assets' net book value:

Equity shares of subsidiaries, property, plant and equipment, and other assets	<u>1,366</u>	<u>1,595</u>
--	--------------	--------------

The underlying assets of a service concession arrangement amounting to S\$299 million (December 31, 2024: S\$325 million) were also collateralised to secure its project finance loan.

The decrease in borrowing was mainly due to repayment of borrowings using proceeds received from DPN collections and the disposal of the SembEnviro business, net of loan drawdown for projects. The reduction was also attributed to the strengthening of SGD.

5. **BALANCE SHEETS** (Cont'd)

5a. **Group's borrowings and debt securities** (Cont'd)

Financial guarantee

Group

The Group has provided guarantees to banks to secure banking facilities provided to joint ventures. There are no terms and conditions attached to the guaranteed contracts that would have a material effect on the amount, timing and uncertainty of the Group's and Company's future cash flows.

The Group, prior to the disposal of its subsidiary, SEIL in FY2023, now known as SEIL Energy India Limited (SEIL EIL), had extended corporate guarantees in favour of some of its lenders. To facilitate SEIL EIL in obtaining its lenders' consent for the change in its shareholders, these corporate guarantees, amounting to S\$2,175 million per letters to shareholders for the approval of the disposal of SEIL, are extended at a fee pegged to market, post divestment. The fair value of the financial guarantee contract is determined using the interest rate differential approach. As such, the guarantee fees receivable approximate the financial guarantee liability. The guarantee fees are payable quarterly in arrears. Applying the net approach, the fair value of the financial guarantee contract is negligible.

For other financial guarantees given, the Group determines the fair value of those financial guarantees using the discounted cash flow approach. The Group believes the joint venture has sufficient resources to fulfil its obligations and the Group does not consider it probable that a claim will be made against the Group under the guarantee. As such, the fair values of these financial guarantee contracts are negligible.

The details of the financial guarantees given at balance sheet date were:

		GROUP	
		As at June 30, 2025	As at December 31, 2024
<i>(S\$ million)</i>	Note		
Guarantees given to banks to secure banking facilities provided to:			
– Joint ventures		43	47
– SEIL EIL	(i)	1,106	1,187
		<u>1,149</u>	<u>1,234</u>
The periods in which the financial guarantees expire are as follows:			
– Less than 1 year		–	348
– Between 1 year to 5 years		438	492
– More than 5 years		711	394
		<u>1,149</u>	<u>1,234</u>

(i) The decrease was due to the depreciation of INR against SGD as at period end, as well as regular repayments of the underlying facilities.

Company

The Company has provided guarantees to banks to secure banking facilities provided to a wholly owned subsidiary, Sembcorp Financial Services Pte Ltd. The intra-group financial guarantees granted by the Company amounted to S\$11,887 million (December 31, 2024: S\$11,830 million), with S\$4,052 million (December 31, 2024: S\$4,326 million) drawn down as at balance sheet date. The Company uses the interest rate differential approach to determine the fair value of these financial guarantees and has deemed them to be not material.

		COMPANY	
		As at June 30, 2025	As at December 31, 2024
<i>(S\$ million)</i>			
The periods in which the financial guarantees expire are as follows:			
– Less than 1 year		392	156
– Between 1 year to 5 years		1,473	1,296
– More than 5 years		2,187	2,874
		<u>4,052</u>	<u>4,326</u>

5. **BALANCE SHEETS** (Cont'd)

5b. **Property, plant and equipment (PPE)**

In 1H2025, the Group acquired assets, including right-of-use (ROU) assets, amounting to S\$430 million (1H2024: S\$1,541 million), mainly from additions in the renewables business in India, Singapore and Oman as well as gas business in Singapore. This increase was reduced by a translation loss of S\$276 million, arising from the depreciation of RMB and INR, and a depreciation charge of S\$203 million for the period.

5c. **Investment properties**

(S\$ million)	GROUP	
	1H2025	FY2024 Restated
As at January 1	260	197
Additions	17	59
Disposal of subsidiaries	(3)	–
Net change in fair value	1	5
Transfer to assets held for sale	–	(1)
Translation adjustments	(16)	*
As at June 30 / December 31	259	260

In 2025, the Group changed its accounting policy with regard to subsequent measurement of investment properties (Note 8b). Investment properties, which include those in the course of development, are stated at fair value based on independent professional valuations or internal valuations. The fair values are based on a combination of investment income method and direct or market comparison techniques, including adjustments to reflect the specific use of the investment properties. Such valuation is derived from observable market data from an active and transparent market. In determining fair value, the valuers have used valuation techniques which involve certain estimates. The key assumptions used to determine the fair value of investment properties may also include unobservable input on market-corroborated capitalisation rate, terminal yield rate, discount rate, comparable market price and occupancy rate.

As at June 30, 2025, the Group engaged independent valuers to assess the fair value of certain significant investment properties. Management also reviewed changes in market data (such as discount rates and capitalisation rates) to evaluate their potential impact on the investment properties' valuations. The carrying amounts as at December 31, 2024 (restated) were determined based on valuations conducted by external valuers, who applied various techniques including the direct comparison method, capitalisation approach, discounted cash flow method, and depreciated replacement cost method to derive the open market value at the balance sheet date (see Note 8b). Following this assessment, management concluded that the fair values of the properties had not materially changed since the valuation at December 31, 2024.

5d. **Associates and joint ventures**

Associates and joint ventures increased mainly due to the share of profits and additions during 1H2025. This is offset by currency translation losses due to the depreciation of USD, RMB and Omani Riyal (OMR) against SGD, dividends received, as well as capital reduction and liquidation in 1H2025.

The additions during 1H2025 included the S\$72 million acquisition of Senoko Energy, which was completed on June 13, 2025, increasing the Group's total equity interest in this joint venture to 50%. Additions also included injections into the renewable business in China and Urban's business in Vietnam.

The restated amount as at December 31, 2024 included the share of fair value changes of investment properties held by associates and joint ventures in the Urban business (see Note 8b).

Goodwill

There have been no changes to the goodwill allocated to cash generating units. There were also no impairment indicators noted as at June 30, 2025.

5. **BALANCE SHEETS** (Cont'd)

5f. **DPN receivable**

The DPN was entered into by Sembcorp Utilities Pte Ltd (Sembcorp), a wholly owned subsidiary of the Company, as part of the sale of SEIL in January 2023 as a means of providing financing to the Purchaser⁶. The DPN receivable is classified as a financial asset at fair value through profit and loss, as it does not pass the SPPI (Solely Payments of Principal and Interest) test. A Technical Services Agreement ("TSA") was also entered into by Sembcorp to provide technical advisory services to SEIL EIL as part of transition arrangements, pursuant to which Sembcorp is paid fees which are mutually agreed annually based on estimated man-days. Under the terms of the DPN, the TSA cannot be terminated without Sembcorp's consent.

The DPN receivable was initially measured at fair value as at the date of sale. Subsequent changes in fair value are recognised in profit or loss as DPN (expense) / income (Note 2b(vii)).

The DPN bears interest at a rate per annum equal to 1.8% plus a benchmark rate equal to the Indian government 10-year bond yield spot rate, minus a greenhouse gas emissions intensity reduction incentive rate.

Sembcorp has put in place a mechanism to monitor and manage the credit exposure via the rights provided in the DPN. A summary of the terms of the DPN are set out below and can also be found in Circular to Shareholders dated October 22, 2022:

- (a) Under the DPN, Sembcorp receives payment from the borrower (Tanweer Infrastructure SAOC);
- (b) Sembcorp has protective rights as a lender by way of covenants in the DPN (affirmative, negative and information) in line with common financing terms provided by project lenders;
- (c) These covenants ensure that the borrower and the underlying project's funding and operational activities do not negatively affect payments under the DPN and also impose obligations on the borrower to ensure that SEIL EIL continues to operate in accordance with the annual operating budget, contractual obligations and in compliance with applicable laws and standards.

The Group has continued to assess that it has no control over SEIL EIL and only retains risks as a lender through the DPN provided to the Purchaser and corporate guarantees given over SEIL EIL's borrowing facilities. The Group also assessed that the services provided as part of the TSA did not give rise to power to direct the relevant activities of SEIL EIL that would result in the Group having control or any significant influence over the operating and financial decisions of SEIL EIL.

The balance as at June 30, 2025 of S\$1,382 million (December 31, 2024: S\$1,581 million) included a fair value loss of S\$30 million for the period, net of receipts of S\$169 million consisting of principal and interest repayments.

⁶ Tanweer Infrastructure SAOC

5g. **Other investments and derivative assets and liabilities**

(S\$ million)	Note	As at June 30, 2025	As at December 31, 2024
Financial assets at amortised cost		10	21
Financial assets at FVOCI		44	47
Other financial assets at fair value through profit or loss (FVTPL)		106	110
Derivative assets	(i)	67	72
Other investments and derivative assets		227	250
Derivative liabilities	(i)	194	66

- (i) The changes in derivative financial assets and liabilities net of settlement, included the effect of changes in fuel oil swap, interest rate swaps, cross currency swaps and foreign exchange forwards.

The increase in 1H2025 was primarily driven by the mark-to-market valuation of the derivatives used by the Group to manage underlying financial risks.

5. **BALANCE SHEETS** (Cont'd)

5h. **Assets and liabilities held for sale**

(i) **As at June 30, 2025**

The assets held for sale, totaling S\$4 million, comprise property, plant and equipment in Vietnam and India.

(ii) **As at December 31, 2024**

(a) **Disposal group – Sembcorp Environment Pte. Ltd. and its subsidiaries (SembEnviro)**

Assets and liabilities held for sale relate to SembEnviro, which was divested on March 18, 2025.

(b) **Other assets held for sale**

Included within assets held for sale is S\$3 million relating to property, plant and equipment located in Vietnam.

5i. **Explanatory notes to other Balance Sheets items**

(i) **Group**

“Trade and other receivables”

Management will continue to monitor the tariff structures and economic situation in Myanmar, Vietnam and China as part of its ongoing review process of the adequacy of the ECL on the Group's receivables.

The overall decrease in the current portion was primarily due to the loan repayment from a joint venture following its receipt of external funding, as well as the impact of currency translation.

“Associates and joint ventures”

The Group's carrying value of a joint venture potentially affected by recent policy changes relating to renewable energy subsidies in Vietnam was S\$32 million. The Group's maximum additional potential exposure to this investment was assessed to be approximately S\$28 million as at June 30, 2025.

(ii) **Company**

“Net current assets” decreased primarily due to the repayment of a loan and the distribution of dividends, both funded from the proceeds of the divestment of a subsidiary classified as held for sale.

6c. Changes in the Company's share capital

Issued share capital and treasury shares

	Number of shares	
	Issued share capital	Treasury shares
At January 1, 2025	1,787,547,732	4,803,424
Treasury shares purchased	—	8,080,300
Treasury shares transferred pursuant to share plan	—	(4,503,900)
At June 30, 2025	<u>1,787,547,732</u>	<u>8,379,824</u>

Issued and paid-up capital

As at June 30, 2025, the Company's issued and paid-up capital excluding treasury shares comprised 1,779,167,908 (June 30, 2024: 1,782,711,515) ordinary shares.

Treasury shares

During 1H2025, the Company acquired 8,080,300 (1H2024: nil) ordinary shares by way of on-market purchases. 4,503,900 (1H2024: 3,453,766) treasury shares were re-issued pursuant to Performance Share Plan (PSP) and Restricted Share Plan (RSP).

As at June 30, 2025, there were 8,379,824 (June 30, 2024: 4,836,217) treasury shares held that may be re-issued upon the vesting of performance shares and restricted shares under the PSP and RSP respectively.

Performance shares

	Number of shares
At January 1, 2025	12,082,650
Performance shares awarded	1,031,900
Performance shares adjusted due to outperformance of targets	2,288,365
Performance shares released	(4,297,800)
Performance shares lapsed	(19,500)
At June 30, 2025	<u>11,085,615</u>

During 1H2025, 1,031,900 (1H2024: 782,200) performance shares were awarded under the Company's PSP, 4,297,800 (1H2024: 4,722,800) performance shares were released and 19,500 (1H2024: 659,600) performance shares lapsed. Settlement of shares can be in the form of shares or cash or a mixture of both cash and shares at the discretion of the Company. In 1H2025, an adjustment of 2,288,365 (1H2024: 2,721,464) performance shares was made due to the outperformance of targets.

The total number of performance shares granted conditionally but not released as at June 30, 2025 was 11,085,615 (June 30, 2024: 14,529,110). Based on the achievement factor, the actual release of the awards could range from zero to a maximum of 22,171,230 (June 30, 2024: 21,237,754) performance shares.

Restricted shares

	Number of shares
At January 1, 2025	2,007,400
Restricted shares awarded	1,596,800
Restricted shares released	(2,138,800)
Restricted shares lapsed	(32,000)
At June 30, 2025	<u>1,433,400</u>

6. STATEMENTS OF CHANGES IN EQUITY (Cont'd)

6c. Changes in the Company's share capital (Cont'd)

Restricted shares (Cont'd)

For the grant awarded in 2025, a third of the SCI RSP awards granted will vest immediately with the remaining two-thirds of the awards vesting over the following two years in equal tranches subject to fulfilment of service conditions at vesting.

During 1H2025, 1,596,800 (1H2024: 1,487,200) restricted shares were awarded under the RSP, 2,138,800 (1H2024: 2,447,723) restricted shares were released and 32,000 (1H2024: 95,766) restricted shares lapsed. Settlement of shares can be in the form of shares or cash or a mixture of both cash and shares at the discretion of the Company.

The total number of restricted shares outstanding for awards achieved but not released as at June 30, 2025 was 1,433,400 (June 30, 2024: 2,007,400).

For details of the 2020 Share Plan, please refer to the last audited financial statements.

7. CONSOLIDATED STATEMENT OF CASH FLOWS (Cont'd)

7b. Cash flow on acquisition of subsidiaries, net of cash acquired

On February 13, 2024, the Group completed the acquisition of a 100% interest in two SPVs of Leap Green. Leap Green contributed turnover of S\$11 million and profit of S\$1 million to the Group's results.

In May and June 2024, the Group completed the acquisitions of majority interests in three out of four subsidiaries of Gelex. These acquisitions contributed turnover of S\$7 million and profit of S\$1 million to the Group's results.

If the acquisitions had occurred on January 1, 2024, management estimated that, for the half-year ended June 30, 2024, the consolidated turnover would have increased from S\$3,208 million to S\$3,227 million, and there is no material impact to the net profit of S\$543 million.

<i>(S\$ million)</i>	Leap Green (Note (i)) 1H2024	Gelex (Note (ii)) 1H2024	Total 1H2024

⁷ Gelex's identifiable assets acquired and liabilities assumed were inclusive of fair value adjustments, determined on a provisional basis as of June 30, 2024

7. CONSOLIDATED STATEMENT OF CASH FLOWS (Cont'd)

7b. Cash flow on acquisition of subsidiaries, net of cash acquired (Cont'd)

(i) 1H2024: Acquisition of Leap Green

- The Group has ascertained the fair value of assets and liabilities acquired and fair value adjustments have been made to such assets and liabilities as at June 30, 2024.
- The gain on bargain purchase relating to the acquisition is presented within non-operating income in the income statement in 1H2024.

(ii) 1H2024: Acquisition of Gelex

- The goodwill recognised is not expected to be deductible for tax purposes.
- The contingent consideration arrangement was for payment of a defined quantum upon obtaining the necessary permits for the operation of certain projects and receipt of arrear payments from customers.

In determining the fair value of the contingent consideration, the Group has applied judgement in evaluating the probability and timing of fulfilment, taking into consideration past experiences and changes to the market, economic or legal environment in Vietnam.

The liabilities relating to the above are presented within trade and other payables in the balance sheet as at June 30, 2024.

7c. Explanatory notes to Consolidated Statement of Cash Flows

(i) Half-year ended June 30, 2025

Net cash from operating activities before changes in working capital stood at S\$713 million while net cash from operating activities was S\$672 million. The improvements in working capital were mainly attributable to improved collection from Singapore, Bangladesh and UK, as well as timing of scheduled payments.

Net cash from investing activities was S\$175 million, which included the divestment proceeds from sales of SembEnviro which was held for sale as of December 31, 2024.

Net cash used in financing activities was S\$805 million, mainly arising from net repayment of loans and dividend paid.

(ii) Significant non-cash transactions

There were no material non-cash transactions other than those disclosed in the cash flow statement.

8. ACCOUNTING POLICIES

8a. Basis of preparation

The financial statements have been prepared in accordance with the provisions of the Companies Act 1967, Singapore Financial Reporting Standards (International) (SFRS(I)) and International Financial Reporting Standards (IFRS). SFRS(I) comprises standards and interpretations that are equivalent to IFRS. All references to SFRS(I) and IFRS are subsequently referred to as SFRS(I) in these financial statements unless otherwise specified.

The interim financial statements for the half year ended June 30, 2025, are prepared in accordance with Singapore Financial Reporting Standards (International) (SFRS(I)) 1-34 Interim Financial Reporting. They do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last audited financial statements as at and for the year ended December 31, 2024.

The Group has applied the same accounting policies and methods of computation in the preparation of the financial statements for the current half-year as the last audited financial statements, except for the adoption of new and amended standards as set out in Note 8b.

8. ACCOUNTING POLICIES (Cont'd)

8b. Change in accounting policy

(i) Accounting for investment properties

In June 2025, the Group changed its accounting policy relating to the subsequent measurement of investment properties from the cost model to the fair value model, with changes in fair value recognised in profit or loss. The Group believes that subsequent measurement using the fair value model provides more relevant information about the financial performance of these assets, assists users to better understand the risks associated with these assets and is consistent with industry practice in relation to these types of assets. This change in accounting policy was applied retrospectively.

The Group has restated the balance sheet as at January 1, 2024 and December 31, 2024, as well as the comparatives for profit or loss, statement of changes in equity and statement of cash flows for 1H2024.

Summary of quantitative impact

The following tables summarise the material impacts on the Group's financial statements, primarily from the Integrated Urban Solutions segment. There is no material impact on the Group's basic or diluted earnings per share and net assets value and no impact on the total operating, investing, or financing cash flows for the half year ended June 30, 2025 and June 30, 2024.

Valuation techniques and key unobservable inputs

The following table presents the valuation techniques and key unobservable inputs that were used to determine the fair value of investment properties categorised under Level 3 of the fair value hierarchy:

(a) Investment properties in Vietnam

Property segment	Valuation techniques	Key unobservable inputs
Industrial and Logistics	Income capitalisation	Capitalisation rate June 30, 2025: 8.00% to 8.50% (December 31, 2024: 8.00% to 8.50%)
	Discounted cash flow	Pre-tax discount rate June 30, 2025: 11.50% to 12.50% (December 31, 2024: 12.00% to 12.50%)
		Terminal yield rate June 30, 2025: 8.25% to 8.75% (December 31, 2024: 8.25% to 8.75%)
	Direct comparison	Adjusted price per square metre June 30, 2025: VND 1,831,404 to VND 4,447,695 (December 31, 2024: VND 1,776,903 to VND 4,188,414)
	Depreciated replacement cost	Gross replacement cost per square metre June 30, 2025: VND 654,073 to VND 7,848,873 (December 31, 2024: VND 634,608 to VND 7,615,299)

8. ACCOUNTING POLICIES (Cont'd)

8b. Change in accounting policy (Cont'd)

(i) Accounting for investment properties (Cont'd)

Valuation techniques and key unobservable inputs (Cont'd)

(a) Investment properties in Vietnam (Cont'd)

Property segment	Valuation techniques	Key unobservable inputs
Construction Work in Progress	Income capitalisation	Capitalisation rate June 30, 2025: 8.00% (December 31, 2024: 8.00%)
	Discounted cash flow	Pre-tax discount rate June 30, 2025: 12.00% to 15.00% (December 31, 2024: 12.00% to 15.00%) Terminal yield rate June 30, 2025: 8.25% (December 31, 2024: 8.25%)
	Direct comparison	Adjusted price per square metre June 30, 2025: VND 2,694,780 to VND 4,578,509 (December 31, 2024: VND 2,614,586 to VND 4,442,257)
	Depreciated replacement cost	Gross replacement cost per square metre June 30, 2025: VND 654,073 to VND 11,773,309 (December 31, 2024: VND 634,608 to VND 11,422,948)

(b) Investment properties in China

Property segment	Valuation techniques	Key unobservable inputs
Retail and Commercial	Discounted cash flow	Pre-tax discount rate June 30, 2025: 6.00% (December 31, 2024: 6.00%)
		Terminal yield rate June 30, 2025: 2.00% (December 31, 2024: 2.00%)

(c) Investment properties in UK

Property segment	Valuation techniques	Key unobservable inputs
Freehold Land	Direct comparison	Adjusted price per square metre June 30, 2025: GBP 1.22 to GBP 23.62 (December 31, 2024: GBP 1.22 to GBP 23.62)

(ii) New and amended standards adopted by the Group

The Group has applied the following amendments to SFRS(I)s which became effective on January 1, 2025:

- SFRS(I) 1-21 Lack of Exchangeability

The adoption of these amendments to standards and interpretations does not have a material effect on the financial statements.

8. ACCOUNTING POLICIES (Cont'd)

8c. Accounting estimates and judgements

In preparing these interim financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last audited annual financial statements, except for:

Acquisitions

During the period, the Group made acquisitions of joint ventures, requiring the purchase price to be allocated to the fair value of the identifiable assets (including intangible assets) acquired and liabilities assumed. There is judgement and estimation uncertainty involved in the valuation of the assets and liabilities.

The Group has used provisional amounts of purchase price allocation for the accounting of these acquisitions and has a one-year measurement period from the acquisition date to complete the accounting for the acquisitions. Fair value adjustments may arise on the completion of respective final purchase price allocations due to the estimation uncertainty involved.

Disposals

The assessment on whether the Group has lost control of a subsidiary takes into consideration the terms of the sales, including the transaction structure. Judgements are applied in determining if there is a loss of control or influence of the subsidiary.

The Group will continue to reassess whether it has control over the entity when relevant facts and circumstances change to such an extent that there is a change in one or more of the three elements of control or the overall relationship between the Group and the entity per SFRS(I) 10.

DPN

The Group has derived the fair value of DPN by performing a discounted cashflow using the forecasted distributable reserves available from SEIL Energy India Limited (SEIL EIL), considering secured cash flows from various power purchase agreements and unsecured cash flows from contract renewals and/or new contracts.

The fair value of DPN assumed that the Group will receive interest payments in accordance with a pre-agreed interest rate and principal repayment according to SEIL EIL's cash distribution waterfall agreed in the DPN agreement.

A discount rate is applied to the DPN to reflect the cash flow risks associated with the forecasted distributable dividends from SEIL EIL and credit default risk of the Purchaser, Tanweer Infrastructure SAOC. This discount rate was derived from the yields of comparable INR bonds in India in the same industry with similar credit ratings, adjusted for maturity and subordinated structure of the DPN and cross referenced with Indian company INR perps and comparable Indian company loans.

An increase in 10 basis points on the discount rate would have reduced the fair value by S\$7 million. Conversely, a 10 basis points decrease would have increased the fair value by S\$7 million (Note 10).

Judgements and estimates are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

9. RELATED PARTIES

9a. Related party transactions

The balances due from related parties arose from the usual trade transactions, reimbursements and for financing capital expansion.

9b. Key Management Personnel

There were no changes to the key management personnel and their compensation scheme in 1H2025.

10. FAIR VALUE MEASUREMENTS

SFRS(I) 13 establishes a fair value hierarchy that prioritises the inputs used to measure fair value. The three levels of the fair value input hierarchy defined by SFRS(I) 13 are as follows:

- Level 1 – Using quoted prices (unadjusted) from active markets for identical financial instruments.
- Level 2 – Using inputs, other than those used for Level 1, that are observable for the financial instruments either directly (prices) or indirectly (derived from prices).
- Level 3 – Using inputs not based on observable market data (unobservable input).

Securities

The fair value of financial assets is based on quoted market prices (bid price) in an active market at the balance sheet date without any deduction for transaction costs. If the market for a quoted financial asset is not active, and for unquoted financial assets, the Group establishes fair value by using other valuation techniques.

Investment properties

The Group's investment properties are measured at fair value based on valuations performed by independent valuers. The valuation techniques and key unobservable inputs that were used to determine the fair value of the investment properties are classified within Level 3 of the fair value hierarchy.

Derivatives

Derivatives are used by the Group for hedging. These derivatives are mainly foreign exchange contracts, foreign exchange swaps, interest rate swaps, cross currency swaps, fuel oil swaps and electricity futures. They are accounted on a basis consistent with that disclosed in the most recent annual financial report.

1. The fair value of foreign exchange contracts and foreign exchange swaps are accounted for based on the difference between the contractual price and the current market price.
2. The fair values of interest rate swaps and cross currency swaps are the indicative amounts that the Group is expected to receive or pay to terminate the swap with the swap counterparties at the balance sheet date.
3. The fair value of fuel oil swaps and electricity futures is accounted for based on the difference between the contractual strike price with the counterparty and the current forward market price.
4. Contracts for differences (CFDs) are accounted for based on the difference between the contracted price entered into with the counterparty and the reference price. The fair value of the CFDs would need to be adjusted to reflect illiquidity. However, there have been minimal trades made in the electricity future market. There is also no fixed quantity stated in the agreement. As such, the fair value of the CFDs cannot be measured reliably. Upon settlement, the gains and losses for CFDs are taken to profit or loss.

For financial instruments not actively traded in the market, fair value is determined by independent third party or by various valuation techniques, with assumptions based on existing market conditions at each balance sheet date.

Financial assets and liabilities carried at fair value

(S\$ million)	Fair value measurement using:			Total
	Level 1	Level 2	Level 3	
Group				
As at June 30, 2025				
Financial assets at FVOCI	–	–	44	44

Other financial assets at FVTPL	77	–	46	123
Derivative assets	–	72	–	72
	<u>77</u>	<u>72</u>	<u>1,674</u>	<u>1,823</u>
Financial liabilities at FVTPL	–	–	(97)	(97)
Derivative financial liabilities	–	(66)	–	(66)
	<u>–</u>	<u>(66)</u>	<u>(97)</u>	<u>(163)</u>
	<u>77</u>	<u>6</u>	<u>1,577</u>	<u>1,660</u>

In 1H2025, there have been no transfers between the different levels of the fair value hierarchy.

Financial assets at FVOCI under Level 3 of the fair value hierarchy include unquoted equity shares. The fair value of the unquoted equity shares is determined by reference to the investment's adjusted net asset values as stated in the unaudited financial statements.

The DPN receivable was recognised in January 2023 at the completion of the sale of SEIL. The DPN under Level 3 of the fair value hierarchy is sensitive to various unobservable inputs and is measured based on the contractual terms of the sale (Note 5g and 8c).

Financial liabilities at FVTPL under Level 3 relate to the contingent consideration for the 2022 acquisition in China (Sembcorp Huiyang New Energy (Shenzhen) Co., Ltd), 2023 acquisition in India and 2024 acquisition in Vietnam.

The following table shows a reconciliation from the beginning balances to the ending balances for fair value measurements of financial assets at FVOCI and FVTPL in Level 3 of the fair value hierarchy:

(S\$ million) Group	Financial assets at FVOCI	DPN receivable	Other financial assets at FVTPL	Financial liabilities at FVTPL

Non-derivative financial assets and liabilities

Non-current

Carrying amount of non-derivative non-current financial assets and liabilities on floating interest rate terms are assumed to approximate their fair value because of the short period to repricing. Fair values for the remaining non-derivative non-current financial assets and liabilities are calculated using discounted expected future principal and interest cash flows at the market rate of interest at the reporting date.

Current

The carrying amounts of financial assets and liabilities with a maturity of less than one year (including trade and other receivables, cash and cash equivalents, and trade and other payables) are assumed to approximate their fair values because of the short period to maturity.

The fair value of financial assets and financial liabilities measured at amortised cost for the Group and Company approximate their carrying amounts, except for service concession receivables and non-current borrowings of the Group.

(S\$ million)	Financial assets at amortised costs	Other financial liabilities	Total carrying amount	Fair value
Group				
As at June 30, 2025				
Service concession receivables	627	—	627	912
Non-current loans and borrowings	—	(7,702)	(7,702)	(7,670)
As at December 31, 2024				
Service concession receivables	827	—	827	1,573
Non-current loans and borrowings	—	(8,000)	(8,000)	(7,990)

The fair value of financial assets and financial liabilities measured at amortised cost for the Company approximate their carrying amounts.

11. CONTINGENT LIABILITIES

Group

The Group's subsidiaries are involved in certain tax disputes, where the amount of potential exposure is estimated to be S\$3 million (December 31, 2024: S\$3 million).

12. COMMITMENTS

Commitments not provided for in the financial statements are as follows:

	GROUP	
(S\$ million)	As at June 30, 2025	As at December 31, 2024
Commitments in respect of contracts placed for property, plant and equipment	623	948
Uncalled commitments to subscribe for additional shares in joint ventures and other investments	19	3
Commitments in respect of purchase of investment properties	28	48
	670	999

13. OTHER DISCLOSURE

Performance guarantee

Group

As at June 30, 2025 and December 31, 2024, the Group has not provided performance guarantee to external parties.

Company

The Company has provided performance guarantees of S\$42 million (December 31, 2024: S\$75 million) to a subsidiary, Sembcorp Cogen Pte Ltd (SembCogen) for a long-term agreement entered in Year 2010 for the purchase of 20 BBtud (Billion British thermal units per day) of liquefied natural gas (LNG) from Shell Gas Marketing Pte Ltd (Shell) (formerly known as BG Singapore Gas Marketing Pte Ltd).

The agreement is effective from September 1, 2015, with a tenure of 10 years. SembCogen has an option to extend the term by two successive periods of five years each, subject to fulfilment of conditions set in the agreements. The Company believes that the subsidiary has sufficient resources to fulfil its contractual obligations and does not consider it probable that a claim will be made against the Company under these guarantees, as such there were no liabilities recognised.

14. AUDIT

The figures have not been audited or reviewed by the Company's auditors.

15. AUDITORS' REPORT

Not applicable.

16. VARIANCE FROM PROSPECT STATEMENT

There is no material change from the previous prospect statement.

17. PROSPECTS

This release contains forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, exchange rate movement, availability and cost of fuel and materials, cost of capital and capital availability, competition from other companies, shifts in customer demands, customers and partners, changes in operating expenses, including employee wages, benefits and training, governmental and public policy, directives and changes. You are cautioned not to place undue reliance on these forward-looking statements, which are based on current view of the management on future events and impact on the Group.

Group

The Group showed resilient performance in the first half of 2025, despite macroeconomic uncertainties. Contribution from the Gas and Related Services segment was steady despite lower wholesale prices in the Singapore market and the absence of contribution from Phu My 3 in Vietnam, as earnings were supported by contribution from Senoko Energy. The Renewables segment saw stronger performance in India, which offset the lower earnings in China. The Integrated Urban Solutions segment saw steady performance with higher Urban land sales and operational efficiency gains in its Water business, offset by lower SembEnviro contribution given its divestment in March 2025.

Earnings of the Gas and Related Services segment in the second half of 2025 are expected to be resilient despite lower spreads for contracts renewed since the second half of 2024. In the UK, customer demand could reduce with the closure of the SABIC ethylene cracker facility in Wilton.

Earnings for the Renewables segment are expected to be lower in the second half of the year due to seasonality, as well as higher curtailment and lower tariffs in China compared to 2024. This is expected to be partially offset by new project contributions.

The Integrated Urban Solutions segment is expected to remain stable in the second half of 2025, excluding contributions from the divested SembEnviro. However, we remain watchful of any potential impact on land sales arising from economic implications of trade tariffs.

We continue to monitor global macroeconomic developments, including shifts in investment sentiments and the strengthening of the Singapore dollar, which may impact business performance.

The defensiveness of our portfolio will continue to underpin the resilience of our earnings. We expect to maintain a sustainable dividend payout in FY2025, commensurate with our underlying earnings and in line with our dividend policy. The Group remains committed to capturing market opportunities, enhancing resilience of its businesses and creating long-term value through a sustainable energy transition.

18. SUBSEQUENT EVENTS

In July 2025, the Group issued a S\$300 million bond at 3.55% under the Euro Medium Term Note program.

19. DIVIDEND

(a) Current Financial Period Reported On

Name of Dividend	2025
	Interim Ordinary Exempt-1-Tier
Dividend Type	Cash
Dividend Amount (cents per shares)	9.0

(b) Corresponding Period of the Immediately Preceding Financial Year

Name of Dividend	2024
	Interim Ordinary Exempt-1-Tier
Dividend Type	Cash
Dividend Amount (cents per shares)	6.0

(c) Date Payable

The interim dividend will be paid on August 26, 2025.

19. DIVIDEND (Cont'd)

(d) Notice of Record Date

Notice is hereby given that the Register of Members and Share Transfer Books of the Company will be closed on August 19, 2025 to determine the shareholders' entitlements to the dividend. Duly completed transfers of shares received by the Company's Share Registrar, Tricor Barbinder Share Registration Services at 9 Raffles Place, #26-01 Republic Plaza Tower 1, Singapore 048619, up to 5.00 p.m. on August 18, 2025 (the "Record Date") will be registered to determine shareholders' entitlements to the dividend. Subject as aforesaid, shareholders whose securities accounts with The Central Depository (Pte) Limited are credited with ordinary shares of the Company as at 5.00 p.m. on the Record Date will be entitled to the dividend.

20. INTERESTED PERSON TRANSACTIONS

For the purposes of Chapter 9 of the SGX-ST Listing Manual, shareholders' approval is required for any interested person transaction of a value equal to, or more than 5% of the Group's latest audited consolidated net tangible assets (NTA) or when aggregated with other transactions entered with the same interested person during the same financial year, is of a value equal to, or more than 5% of the Group's latest NTA. For FY2025, 5% of the Group's consolidated NTA, as at December 31, 2024, was S\$217 million.

Chapter 9 however permits the Company to obtain a shareholders' mandate for recurrent transaction of a revenue or trading nature or those necessary for its day-to-day operations. At the Annual General Meeting held on April 2025, the Company obtained approval for such shareholders' mandate.

		Aggregate value of all interested person transactions under shareholders' mandate pursuant to Rule 920 (excluding transactions less than S\$100,000)	Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than S\$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920)

21. CONFIRMATION THAT THE ISSUER HAS PROCURED UNDERTAKINGS FROM ALL ITS DIRECTORS AND EXECUTIVE OFFICERS (IN THE FORMAT SET OUT IN APPENDIX 7.7) UNDER RULE 720(1)

The Company confirms that it has procured undertakings from all its directors and executive officers in the format set out in Appendix 7.7 under Rule 720(1) of the Listing Manual.

22. CONFIRMATION PURSUANT TO THE RULE 705(5) OF THE LISTING MANUAL

We, Tow Heng Tan, and Wong Kim Yin, being two directors of Sembcorp Industries Ltd (the "Company"), do hereby confirm on behalf of the directors of the Company, that to the best of their knowledge, nothing has come to their attention which would render the half-year ended June 30, 2025 unaudited financial results to be false or misleading.

On behalf of the board of directors

Tow Heng Tan
Chairman

Wong Kim Yin
Director

BY ORDER OF THE BOARD

Lim Chee Ying (Ms)
Company Secretary

2. NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - SIGNIFICANT ACCOUNTING PRINCIPLES

1. INTRODUCTION

ACCOUNTING STANDARDS

The condensed interim consolidated financial statements of the Societe Generale group (“the Group”) for the 6-month period ending 30 June 2025 were prepared and are presented in accordance with IAS (International Accounting Standard) 34 “Interim Financial Reporting”. The Group consists of the Societe Generale parent company (including its overseas branches) and all the entities in France and abroad that it controls either directly or indirectly (subsidiaries and joint arrangements) or on which it exercises significant influence (associates).

The Notes annexed to the interim consolidated financial statements should be read in conjunction with the audited consolidated statements of the financial year ending 31 December 2024 as contained in the 2025 Universal Registration Document. However, the assumptions made and estimates used in the preparation of these half-yearly consolidated financial statements have been updated to take into account uncertainties in the current geopolitical and macroeconomic environment. Furthermore, since the Group’s businesses are neither seasonal nor cycle-driven, its first-half year results are not influenced by these factors.

FINANCIAL STATEMENTS PRESENTATION

In the absence of a model imposed by IFRS accounting standards, the format of the summary financial statements complies with the format recommended by the French accounting standards authority, the *Autorité des Normes Comptables (ANC)*, in its Recommendation N° 2022-01 dated 8 April 2022.

The Notes annexed to the half-yearly consolidated financial statements relate to events and transactions that are important in order to understand trends in the financial position and performance of the Group during the first half of 2025. The information disclosed in these Notes relates specifically to data both relevant and material to the financial statements of the Societe Generale group, its businesses and to the circumstances in which it conducted its operations during this period.

PRESENTATION CURRENCY

The reporting currency for the Group’s consolidated accounts is the euro.

The amounts reported in the financial statements and annexed Notes are denominated in millions of euros unless otherwise stated. The effects of rounding off amounts may generate discrepancies between the amounts disclosed in the totals and sub-totals of the tables presented in the annexed Notes.

2. NEW ACCOUNTING STANDARDS APPLIED BY THE GROUP FROM 1 JANUARY 2025

Amendments to IFRS 21 "Impacts to variations in foreign currency rates".

AMENDMENTS TO IAS 21 « IMPACTS TO VARIATIONS IN FOREIGN CURRENCY RATES »

These amendments specify the situations in which a currency is regarded as convertible as well as the methods for evaluating the exchange rate of a non-convertible currency. They also supplement the information to be disclosed in the annexes to the financial statements in cases where a currency is not convertible.

The provisions of these amendments have been applied since 2024 for the preparation of the Group's financial statements.

3. ACCOUNTING STANDARDS, AMENDMENTS OR INTERPRETATIONS TO BE APPLIED BY THE GROUP IN THE FUTURE

The standards and amendments published by the IASB have not all been adopted by the European Union as at 30 June 2025. Their application will be mandatory for financial years from 1 January 2026 at the earliest or from their adoption by the European Union. They will not therefore be applied by the Group as at 30 June 2025. The provisional timetable for the application of the standards that will have the greatest impact for the Group is as follows:

AMENDMENTS TO IFRS 9 « AMENDMENTS TO THE CLASSIFICATION AND MEASUREMENT OF FINANCIAL INSTRUMENTS »

Adopted by the European Union on 27 May 2025.

These amendments clarify the classification of financial assets, in particular on how to assess the consistency of the contractual flows of a financial asset under a standard loan contract. They clarify the classification of financial assets that feature environmental, social and governance (ESG) or similar aspects. They also clarify the classification of financial instruments linked by contract and financial assets guaranteed solely by collateral.

In addition, these amendments clarify the derecognition of financial liabilities settled by electronic payment systems.

New disclosures are also required for equity instruments designated at their creation in order to be measured at fair value through other comprehensive income as well as for financial assets and liabilities with contingent features such as instruments comprising ESG features.

These amendments are not expected to have a material impact on the Group's financial statements.

AMENDMENTS TO IFRS 9 AND IFRS 7 « CONTRACTS REFERENCING NATURE-DEPENDENT ELECTRICITY » (PPA and VPPA)

Adopted by the European Union on 30 June 2025.

The European Union has adopted amendments to IFRS 9 and IFRS 7 relating to contracts for the supply of electricity from nature-dependent sources where the quantity produced is subject to variability.

The contracts concerned may be unwound:

- through the physical delivery of electricity purchased or sold: power purchase agreement (PPA);
- through a net payment in cash for difference between the contract fixed price and the market price: virtual power purchase agreements (VPPA).

These amendments clarify the conditions for applying the « own use » exemption enabling PPA contracts held by the Group to be excluded from the scope of standard IFRS 9.

These amendments are being examined but they are not expected to have a material impact on the Group's financial statements.

IFRS 18 « PRESENTATION AND DISCLOSURE IN FINANCIAL STATEMENTS »

Published on 9 April 2024.

This standard will replace IAS 1 "Presentation of financial statements".

It will not change the rules for recognising assets, liabilities, expenses and income nor their evaluation. It only concerns their presentation in the primary financial statements and in the related Notes.

The main changes introduced by this new standard concerns the income statement. The latter will have to be structured by mandatory sub-totals and divided into three categories of incomes and expenses: operating incomes and expenses, investment incomes and expenses and financing incomes and expenses.

Regarding entities for which investing in assets or providing financing to customers is a main business activity, such as entities in the banking and insurance sectors, the standard requires an appropriate presentation of incomes and expenses relating to these activities among operating incomes and expenses.

IFRS 18 also requires the disclosure in the Notes annexed to the financial statements of Management-defined performance measures (MPMs) that are used in financial communication (justification for the use of these MPMs, calculation method, reconciliation between the MPMs and the sub-totals required by the standard).

Finally, the standard provides guidelines for aggregating and disaggregating quantitative data in the primary financial statements and the related Notes.

IFRS 18 will be applicable to financial years starting from 1 January 2027 and require the retroactive restatement of comparative accounts.

Work on the implementation of IFRS 18 is underway between stakeholders and is contributing to the Group's ongoing analysis of the impact of this standard on its financial statements.

4. USE OF ESTIMATES AND JUDGEMENT

With a view to compiling the Group's consolidated financial statements, pursuant to the accounting principles and methods described in the notes annexed to the consolidated financial statements, General Management makes assumptions and estimates that may impact the amounts recognised in the income statement or as Gains and losses directly recognised in equity on the valuation of balance sheet assets and liabilities and on data disclosed in the related Notes.

In order to make these estimates and assumptions, General Management uses the information available on the date the consolidated financial statements were compiled and may exercise its judgment.

Valuations based on these estimates inherently involve risks and uncertainties regarding their materialisation in the future. Consequently, the future final outcome of the transactions concerned may differ from these estimates and have a major impact on the Group's financial statements.

The assumptions and estimates made in compiling these consolidated, half-yearly, financial statements take account the uncertainties surrounding the current geopolitical and macroeconomic environment. The impact of these factors on the assumptions and estimates selected is described in detail in sub-section 5 of this Note.

In particular, these estimates apply to the calculation of the fair value of financial instruments, asset impairments and provisions recognised as balance sheet liabilities, real estate guarantees, insurance contracts liabilities as well tax assets and liabilities on the balance-sheet and goodwill. They also apply to the analysis of the characteristics of contractual cash flows of financial assets, the determination of the effective interest rate of financial instruments measured at amortised cost as well as to the determination of the scope of consolidated entities. The Group also uses estimates and its judgment to determine the lease period to be considered for the recognition of right-of-use assets and lease liabilities, and to reassess the residual value of operating lease assets (in particular its fleet of motor vehicles) and prospectively to adjust their periods of depreciation where applicable.

To assess the impairments and provisions for credit risk, the Group's judgement and recourse to estimates concern more specifically the assessment of the impairment of credit risk (also taking into account the aggravating factor of transition climate risk) observed since the initial recognition of the financial assets and the measurement of credit losses expected on these financial assets. Concerning the valuation of insurance contract assets and liabilities, the Group may exercise its judgment and use estimates to evaluate future cash flows (premiums, claims, services, directly related costs), the level of adjustment for non-financial risks and the pace of recognition of the contractual service margin in the income statement.

5. GEOPOLITICAL AND MACROECONOMIC CONTEXT

Geopolitical uncertainties and customs tariffs are impacting the global economy. The US dollar continues to be regarded as a reserve currency, but signs of tension are appearing. In the eurozone, question marks over the industrial sector, such as technology gaps and structurally higher energy costs, will weigh heavily over the forecast horizon. The European Central Bank (ECB) is expected to cut interest rates but to continue quantitative tightening until 2026. China is expected to partially offset the impact of customs tariffs with temporary stimulus measures. Geoeconomic fragmentation is leading to a gradual reconfiguring of global value chains. Furthermore, the scenarios adopted assume that there will be no further geographical expansion of the current conflicts.

Against this backdrop, the Group has updated the macroeconomic scenarios used to prepare its interim consolidated financial statements.

These macroeconomic scenarios are taken into account in credit loss valuation models incorporating forward-looking data (see Note 3.8) and are also used to perform recovery tests on deferred tax assets (see Note 6).

5.1. Macroeconomic scenarios

On 30 June 2025, the Group selected three macroeconomic scenarios to help it to better understand the uncertainties related to the current macroeconomic context.

The assumptions selected to build these scenarios are described below:

- The central scenario ("SG Central") predicts a continued business slowdown in the eurozone in a context of more restrictive budgetary policy than in 2024 and persistent geopolitical uncertainties. In the US, although budgetary stimulus measures and deregulation may boost the US economy, this will not be enough to offset the crosswinds affecting immigration, the introduction of customs tariffs or the widespread uncertainty. Bearish risks, particularly related to financial volatility, remain.
- The favourable scenario ("SG Favourable") predicts accelerated economic growth compared to the trajectory projected in the central scenario. This growth may result from improved supply conditions owing to a positive impact on output or from unexpectedly improved demand conditions. In both cases, stronger growth would have a positive impact on employment and the profitability of companies.
- The stressed scenario of stagnation ("SG Stress") has been calibrated to the Iranian revolution during the oil crisis. This scenario draws on a negative supply impact causing inflationary pressures combined with a financial crisis.

These scenarios have been developed by the Economic and Sector Research Division of Societe Generale for all entities of the Group.

Forecasts published by different institutions (IMF, Global Bank, ECB, OECD) and the consensus among market economists serve as references for challenging the Group's own forecasts.

5.2. Financial instruments: expected credit losses

The scenarios provided by the Group economists have been incorporated into the expected credit loss provisioning models over a three-year horizon, followed by a two-year period to gradually return by the fifth year to the average probability of default observed during the calibration period. The assumptions made by the Group with a view to developing these macroeconomic scenarios were updated in the second quarter of 2025.

VARIABLES

The growth rate of Gross Domestic Product (GDP), the disposable income of households, the difference in interest rates between France and Germany, US imports, exports from developed countries, unemployment rates, the inflation rate in France and the yield on France ten-year government bonds are the main variables used in the expected credit losses measurement models.

The variables which have the stronger impact on the determination of expected credit losses (rate of GDP growth for the major countries in which the Group operates and the disposable income of households in France) for each scenario are listed below:

“SG Favourable” scenario	2025	2026	2027	2028	2029
France GDP	1.1	2.1	2.4	2.3	1.9
Households disposable income in France	0.7	0.8	1.1	1.0	0.7
Eurozone GDP	1.2	2.3	2.5	2.3	1.9
United States GDP	2.2	2.9	2.4	2.8	2.5
Developed countries GDP ⁽¹⁾	1.8	2.6	2.4	2.5	2.2

“SG Central” scenario	2025	2026	2027	2028	2029
France GDP	0.6	0.6	0.9	1.3	1.4
Households disposable income in France	0.4	0.2	0.4	0.6	0.6
Eurozone GDP	0.7	0.8	1.0	1.3	1.4
United States GDP	1.7	1.4	0.9	1.8	2.0
Developed countries GDP ⁽¹⁾	1.3	1.1	0.9	1.5	1.7

“SG Stress” scenario	2025	2026	2027	2028	2029
France GDP	(1.9)	(3.4)	(1.3)	0.3	1.1
Households disposable income in France	(0.2)	(1.1)	(1.0)	(0.9)	(0.1)
Eurozone GDP	(1.8)	(3.2)	(1.3)	0.3	1.1
United States GDP	(0.8)	(2.6)	(1.3)	0.8	1.7
Developed countries GDP ⁽¹⁾	(1.2)	(2.9)	(1.3)	0.5	1.4

(1) The Developed countries GDP correspond to the combination of the GDPs of the eurozone, the United States of America and Japan.

These simulations assume that the historical relationships between the key economic variables and the risk parameters remain unchanged. In practice, these correlations may be impacted by geopolitical or climate related events, or by changes in approach, the legal environment or credit granting policy.

The graph below compares GDP forecasts in the eurozone used by the Group for each scenario with the scenarios published by the ECB in June 2025.

	2025	2026	2027	2028	2029
SG Favourable	1.2	2.3	2.5	2.3	1.9
SG Central	0.7	0.8	1.0	1.3	1.4
SG Stress	(1.8)	(3.2)	(1.3)	0.3	1.1
ECB Baseline	0.9	1.1	1.3		

WEIGHTING OF THE MACROECONOMIC SCENARIOS

The probabilities used are based on the differences observed over the past 25 years between the forecasts made by a consensus of economists regarding US GDP and the actual scenario that occurred (forecast similar to the actual scenario, significantly optimistic or pessimistic).

In order to better account for a possible turnaround in the cycle, the Group applies a methodology for weighting the scenarios (primarily based on the observed output gaps for the United States and eurozone) by assigning a higher weighting to the SG Central scenario when the economy is depressed. On a reciprocal basis, the methodology provides for a higher weighting to the SG Stress scenario when the economy moves nears the peak of the cycle. Accordingly, the weighting applied to the SG Central scenario is maintained at 56% as at 30 June 2025.

Presentation of the changes in weights:

	30.06.2025	31.12.2024	30.06.2024
<i>SG Central</i>	56%	56%	60%
<i>SG Stress</i>	34%	34%	30%
<i>SG Favourable</i>	10%	10%	10%

CALCULATION OF EXPECTED CREDIT LOSSES AND SENSITIVITY ANALYSIS

Credit risk costs as at 30 June 2025, excluding insurance subsidiaries, amount to a net expense of EUR 699 million, down by EUR 88 million (-11 %) compared to 30 June 2024 (EUR 787 million).

Sensitivity tests have been performed to measure the impact of the changes in the weightings on the models. The sector-based adjustments (see Note 3.8) have been taken into account in these sensitivity tests. The scope of these tests includes Stage 1 and Stage 2 outstanding loans subject to statistical modelling of the impacts of the macroeconomic variables (which accounts 90% of the expected credit losses against 88% as at 31 December 2024).

The results of these tests, taking into account the impact on classifying the outstanding loans as 71% of the total outstanding loans, reveal that in the event of a 100% weighting:

- of the SG Stress scenario, the impact would be an additional allocation of EUR 199 million;
- of the SG Favourable scenario, the impact would be a reversal of EUR 197 million;
- of the SG Central scenario, the impact would be a reversal of EUR 124 million.

6. HYPERINFLATION IN TURKEY AND GHANA

Publications issued by the International Practices Task Force of the Centre for Audit Quality, a standard benchmark for identifying countries with hyperinflation, reveal that Turkey and Ghana are regarded as hyperinflationary economies, since 2022 and 2023 respectively.

Accordingly, the Group applies the provisions of IAS 29 ("Financial Reporting in Hyperinflationary Economies") to prepare separate financial statements presented in Turkish pounds for the LEASEPLAN OTOMOTIV SERVIS VE TICARET A.S Turkish entity located in Turkey and the individual financial statements in Cedis of the entity SOCIETE GENERALE GHANA PLC located in Ghana (before conversion to euro as part of the consolidation process) since 1 January 2022 and 1 January 2023, respectively.

However, the accounts of the SG ISTANBUL subsidiary have not been restated, their impact being non-material.

Under IAS 29, the accounting value of some balance-sheet items measured at cost has been adjusted as at the closing date to take into account the effects of inflation observed over the period. In the accounts of the entities concerned, these adjustments are primarily applied to fixed assets (in particular to the leased vehicle fleet and to buildings), as well as to the different components of equity.

The inflation adjustments of the assets concerned and of the equity items as well as of the incomes and expenses of the period, are recognised as income or expenses on foreign exchange transactions under Net gains and losses on financial transactions.

The restated financial statements of the entities concerned are converted into euro based on the exchange rate applicable as at closing date.

On 30 June 2025, a profit of EUR 14 million was recorded under Net gains and losses on financial transactions as adjustments for inflation occurred during the period. After taking into account adjustments of other income and expense items during the period, the impact of hyperinflation-related adjustments on the Group's Earnings before tax amounts to EUR 19 million.

NOTE 2 - CONSOLIDATION

NOTE 2.1 - CONSOLIDATION SCOPE

The consolidation scope includes subsidiaries and structured entities under the Group's exclusive control, joint arrangements (joint ventures and joint operations) and associates whose financial statements are significant relative to the Group's consolidated financial statements, notably regarding Group consolidated total assets and gross operating income.

The main changes to the consolidation scope as at 30 June 2025, compared with the scope applicable at the closing date of 31 December 2024, are as follow in chronological order:

SALE OF SOCIETE GENERALE PRIVATE BANKING (SUISSE) S.A.

On 31 January 2025, the Group finalised the sale of Societe Generale Private Banking (Suisse) S.A. to Union Bancaire Privee (UBP).

This sale led to a reduction of EUR 3.2 billion in Non-current assets held for sale (including EUR 2.3 billion in Customer loans at amortised cost) and a decrease of EUR 3.0 billion in Non-current liabilities held for sale (including EUR 2.9 billion in Customer deposits).

SALE OF FINANCING OF PROFESSIONAL EQUIPMENT ACTIVITIES

On 28 February 2025, the Group finalised the sale of its financing of professional equipment activities operated by Societe Generale Equipement Finance (SGEF) to BPCE Group.

This sale led to a reduction of EUR 15.0 billion in Non-current assets held for sale (including EUR 14.2 billion in Customer loans at amortised cost) and a decrease of EUR 6.1 billion in Non-current liabilities held for sale (including EUR 3.5 billion in Due to banks and EUR 2.2 billion in Customer deposits).

SALE OF SG KLEINWORT HAMBROS BANK LIMITED

On 31 March 2025, the Group sold the totality of its participation in SG Kleinwort Hambros Bank Limited to Union Bancaire Privee (UBP).

This sale led to a reduction of EUR 5.6 billion in Non-current assets held for sale (including EUR 2.9 billion in Financial assets at fair value through other comprehensive income and EUR 2.0 billion in Customer loans at amortised cost) and a decrease of EUR 5.3 billion in Non-current liabilities held for sale (including EUR 5.2 billion in Customer deposits).

SALE OF SG BURKINA FASO

On 27 June 2025, the Group sold the totality of its participation in SG Burkina Faso to Vista Group.

This sale led to a reduction of EUR 0.9 billion in Non-current assets held for sale (including EUR 0.5 billion in Customer loans at amortised cost) and a decrease of EUR 0.8 billion in Non-current liabilities held for sale (including EUR 0.4 billion in Customer deposits).

NOTE 2.2 - GOODWILL

The table below shows, by operating segment (Note 8.1), the changes in net value of the cash-generating units (CGU) goodwill over the first half of 2025:

Table 2.2.B

<i>(In EUR m)</i>	Value as at 31.12.2024	Acquisitions and other increases	Disposals and other decreases	Impairment	Value as at 30.06.2025

CREATION OF A PARTNERSHIP BETWEEN SOCIETE GENERALE AND ALLIANCEBERNSTEIN

On 1 April 2024, Societe Generale and Alliance Bernstein launched Bernstein, a partnership combining their cash equities and equity research businesses.

The partnership is organised under two separate legal vehicles: Sanford C. Bernstein Holdings Limited, covering Europe and Asia activities, with a head office in London, and Bernstein North America Holdings LLC, covering North America activities, with a head office in New York, complemented by major hubs in Paris and Hong Kong, and multiple regional offices.

Since 1 April 2024, the entity Sanford C. Bernstein Holdings Limited, fully controlled by the Group (stake of 51%) is fully consolidated, and the entity Bernstein North America Holdings LLC, over which the Group has significant influence (stake of 33.33%) is consolidated by using equity method.

Options have been negotiated in order to allow Societe Generale, subject to regulatory approvals, to own 100% of both entities within five years.

Sanford C. Bernstein Holdings Limited (entity fully consolidated)

On 1 April 2024, Societe Generale acquired 51% of the holding company Sanford C. Bernstein Holdings Limited for a purchase price of EUR 108 million.

During the first half of 2025, the Group finalised the purchase price allocation. As part of this exercise, the fair value measurement of the entity's acquired assets and assumed liabilities led the Group to revise upwards the net asset value of Sanford C. Bernstein Holdings Limited by EUR 6 million. The amount of goodwill, provisionally estimated at EUR 26 million in the Group's consolidated financial statements as of 31 December 2024 has thus been adjusted to reach the final amount of EUR 23 million as of 30 June 2025.

As part of the revision of the purchase price allocation, the table above includes the main adjustments to the assets acquired and assumed liabilities presented as at 30 June 2025:

Identifiable assets/liabilities	Description of the Evaluation Approach
Intangible assets – Bernstein brand	Brand fair value is determined using the royalty method. Valuation is based on publicly reported and market-observed royalty rates for comparable assets.
Intangible assets – Customer relationships	Intangible assets related to customer relationships have been recognized separately from goodwill and reflect customer loyalty in Bernstein's equity business. The valuation is based on the Multi-Period Excess Earnings Method (MPEEM).

(In EUR m)	Temporary allocation as at 31 December 2024	Variations	Final allocation as at 30 June 2025
Tangible and intangible fixed assets	4	8	12
Loans and receivables from credit institutions	246	-	246
Net tax assets	5	(2)	3
Debts to customers	(80)	-	(80)
Autres actifs et passifs nets	(14)	-	(14)
FAIR VALUE OF ASSETS AND LIABILITIES ACQUIRED (C)	161	6	167
NON-CONTROLLING INTERESTS ⁽¹⁾ (B)	79	3	82
PURCHASE PRICE (A)	108	-	108
GOODWILL (A) + (B) - (C)	26	(3)	23

(1) Non-controlling interests are measured based on the proportionate share in the recognised amounts of the revalued identifiable net assets.

The put option negotiated to redeem non-controlling interests (49%) is recognised as a liability representing the present value of the discounted strike price for an amount of EUR 70 million as at 30 June 2025.

Bernstein North America Holdings LLC (entity consolidated using the equity method)

On 1 April 2024, Societe Generale acquired 33.33% of the holding company Bernstein North America Holdings LLC for EUR 180 million.

Optional instruments were traded with the counterparty, leading to the recording of a derivative financial liability for the amount of EUR 35 million as at 30 June 2025.

On 1 July 2025, Societe Generale notified AllianceBernstein that it had the approval for the increase of its ownership (" Increased Ownership Approval Notice "). On 18 July 2025, in accordance with the acquisition agreement, AllianceBernstein notified Societe Generale of its decision to exercise its right to sell its Partial put option interests (17.67% in Bernstein North America Holding LLC) to Societe Generale. Once the remaining conditions are lifted, including all necessary regulatory approvals and anticipated amendments to the contractual framework, the transfer of the stake will be effective and will lead to the acquisition of control of Bernstein North America Holdings LLC by Societe Generale. The Group expects the transaction to be completed between the last quarter of 2025 and the first quarter of 2026.

IMPAIRMENT TEST OF CGU

The Group performed an annual impairment test as at 31 December for each CGU to which goodwill had been allocated.

The recoverable amount of a CGU is calculated using the discounted cash flow (DCF) method based on future distributable dividends applied to the entire CGU.

In the absence of any indication of impairment during the first semester of 2025, the Group has not carried out new impairment test for the CGUs. This test will be performed as at 31 December 2025.

NOTE 2.3 - NON-CURRENT ASSETS HELD FOR SALE AND RELATED DEBTS

As at 30 June 2025, the details of the Non-current assets and liabilities held for sale and related debts are as follows:

Table 2.3.A

<i>(In EUR m)</i>	30.06.2025	31.12.2024
Non-current assets held for sale	4,018	26,426
Fixed assets and Goodwill	84	424
Financial assets	2,859	23,725
<i>Financial assets at fair value through profit or loss</i>	54	95
<i>Financial assets at fair value through equity</i>	-	2,904
<i>Securities at the amortised cost</i>	825	535
<i>Due from banks</i>	83	199
<i>Customer loans</i>	1,897	19,992
Other assets	1,075	2,277
Non-current liabilities held for sale	3,526	17,079
Allowances	35	175
Financial liabilities	3,388	16,372
<i>Financial liabilities at fair value through profit or loss</i>	-	15
<i>Debt securities issued</i>	19	-
<i>Due to banks</i>	21	3,714
<i>Customer deposits</i>	3,348	12,620
<i>Subordinated debt</i>	-	23
Other liabilities	103	532

As at 30 June 2025, the items Non-current assets and Liabilities held for sale include the assets and liabilities related to the following consolidated subsidiaries: SOCIETE GENERALE DE BANQUES EN GUINEE EQUATORIALE, SOCIETE GENERALE MAURITANIE, SOCIETE GENERALE BENIN, SOCIETE GENERALE GUINEE and SOCIETE GENERALE CAMEROUN.

The Group maintains its intention to sell the subsidiaries SOCIETE GENERALE DE BANQUES EN GUINEE EQUATORIALE and SOCIETE GENERALE MAURITANIE. The assets and liabilities of these entities are presented in the table of non-current assets and liabilities held for sale since 30 June 2023.

NOTE 3 - FINANCIAL INSTRUMENTS

NOTE 3.1 - FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE THROUGH PROFIT OR LOSS

OVERVIEW

Table 3.1.A

(1) See Note 3.2 Financial derivatives.

2. FINANCIAL INSTRUMENTS MANDATORILY AT FAIR VALUE THROUGH PROFIT OR LOSS

Table 3.1.D

<i>(In EUR m)</i>	30.06.2025	31.12.2024
Bonds and other debt securities	35,633	34,449
Shares and other equity securities	71,794	71,020
Loans, receivables and securities purchased under resale agreements	12,615	13,459
Total	120,043	118,928

The loans, receivables and securities purchased under resale agreements recorded in the balance sheet under Financial assets mandatorily at fair value through profit or loss are mainly:

- loans that include prepayment features with compensation that do not reflect the effect of changes in the benchmark interest rate;
- loans that include indexation clauses that do not permit to be recognised as basic loans (SPPI).

3. FINANCIAL INSTRUMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS USING FAIR VALUE OPTION

ASSETS

Table 3.1.F

<i>(In EUR m)</i>	30.06.2025	31.12.2024
Bonds and other debt securities	14,323	14,394
Loans, receivables and securities purchased under resale agreements	57	57
Separate assets for employee benefits plans ⁽¹⁾	1,195	1,290
Total	15,574	15,741

(1) Including, as at 30 June 2025, EUR 1 016 million of plan assets for defined post-employment benefits compared to EUR 1,092 million as at 31 December 2024.

LIABILITIES

Financial liabilities measured at fair value through profit or loss in accordance with the fair value option predominantly consist of structured bonds issued by the Societe Generale group.

The Group thus recognises structured bonds issued by Societe Generale Corporate and Investment Banking at fair value through profit or loss. These issuances are purely commercial and the associated risks are hedged on the market using financial instruments managed in trading portfolios. By using the fair value option, the Group can ensure consistency between the accounting treatment of these bonds and that of the derivatives hedging the associated market risks, which have to be carried at fair value.

Table 3.1.G

(In EUR m)	30.06.2025		31.12.2024	
	Fair value	Amount redeemable at maturity	Fair value	Amount redeemable at maturity
Financial instruments measured using fair value option through profit or loss	100,750	100,449	100,681	100,933

The revaluation differences attributable to the Group's issuer credit risk are determined using valuation models taking into account the Societe Generale group's most recent financing conditions on the markets and the residual maturity of the related liabilities.

Changes in fair value attributable to own credit risk generated an equity unrealised loss of EUR 507 million. As at 30 June 2025, the total amount of changes in fair value attributable to own credit risk represents a total loss of EUR 656 million before tax.

NOTE 3.2 - FINANCIAL DERIVATIVES

1. TRADING DERIVATIVES

FAIR VALUE

Table 3.2.A

(In EUR m)	30.06.2025		31.12.2024	
	Assets	Liabilities	Assets	Liabilities
Interest rate instruments	40,028	34,817	40,255	36,518
Foreign exchange instruments	26,913	27,517	28,123	27,898
Equities & index Instruments	30,562	44,662	27,068	38,564
Commodities Instruments	2	15	54	112
Credit derivatives	863	574	686	861
Other forward financial instruments	627	1,732	559	1,478
Total	98,994	109,317	96,745	105,431

The Group uses credit derivatives in the management of its corporate credit portfolio, primarily to reduce individual, sectorial and geographical concentration and to implement a proactive risk and capital management approach. All credit derivatives, regardless of their purpose, are measured at fair value through profit or loss and cannot be qualified as hedging instruments for accounting purposes. Accordingly, they are recognised at fair value among trading derivatives.

COMMITMENTS (NOTIONAL AMOUNTS)

Total	19,649,586	18,851,067

2. HEDGING DERIVATIVES

According to the transitional provisions of IFRS 9, the Group made the choice to maintain the IAS 39 provisions related to hedge accounting. Consequently, equity instruments held (shares and other equity securities) do not qualify for hedge accounting regardless of their accounting category.

FAIR VALUE

Table 3.2.C

Total	7,769	13,628	9,233	15,750

The Group sets up hedging relationships recognised for accounting purposes as fair value hedges in order to protect its fixed-rate financial assets and liabilities (primarily loans/borrowings, securities issued and fixed-rate securities) against changes in long-term interest rates. The hedging instruments used mainly consist of interest rate swaps.

Furthermore, through some of its Corporate and Investment Banking operations, the Group is exposed to future cash flow changes in its short and medium-term funding requirements and sets up hedging relationships recognised for accounting purposes as cash flow hedges. Highly probable funding requirements are determined using historic data established for each activity and representative of balance sheet outstanding. These data may be increased or decreased by changes in management methods.

Finally, as part of their management of structural interest rate and exchange rate risks, the Group's entities set up fair value hedge for portfolios of assets or liabilities for interest rate risk as well as cash flow hedge and net investment hedge for foreign exchange risk.

As part of its structural interest rate risk management, the Group has adjusted the level of hedging of the fixed rate liabilities (i.e., customer deposits). While fixed-rate receiver swaps contracted out to hedge the interest rate risk, fixed-rate payer swaps were used into to reduce the hedge. Under IAS 39 "Carve Out", these instruments were designated as portfolio hedging instruments (macro hedge accounting).

As at 30 June 2025, the revaluation differences on macro-hedged fixed-rate assets portfolios and fixed-rate liabilities portfolios are still negative in a context of slightly higher interest rates compared to the end of 2024.

On the asset side of the balance sheet, the revaluation difference on portfolios hedged against interest rate risk amounts to EUR -330 million as at 30 June 2025 (compared to EUR -292 million as at 31 December 2024), and on the liabilities side, the revaluation differences on portfolios hedged against interest rate risk amounts to EUR -6,129 million as at 30 June 2025 (against EUR -5,277 million as at 31 December 2024).

4. VALUATION METHODS OF FINANCIAL INSTRUMENTS CARRIED AT FAIR VALUE ON THE BALANCE SHEET

For financial instruments measured at fair value on the balance sheet, fair value is determined primarily based on the prices quoted in an active market. These prices may be adjusted, if they are not available at the balance sheet date in order to incorporate the events that have an impact on prices and occurred after the closing of the stock markets but before the measurement date or in the event of an inactive market.

However, due notably to the varied characteristics of financial instruments traded over-the-counter on the financial markets, a large number of financial products traded by the Group does not have quoted prices in the markets.

For these products, fair value is determined using models based on valuation techniques commonly used by market participants to measure financial instruments, such as discounted future cash flows for swaps or the Black & Scholes formula for certain options and using valuation parameters that reflect current market conditions at the balance sheet date. These valuation models are validated independently by the experts from the Market Risk Department of the Group's Risk Division.

Furthermore, the inputs used in the valuation models, whether derived from observable market data or not, are checked by the Finance Division of Market Activities, in accordance with the methodologies defined by the Market Risk Department.

If necessary, these valuations are supplemented by additional reserves (such as bid-ask spreads and liquidity) determined reasonably and appropriately after an analysis of available information.

Derivatives and security financing transactions are subject to a Credit Valuation Adjustment (CVA) or Debt Valuation Adjustment (DVA). The Group includes all clients and clearing houses in this adjustment, which also reflects the netting agreements existing for each counterparty.

The CVA is determined based on the Group entity's expected positive exposure to the counterparty, the counterparty's probability of default and the amount of the loss given default. The DVA is determined symmetrically based on the negative expected exposure. These calculations are carried out over the life of the potential exposure, with a focus on the use of relevant and observable market data. Since 2021, a system has been in place to identify the new transactions for which CVA/DVA adjustments are significant. These transactions are then classified in Level 3.

Similarly, an adjustment to take into account the costs or profits linked to the financing of these transactions (FVA, Funding Value Adjustment) is also performed.

Observable data must be: independent, available, publicly distributed, based on a narrow consensus and/or backed up by transaction prices.

For example, consensus data provided by external counterparties are considered observable if the underlying market is liquid and if the prices provided are confirmed by actual transactions. For long maturities, these consensus data are not observable. This is the case for the implied volatility used for the valuation of equity options with maturities of more than five years. However, when the residual maturity of the instrument falls below five years, its fair value becomes sensitive to observable inputs.

In the event of unusual tensions on the markets, leading to a lack of the usual reference data used to measure a financial instrument, the Risk Division may implement a new model in accordance with pertinent available data, similar to methods used by other market players.

SHARES AND OTHER EQUITY SECURITIES

For listed shares, fair value is taken to be the quoted price on the balance sheet date.

The significant unlisted securities and the significant securities listed on an illiquid market will be valued primarily by using a developed valuation method: Discounted Cash Flows (DCF) or Discounted Dividend Model (DDM) and/or Market multiples.

For non-significant unlisted shares, fair value is determined depending on the type of financial instrument and according to one of the following methods:

- proportion of net asset value held;
- valuation based on a recent transaction involving the issuing company (third party buying into the issuing company's capital, appraisal by a professional valuation agent, etc.);
- valuation based on a recent transaction in the same sector as the issuing company (income multiple, asset multiple, etc.).

DEBT INSTRUMENTS HELD IN PORTFOLIO, ISSUES OF STRUCTURED SECURITIES MEASURED AT FAIR VALUE AND FINANCIAL DERIVATIVES INSTRUMENTS

The fair value of these financial instruments is determined based on the quoted price on the balance sheet date or prices provided by brokers on the same date, when available. For unlisted financial instruments, fair value is determined using valuation techniques. Concerning liabilities measured at fair value, the on-balance sheet amounts include changes in the Group's issuer credit risk.

OTHER DEBTS

For listed financial instruments, fair value is taken as their closing quoted price on the balance sheet date. For unlisted financial instruments, fair value is determined by discounting future cash flows to present value at market rates (including counterparty risks, non-performance and liquidity risks).

CUSTOMER LOANS

The fair value of loans and receivables is calculated, in the absence of an actively traded market for these loans, by discounting the expected cash flows to present value at a discount rate based on interest rates prevailing on the market at the reporting date for loans with broadly similar terms and maturities. These discount rates are adjusted for borrower credit risk.

5. ESTIMATES OF MAIN UNOBSERVABLE INPUTS

The following table provides, for Level 3 instruments, the ranges of values of the most significant unobservable inputs by main product type.

Table 3.4.E

(In EUR m)

Cash instruments and derivatives	Main products	Valuation techniques used	Significant unobservable inputs	Range of inputs min. max.	
Equities/funds	Simple and complex instruments or derivatives on funds, equities or baskets of stocks	Various option models on funds, equities or baskets of stocks	Equity volatilities	3.00%	138.00%
			Equity dividends	0.00%	8.00%
			Correlations	-200.00%	200.00%
			Hedge fund volatilities	N/A	N/A
			Mutual fund volatilities	1.70%	26.80%
Interest rates and Forex	Hybrid forex / interest rate or credit / interest rate derivatives	Hybrid forex interest rate or credit interest rate option pricing models	Correlations	-60.00%	90.00%
	Forex derivatives	Forex option pricing models	Forex volatilities	1.00%	27.00%
	Interest rate derivatives whose notional is indexed to prepayment behaviour in European collateral pools	Prepayment modelling	Constant prepayment rates	0.00%	20.00%
	Inflation instruments and derivatives	Inflation pricing models	Correlations	83.00%	93.00%
	Collateralised Debt Obligations and index tranches	Recovery and base correlation projection models	Time to default correlations	0.00%	100.00%
Credit	Other credit derivatives	Credit default models	Recovery rate variance for single name underlyings	0.00%	100.00%
			Time to default correlations	0.00%	100.00%
	Other credit derivatives	Credit default models	Quanto correlations	0.00%	100.00%
			Credit spreads	0.0 bps	82.40 bps
Commodities	Derivatives on commodities baskets	Option models on commodities	Correlations	NA	NA
Long term equity investments	Securities held for strategic purposes	Net Book Value / Recent transactions	Not applicable	-	-

The table below shows the valuation of cash and derivative instruments on the balance sheet. When it comes to hybrid instruments, they are broken down according to the main unobservable inputs.

Table 3.4.F

<i>(In EUR m)</i>	30.06.2025	
	Assets	Liabilities
Equities/funds	13,000	23,144
Rates and Forex	9,213	36,171
Credit	321	202
Long term equity investments	1,561	-
Total	24,095	59,517

6. SENSITIVITY OF FAIR VALUE FOR LEVEL 3 INSTRUMENTS

Unobservable inputs are assessed carefully, particularly in this persistently uncertain economic environment and market. However, by their very nature, unobservable inputs inject a degree of uncertainty into the valuation of Level 3 instruments.

To quantify this, fair value sensitivity was estimated at 30 June 2025 on instruments whose valuation requires certain unobservable inputs. This estimate was based either on a “standardised” variation in unobservable inputs, calculated for each input on a net position, or on assumptions in line with the additional valuation adjustment policies for the financial instruments in question.

The “standardised” variation corresponds to the standard deviation of consensus prices (TOTEM, etc.) used to measure an input nevertheless considered as unobservable. In cases of unavailability of this data, the standard deviation of historical data is then used to assess the input.

SENSITIVITY OF LEVEL 3 FAIR VALUE TO A “STANDARDISED” VARIATION IN UNOBSERVABLE INPUTS

Table 3.4.G

	30.06.2025		31.12.2024	
	Negative impact	Positive impact	Negative impact	Positive impact
<i>(In EUR m)</i>				
Shares and other equity instruments and derivatives	(18)	27	(22)	31
Equity volatilities	(5)	5	(6)	6
Dividends	(8)	8	(10)	10
Correlations	(5)	13	(6)	14
Hedge Fund volatilities	-	-	-	-
Mutual Fund volatilities	(0)	1	-	1
Rates or Forex instruments and derivatives	(7)	7	(7)	7
Correlations between exchange rates and/or interest rates	(7)	7	(7)	7
Forex volatilities	(0)	0	-	-
Constant prepayment rates	-	-	-	-
Correlations between inflation rates	(0)	0	-	-
Credit instruments and derivatives	(4)	5	(2)	3
Time to default correlations	-	-	-	-
Quanto correlations	(0)	1	-	1
Credit spreads	(4)	4	(2)	2
Commodity derivatives	NA	NA	NA	NA
Commodities correlations	NA	NA	NA	NA
Long term securities	NA	NA	NA	NA

It should be noted that, given the already conservative valuation levels, this sensitivity is higher for a favourable impact on results than for an unfavourable impact. Moreover, the amounts shown above illustrate the uncertainty of the valuation as at the computation date based on a “standardised” variation in inputs. Future variations in fair value cannot be deduced or forecast from these estimates.

7. DEFERRED MARGIN RELATED TO MAIN UNOBSERVABLE INPUTS

At initial recognition, financial assets and liabilities are measured at fair value, that is to say the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

When this fair value differs from transaction price and the instrument's valuation technique uses one or more unobservable inputs, this difference representative of a commercial margin is deferred in time to be recorded in the income statement, from case to case, at maturity of the instrument, at the time of sell or transfer, over time, or when the inputs become observable.

The table below shows the amount remaining to be recognised in the income statement due to this difference, less any amounts recorded in the income statement after initial recognition of the instrument.

Table 3.4.H

<i>(In EUR m)</i>	Equity derivatives	Interest rate and foreign exchange derivatives	Credit derivatives	Other instrument
Deferred margin as at 31 December 2024	(465)	(355)	(32)	(23)
Deferred margin on new transactions during the period	(141)	(136)	(8)	(2)
Margin recorded in the income statement during the period	166	86	7	4
<i>o/w amortisation</i>	92	51	5	3
<i>o/w switch to observable inputs</i>	5	2	-	-
<i>o/w disposed, expired or terminated</i>	68	32	2	-
Deferred margin as at 30 June 2025	(440)	(406)	(33)	(22)

NOTE 3.5 - LOANS, RECEIVABLES AND SECURITIES AT AMORTISED COST

<i>o/w interest income from impaired financial assets</i>	133	-	133	308	-	308	153	-	153

(1) Including EUR 623 million for insurance subsidiaries in 1st semester 2025 (EUR 1,206 million in 2024). This amount must be read together with the financial income and expenses of insurance contracts (see Note 4.3, Table 4.3. Detail of Performance of Insurance activities).

These interest expenses include the refinancing cost of financial instruments at fair value through profit or loss, the results of which are classified in net gains or losses on these instruments (see Note 3.1). Given that income and expenses booked in the income statement are classified by type of instrument rather than by purpose, the net income generated by activities in financial instruments at fair value through profit or loss must be assessed as a whole.

NOTE 3.8 - IMPAIRMENT AND PROVISIONS

METHOD FOR ESTIMATING EXPECTED CREDIT LOSSES

The method used to calculate impairments and provisions for expected credit losses in Stage 1 and Stage 2 is based on the Basel framework which has served as a basis for selecting the valuation methods for calculation parameters (probability of default and credit loss rate on outstanding loans under the IRBA and IRBF advanced Basel approach and the provisioning rate for outstanding loans under the standardised Basel approach).

The Group's portfolios have been segmented in order to ensure consistency of risk profiles and achieve a closer correlation with macroeconomic variables, both global and local. This segmentation allows all the Group's specificities to be covered. It is consistent with or similar to those defined in the Basel framework in order to ensure the uniqueness of histories of defaults and losses.

The type of variables used in the valuation models for expected credit losses is presented in chapter 4 of the Universal Registration Document (URD).

Expected credit losses is measured based on the parameters defined below and is supplemented by internal audits on the credit quality of each counterparty on an individual and statistical basis.

GEOPOLITICAL CRISES AND MACROECONOMIC CONTEXT

In 2025, the Group revised the parameters it uses in models based on updated macroeconomic scenarios that take into account recent economic developments and well as macroeconomic impacts related to the current geopolitical environment (see Note 1).

To account for the uncertainties related to the macroeconomic and geopolitical environment, the Group updated model and post-model adjustments in the first half of 2025.

The effects of these adjustments in determining expected credit losses are described below.

UPDATING MODELS AND THE IMPACT ON ESTIMATING EXPECTED CREDIT LOSSES

As at 30 June 2025, updates of macroeconomic variables and probabilities of default resulted in an increase of EUR 31 million of the amount of impairments and provisions for credit risk.

The latter are not impacted by the weighting of macroeconomic scenarios described in Note 1 which remained stable in the first half of 2025.

SUPPLEMENTARY ADJUSTMENTS TO MODELS

Sector specific adjustments

The Group may decide to supplement the models it uses by making sector specific adjustments that entail the possible recalculation of expected credit losses (with no impact on the classification of outstanding loans) in certain sectors.

These adjustments make it possible to better anticipate the default/recovery cycle in some sectors that have cyclical activity and have recorded peaks in defaults in the past, or that are most exposed to the current crises and on which the Group's exposure exceeds a given threshold which is reviewed and set by the Risks Division each year.

These sectoral adjustments are examined and updated each quarter by the Group's Risks Division then are approved depending on the materiality threshold by General Management. The proposed adjustments are determined based on a sector evaluation by the Economic and Sector Specific Studies Divisions. This evaluation process takes into account the financial characteristics of enterprises in a given sector, their current situation and prospects as well as the exposure of the sector to climate risks (both risks caused by the climate transition and exposure to physical risks).

Taking into account risks associated with climate change and the natural environment involves converging traditional measures for analysing credit, liquidity and market risks (based on financial statements, data flows, market prices and commercial trends) with measures linked to the environment via indicators calculated at the sovereign, business sector or company level.

The forward-looking dimension of risk analysis is important when taking account environmental risks, particularly given the high uncertainty surrounding transition and physical risks. Physical risks are likely to increase in the future, with potential financial impacts for companies. Transition is accompanied by disruptive changes which could result in the impairment of certain assets. Risk assessment therefore entails identifying hazards (sources of risk) and assessing exposure to them in different environmental scenarios in order to assess vulnerability issues.

The Group has developed a set of environmental scenarios and internal environmental vulnerability indicators with a view to integrating the climate dimension into risk analysis:

- Environmental scenarios aim to describe possible future trajectories. Several mechanisms provided by the IPCC (Intergovernmental Panel on Climate Change), NGFS (Network for Greening the Financial System) or the IEA (International Energy Agency) are used as benchmarks by the Group. Internal climate scenarios take into account the specificities of different sectors in the transition process.
- The vulnerability indicators cover the sovereign and enterprise counterparties and propose a scoring related to their sensitivity to environmental issues (with regard to climate change, biodiversity loss, depletion of freshwater resources, pollution, and circular economy and resources issues) in terms of transition and physical risks.

As at 30 June 2025 the main sectors concerned are commercial real-estate, non-food retailing, construction and public works.

Total sectoral adjustments therefore amounted to EUR 759 million on 30 June 2025 (EUR 752 million on 31 December 2024). This slight increase results from the update of the forward-looking vision of the bank on economic sectors and from the change in outstanding loans by sector. The main movements recorded are:

- An increase in sectors where the situation is deteriorating, mainly due to uncertainties related to international trade due to negotiations on customs tariffs, mainly in the automotive sector and manufacture of goods and equipments.
- A substantially decrease in the extraction of minerals sector.

Moreover, the Group transferred in stage 2 all exposures of the automotive parts, wines and spirits and optical fibre sectors in Europe outside France (for same of operational simplicity this transfer was not implemented for exposures for which the impact in terms of expected credit losses would have been reduced). The total outstanding loans transferred in stage 2 in this regard totals around EUR 3 billion and the resulting cost of risk totals EUR 16 million.

Other adjustments

Adjustments based on the opinion of experts and with no impact on the classification have also been made to reflect the heightened credit risk on some portfolios when this impairment could not been identified by a line-by-line analysis of outstanding loans:

- for the scope of entities that have no developed models to estimate the correlations between the macroeconomic variables and the default rate; and
- for scopes on which models are developed, when these models cannot reflect future risks not observed in the past or risks that are idiosyncratic to portfolios or entities and not included in the models.

The amount of these adjustments is EUR 333 million on 30 June 2025 (EUR 410 million on 31 December 2024). These adjustments are explained by taking account of:

- the risks resulting from the specific economic context, such as the lasting effects of increased inflation and interest rates since 2022 on vulnerable clients and the most exposed portfolios, not taken into account in the models;
- the specific risk on the portfolio of offshore loans to Russian corporate clients owing to the geopolitical situation. This adjustment is estimated by applying impaired scenarios to the expected credit losses models of this portfolio (weighted for the probability that such scenarios will occur) for which probabilities of default and prospects of recovery take into account the uncertainty surrounding this environment.

Two main methods are used, independently or jointly, to estimate these adjustments:

- the application to the parameters of expected credit losses models and of more stringent probabilities of defaults reflecting the economic shock expected in accordance with the Group's economic scenarios;
- the simulation of the impact on expected credit losses by moving all or part of the portfolios concerned to stage 2.

(1) Including Central Banks for EUR 146,804 million as at 30 June 2025 (versus EUR 199,573 million as at 31 December 2024).

In order to disclose its exposure to credit risk, the Group has decided to tabulate its assets outstanding and impairment by stage of impairment of the financial assets at amortised cost by Basel category, by geographical area, and by rating of the counterparty. Due to the absence of significant exposure to credit risk for insurance activities, assets measured at fair value through other comprehensive income as well as for financing and guarantee commitments, this information is not presented below.

* Amounts restated compared to the published financial statements as at 31 December 2024.

The financial assets measured at fair value through other comprehensive income mainly correspond to cash management for own account and to the management of the portfolio of HQLA (High Quality Liquid Assets) securities included in the liquidity reserves. These assets mainly correspond to Sovereigns classified in Stage 1.

The financing and guarantee commitments mainly correspond to outstanding amounts not drawn by Corporate customers. These assets are mainly classified in Stage 1.

GROUP ASSETS AT AMORTISED COST WITHOUT INSURANCE ACTIVITIES: OUTSTANDING AMOUNTS AND IMPAIRMENTS BY GEOGRAPHICAL ZONE

The geographic area chosen corresponds to the country of the counterparty. When this information is unavailable, it is the country of the issuing entity that is used.

GROUP ASSETS AT AMORTISED COST WITHOUT INSURANCE ACTIVITIES: SUBJECT TO IMPAIRMENT AND PROVISIONS BY RATING OF COUNTERPARTY ⁽¹⁾

Classification in Stage 1 or Stage 2 does not depend on the absolute probability of default but on the elements that make it possible to assess the significant increase in credit risk (see accounting principles), including the relative change in the probability of default since initial recognition. Therefore, there is no direct relationship between the counterparty rating, presented in the table below, and the classification by stage of impairment.

Table 3.8.G

ASSETS AT AMORTISED COST (INSURANCE ACTIVITIES EXCLUDED): SECTORAL BREAKDOWN OF CORPORATE EXPOSURES ON THE TOTAL GROUP EXPOSURE OF FINANCIAL ASSETS AT AMORTISED COST (ALL BASEL CATEGORIES)

The graphs below show the sectoral breakdown of the “Corporate” Basel portfolio (see Table 3.8.C and Table 3.8.D). The percentages presented correspond to the net amounts (gross amounts reduced by the corresponding impairment).

Sector	% Outstanding net impairment
Financial services	6.9%
Real Estate	3.3%
Others	3.0%
Utilities	2.6%
Telecoms, media & technology	1.8%
Agriculture, food industry	1.5%
Manufacturing industries	1.5%
Heavy industry & mining	1.4%
Oil and gas industry	1.2%
B2B and B2C services	1.2%
Automotive	1.0%
Aviation & Defense	0.9%
Land transport & logistics	0.9%
Shipping and cruise	0.9%
Retail trade (excl. Automobile)	0.7%
Pharmaceuticals, health and social work	0.7%
Building & construction	0.7%
Conglomerates	0.7%
Hotels, catering, tourism & leisure	0.6%

**SECTOR BREAKDOWN OF GROUP CORPORATE NET IMPAIRMENT EXPOSURE OVER

GROUP VARIATIONS OF DEPRECIATION WITHOUT INSURANCE ACTIVITIES ACCORDING TO CHANGES IN THE AMOUNT OF FINANCIAL ASSETS AT AMORTISED COST

Due to lack of significant variations of depreciations on financial assets measured at fair value through other comprehensive income and on financial assets at amortised cost of insurance activities, this information is not presented in the table below.

Table 3.8.J

<i>(In EUR m)</i>	Stage 1	<i>o/w lease financing receivables</i>	Stage 2	<i>o/w lease financing receivables</i>	Stage 3	<i>o/w lease financing receivables</i>	Total

Other variations	32	1	3	4	182	5	217
Amount as at 30.06.2025	800	79	1,779	139	6,219	428	8,798

(1) The amounts of impairment presented in the line Production and Acquisition in Stage 2/Stage 3 could include contracts originated in Stage 1 and reclassified in Stage 2/Stage 3 during the period.

(2) Including repayments, disposals and debt waivers.

(3) The amounts presented in the transfers include variations due to amortisation. Transfers to Stage 3 correspond to outstanding amounts initially classified as Stage 1 which, during the period, were downgraded directly to Stage 3, or to Stage 2 and later to Stage 3.

BREAKDOWN OF TRANSFERS BETWEEN STAGES FOR FINANCIAL ASSETS AT AMORTISED COST OF THE GROUP WITHOUT INSURANCE ACTIVITIES FOR THE PERIOD

The amounts presented in the transfers below include variations due to amortisation and new drawdowns on the contracts active during the financial year.

To describe the transfers between steps:

- The starting stage corresponds to the stage of the outstanding balance as at 31 December of the previous year.
- The end stage corresponds to the stage of the outstanding balance at the end of the financial year (even in the event of several changes during the financial year).

Table 3.8.K

	Stage 1		Stage 2		Stage 3		Stock of outstanding amounts transferred as at 31 December	Stock of impairment associated with transferred outstanding amounts

Amount as at 30.06.2025	143	167	57	367	53	61	177	291	658

(1) The amounts of impairment presented in the Production and Acquisition line in Stage 2/Stage 3 may include originated contracts in Stage 1 reclassified in Stage 2/Stage 3 during the period.

(2) Including repayments, disposals and debt waivers.

(3) The amounts presented in transfers include variations due to amortisation. Transfers to Stage 3 correspond to outstanding amounts initially classified as Stage 1 which, during the period, were downgraded directly to Stage 3, or to Stage 2 and later to Stage 3.

DETAILS OF TRANSFERS BETWEEN STAGES FOR THE GROUP'S OFF-BALANCE SHEET COMMITMENTS EXCLUDING INSURANCE ACTIVITIES FOR THE PERIOD

The amounts presented in the transfers hereinafter include the variations due to amortisation and new drawdowns on the contracts active during the financial year.

To describe the transfers between steps:

- The starting stage corresponds to the stage of the outstanding balance as on 31 December of the previous year.
- The end stage corresponds to the stage of the outstanding balance at the end of the financial year (even in the event of several changes during the financial year).

4. QUALITATIVE INFORMATION OF CHANGES IN IMPAIRMENT / PROVISIONS ON CREDIT RISK

The variation in credit risk impairment and provisions since 31 December 2024 is mainly linked to:

- Covered losses on Stage 3 loans (EUR 382 million) included in the line derecognition. Uncovered losses amount to EUR -131 million.
- Transfer of loans to Stage 3 due to default for EUR 1.2 billion of outstanding amounts. This transfer resulted in an increase in impairment and provisions of EUR 497 million.
Particularly, this variation concerns:
 - EUR 354 million of outstanding amounts for which the impairment and provisions amount to EUR 236 million as at 30 June 2025. These contracts were in Stage 1 as at 31 December 2024;
 - EUR 846 million of outstanding amounts for which the impairment and provisions amount to EUR 261 million as at 30 June 2025. These contracts were in Stage 2 as at 31 December 2024.
- Transfer of loans to Stage 2 due to downgraded ratings, transfer to “sensitive” or 30 days overdue for EUR 12.4 billion. This transfer resulted in an increase in impairment and provisions of EUR 375 million.
- IFRS 5 entities classified as held for sale during the first semester 2025. This classification resulted a decrease in impairment and provisions of EUR 221 million, included in the line Scope effect.

5. COST OF CREDIT RISK

NOTE 3.9 - FAIR VALUE OF FINANCIAL INSTRUMENTS MEASURED AT AMORTISED COST

1. FINANCIAL ASSETS MEASURED AT AMORTISED COST

Table 3.9.A

	30.06.2025	
<i>(In EUR m)</i>	Carrying amount ⁽²⁾	Fair value
Due from banks	81,711	81,595
Customer loans ⁽¹⁾	446,154	432,472
Debt securities	49,240	48,829
Total	577,105	562,896

(1) Carrying amount consists of EUR 151,040 million of floating rate assets and EUR 295,114 million of fixed rate assets (including EUR 58,187 million fixed rate less than one year).

(2) Carrying amount does not include the revaluation differences on portfolios macro-hedged against interest rate risk for an amount of EUR -330 million.

Table 3.9.B

	31.12.2024	
<i>(In EUR m)</i>	Carrying amount ⁽²⁾	Fair value
Due from banks	84,051	84,052
Customer loans ⁽¹⁾	454,622	442,554
Debt Securities	32,655	32,280
Total	571,328	558,886

(1) Carrying amount consists of EUR 154,555 million of floating rate assets and EUR 300,067 million of fixed rate assets (including EUR 65,404 million fixed rate less than 1 year).

(2) Carrying amount does not include the revaluation differences on portfolios macro-hedged against interest rate risk for an amount of EUR -292 million.

2. FINANCIAL LIABILITIES MEASURED AT AMORTISED COST

Table 3.9.C

(In EUR m)	30.06.2025	
	Carrying amount ⁽²⁾	Fair value
Due to banks	100,588	100,596
Customer deposits ⁽¹⁾	518,397	518,124
Debt securities issued	156,922	156,639
Subordinated debt	12,735	12,709
Total	788,643	788,068

(1) Carrying amount consists of EUR 134,174 million of floating rate liabilities and EUR 384,223 million of fixed rate liabilities (including EUR 351,555 million fixed rate less than one year).

(2) Carrying amount does not include the revaluation differences on portfolios macro-hedged against interest rate risk for an amount of EUR -6,129 million.

Table 3.9.D

(In EUR m)	31.12.2024	
	Carrying amount ⁽²⁾	Fair value
Due to banks	99,744	99,751
Customer deposits ⁽¹⁾	531,675	531,741
Debt securities issued	162,200	161,469
Subordinated debt	17,009	17,398
Total	810,628	810,359

(1) Carrying amount consists of EUR 148,336 million of liabilities at floating rate and EUR 383,339 million of liabilities fixed rate (including EUR 347,494 million fixed rate less than 1 year).

(2) Carrying amount does not include the revaluation differences on portfolios macro-hedged against interest rate risk for an amount of EUR -5,277 million.

The financial assets, unlike financial liabilities, have a fair value significantly discounted compared to their book value. This asymmetry can be explained in particular by the fact that debts to customers are mainly composed of demand deposits whose fair value is equal to their nominal value due to their immediate contractual maturity. This asymmetry is partially reduced by taking into account the interest rate hedges applicable to these deposits.

NOTE 4.2 - INCOME AND EXPENSES FROM LEASING ACTIVITIES, MOBILITY AND OTHER ACTIVITIES

Table 4.2.A

(In EUR m)	1st semester of 2025			2024			1st semester of 2024		
	Income	Expense	Net	Income	Expense	Net	Income	Expense	Net
Equipment leasing ⁽¹⁾	13,947	(11,373)	2,574	26,901	(22,238)	4,663	13,121	(10,828)	2,293
Real estate development	16	(3)	13	50	(12)	38	20	(8)	12
Real estate leasing	40	(17)	23	68	(49)	19	39	(30)	9
Other activities	553	(768)	(215)	563	(1,453)	(890)	326	(658)	(332)
Total	14,556	(12,161)	2,395	27,582	(23,752)	3,830	13,506	(11,524)	1,982

(1) The amount recorded under this heading is mainly due to income and expenses related to long-term leasing and car fleet management businesses. Most of the Group's long-term lease agreements are 36-month to 48-month leases.

NOTE 4.3 - INSURANCE ACTIVITIES

The Group presents the Notes detailing the financial data of the insurance subsidiaries distinguishing between the data attributed to the insurance contracts within the scope of IFRS 17 (columns headed "Insurance contracts") including the measurement of these contracts and the investments backing them. These data also distinguish between the insurance contracts issued with direct participation features measured using the VFA model and their underlying investments.

The financial data of the investment contracts without participation features and without insurance component (contracts within the scope of IFRS 9) as well as all financial instruments that are not backing insurance contracts within the scope of IFRS 17 (ex: financial instruments negotiated in the context of the investment of equity) are presented separately from the other financial data in the "Others" column.

The future cash flows of the assets and liabilities of the insurance contract assets and liabilities are discounted using a risk-free rate curve (swap rate curve) modified by an illiquidity premium per entity and per activity. The following table shows the average discount rates used:

Table 4.3.A

Average discount rate for the euro	30.06.2025						31.12.2024					
	1 year	5 years	10 years	15 years	20 years	40 years	1 year	5 years	10 years	15 years	20 years	40 years
Savings and retirement	2.75%	3.03%	3.39%	3.58%	3.62%	3.51%	3.16%	3.07%	3.19%	3.26%	3.18%	3.10%
Protection	2.41%	2.64%	2.96%	3.14%	3.14%	3.14%	2.71%	2.44%	2.49%	2.56%	2.48%	2.58%

1. EXCERPT FROM THE BALANCE SHEET OF THE INSURANCE ACTIVITY

The tables below present the carrying amount of the assets and liabilities recognised on the balance sheet of the Group's insurance subsidiaries for:

- insurance contracts or investment contracts;
- investments made (whether or not backing insurance contracts).

TOTAL INSURANCE AND REINSURANCE CONTRACTS LIABILITIES	153,544	2,826	-	156,370	147,761	2,930	-	150,691

(1) The financial instruments measured using the fair value option correspond to the unit-linked contracts without participation features.

2. PERFORMANCE OF INSURANCE ACTIVITIES

The tables below show the details of the income and expenses recognised in the income statement or in the gains and losses directly recognised in equity by the Group's insurance subsidiaries for:

- the commercial performance of insurance services presented within the Net income of insurance services;
- the financial performance related to the management of contracts resulting from:
 - the financial income and expenses recognised on insurance contracts;
 - the financial income and expenses recognised on the investments backed on contracts;
- the financial performance of the other investments.

3.3. DETAILS ON THE PROJECTED ITEMS RELATING TO THE MEASUREMENT OF CONTRACTS

EXPECTED RECOGNITION IN THE INCOME STATEMENT OF THE CONTRACTUAL SERVICE MARGIN DETERMINED AT THE END OF THE PERIOD ⁽¹⁾

Table 4.3.L

(In EUR m)	30.06.2025	31.12.2024
Expected years before recognising in profit or loss	Insurance contracts issued	Insurance contracts issued
1 to 5 years	4,026	3,727
6 to 10 years	2,158	2,039
> 10 years	2,975	2,899
Total	9,159	8,665

(1) The contractual service margin determined at the end of the period does not include future new insurance contracts, and insurance contracts valued according to the simplified model. In addition, this contractual service margin includes the discount effect and the adjustment taking into account the financial performance of the underlying assets.

NOTE 4.4 - OTHER ASSETS AND LIABILITIES

1. OTHER ASSETS

Table 4.4.A

<i>(In EUR m)</i>	30.06.2025	31.12.2024
Guarantee deposits paid ⁽¹⁾	49,343	50,970
Settlement accounts on securities transactions	8,057	4,518
<i>o/w due from clearing houses bearing credit risk</i>	486	278
Prepaid expenses	2,023	1,792
Miscellaneous receivables ⁽²⁾	14,701	14,254
<i>o/w miscellaneous receivables bearing credit risk ⁽³⁾</i>	6,880	6,514
Gross amount	74,124	71,534
Impairments	(647)	(631)
<i>Credit risk ⁽³⁾</i>	(430)	(405)
<i>Other risks</i>	(217)	(226)
Net amount	73,477	70,903

(1) *Mainly relates to guarantee deposits paid on financial instruments, their fair value is assumed to be the same as their book value net of impairment for credit risk.*

(2) *Miscellaneous receivables primarily include trade receivables, fee income and income from other activities to be received. The operating leases receivables equal to EUR 2,077 million as at 30 June 2025, compared to EUR 2,115 million as at 31 December 2024.*

(3) *Net value of miscellaneous receivables bearing credit risk amounts to EUR 6,450 million as at 30 June 2025, compared to EUR 6,109 million as at 31 December 2024 (see Note 3.8).*

CONTRIBUTION TO BANK RESOLUTION MECHANISMS

The Single Resolution Fund (SRF) and the National Resolution Funds (NRFs), which were set up to ensure financial stability within the European banking Union, have been financed by annual contributions paid by stakeholder institutions in the European banking sector.

Under this mechanism, a fraction of the annual contribution was allowed to be paid in the form of irrevocable payment commitments secured by payment of an interest-bearing cash security deposit. As at 30 June 2025, the total cash deposits paid to SRF and NRFs and booked as assets, among Other assets, in the balance sheet was EUR 766 million and EUR 217 million respectively.

2. OTHER LIABILITIES

Table 4.4.B

<i>(In EUR m)</i>	30.06.2025	31.12.2024
Guarantee deposits received ⁽¹⁾	51,775	54,259
Settlement accounts on securities transactions	8,470	4,822
Expenses payable on employee benefits	2,725	2,820
Lease liability	1,931	2,003
Deferred income	1,668	1,560
Miscellaneous payables ⁽²⁾	27,586	25,322
Total	94,155	90,786

(1) Mainly relates to guarantee deposits received on financial instruments, their fair value is assumed to be the same as their book value.

(2) Miscellaneous payables primarily include trade payables, fee expense and expenses from other activities to be paid.

NOTE 5 - OTHER GENERAL OPERATING EXPENSES

Table 5.A

<i>(In EUR m)</i>		1st semester of 2025	2024	1st semester of 2024
Personnel expenses ⁽¹⁾	Note 5.1	(5,821)	(11,544)	(6,000)
Other operating expenses ⁽¹⁾	Note 5.2	(2,763)	(6,028)	(3,126)
Other general operating expenses attributable to the insurance contracts ⁽²⁾		417	751	389
Total		(8,167)	(16,821)	(8,737)

(1) The amount of Personnel expenses and Other operating expenses (detailed in Note 5.1 and Note 5.2) are presented in the income statement before reallocation in the Net Banking Income of the expenses attributable to insurance contracts.

(2) The Other general operating expenses attributable to insurance contracts are recognised during the period as service expenses relating to the insurance and reinsurance contracts issued, except for acquisition costs which are recorded in the balance sheet to be recognised in profit or loss in subsequent periods.

EMPLOYEE SHARE OWNERSHIP PLAN

On 20 May 2025, as part of the Group's employee share ownership policy, Societe Generale offered its employees the opportunity to subscribe to a reserved capital increase at a share price of 35.76 euros, this price includes a discount of 20% compared to the arithmetic average of the 20 average stock market prices preceding the day of the General Management's decision setting the price and the subscription period (the average prices have been weighted by the volumes -VWAP: Volume-Weighted Average Price- and each recorded daily on the regulated market of Euronext Paris). 7,531,065 shares were subscribed, representing for the Group, an expense for the financial year 2025 of EUR 101 million after taking into account a legal non-transferability period of five years of the shares corrected for early releases.

NOTE 5.2 - OTHER OPERATING EXPENSES

Table 5.2.A

<i>(In EUR m)</i>	1st semester of 2025	2024	1st semester of 2024
Rentals	(218)	(510)	(246)
Taxes and levies	(435)	(571)	(461)
Data & telecom (excluding rentals)	(996)	(2,331)	(1,175)
Consulting fees	(548)	(1,250)	(575)

Total	(2,763)	(6,029)	(3,127)

NOTE 6 - INCOME TAX

1. BREAKDOWN OF THE TAX EXPENSED

Table 6.A

(In EUR m)	1st semester of 2025	2024	1st semester of 2024
Current taxes	(870)	(1,458)	(841)
o/w current taxes related to Pillar 2 taxes	(1)	(5)	(6)
Deferred taxes ⁽¹⁾	(97)	(143)	188
Total	(967)	(1,601)	(653)

(1) In accordance with the provisions introduced by the amendments to Standard IAS 12, the Group applies the mandatory and temporary exception to the accounting of deferred income associated with additional tax arising from the Pillar Two rules.

RECONCILIATION OF THE DIFFERENCE BETWEEN THE GROUP'S STANDARD TAX RATE AND ITS EFFECTIVE TAX RATE

Table 6.B

	1st semester of 2025		2024		1st semester of 2024	
	%	EUR m	%	EUR m	%	EUR m
Income before tax, excluding net income from companies accounted for using the equity method and impairment losses on goodwill		4,517		6,708		2,906
Group effective tax rate	21.40%		23.87%		22.49%	
Permanent differences	1.08%	48	0.54%	36	2.39%	69
Differential on securities with tax exemption or taxed at reduced	1.65%	75	0.02%	1	-0.37%	(11)
Tax rate differential on profits taxed outside France	1.59%	72	1.30%	87	1.51%	44
Changes in the measurement of deferred tax assets / liabilities	0.11%	5	0.10%	7	-0.19%	-6
Normal tax rate applicable to French companies (including 3.3% national contribution)	25.83%		25.83%		25.83%	

In compliance with the French tax provisions that define the ordinary corporate tax rate, the latter is set at 25% (article 219 I of the French tax code), plus the existing national contribution (CSB) of 3.3% (article 235 ter ZC of the French tax code), i.e. a tax rate of 25.83%.

Long-term capital gains on affiliates are exempt from this corporate tax, except for a 12% fee on the gross amount in a net long term capital gains situation (article 219 I a quinques of the French tax code).

Furthermore, under the parent-subsidiary regime, dividends received from companies in which Societe Generale's equity interest is at least 5% are tax exempt, subject to taxation of a portion of fees and expenses of 1% or 5% at the full statutory tax rate (article 216 of the French tax code).

2. TAX ASSETS AND LIABILITIES

TAX ASSETS

Table 6.C

<i>(In EUR m)</i>	30.06.2025	31.12.2024
Current tax assets	913	1,296
Deferred tax assets	3,285	3,391
<i>o/w deferred tax assets on tax loss carry-forwards</i>	1,712	1,798
<i>o/w deferred tax assets on temporary differences</i>	1,532	1,555
<i>o/w deferred tax on deferrable tax credits</i>	41	38
Total	4,198	4,687

TAX LIABILITIES

Table 6.D

<i>(In EUR m)</i>	30.06.2025	31.12.2024
Current tax liabilities	1,027	929
Provisions for tax adjustments	44	46
Deferred tax liabilities	1,190	1,262
Total	2,261	2,237

Each year the Group conducts a review of its capacity to absorb reportable tax losses taking into account the tax system governing each tax entity (or tax group) concerned and a realistic forecast of its tax results. For this purpose, the tax results are determined based on the projected performances of the business lines. These performances correspond to the estimated budgets (SG Central scenario) over five years (2025 to 2029) extrapolated to 2030, which corresponds to a «normative» year.

The tax results also take into consideration accounting and tax adjustments (including the reversal of the deferred tax assets and liabilities based on temporary differences) applicable to the entities and jurisdictions concerned. These adjustments are determined on the basis of historical tax results and on the Group's tax expertise. An extrapolation of the tax results is performed from 2030 on and over a timeframe considered reasonable and depending on the nature of the activities carried out in each tax entity.

In principle, the appreciation of the selected macroeconomic factors and internal estimates used to determine tax results entail risks and uncertainties as to their materialisation over the estimated timeframe for the absorption of losses. These risks and uncertainties are especially related to possible amendments to the applicable tax rules (regarding both the calculation of tax results and the rules for allocating tax loss carry-forwards) or to the materialisation of the assumptions selected. These uncertainties are mitigated by robustness checks of the budgetary and strategic assumptions.

On 30 June 2025, the updated forecasts confirm that the Group will be able to offset the tax losses covered by deferred tax assets against future profits.

NOTE 7 - SHAREHOLDERS' EQUITY

NOTE 7.1 - TREASURY SHARES AND SHAREHOLDERS' EQUITY ISSUED BY THE GROUP

1. ORDINARY SHARES AND CAPITAL RESERVES

Table 7.1.A

<i>(In EUR m)</i>	30.06.2025	31.12.2024
Issued capital	1,000	1,000
Issuing premiums and capital reserves	20,521	20,392
Elimination of treasury stock	(864)	(111)
Total	20,657	21,281

ORDINARY SHARES ISSUED BY SOCIETE GENERALE S.A.

Table 7.1.B

<i>(Number of shares)</i>	30.06.2025	31.12.2024
Ordinary shares	800,316,777	800,316,777
<i>Including treasury stock with voting rights ⁽¹⁾</i>	<i>24,020,890</i>	<i>3,818,838</i>
<i>Including shares held by employees</i>	<i>80,302,423</i>	<i>92,250,372</i>

(1) Excluding Societe Generale shares held for trading purposes or in respect of the liquidity contract.

Over the 1st semester 2025, 22,667,515 Societe Generale shares were acquired on the market at a cost price of EUR 872 million, for the purpose of cancellation, in accordance with the decision of the General Meeting of 22 May 2024. The execution of this share buy-back program started on 10 February 2025 and ended on 8 April 2025. The capital reduction by shares cancellation has been carried out on 24 July 2025.

As at 30 June 2025, Societe Generale S.A.'s fully paid up capital amounts to EUR 1,000,395,971.25 and is made up of 800,316,777 shares with a nominal value of EUR 1.25.

Societe Generale proposed on 20 May 2025, a capital increase reserved for Group employees as part of the Global Employee Share Ownership Plan, it results in the issuance of 7,531,065 new Societe Generale shares (see Note 5). The capital increase has been carried out on 24 July 2025.

2. TREASURY STOCK

As at 30 June 2025, the Group held 21,905,248 of its own shares as treasury stock, for trading purposes or for the active management of shareholders' equity, representing 2.74% of the capital of Societe Generale S.A.

The amount deducted by the Group from its equity for treasury shares (and related derivatives) came to EUR 864 million.

The change in treasury stock over the 1st semester of 2025 breaks down as follows:

Table 7.1.C

<i>(In EUR m)</i>	Liquidity contract	Trading activities	Treasury stock and active management of shareholders' equity	Total
Disposals net of purchases	-	54	(807)	(753)
Capital gains net of tax on treasury stock and treasury share derivatives, booked under shareholders' equity	-	(0)	(59)	(59)

3. SHAREHOLDERS' EQUITY ISSUED BY THE GROUP

PERPETUAL DEEPLY SUBORDINATED NOTES ISSUED BY SOCIETE GENERALE S.A.

As the deeply subordinated notes issued by Societe Generale S.A are perpetual and given the discretionary nature of the decision to pay dividends to shareholders, these securities are classified as equity and recognised under "Other equity instruments".

As at 30 June 2025, the amount of equity instruments issued by the Group, converted at the historical exchange rate, is EUR 8,762 million. The decrease of EUR 1,111 million in the first half of 2025 is explained by the redemption of a perpetual deeply subordinated note in US dollar.

OTHER EQUITY INSTRUMENTS ISSUED BY SUBSIDIARIES

Perpetual subordinated notes have been issued by Group subsidiaries and include discretionary clauses relating to the payment of interest. These issued debt securities are classified as equity instruments and are recognised under Non-controlling interests in the Group's consolidated balance sheet.

As at 30 June 2025, the nominal amount of other equity instruments issued by the Group's subsidiaries is EUR 800 million.

4. EFFECT OF THE CHANGES IN THE SCOPE OF CONSOLIDATION

In the first half of 2025, the impact of changes in the consolidation scope recognised in shareholders' equity amounts to EUR -81 million. This includes a change in Non-controlling interests of EUR -60 million mainly related to the impact of the disposals carried out during the first semester, and in particular those of Societe Generale Equipment Finance (SGEF) and SG Burkina Faso (see Note 2.1).

NOTE 7.2 - EARNINGS PER SHARE AND DIVIDENDS

1. EARNINGS PER SHARE

Table 7.2.A

<i>(In EUR m)</i>	1st semester of 2025	2024	1st semester of 2024
Net income, Group share	3,061	4,200	1,793
Attributable remuneration to subordinated and deeply subordinated notes	(387)	(713)	(353)
Issuance fees related to subordinated and deeply subordinated notes	-	(7)	(3)
Net income attributable to ordinary shareholders	2,674	3,480	1,437
Weighted average number of ordinary shares outstanding ⁽¹⁾	785,488,331	795,168,649	794,282,456

Diluted earnings per ordinary share (in EUR)	3.40	4.38	1.81

(1) Excluding treasury shares.

2. DIVIDENDS PAID ON ORDINARY SHARES

Dividends paid on ordinary shares by the Group in the first semester 2025 amount to EUR 1,403 million and are detailed in the following table:

Table 7.2.B

	1st semester 2025			2024		
<i>(In EUR m)</i>	Group Share	Non-controlling interests	Total	Group Share	Non-controlling interests	Total
Paid in shares	-	-	-	-	-	-
Paid in cash	(846)	(557)	(1,403)	(719)	(604)	(1,323)
Total	(846)	(557)	(1,403)	(719)	(604)	(1,323)

NOTE 8 - ADDITIONAL DISCLOSURES

NOTE 8.1 - SEGMENT REPORTING

Segment income takes intra-group transactions into account, while these transactions are eliminated from segment assets and liabilities. The comparability of segment results for the periods presented should be assessed taking into account changes in the scope of consolidation (see Note 2.1).

* Figures restated, on the one hand, in accordance with changes in capital allocation to businesses from 12% to 13% (as announced in the Q4 24 financial results' publication), and in the other hand, with a correction of an error on segment liabilities, compared to the financial statements published on 2024.

(1) Income and expenses, as well as assets and liabilities that are not directly related to business line activities are allocated to the Corporate Centre. Corporate Centre income includes, in particular, some consequences of the Group's centralised management of litigation and of transactions leading to changes in the consolidation scope. Management fees incurred by banking entities in connection with the distribution of insurance contracts are considered as costs directly related to the performance of the contracts and are therefore included in the valuation of the latter and presented under Insurance services expense; this restatement is allocated to the Corporate Centre.

(2) These amounts include Other general operating expenses and Amortisation, depreciation and impairment of tangible and intangible fixed assets.

(3) Segment liabilities correspond to debts (i.e. total liabilities excluding equity).

NOTE 8.2 - PROVISIONS

OVERVIEW

Table 8.2.A

<i>(In EUR m)</i>	Provisions as at 31.12.2024	Allocations	Write-backs available	Net allocation	Write- backs used	Currency and others	Provisions as at 30.06.2025
Provisions for credit of risk on off balance sheet commitments (see Note 3.8)	742	311	(372)	(61)	-	(23)	658
Provisions for employee benefits (see Note 5.1)	1,939	247	(104)	143	(191)	(34)	1,857
Provisions for mortgage savings plans and accounts commitments	125	1	(15)	(14)	-	-	110
Other provisions ⁽¹⁾	1,279	354	(102)	252	(218)	(23)	1,291
Total	4,085	913	(592)	321	(410)	(81)	3,916

(1) Including provisions for legal disputes, fines, penalties and commercial disputes.

2. OTHER PROVISIONS

Other provisions include provisions for restructuring (excluding personnel expenses), provisions for commercial litigation and provisions for future repayment of funds in connection with customer financing transactions.

Each quarter, the Group carries out a detailed examination of outstanding disputes that present a significant risk. The description of those disputes is presented in Note 9 "Information on risks and litigation".

NOTE 8.3 - TANGIBLE AND INTANGIBLE FIXED ASSETS

CHANGES IN TANGIBLE AND INTANGIBLE FIXED ASSETS

Table 8.3.A

NOTE 9 - INFORMATION ON RISKS AND LITIGATION

Every quarter, the Group reviews in detail the disputes presenting a significant risk. These disputes may lead to the recording of a provision if it becomes probable or certain that the Group will incur an outflow of resources for the benefit of a third party without receiving at least the equivalent value in exchange. These provisions for litigations are classified among the Other provisions included in the Provisions item in the liabilities of the balance-sheet.

No detailed information can be disclosed on either the recording or the amount of a specific provision given that such disclosure would likely seriously prejudice the outcome of the disputes in question.

- On 24 October 2012, the Court of Appeal of Paris confirmed the first judgment delivered on 5 October 2010, finding J. Kerviel guilty of breach of trust, fraudulent insertion of data into a computer system, forgery and use of forged documents. J. Kerviel was sentenced to serve a prison sentence of five years, two years of which are suspended, and was ordered to pay EUR 4.9 billion in damages to Societe Generale. On 19 March 2014, the Supreme Court confirmed the criminal liability of J. Kerviel. This decision puts an end to the criminal proceedings. On the civil front, on 23 September 2016, the Versailles Court of Appeal rejected J. Kerviel's request for an expert determination of the damage suffered by the bank, and therefore confirmed that the net accounting losses suffered by the Bank as a result of his criminal conduct amount to EUR 4.9 billion. It also declared J. Kerviel partially responsible for the damage caused to Societe Generale and sentenced him to pay to Societe Generale EUR 1 million. Societe Generale and J. Kerviel did not appeal before the Supreme Court. Societe Generale considers that this decision has no impact on its tax situation. However, as indicated by the Minister of the Economy and Finance in September 2016, the tax authorities have examined the tax consequences of this book loss and indicated that they intended to call into question the deductibility of the loss caused by the actions of J. Kerviel, amounting to EUR 4.9 billion. This proposed tax rectification has no immediate effect and will possibly have to be confirmed by an adjustment notice sent by the tax authorities when Societe Generale will be in a position to deduct the tax loss carry forwards arising from the loss from its taxable income. Such a situation will not occur for several years according to the Bank's forecasts. In view of the 2011 opinion of the French Supreme Administrative Court (*Conseil d'Etat*) and its established case law which was recently confirmed again in this regard, Societe Generale considers that there is no need to provision the corresponding deferred tax assets. In the event that the authorities decide, in due course, to confirm their current position, Societe Generale Group will not fail to assert its rights before the competent courts. By a decision handed down on 20 September 2018, the Investigation Committee of the reviewing and reassessment Criminal Court has furthermore declared inadmissible the request filed in May 2015 by J. Kerviel against his criminal sentence, confirming the absence of any new element or fact that could justify the reopening of the criminal file.

- On 3 January 2023, Societe Generale Private Banking (Switzerland) ("SGPBS"), which was then a subsidiary of SG Luxembourg, entered into an agreement, which became final on 28 March 2025, to settle litigation in the United States stemming from the Ponzi scheme of Robert Allen Stanford and his affiliates, including Stanford International Bank Limited. The settlement provides for the payment by SGPBS of 157 million of American dollars in exchange for the release of all claims. As provided for in the contractual documentation regarding the sale of SGPBS, effective on 31 January 2025, the Societe Generale group paid this amount. All US Stanford-related proceedings are now concluded.

In Geneva, in separate litigation concerning the same underlying matter, a pre-contentious claim (*requête en conciliation*) and then a statement of claim were served (in November 2022 and June 2023, respectively) by the Antiguan Joint Liquidators, representing investors also represented by the US plaintiffs in the above-mentioned US proceedings. UBP, which acquired SGPBS, is now party to these Swiss proceedings. As provided for in the contractual documentation regarding the sale of SGPBS and subject to the terms and conditions included in it, Societe Generale ultimately continues to bear the financial risks associated to these proceedings. On 3 March 2025, the judge granted SGPBS' request to rule as a preliminary matter on the claimant's legal standing to sue, prior to ruling on the merits of the claim.

- On 10 December 2012, the French Supreme Administrative Court (*Conseil d'Etat*) rendered two decisions ruling that the “*précompte* tax” which used to be levied on corporations in France does not comply with EU law and defining a methodology for the reimbursement of the amounts levied by the tax authorities. The procedure defined by the French Supreme Administrative Court nevertheless considerably reduces the amount to be reimbursed. However, Societe Generale purchased in 2005 the “*précompte* tax” claims of two companies (Rhodia and Suez, now Engie) with a limited recourse on the selling companies. One of the above decisions of the French Supreme Administrative Court relates to Rhodia. Societe Generale has brought proceedings before the French administrative courts. Several French companies applied to the European Commission, which considered that the decisions handed down by the *Conseil d'Etat* on 10 December 2012, which were supposed to implement a judgment of European Union Court of Justice (EUCJ) on 15 September 2011, breached a number of principles of European law. The European Commission subsequently brought infringement proceedings against the French Republic in November 2014, and since then confirmed its position by referring the matter to the EUCJ on 8 December 2016. The EUCJ rendered its judgement on 4 October 2018 and sentenced France on the basis that the *Conseil d'Etat* disregarded the tax on EU sub-subsidiaries in order to secure the *précompte* paid erroneously and failed to raise a preliminary question before the EUCJ. With regard to the practical implementation of the decision, Societe Generale has continued to assert its rights with the competent courts and the tax authorities. On 23 June 2020, the Administrative Court of Appeal of Versailles issued a ruling in favour of Engie on the 2002 and 2003 Suez claims and ordered a financial enforcement in favour of Societe Generale. The Court held that the advance payment (“*précompte*”) did not comply with the Parent-Subsidiary Directive. Further to proceedings brought before the *Conseil d'Etat*, the latter ruled that a question should be raised before the EUCJ in order to obtain a preliminary ruling on this issue. The EUCJ has confirmed on 12 May 2022 that the *précompte* did not comply with the Parent-Subsidiary Directive. The *Conseil d'Etat*, by an Engie judgment of 30 June 2023 took note of this incompatibility and confirmed the decision held by the Administrative Court of Appeal of Versailles with respect to the 2002 year, but referred the examination of the 2003 year to this same Court, which confirmed on 9 January 2024 the partial relief granted by the administration in the course of the proceedings. Societe Generale lodged an appeal that was not admitted by the *Conseil d'Etat* by a decision of 23 December 2024 definitively putting a definitive end to the litigation relating to the 2002 and 2003 claims. In parallel, a compensation litigation in relation to the Rhodia claim and the Suez claims relating to the 1999 and 2001 financial years was brought in March 2023 before the European Commission and the Paris Administrative Court of Appeal. On 17 July 2025, the latter handed down a partially unfavorable decision, granting Societe Generale's Rhodia claim but rejecting its Suez's claims. Societe Generale intends to file a challenge before the *Conseil d'Etat*. This appellate decision does not call into question the pending European proceedings.
- Societe Generale, along with other financial institutions, was named as a defendant in a putative class action alleging violations of US antitrust laws and the CEA (Commodity Exchange Act) in connection with its involvement in the London Gold Market Fixing. The action is brought on behalf of persons or entities that sold physical gold, sold gold futures contracts traded on the CME (Chicago Mercantile Exchange), sold shares in gold ETFs, sold gold call options traded on CME, bought gold put options traded on CME, sold over-the-counter gold spot or forward contracts or gold call options, or bought over-the-counter gold put options. Societe Generale, along with three other defendants, has reached a settlement to resolve this action for USD 50 million. By order dated 13 January 2022, the Court granted preliminary approval of the settlement. The final fairness hearing was held on 5 August 2022, and the settlement received final approval by order dated 8 August 2022. This matter is now concluded. Although Societe Generale's share of the settlement is not public, it was not material from a financial perspective. Societe Generale, along with other financial institutions, is also named as a defendant in two putative class actions in Canada (in the Ontario Superior Court in Toronto and Quebec Superior Court in Quebec City) involving similar claims. Societe Generale is defending the claims.
- Since August 2015, various former and current employees of the Societe Generale group have been under investigation by German criminal prosecution and tax authorities for their alleged participation in the so called “CumEx” patterns in connection with withholding tax on dividends on German shares. These investigations relate inter alia to a fund administered by SGSS GmbH proprietary trading activities and transactions carried out on behalf of clients. The Group entities respond to the requests of the German authorities.

Societe Generale group entities may also be exposed to claims by third parties, including German tax offices, and become party to legal disputes initiated by clients involved in proceedings against the German tax administration.

- Societe Generale and certain of its subsidiaries are defendants in an action pending in the US Bankruptcy Court in Manhattan brought by the Trustee appointed for the liquidation of Bernard L. Madoff Investment Securities LLC (BLMIS). The action is similar to those brought by the BLMIS Trustee against numerous institutions and seeks recovery of amounts allegedly received by the Societe Generale entities indirectly from BLMIS through so-called “feeder funds” that were invested in BLMIS and from which the Societe Generale entities received redemptions. The suit alleges that the amounts that the Societe Generale entities received are avoidable and recoverable under the US Bankruptcy Code and New York state law. The BLMIS Trustee seeks to recover, in the aggregate, approximately USD 150 million from the Societe Generale entities. The latter have now resolved this matter through a settlement with the Trustee. The SG Defendants were dismissed from the action by order dated 20 June 2025. This matter is now concluded.
 - On 10 July 2019, Societe Generale was named as a defendant in a litigation filed in the US District Court in Miami by plaintiffs seeking compensation under the Cuban Liberty and Democratic Solidarity (Libertad) Act of 1996 (known as the Helms-Burton Act) stemming from the expropriation by the Cuban government in 1960 of Banco Nunez in which they are alleged to have held an interest. Plaintiff claims damages from Societe Generale under the terms of this statute. Plaintiff filed an amended complaint on 24 September 2019 adding three other banks as defendants and adding several new factual allegations as to Societe Generale. Societe Generale filed a motion to dismiss, which was fully briefed as of 10 January 2020. While the motion to dismiss was pending, plaintiffs filed an unopposed motion on 29 January 2020, to transfer the case to federal court in Manhattan, which the court granted on 30 January 2020. Plaintiffs filed a second amended complaint on 11 September 2020, in which it dropped the three other banks as defendants, added a different bank as an additional defendant, and added as additional plaintiffs who purport to be heirs of the founders of Banco Nunez. The court granted Societe Generale’s motion to dismiss on 22 December 2021 but permitted plaintiffs to replead their claims. On 25 February 2022, plaintiffs filed an amended complaint, and on 11 April 2022, Societe Generale filed its motion to dismiss. By order entered 30 March 2023, the court granted Societe Generale’s motion to dismiss. Plaintiffs have appealed. On 7 January 2025, the Court of Appeals for the Second Circuit affirmed the lower court’s dismissal of this action. This matter is now concluded.
 - On 9 November 2020, Societe Generale was named as a defendant, together with another bank, in a similar Helms-Burton litigation filed in the US District Court in Manhattan (Pujol I) by the purported heirs of former owners, and personal representatives of estates of heirs or former owners, of Banco Pujol, a Cuban bank alleged to have been confiscated by the Cuban government in 1960. On 27 January 2021, Societe Generale filed a motion to dismiss. In response, as permitted by the judge’s rules, plaintiffs chose to file an amended complaint and did so on 26 February 2021. Societe Generale filed a motion to dismiss the amended complaint on 19 March 2021, which was granted by the court on 24 November 2021. The court permitted plaintiffs to replead their claims. On 4 February 2022, plaintiffs filed an amended complaint, and on 14 March 2022, Societe Generale filed its motion to dismiss, which was granted by the court on 23 January 2023. On 7 January 2025, the Court of Appeals for the Second Circuit affirmed the lower court’s dismissal of this action. This matter is now concluded.
- On 16 March 2021, Societe Generale was named as a defendant, together with another bank, in a nearly identical Helms-Burton litigation filed in the US District Court in Manhattan (Pujol II) by the personal representative of one of the purported heirs to Banco Pujol who is also a plaintiff in Pujol I. The case was stayed pending developments in Pujol I. At the parties’ request, following dismissal of Pujol I, the court lifted the stay on Pujol II and entered an order dismissing the case for the same reasons it dismissed Pujol I. Plaintiff has appealed. The 7 January 2025 decision by the Second Circuit also applies to Pujol II. This matter is now concluded.
- In the context of the sale of its Polish subsidiary Euro Bank to Bank Millennium on 31 May 2019 and of the indemnity granted to the latter against certain risks, Societe Generale continues to monitor the evolution of court cases related to CHF-denominated or CHF-indexed loans issued by Euro Bank. The reserve in this matter in Societe Generale SA’s accounts takes into consideration the increase in the number of court cases regarding the loans subject of the sale and the substance of the decisions handed down by Polish courts.

- Like other financial institutions, Societe Generale is subject to audits by the tax authorities regarding its securities lending/borrowing activities as well as equity and index derivatives activities. The 2017 to 2022 audited years are subject to notifications of proposals of tax adjustments in respect of the application of a withholding tax (from 2017 to 2021). These proposals are contested by the Group. Given the significance of the matter, on 30 March 2023, the French Banking Federation brought proceedings against the tax administration's doctrine. In this respect, on 8 December 2023, the French *Conseil d'Etat* ruled that the tax authorities may not extend the dividend withholding tax beyond its statutory scope, except if taxpayers engaged in an abusive behavior ("*abus de droit*"), thereby characterising the tax administration's position based on the concept of beneficial owner as illegal. French tax authorities are now focused on the abuse of law doctrine as a legal basis for the reassessed years and should, as a principle, perform a transaction per transaction analysis. In addition, further to raids conducted by the "*parquet national financier*" ("*PNF*") at the end of March 2023 at the premises of five banks in Paris, among which Societe Generale, the latter has been informed that it was subject to a preliminary investigation pertaining to the same issue.
- On 19 August 2022, a Russian fertiliser company, EuroChem North West-2 ("EuroChem"), a wholly owned subsidiary of EuroChem AG, filed a claim against Societe Generale S.A. and its Milan branch ("Societe Generale") before English courts. This claim relates to five on-demand bonds that Societe Generale issued to EuroChem in connection with a construction project in Kingisepp, Russia. On 4 August 2022, EuroChem made demands under the guarantees. Societe Generale explained it was unable to honour the claims due to international sanctions directly impacting the transactions, an assessment which EuroChem disputes. The judgment is expected on 31 July 2025.
- On 24 and 25 June 2025, the *PNF* conducted a raid in the premises of Societe Generale in La Défense. At the same time, the Luxembourg authorities, at the request of the *PNF*, conducted a raid at the premises of SG Luxembourg in Luxembourg. These measures seem to be part of a pending preliminary investigation by the *PNF* in relation to operations for French clients of the bank.
