Supplemental Listing Document

If you are in any doubt as to any aspect of this document, you should consult your stockbroker or other registered dealer in securities, bank manager, solicitor, accountant or other professional adviser.

Application has been made to the Singapore Exchange Securities Trading Limited (the "**SGX-ST**") for permission to deal in and for quotation of the Certificates (as defined below). The SGX-ST takes no responsibility for the contents of this document, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this document. Admission to the Official List of the SGX-ST is not to be taken as an indication of the merits of SG Issuer, Société Générale, the Certificates, or the Company (as defined below).

with a Daily Leverage of -5x

issued by

SG Issuer

(Incorporated in Luxembourg with limited liability)

unconditionally and irrevocably guaranteed by

Société Générale

Issue Price: S\$1.20 per Certificate

This document is published for the purpose of obtaining a listing of all the above certificates (the "**Certificates**") to be issued by SG Issuer (the "**Issuer**") unconditionally and irrevocably guaranteed by Société Générale (the "**Guarantor**"), and is supplemental to and should be read in conjunction with a base listing document dated 19 June 2020 including such further base listing documents as may be issued from time to time (the "**Base Listing Document**") for the purpose of giving information with regard to the Issuer, the Guarantor and the Certificates. Information relating to the Company (as defined below) is contained in this document.

This document does not constitute or form part of any offer, or invitation, to subscribe for or to sell, or solicitation of any offer to subscribe for or to purchase, Certificates or other securities of the Issuer, nor is it calculated to invite, nor does it permit the making of, offers by the public to subscribe for or purchase for cash or other consideration the Certificates or other securities of the Issuer.

Restrictions have been imposed on offers and sales of the Certificates and on distributions of documents relating thereto in Singapore, Hong Kong, the European Economic Area, the United Kingdom and the United States (see "Placing and Sale" contained herein).

The Certificates are complex products. You should exercise caution in relation to them. Investors are warned that the price of the Certificates may fall in value as rapidly as it may rise and holders may sustain a total loss of their investment. The price of the Certificates also depends on the supply and demand for the Certificates in the market and the price at which the Certificates is trading at any time may differ from the underlying valuation of the Certificates because of market inefficiencies. It is not possible to predict the secondary market for the Certificates. Although the Issuer, the Guarantor and/or any of their affiliates may from time to time purchase the Certificates or sell additional Certificates on the market, the Issuer, the Guarantor and/or any of their affiliates are not obliged to do so. Investors should also note that there are leveraged risks because the Certificates integrate an inverse leverage mechanism and the Certificates will amplify the movements in the increase, and in the decrease, of the value of the Underlying Stock (as defined below) and if the investment results in a loss, any such loss will be increased by the leverage factor of the Certificates. As such, investors could lose more than they would if they had invested directly in the Underlying Stock.

The Certificates are classified as capital markets products other than prescribed capital markets products¹ and Specified Investment Products (SIPs)², and may only be sold to retail investors with enhanced safeguards, including an assessment of such investors' investment knowledge or experience.

The Certificates constitute general unsecured obligations of the Issuer and of no other person, and the guarantee dated 19 June 2020 (the "**Guarantee**") and entered into by the Guarantor constitutes direct unconditional unsecured senior preferred obligations of the Guarantor and of no other person, and if you purchase the Certificates, you are relying upon the creditworthiness of the Issuer and the Guarantor and have no rights under the Certificates against any other person.

Application has been made to the SGX-ST for permission to deal in and for quotation of the Certificates and the SGX-ST has agreed in principle to grant permission to deal in and for quotation of the Certificates. It is expected that dealings in the Certificates will commence on or about 30 March 2021.

As of the date hereof, the Guarantor's long term credit rating by S&P Global Ratings is A, and by Moody's Investors Service, Inc. is A1.

The Issuer is regulated by the Luxembourg Commission de Surveillance du Secteur Financier on a consolidated basis and the Guarantor is regulated by, *inter alia*, the Autorité des Marchés Financiers, the Autorité de Contrôle Prudentiel et de Résolution and the European Central Bank.

² As defined in the MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products.

Subject as set out below, the Issuer and the Guarantor accept full responsibility for the accuracy of the information contained in this document and the Base Listing Document in relation to themselves and the Certificates. To the best of the knowledge and belief of the Issuer and the Guarantor (each of which has taken all reasonable care to ensure that such is the case), the information contained in this document for which they accept responsibility (subject as set out below in respect of the information contained herein with regard to the Company) is in accordance with the facts and does not omit anything likely to affect the import of such information. The information with regard to the Company as set out herein is extracted from publicly available information. The Issuer and the Guarantor accept responsibility only for the accurate reproduction of such information. No further or other responsibility or liability in respect of such information is accepted by the Issuer and the Guarantor.

No person has been authorised to give any information or to make any representation other than those contained in this document in connection with the offering of the Certificates, and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer or the Guarantor. Neither the delivery of this document nor any sale made hereunder shall under any circumstances create any implication that there has been no change in the affairs of the Issuer, the Guarantor or their respective subsidiaries and associates since the date hereof.

This document does not constitute an offer or invitation by or on behalf of the Issuer or the Guarantor to purchase or subscribe for any of the Certificates. The distribution of this document and the offering of the Certificates may, in certain jurisdictions, be restricted by law. The Issuer and the Guarantor require persons into whose possession this document comes to inform themselves of and observe all such restrictions. In particular, the Certificates and the Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended or any state securities law, and trading in the Certificates has not been approved by the United States Commodity Futures Trading Commission (the "CFTC") under the United States Commodity Exchange Act of 1936, as amended and the Issuer will not be registered as an investment company under the United States Investment Company Act of 1940, as amended, and the rules and regulations thereunder. None of the Securities and Exchange Commission, any state securities commission or regulatory authority or any other United States, French or other regulatory authority has approved or disapproved of the Certificates or the Guarantee or passed upon the accuracy or adequacy of this document. Accordingly, Certificates, or interests therein, may not at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, nor may any U.S. person at any time trade, own, hold or maintain a position in the Certificates or any interests therein. In addition, in the absence of relief from the CFTC, offers, sales, re-sales, trades, pledges, exercises, redemptions, transfers or deliveries of Certificates, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading and commodity pools. Consequently, any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised. A further description of certain restrictions on offering and sale of the Certificates and distribution of this document is given in the section headed "Placing and Sale" contained herein.

The SGX-ST has made no assessment of, nor taken any responsibility for, the financial soundness of the Issuer or the Guarantor or the merits of investing in the Certificates, nor have they verified the accuracy or the truthfulness of statements made or opinions expressed in this document.

The Issuer, the Guarantor and/or any of their affiliates may repurchase Certificates at any time on or after the date of issue and any Certificates so repurchased may be offered from time to time in one or more transactions in the over-the-counter market or otherwise at prevailing market prices or in negotiated transactions, at the discretion of the Issuer, the Guarantor and/or any of their affiliates. Investors should not therefore make any assumption as to the number of Certificates in issue at any time.

Appendix II

RISK FACTORS

The following are risk factors relating to the Certificates:

- (a) investment in Certificates involves substantial risks including market risk, liquidity risk, and the risk that the Issuer and/or the Guarantor will be unable to satisfy its/their obligations under the Certificates. Investors should ensure that they understand the nature of all these risks before making a decision to invest in the Certificates. You should consider carefully whether Certificates are suitable for you in light of your experience, objectives, financial position and other relevant circumstances. Certificates are not suitable for inexperienced investors;
- (b) the Certificates constitute general unsecured obligations of the Issuer and of no other person, and the Guarantee constitutes direct unconditional unsecured senior preferred obligations of the Guarantor and of no other person. In particular, it should be noted that the Issuer issues a large number of financial instruments, including Certificates, on a global basis and, at any given time, the financial instruments outstanding may be substantial. If you purchase the Certificates, you are relying upon the creditworthiness of the Issuer and the Guarantor and have no rights under the Certificates against any other person;
- (c) since the Certificates relate to the price of the Underlying Stock, certain events relating to the Underlying Stock may cause adverse movements in the value and the price of the Underlying Stock, as a result of which, the Certificate Holders (as defined in the Conditions of the Certificates) may, in extreme circumstances, sustain a significant loss of their investment if the price of the Underlying Stock has risen sharply;
- (d) due to their nature, the Certificates can be volatile instruments and may be subject to considerable fluctuations in value. The price of the Certificates may fall in value as rapidly as it may rise due to, including but not limited to, variations in the frequency and magnitude of the changes in the price of the Underlying Stock, the time remaining to expiry, the currency exchange rates and the creditworthiness of the Issuer and the Guarantor;
- (e) if, whilst any of the Certificates remain unexercised, trading in the Underlying Stock is suspended or halted on the relevant stock exchange, trading in the Certificates may be suspended for a similar period;
- (f) as indicated in the Conditions of the Certificates and herein, a Certificate Holder must tender a specified number of Certificates at any one time in order to exercise. Thus, Certificate Holders with fewer than the specified minimum number of Certificates in a particular series will either have to sell their Certificates or purchase additional Certificates, incurring transactions costs in each case, in order to realise their investment;
- (g) investors should note that in the event of there being a Market Disruption Event (as defined in the Conditions) determination or payment of the Cash Settlement Amount (as defined in the Conditions) may be delayed, all as more fully described in the Conditions;
- (h) certain events relating to the Underlying Stock require or, as the case may be, permit the Issuer to make certain adjustments or amendments to the Conditions. Investors may refer to the Conditions 4 and 6 on pages 29 to 33 and the examples and illustrations of adjustments set out in the "Information relating to the European Style Cash Settled Short Certificates on Single Equities" section of this document for more information;
- (i) the Certificates are only exercisable on the Expiry Date and may not be exercised by Certificate Holders prior to such Expiry Date. Accordingly, if on the Expiry Date the Cash Settlement

Amount is zero, a Certificate Holder will lose the value of his investment;

- (j) the total return on an investment in any Certificate may be affected by the Hedging Fee Factor (as defined below), Management Fee (as defined below) and Gap Premium (as defined below);
- (k) investors holding their position overnight should note that they would be required to bear the annualised cost which consists of the Management Fee and Gap Premium, which are calculated daily and applied to the value of the Certificates, as well as certain costs embedded within the Leverage Inverse Strategy (as described below) including the Stock Borrowing Cost (as defined below) and Rebalancing Cost (as defined below);
- (I) investors should note that there are leveraged risks because the Certificates integrate an inverse leverage mechanism and the Certificates will amplify the movements in the increase, and in the decrease, of the value of the Underlying Stock and if the investment results in a loss, any such loss will be increased by the leverage factor of the Certificates. As such, investors could lose more than they would if they had invested directly in the Underlying Stock;
- (m) when held for longer than a day, the performance of the Certificates could be more or less than the leverage factor that is embedded within the Certificates. The performance of the Certificates each day is locked in, and any subsequent returns are based on what was achieved the previous day. This process, referred to as compounding, may lead to a performance difference from 5 times the inverse performance of the Underlying Stock over a period longer than one day. This difference may be amplified in a volatile market with a sideway trend, where market movements are not clear in direction, whereby investors may sustain substantial losses;
- the Air Bag Mechanism (as defined below) is triggered only when the Underlying Stock is calculated or traded, which may not be during the trading hours of the Relevant Stock Exchange for the Certificates (as defined below);
- (o) investors should note that the Air Bag Mechanism reduces the impact on the Leverage Inverse Strategy if the Underlying Stock rises further, but will also maintain a reduced exposure to the Underlying Stock in the event the Underlying Stock starts to fall after the Air Bag Mechanism is triggered, thereby reducing its ability to recoup losses;
- (p) there is no assurance that the Air Bag Mechanism will prevent investors from losing the entire value of their investment, in the event of (i) an overnight increase in the Underlying Stock, where there is a 20% or greater gap between the previous day closing price and the opening price of the Underlying Stock the following day, as the Air Bag Mechanism will only be triggered when market opens the following day or (ii) a sharp intraday increase in the price of the Underlying Stock of 20% or greater within the 15 minutes Observation Period compared to the reference price, being: (1) if air bag has not been previously triggered on the same day, the previous closing price of the Underlying Stock, or (2) if one or more air bag have been previously triggered on the same day, the latest New Observed Price. Investors may refer to pages 48 to 49 of this document for more information;
- (q) certain events may, pursuant to the terms and conditions of the Certificates, trigger (i) the implementation of methods of adjustment or (ii) the early termination of the Certificates. The Issuer will give the investors reasonable notice of any early termination. If the Issuer terminates the Certificates early, then the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Certificate Holder in respect of each Certificate held by such holder equal to the fair market value of the Certificate less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion. The performance of this commitment shall depend on (i) general market conditions and (ii) the liquidity conditions of the underlying instrument(s) and, as the case may be, of any

other hedging transactions. Investors should note that the amount repaid by the Issuer may be less than the amount initially invested. Investors may refer to the Condition 13 on pages 35 to 37 of this document for more information;

- (r) there is no assurance that an active trading market for the Certificates will sustain throughout the life of the Certificates, or if it does sustain, it may be due to market making on the part of the Designated Market Maker. The Issuer acting through its Designated Market Maker may be the only market participant buying and selling the Certificates. Therefore, the secondary market for the Certificates may be limited and you may not be able to realise the value of the Certificates. Do note that the bid-ask spread increases with illiquidity;
- (s) in the ordinary course of their business, including without limitation, in connection with the Issuer or its appointed designated market maker's market making activities, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may effect transactions for their own account or for the account of their customers and hold long or short positions in the Underlying Stock. In addition, in connection with the offering of any Certificates, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may enter into one or more hedging transactions with respect to the Underlying Stock. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer, the Guarantor and any of their respective subsidiaries and affiliates, the Issuer, the Guarantor and any of their respective subsidiaries and affiliates may enter into transactions in the Underlying Stock which may affect the market price, liquidity or value of the Certificates and which may affect the interests of Certificate Holders;
- (t) various potential and actual conflicts of interest may arise from the overall activities of the Issuer, the Guarantor and/or any of their subsidiaries and affiliates.

The Issuer, the Guarantor and any of their subsidiaries and affiliates are diversified financial institutions with relationships in countries around the world. These entities engage in a wide range of commercial and investment banking, brokerage, funds management, hedging transactions and investment and other activities for their own account or the account of others. In addition, the Issuer, the Guarantor and any of their subsidiaries and affiliates, in connection with their other business activities, may possess or acquire material information about the Underlying Stock. Such activities and information may involve or otherwise affect issuers of the Underlying Stock in a manner that may cause consequences adverse to the Certificate Holders or otherwise create conflicts of interests in connection with the issue of Certificates by the Issuer. Such actions and conflicts may include, without limitation, the exercise of voting power, the purchase and sale of securities, financial advisory relationships and exercise of creditor rights. The Issuer, the Guarantor and any of their subsidiaries and affiliates have no obligation to disclose such information about the Underlying Stock or such activities. The Issuer, the Guarantor and any of their subsidiaries and affiliates and their officers and directors may engage in any such activities without regard to the issue of Certificates by the Issuer or the effect that such activities may directly or indirectly have on any Certificate;

(u) legal considerations which may restrict the possibility of certain investments:

Some investors' investment activities are subject to specific laws and regulations or laws and regulations currently being considered by various authorities. All potential investors must consult their own legal advisers to check whether and to what extent (i) they can legally purchase the Certificates (ii) the Certificates can be used as collateral security for various forms of borrowing (iii) if other restrictions apply to the purchase of Certificates or their use as collateral security. Financial institutions must consult their legal advisers or regulators to determine the appropriate treatment of the Certificates under any applicable risk-based capital

or similar rules;

- the credit rating of the Guarantor is an assessment of its ability to pay obligations, including those on the Certificates. Consequently, actual or anticipated declines in the credit rating of the Guarantor may affect the market value of the Certificates;
- (w) the Certificates are linked to the Underlying Stock and subject to the risk that the price of the Underlying Stock may rise. The following is a list of some of the significant risks associated with the Underlying Stock:
 - Historical performance of the Underlying Stock does not give an indication of future performance of the Underlying Stock. It is impossible to predict whether the price of the Underlying Stock will fall or rise over the term of the Certificates; and
 - The price of the Underlying Stock may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which the Underlying Stock may be traded;
- the value of the Certificates depends on the Leverage Inverse Strategy performance built in the Certificate. The Calculation Agent will make the Leverage Inverse Strategy last closing level and a calculation tool available to the investors on a website;
- (y) two or more risk factors may simultaneously have an effect on the value of a Certificate such that the effect of any individual risk factor may not be predicted. No assurance can be given as to the effect any combination of risk factors may have on the value of a Certificate;
- (z) as the Certificates are represented by a global warrant certificate which will be deposited with The Central Depository (Pte) Limited ("**CDP**"):
 - (i) investors should note that no definitive certificate will be issued in relation to the Certificates;
 - (ii) there will be no register of Certificate Holders and each person who is for the time being shown in the records maintained by CDP as entitled to a particular number of Certificates by way of interest (to the extent of such number) in the global warrant certificate in respect of those Certificates represented thereby shall be treated as the holder of such number of Certificates;
 - (iii) investors will need to rely on any statements received from their brokers/custodians as evidence of their interest in the Certificates; and
 - (iv) notices to such Certificate Holders will be published on the web-site of the SGX-ST. Investors will need to check the web-site of the SGX-ST regularly and/or rely on their brokers/custodians to obtain such notices;
- (aa) the US Foreign Account Tax Compliance Act ("FATCA") withholding risk:

FATCA generally imposes a 30 per cent. withholding tax on certain U.S.-source payments to certain non-US persons that do provide certification of their compliance with IRS rules to disclose the identity of their US owners and account holders (if any) or establish a basis for exemption for such disclosure. The Issuer is subject to FATCA and, as a result, is required to obtain certification from investors that they have complied with FATCA disclosure requirements or have established a basis for exemption from FATCA. If an investor does not provide us with such certification, the Issuer and the Guarantor could be required to withhold U.S. tax on U.S.-source income (if any) paid pursuant to the Certificates. In certain cases, the Issuer could be required to close an account of an investor who does not comply with the FATCA certification

procedures.

FATCA IS PARTICULARLY COMPLEX. EACH INVESTOR SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO DETERMINE HOW THIS LEGISLATION MIGHT AFFECT EACH INVESTOR IN ITS PARTICULAR CIRCUMSTANCES;

(bb) U.S. withholding tax

The Issuer has determined that this Certificate is not linked to U.S. Underlying Equities within the meaning of applicable regulations under Section 871(m) of the United States Internal Revenue Code, as discussed in the accompanying Base Listing Document under "TAXATION—TAXATION IN THE UNITED STATES OF AMERICA—Section 871(m) of the U.S. Internal Revenue Code of 1986." Accordingly, the Issuer expects that Section 871(m) will not apply to the Certificates. Such determination is not binding on the IRS, and the IRS may disagree with this determination. Section 871(m) is complex and its application may depend on a Certificate Holder's particular circumstances. Certificate Holders should consult with their own tax advisers regarding the potential application of Section 871(m) to the Certificates; and

(cc) risk factors relating to the BRRD

French and Luxembourg law and European legislation regarding the resolution of financial institutions may require the write-down or conversion to equity of the Certificates or other resolution measures if the Issuer or the Guarantor is deemed to meet the conditions for resolution

Directive 2014/59/EU of the European Parliament and of the Council of the European Union dated 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (the "**BRRD**") entered into force on 2 July 2014. The BRRD has been implemented into Luxembourg law by, among others, the Luxembourg act dated 18 December 2015 on the failure of credit institutions and certain investment firms, as amended (the "**BRR Act 2015**"). Under the BRR Act 2015, the competent authority is the Luxembourg financial sector supervisory authority (*Commission de surveillance du secteur financier*, the CSSF) and the resolution authority is the CSSF acting as resolution council (*conseil de résolution*).

Moreover, Regulation (EU) No. 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism ("SRM") and a Single Resolution Fund (the "SRM Regulation") has established a centralised power of resolution entrusted to a Single Resolution Board (the "SRB") in cooperation with the national resolution authorities.

Since 2014, the European Central Bank ("**ECB**") has taken over the prudential supervision of significant credit institutions in the member states of the Eurozone under the Single Supervisory Mechanism ("**SSM**"). In addition, the SRM has been put in place to ensure that the resolution of credit institutions and certain investment firms across the Eurozone is harmonised. As mentioned above, the SRM is managed by the SRB. Under Article 5(1) of the SRM Regulation, the SRM has been granted those responsibilities and powers granted to the EU Member States' resolution authorities under the BRRD for those credit institutions and certain investment firms subject to direct supervision by the ECB. The ability of the SRB to exercise these powers came into force at the beginning of 2016.

Societe Generale has been designated as a significant supervised entity for the purposes of

Article 49(1) of Regulation (EU) No 468/2014 of the ECB of 16 April 2014 establishing the framework for cooperation within the SSM between the ECB and national competent authorities and with national designated authorities (the "**SSM Regulation**") and is consequently subject to the direct supervision of the ECB in the context of the SSM. This means that Societe Generale and SG Issuer (being covered by the consolidated prudential supervision of Societe Generale) are also subject to the SRM which came into force in 2015. The SRM Regulation mirrors the BRRD and, to a large part, refers to the BRRD so that the SRB is able to apply the same powers that would otherwise be available to the relevant national resolution authority.

The stated aim of the BRRD and the SRM Regulation is to provide for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and certain investment firms. The regime provided for by the BRRD is, among other things, stated to be needed to provide the resolution authority designated by each EU Member State (the "**Resolution Authority**") with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions while minimising the impact of an institution's failure on the economy and financial system (including taxpayers' exposure to losses).

Under the SRM Regulation, a centralised power of resolution is established and entrusted to the SRB acting in cooperation with the national resolution authorities. In accordance with the provisions of the SRM Regulation, when applicable, the SRB, has replaced the national resolution authorities designated under the BRRD with respect to all aspects relating to the decision-making process and the national resolution authorities designated under the BRRD continue to carry out activities relating to the implementation of resolution schemes adopted by the SRB. The provisions relating to the cooperation between the SRB and the national resolution authorities for the preparation of the institutions' resolution plans have applied since 1 January 2015 and the SRM has been fully operational since 1 January 2016.

The SRB is the Resolution Authority for the Issuer and the Guarantor.

The powers provided to the Resolution Authority in the BRRD and the SRM Regulation include write-down/conversion powers to ensure that capital instruments (including subordinated debt instruments) and eligible liabilities (including senior debt instruments if junior instruments prove insufficient to absorb all losses) absorb losses of the issuing institution that is subject to resolution in accordance with a set order of priority (the "**Bail-in Power**"). The conditions for resolution under the SRM Regulation are deemed to be met when: (i) the Resolution Authority determines that the institution is failing or is likely to fail, (ii) there is no reasonable prospect that any measure other than a resolution measure would prevent the failure within a reasonable timeframe, and (iii) a resolution measure is necessary for the achievement of the resolution objectives (in particular, ensuring the continuity of critical functions, avoiding a significant adverse effect on the financial system, protecting public funds by minimizing reliance on extraordinary public financial support, and protecting client funds and assets) and winding up of the institution under normal insolvency proceedings would not meet those resolution objectives to the same extent.

The Resolution Authority could also, independently of a resolution measure or in combination with a resolution measure, fully or partially write-down or convert capital instruments (including subordinated debt instruments) into equity when it determines that the institution or its group will no longer be viable unless such write-down or conversion power is exercised or when the institution requires extraordinary public financial support (except when extraordinary public financial support is provided in Article 10 of the SRM Regulation). The terms and conditions of the Certificates contain provisions giving effect to the Bail-in Power in the context of resolution

and write-down or conversion of capital instruments at the point of non-viability.

The Bail-in Power could result in the full (i.e., to zero) or partial write-down or conversion of the Certificates into ordinary shares or other instruments of ownership, or the variation of the terms of the Certificates (for example, the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered). Extraordinary public financial support should only be used as a last resort after having assessed and applied, to the maximum extent practicable, the resolution measures. No support will be available until a minimum amount of contribution to loss absorption and recapitalization of 8% of total liabilities including own funds has been made by shareholders, holders of capital instruments and other eligible liabilities through write-down, conversion or otherwise.

In addition to the Bail-in Power, the BRRD provides the Resolution Authority with broader powers to implement other resolution measures with respect to institutions that meet the conditions for resolution, which may include (without limitation) the sale of the institution's business, the creation of a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), removing management, appointing an interim administrator, and discontinuing the listing and admission to trading of financial instruments.

Before taking a resolution measure, including implementing the Bail-in Power, or exercising the power to write down or convert relevant capital instruments, the Resolution Authority must ensure that a fair, prudent and realistic valuation of the assets and liabilities of the institution is carried out by a person independent from any public authority.

The application of any measure under the BRRD and the SRM Regulation or any suggestion of such application with respect to the Issuer, the Guarantor or the Group could materially adversely affect the rights of Certificate Holders, the price or value of an investment in the Certificates and/or the ability of the Issuer or the Guarantor to satisfy its obligations under any Certificates, and as a result investors may lose their entire investment.

Moreover, if the Issuer's or the Guarantor's financial condition deteriorates, the existence of the Bail-in Power, the exercise of write-down/conversion powers or any other resolution tools by the Resolution Authority independently of a resolution measure or in combination with a resolution measure when it determines that the Issuer, the Guarantor or the Group will no longer be viable could cause the market price or value of the Certificates to decline more rapidly than would be the case in the absence of such powers.

Since 1 January 2016, EU credit institutions (such as Societe Generale) and certain investment firms have to meet, at all times, a minimum requirement for own funds and eligible liabilities ("**MREL**") pursuant to Article 12 of the SRM Regulation. MREL, which is expressed as a percentage of the total liabilities and own funds of the institution, aims at preventing institutions from structuring their liabilities in a manner that impedes the effectiveness of the Bail-in Power in order to facilitate resolution.

The current regime will evolve as a result of the changes adopted by the EU legislators. On 7 June 2019, as part of the contemplated amendments to the so-called "EU Banking Package", the following legislative texts have been published in the Official Journal of the EU 14 May 2019:

 Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 amending the BRRD as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms (the "BRRD II"); and Regulation (EU) 2019/877 of the European Parliament and of the Council of 20 May 2019 amending the SRM Regulation as regards the loss-absorbing and recapitalisation capacity ("TLAC") of credit institutions and investment firms (the "SRM II Regulation" and, together with the BRRD II, the "EU Banking Package Reforms").

The EU Banking Package Reforms will introduce, among other things, the TLAC standard as implemented by the Financial Stability Board's TLAC Term Sheet ("**FSB TLAC Term Sheet**"), by adapting, among others, the existing regime relating to the specific MREL with aim of reducing risks in the banking sector and further reinforcing institutions' ability to withstand potential shocks will strengthen the banking union and reduce risks in the financial system.

The TLAC will be implemented in accordance with the FSB TLAC Term Sheet, which impose a level of "Minimum TLAC" that will be determined individually for each global systemically important bank ("**G-SIB**"), such as Societe Generale, in an amount at least equal to (i) 16%, plus applicable buffers, of risk weight assets through January 1, 2022 and 18%, plus applicable buffers, thereafter and (ii) 6% of the Basel III leverage ratio denominator through January 1, 2022 and 6.75% thereafter (each of which could be extended by additional firm-specific requirements).

According to Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the "CRR"), as amended by Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 amending the CRR as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements (the "CRR II"), EU G-SIBs, such as Societe Generale, will have to comply with TLAC requirements, on top of the MREL requirements, as from the entry into force of the CRR II. As such, G-SIBs, such as Societe Generale will have to comply at the same time with TLAC and MREL requirements.

Consequently, criteria for MREL-eligible liabilities will be closely aligned with those laid down in the CRR, as amended by the CRR II for the TLAC-eligible liabilities, but subject to the complementary adjustments and requirements introduced in the BRRD II. In particular, certain debt instruments with an embedded derivative component, such as certain structured notes, will be eligible, subject to certain conditions, to meet the MREL requirements to the extent that they have a fixed or increasing principal amount repayable at maturity that is known in advance while only an additional return is linked to that derivative component and depends on the performance of a reference asset.

The level of capital and eligible liabilities required under MREL will be set by the SRB for Societe Generale on an individual and/or consolidated basis based on certain criteria including systemic importance any may also be set for SG Issuer. Eligible liabilities may be senior or subordinated, provided, among other requirements, that they have a remaining maturity of at least one year and, if governed by non-EU law, they must be able to be written down or converted under that law (including through contractual provisions).

The scope of liabilities used to meet the MREL will include, in principle, all liabilities resulting from claims arising from ordinary unsecured creditors (non-subordinated liabilities) unless they do not meet specific eligibility criteria set out in the BRRD, as amended by the BRRD II. To enhance the resolvability of institutions and entities through an effective use of the bail-in tool, the SRB should be able to require that the MREL be met with own funds and other subordinated liabilities, in particular where there are clear indications that bailed-in creditors are likely to bear losses in resolution that would exceed the losses that they would incur under normal insolvency

proceedings. Moreover the SRB should assess the need to require institutions and entities to meet the MREL with own funds and other subordinated liabilities where the amount of liabilities excluded from the application of the bail- in tool reaches a certain threshold within a class of liabilities that includes MREL-eligible liabilities. Any subordination of debt instruments requested by the SRB for the MREL shall be without prejudice to the possibility to partly meet the TLAC requirements with non-subordinated debt instruments in accordance with the CRR, as amended by the CRR II, as permitted by the TLAC standard. Specific requirements will apply to resolution groups with assets above EUR 100 billion (top-tier banks).

If the SRB finds that there could exist any obstacles to resolvability by the Issuer or the Guarantor and/or the Group, a higher MREL requirement could be imposed. Any failure by the Issuer or the Guarantor, as applicable, and/or the Group to comply with its MREL may have a material adverse effect on the Issuer's business, financial conditions and results of operations.

TERMS AND CONDITIONS OF THE CERTIFICATES

The following are the terms and conditions of the Certificates and should be read in conjunction with, and are qualified by reference to, the other information set out in this document and the Base Listing Document.

The Conditions are set out in the section headed "Terms and Conditions of the European Style Cash Settled Long/Short Certificates on Single Equities" in the Base Listing Document. For the purposes of the Conditions, the following terms shall have the following meanings:

| Certificates: | 3,400,000 European Style Cash Settled Short Certificates relating to the ordinary shares of Genting Singapore Limited (the "Underlying Stock ") |
|---|--|
| ISIN: | LU2184321748 |
| Company: | Genting Singapore Limited (RIC: GENS.SI) |
| Underlying Price ³ and Source: | S\$0.92 (Reuters) |
| Calculation Agent: | Société Générale |
| Strike Level: | Zero |
| Daily Leverage: | -5x (within the Leverage Inverse Strategy as described below) |
| Notional Amount per Certificate: | SGD 1.20 |
| Management Fee (p.a.)4: | 0.40% |
| Gap Premium (p.a.)⁵: | 5.00%, is a hedging cost against extreme market movements overnight. |
| Stock Borrowing Cost ⁶ : | The annualised costs for borrowing stocks in order to take an inverse exposure on the Underlying Stock. |
| Rebalancing Cost ⁶ : | The transaction costs (if applicable), computed as a function of leverage and daily inverse performance of the Underlying Stock. |
| Launch Date: | 23 March 2021 |
| Closing Date: | 29 March 2021 |

³ These figures are calculated as at, and based on information available to the Issuer on or about 29 March 2021. The Issuer is not obliged, and undertakes no responsibility to any person, to update or inform any person of any changes to the figures after 29 March 2021.

⁴ Please note that the Management Fee is calculated on a 360-day basis and may be increased up to a maximum of 3% p.a. on giving one month's notice to investors. Any increase in the Management Fee will be announced on the SGXNET. Please refer to "Fees and Charges" below for further details of the fees and charges payable and the maximum of such fees as well as other ongoing expenses that may be borne by the Certificates.

⁵ Please note that the Gap Premium is calculated on a 360-day basis.

⁶ These costs are embedded within the Leverage Inverse Strategy. Please note that the Stock Borrowing Cost may be changed

on giving 5 Business Days' notice to investors. Any change in the Stock Borrowing Cost will be announced on the SGXNET.

| Expected Listing Date: | 30 March 2021 |
|-------------------------|--|
| Last Trading Date: | The date falling 5 Business Days immediately preceding the Expiry Date, currently being 21 March 2022 |
| Expiry Date: | 28 March 2022 (if the Expiry Date is not a Business Day, then the Expiry Date shall fall on the preceding Business Day and subject to adjustment of the Valuation Date upon the occurrence of Market Disruption Events as set out in the Conditions of the Certificates) |
| Board Lot: | 100 Certificates |
| Valuation Date: | 25 March 2022 or if such day is not an Exchange Business Day, the immediately preceding Exchange Business Day. |
| Exercise: | The Certificates may only be exercised on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, in a Board Lot or integral multiples thereof. Certificate Holders shall not be required to deliver an exercise notice. Exercise of Certificates shall be determined by whether the Cash Settlement Amount (less any Exercise Expenses) is positive. If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates shall be deemed to have been automatically exercised at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day. The Cash Settlement Amount less the Exercise Expenses in respect of the Certificates shall be paid in the manner set out in Condition 4(c) of the Conditions. In the event the Cash Settlement Amount (less any Exercise Shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date or if the Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date or if the Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, and Certificate Holders shall not be entitled to receive any payment from the Issuer in respect of the Certificates. |
| Cash Settlement Amount: | In respect of each Certificate, shall be an amount payable in the Settlement Currency equal to: |
| | Closing Level multiplied by the Notional Amount per Certificate |
| | Please refer to the "Information relating to the European Style Cash Settled Short Certificates on Single Equities" section on pages 40 to 54 of this document for examples and illustrations of the calculation of the Cash Settlement Amount. |
| Hedging Fee Factor: | In respect of each Certificate, shall be an amount calculated as: Product (for t from 2 to Valuation Date) of $(1 - Management Fee x (ACT (t-1;t) \div 360)) x (1 - Gap Premium (t-1) x (ACT (t-1;t) \div 360)), where:$ |

"t" refers to "**Observation Date**" which means each Exchange Business Day (subject to Market Disruption Event) from (and including) the Exchange Business Day immediately preceding the Expected Listing Date to the Valuation Date; and

ACT (t-1;t) means the number of calendar days between the Exchange Business Day immediately preceding the Observation Date (which is "t-1") (included) and the Observation Date (which is "t") (excluded).

If the Issuer determines, in its sole discretion, that on any Observation Date a Market Disruption Event has occurred, then that Observation Date shall be postponed until the first succeeding Exchange Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Exchange Business Days immediately following the original date that, but for the Market Disruption Event, would have been an Observation Date. In that case, that fifth Exchange Business Day shall be deemed to be the Observation Date notwithstanding the Market Disruption Event and the Issuer shall determine, its good faith estimate of the level of the Leverage Inverse Strategy and the value of the Certificate on that fifth Exchange Business Day in accordance with the formula for and method of calculation last in effect prior to the occurrence of the first Market Disruption Event taking into account, inter alia, the exchange traded or quoted price of the Underlying Stock and the potential increased cost of hedging by the Issuer as a result of the occurrence of the Market Disruption Event.

Please refer to the "Information relating to the European Style Cash Settled Short Certificates on Single Equities" section on pages 40 to 54 of this document for examples and illustrations of the calculation of the Hedging Fee Factor.

| Closing Level: | In respect of each Certificate, shall be an amount payable in the Settlement Currency equal to: |
|--------------------------|---|
| | $\left(\frac{\frac{\text{Final Reference Level } \times \text{Final Exchange Rate}}{\text{Initial Reference Level } \times \text{Initial Exchange Rate}} - \text{Strike Level}\right) \times \text{Hedging Fee Factor}$ |
| Initial Reference Level: | 1,000 |
| Final Reference Level: | The closing level of the Leverage Inverse Strategy (as described below) on the Valuation Date |
| | The calculation of the closing level of the Leverage Inverse Strategy is set out in the "Specific Definitions relating to the Leverage Inverse Strategy" section on pages 19 to 23 below. |
| Initial Exchange Rate: | 1 |
| Final Exchange Rate: | 1 |

| Air Bag Mechanism: | The " Air Bag Mechanism " refers to the mechanism built in the Leverage Inverse Strategy and which is designed to reduce the Leverage Inverse Strategy exposure to the Underlying Stock during extreme market conditions. If the Underlying Stock rises by 15% or more (" Air Bag Trigger Price ") during the trading day (which represents approximately 75% loss after a 5 times inverse leverage), the Air Bag Mechanism is triggered and the Leverage Inverse Strategy is adjusted intra-day. The Air Bag Mechanism reduces the impact on the Leverage Inverse Strategy if the Underlying Stock rises further, but will also maintain a reduced exposure to the Underlying Stock in the event the Underlying Stock starts to fall after the Air Bag Mechanism is triggered, thereby reducing its ability to recoup losses. |
|---|--|
| | Trading of Certificates is suspended for at least 30 minutes after the Air Bag is triggered. |
| | The Leverage Inverse Strategy is floored at 0 and the Certificates cannot be valued below zero. |
| | Please refer to the "Extraordinary Strategy Adjustment for Performance Reasons ("Air Bag Mechanism")" section on pages 21 to 23 below and the "Description of Air Bag Mechanism" section on pages 46 to 47 of this document for further information of the Air Bag Mechanism. |
| Adjustments and Extraordinary Events: | The Issuer has the right to make adjustments to the terms of the Certificates if certain events, including any capitalisation issue, rights issue, extraordinary distributions, merger, delisting, insolvency (as more specifically set out in the terms and conditions of the Certificates) occur in respect of the Underlying Stock. For the avoidance of doubt, no notice will be given if the Issuer determines that adjustments will not be made. |
| Underlying Stock Currency: | Singapore Dollar ("SGD") |
| Settlement Currency: | SGD |
| Exercise Expenses: | Certificate Holders will be required to pay all charges which are incurred in respect of the exercise of the Certificates. |
| Relevant Stock Exchange for the Certificates: | The Singapore Exchange Securities Trading Limited (" SGX-ST ") |
| Relevant Stock Exchange for the Underlying Stock: | The SGX-ST |
| Business Day and Exchange Business Day: | A " Business Day " or an " Exchange Business Day " is a day on which the SGX-ST is open for dealings in Singapore during its normal trading hours and banks are open for business in Singapore. |
| Warrant Agent: | The Central Depository (Pte) Limited ("CDP") |

| Clearing System: | CDP |
|----------------------|--|
| Fees and Charges: | Normal transaction and brokerage fees shall apply to the trading of the Certificates on the SGX-ST. Investors should note that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Certificates are transferred. Investors who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, investors should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time. |
| | Investors holding position overnight would also be required to bear the Management Fee and Gap Premium, which are calculated daily and applied to the value of the Certificates, as well as certain costs embedded within the Leverage Inverse Strategy including the Stock Borrowing Cost and Rebalancing Cost. The Management Fee may be increased up to a maximum of 3% p.a. on giving one month's notice to investors in accordance with the terms and conditions of the Certificates. Any increase in the Management Fee will be announced on the SGXNET. |
| Further Information: | Please refer to the website at <u>dlc.socgen.com</u> for more information on the theoretical closing price of the Certificates on the previous trading day, the closing price of the Underlying Stock on the previous trading day, the Air Bag Trigger Price for each trading day and the Management Fee and Gap Premium. |

Specific Definitions relating to the Leverage Inverse Strategy

Description of the Leverage Inverse Strategy

The Leverage Inverse Strategy is designed to track a 5 times daily leveraged inverse exposure to the Underlying Stock.

At the end of each trading day of the Underlying Stock, the exposure of the Leverage Inverse Strategy to the Underlying Stock is reset within the Leverage Inverse Strategy in order to retain a daily leverage of 5 times the inverse performance of the Underlying Stock (excluding costs) regardless of the performance of the Underlying Stock on the preceding day. This mechanism is referred to as the Daily Reset.

The Leverage Inverse Strategy incorporates an air bag mechanism which is designed to reduce exposure to the Underlying Stock during extreme market conditions, as further described below.

Leverage Inverse Strategy Formula

LSL_t means, for any Observation Date(t), the Leverage Inverse Strategy Closing Level as of such day (t). Subject to the occurrence of an Intraday Restrike Event, the **Leverage Inverse Strategy Closing Level** as of such Observation Date(t) is calculated in accordance with the following formulae:

On Observation Date(1):

 $LSL_1 = 1000$

On each subsequent Observation Date(t):

$$LSL_{t} = Max[LSL_{t-1} \times (1 + LR_{t-1,t} - FC_{t-1,t} - SB_{t-1,t} - RC_{t-1,t}), 0]$$

$$LR_{t-1,t} = Leverage \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1\right)$$

FC_{t-1,t} means, the Funding Cost between Observation Date(t-1) (included) and Observation Date(t) (excluded) calculated as follows :

$$FC_{t-1,t} = (Leverage - 1) \times \frac{Rate_{t-1} \times ACT(t - 1, t)}{DayCountBasisRate}$$

 $SB_{t-1,t}$ means the Stock Borrowing Cost between Observation Date(t-1) (included) and Observation Date(t) (excluded) calculated as follows:

$$SB_{t-1,t} = -Leverage \times \frac{CB \times ACT(t-1,t)}{DayCountBasisRate}$$

CB means the Cost of Borrowing applicable that is equal to: 2.00%

RC_{t-1,t} means the Rebalancing Cost of the Leverage Inverse Strategy on Observation Date (t), calculated as follows :

$$RC_{t-1,t} = Leverage \times (Leverage - 1) \times \left(\left| \frac{S_t}{S_{t-1} \times Rfactor_t} - 1 \right| \right) \times TC$$

TC means the Transaction Costs applicable (including Stamp Duty) that are equal to :

0.04%

-5

Leverage

- St means, in respect of each Observation Date(t), the Closing Price of the Underlying Stock as of such Observation Date(t), subject to the adjustments and provisions of the Conditions.
- Rate,
 means, in respect of each Observation Date(t), the SGD Swap Offer

 Rate (SOR)
 Reference Rate, as published on Reuters RIC

 SGDTRDONF=ABSG or any successor page, being the rate as of
 day (t-1), provided that if such rate is not available, then such rate

 shall be determined by reference to the last available rate that was
 day

published on Reuters RIC SGDTRDONF=ABSG or any successor page.

Rfactortmeans, in the event Observation Date (t) is an ex-dividend date of
the Underlying Stock, an amount determined by the Calculation
Agent, subject to the adjustments and provisions of the Conditions,
according to the following formula :

$$Rfactor_{t} = 1 - \frac{Div_{t}}{\mathbf{S_{t-1}}}$$

where

 Div_t is the dividend to be paid out in respect of the Underlying Stock and the relevant ex-dividend date which shall be considered gross of any applicable withholding taxes.

ACT (t-1,t) ACT (t-1;t) means the number of calendar days between the Exchange Business Day immediately preceding the Observation Date (which is "t-1") (included) and the Observation Date (which is "t") (excluded).

DayCountBasisRate 365

Extraordinary Strategy Adjustment for Performance Reasons ("Air Bag Mechanism")

| Extraordinary Strategy Adjustment for Performance Reasons | If the Calculation Agent determines that an Intraday Restrike Event has occurred during an Observation Date(t) (the Intraday Restrike Date, noted hereafter IRD), an adjustment (an Extraordinary Strategy Adjustment for Performance Reasons) shall take place during such Observation Date(t) in accordance with the following provisions. |
|---|--|
| | (1) Provided the last Intraday Restrike Observation Period as of such Intraday Restrike Date does not end on the TimeReferenceClosing, the Leverage Inverse Strategy Closing Level on the Intraday Restrike Date (LSL_{IRD}) should be computed as follows : |
| | $LSL_{IRD} = Max[ILSL_{IR(n)} \times (1 + ILR_{IR(n),IR(C)} - IRC_{IR(n),IR(C)}), 0]$ |
| | (2) If the last Intraday Restrike Event Observation Period on the relevant Intraday Restrike Date ends on the TimeReferenceClosing: |
| | $LSL_{IRD} = Max[ILSL_{IR(n)}, 0]$ |
| $ILSL_{IR(k)}$ | means, in respect of IR(k), the Intraday Leverage Inverse Strategy Level in accordance with the following provisions : |
| | (1) for k = 1 : |
| | $ILSL_{IR(1)} = Max[LSL_{IRD-1} \times (1 + ILR_{IR(0),IR(1)} - FC_{IRD-1,IRD} - SB_{IRD-1,IRD} - IRC_{IR(0),IR(1)}), 0]$ |
| | (2) for k > 1 : |
| | $ILSL_{IR(k)} = Max[ILSL_{IR(k-1)} \times (1 + ILR_{IR(k-1),IR(k)} - IRC_{IR(k-1),IR(k)}), 0]$ |

| $ILR_{IR(k-1),IR(k)}$ | means the Intraday Leveraged Return between $IR(k-1)$ and $IR(k)$, calculated as follows : |
|-------------------------|---|
| | $ILR_{IR(k-1),IR(k)} = Leverage \times \left(\frac{IS_{IR(k)}}{IS_{IR(k-1)}} - 1\right)$ |
| $IRC_{IR(k-1),IR(k)}$ | means the Intraday Rebalancing Cost of the Leverage Inverse Strategy in respect of IR(k) on a given Intraday Restrike Date, calculated as follows : |
| | $IRC_{IR(k-1),IR(k)} = Leverage \times (Leverage-1) \times \left(\left \frac{IS_{IR(k)}}{IS_{IR(k-1)}} - 1 \right \right) \times TC$ |
| IS _{IR(k)} | means the Underlying Stock Price in respect of $IR(k)$ computed as follows : |
| | (1) for k=0 |
| | $IS_{IR(0)} = S_{IRD-1} \times Rfactor_{IRD}$ |
| | (2) for k=1 to n |
| | means in respect of IR(k), the highest price of the Underlying Stock during the respective Intraday Restrike Observation Period |
| | (3) with respect to IR(C) |
| | $IS_{IR(C)} = S_{IRD}$ |
| | In each case, subject to the adjustments and provisions of the Conditions. |
| IR(k) | For k=0, means the scheduled close for the Relevant Stock Exchange for the Underlying Stock (or any successor thereto) on the Observation Date immediately preceding the relevant Intraday Restrike Date; |
| | For k=1 to n, means the k th Intraday Restrike Event on the relevant Intraday Restrike Date. |
| IR(C) | means the scheduled close for the Relevant Stock Exchange for the Underlying Stock (or any successor thereto) on the relevant Intraday Restrike Date. |
| n | means the number of Intraday Restrike Events that occurred on the relevant Intraday Restrike Date. |
| Intraday Restrike Event | means in respect of an Observation Date(t) : |
| | (1) provided no Intraday Restrike Event has previously occurred on such Observation Date (t), the increase at any Calculation Time of the Underlying Stock price by 15% or more compared with the relevant Underlying Stock Price $IS_{IR(0)}$ as of such Calculation Time. |
| | (2) if k Intraday Restrike Events have occurred on the relevant Intraday Restrike Date, the increase at any Calculation Time of the Underlying Stock price by 15% or more compared with the relevant Underlying Stock Price $IS_{IR(k)}$ as of such Calculation Time. |

| Calculation Time | means any time between the TimeReferenceOpening and the TimeReferenceClosing, provided that the relevant data is available to enable the Calculation Agent to determine the Leverage Inverse Strategy Level. |
|---|--|
| TimeReferenceOpening | means the scheduled opening time for the Relevant Stock Exchange for the Underlying Stock (or any successor thereto). |
| TimeReferenceClosing | means the scheduled closing time for the Relevant Stock Exchange for the Underlying Stock (or any successor thereto). |
| Intraday Restrike Event Observation Period | means in respect of an Intraday Restrike Event, the period starting on and excluding the Intraday Restrike Event Time and finishing on and including the sooner between (1) the time falling 15 minutes after the Intraday Restrike Event Time and (2) the TimeReferenceClosing. |
| | Where, during such period, the Calculation Agent determines that (1) the trading in the Underlying Stock is disrupted or subject to suspension or limitation or (2) the Relevant Stock Exchange for the Underlying Stock is not open for continuous trading, the Intraday Restrike Event Observation Period will be extended to the extent necessary until (1) the trading in the Underlying Stock is no longer disrupted, suspended or limited and (2) the Relevant Stock Exchange for the Underlying Stock is open for continuous trading. |
| Intraday Restrike Event Time | means in respect of an Intraday Restrike Event, the Calculation Time on which such event occurs. |

The Conditions set out in the section headed "Terms and Conditions of the European Style Cash Settled Long/Short Certificates on Single Equities" in the Base Listing Document are set out below. This section is qualified in its entirety by reference to the detailed information appearing elsewhere in this document which shall, to the extent so specified or to the extent inconsistent with the relevant Conditions set out below, replace or modify the relevant Conditions for the purpose of the Certificates.

TERMS AND CONDITIONS OF

THE EUROPEAN STYLE CASH SETTLED LONG/SHORT CERTIFICATES ON SINGLE EQUITIES

1. Form, Status and Guarantee, Transfer and Title

- (a) Form. The Certificates (which expression shall, unless the context otherwise requires, include any further certificates issued pursuant to Condition 11) are issued subject to and with the benefit of:-
 - a master instrument by way of deed poll (the "Master Instrument") dated 19 June 2020, made by SG Issuer (the "Issuer") and Société Générale (the "Guarantor"); and
 - a warrant agent agreement (the "Master Warrant Agent Agreement" or "Warrant Agent Agreement") dated any time before or on the Closing Date, made between the Issuer and the Warrant Agent for the Certificates.

Copies of the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement are available for inspection at the specified office of the Warrant Agent.

The holders of the Certificates (the "**Certificate Holders**") are entitled to the benefit of, are bound by and are deemed to have notice of all the provisions of the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement.

(b) Status and Guarantee. The Certificates constitute direct, general and unsecured obligations of the Issuer and rank, and will rank, equally among themselves and pari passu with all other present and future unsecured and unsubordinated obligations of the Issuer (save for statutorily preferred exceptions). The Certificates provide for cash settlement on exercise. The Certificates do not entitle Certificate Holders to the delivery of any Underlying Stock, are not secured by the Underlying Stock and do not entitle Certificate Holders to any interest in any Underlying Stock.

The due and punctual payment of any amounts due by the Issuer in respect of the Certificates issued by the Issuer is unconditionally and irrevocably guaranteed by the Guarantor as provided in the Guarantee (each such amount payable under the Guarantee, a "Guarantee Obligation").

The Guarantee Obligations will constitute direct, unconditional, unsecured and unsubordinated obligations of the Guarantor ranking as senior preferred obligations as provided for in Article L. 613-30-3 I 3° of the French Code *Monétaire et Financier* (the "**Code**").

Such Guarantee Obligations rank and will rank equally and rateably without any preference or priority among themselves and:

- (i) pari passu with all other direct, unconditional, unsecured and unsubordinated obligations of the Guarantor outstanding as of the date of the entry into force of the law no. 2016-1691 (the "Law") on 11 December 2016;
- (ii) pari passu with all other present or future direct, unconditional, unsecured and senior preferred obligations (as provided for in Article L. 613-30-3 I 3° of the Code) of the Guarantor issued after the date of the entry into force of the Law on 11 December 2016;
- (iii) junior to all present or future claims of the Guarantor benefiting from the statutorily preferred exceptions; and
- (iv) senior to all present and future senior non-preferred obligations (as provided for in Article L.613-30-3 I 4° of the Code) of the Guarantor.

In the event of the failure of the Issuer to promptly perform its obligations to any Certificate Holder under the terms of the Certificates, such Certificate Holder may, but is not obliged to, give written notice to the Guarantor at Société Générale, Tour Société Générale, 75886 Paris Cedex 18, France marked for the attention of SEGL/JUR/OMF - Market Transactions & Financing.

- (c) Transfer. The Certificates are represented by a global warrant certificate ("Global Warrant") which will be deposited with The Central Depository (Pte) Limited ("CDP"). Certificates in definitive form will not be issued. Transfers of Certificates may be effected only in Board Lots or integral multiples thereof. All transactions in (including transfers of) Certificates, in the open market or otherwise, must be effected through a securities account with CDP. Title will pass upon registration of the transfer in the records maintained by CDP.
- (d) Title. Each person who is for the time being shown in the records maintained by CDP as entitled to a particular number of Certificates shall be treated by the Issuer, the Guarantor and the Warrant Agent as the holder and absolute owner of such number of Certificates, notwithstanding any notice to the contrary. The expression "Certificate Holder" shall be construed accordingly.
- (e) *Bail-In.* By the acquisition of Certificates, each Certificate Holder (which, for the purposes of this Condition, includes any current or future holder of a beneficial interest in the Certificates) acknowledges, accepts, consents and agrees:
 - to be bound by the effect of the exercise of the Bail-In Power (as defined below) by the Relevant Resolution Authority (as defined below) on the Issuer's liabilities under the Certificates, which may include and result in any of the following, or some combination thereof:
 - the reduction of all, or a portion, of the Amounts Due (as defined below), on a permanent basis;
 - (B) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or the Guarantor or another person (and the issue to the Certificate Holder of such shares, securities or obligations), including by means of an amendment, modification or variation of the Conditions of the Certificates, in which case the Certificate Holder agrees to accept in lieu of its rights under the Certificates any such shares, other securities or other obligations of the Issuer or the Guarantor or another person;

- (C) the cancellation of the Certificates; and/or
- (D) the amendment or alteration of the expiration of the Certificates or amendment of the amounts payable on the Certificates, or the date on which the amounts become payable, including by suspending payment for a temporary period; and

that terms of the Certificates are subject to, and may be varied, if necessary, to give effect to the exercise of the Bail-In Power by the Relevant Resolution Authority or the Regulator,

(the "Statutory Bail-In");

- (ii) if the Relevant Resolution Authority exercises its Bail-In Power on liabilities of the Guarantor, pursuant to Article L.613-30-3-I-3 of the French Monetary and Financial Code (the "M&F Code"):
 - (A) ranking:
 - junior to liabilities of the Guarantor benefitting from statutorily preferred exceptions pursuant to Article L.613-30-3-I 1° and 2 of the M&F Code;
 - (2) *pari passu* with liabilities of the Guarantor as defined in Article L.613-30-3-I-3 of the M&F Code; and
 - (3) senior to liabilities of the Guarantor as defined in Article L.613-30-3-I-4 of the M&F Code; and
 - (B) which are not *titres non structurés* as defined under Article R.613-28 of the M&F Code, and
 - (C) which are not or are no longer eligible to be taken into account for the purposes of the MREL (as defined below) ratio of the Guarantor

and such exercise of the Bail-In Power results in the write-down or cancellation of all, or a portion of, the principal amount of, or the outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or the outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of the Guarantor or another person, including by means of variation to their terms and conditions in order to give effect to such exercise of Bail-In Power, then the Issuer's obligations under the Certificates will be limited to (i) payment of the amount as reduced or cancelled that would be recoverable by the Certificate Holders and/or (ii) the delivery or the payment of value of the shares or other securities or other obligations of the Guarantor or another person that would be paid or delivered to the Certificate Holders as if, in either case, the Certificates had been directly issued by the Guarantor itself, and as if any Amount Due under the Certificates had accordingly been directly subject to the exercise of the Bail-In Power (the "**Contractual Bail-in**").

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Statutory Bail-In with respect to the Issuer or the Guarantor unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer or the Guarantor under the applicable laws and regulations in effect in France or Luxembourg and the European Union applicable to the Issuer or the Guarantor or other members of its group.

No repayment or payment of the Amounts Due will become due and payable or be paid under the Certificates issued by SG Issuer after implementation of the Contractual Bailin.

Upon the exercise of the Statutory Bail-in or upon implementation of the Contractual Bail-in with respect to the Certificates, the Issuer or the Guarantor will provide a written notice to the Certificate Holders in accordance with Condition 9 as soon as practicable regarding such exercise of the Statutory Bail-in or implementation of the Contractual Bail-in. Any delay or failure by the Issuer or the Guarantor to give notice shall not affect the validity and enforceability of the Statutory Bail-in or Contractual Bail-in nor the effects on the Certificates described above.

Neither a cancellation of the Certificates, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or the Guarantor or another person, as a result of the exercise of the Statutory Bail-in or the implementation of the Contractual Bail-in with respect to the Certificates will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Certificate Holder to any remedies (including equitable remedies) which are hereby expressly waived.

The matters set forth in this Condition shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer, the Guarantor and each Certificate Holder. No expenses necessary for the procedures under this Condition, including, but not limited to, those incurred by the Issuer and the Guarantor, shall be borne by any Certificate Holder.

For the purposes of this Condition:

"Amounts Due" means any amounts due by the Issuer under the Certificates.

"**Bail-In Power**" means any statutory cancellation, write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms, including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms, or any other applicable laws or regulations, as amended, or otherwise, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled and/or converted into shares or other securities or obligations of the obligor or any other person.

"**MREL**" means the Minimum Requirement for own funds and Eligible Liabilities as defined in Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time).

"**Relevant Resolution Authority**" means any authority with the ability to exercise the Bail-in Power on Societe Generale or SG Issuer as the case may be.

"**Regulator**" means the European Central Bank and any successor or replacement thereto, or other authority having primary responsibility for the prudential oversight and

supervision of the Issuer.

2. Certificate Rights and Exercise Expenses

(a) *Certificate Rights.* Every Certificate entitles each Certificate Holder, upon due exercise and on compliance with Condition 4, to payment by the Issuer of the Cash Settlement Amount (as defined below) (if any) in the manner set out in Condition 4.

The "**Cash Settlement Amount**", in respect of each Certificate, shall be an amount payable in the Settlement Currency equal to the Closing Level multiplied by the Notional Amount per Certificate.

The "**Closing Level**", in respect of each Certificate, shall be an amount payable in the Settlement Currency equal to:

(Final Reference Level × Final Exchange Rate Initial Reference Level × Initial Exchange Rate – Strike Level) × Hedging Fee Factor

If the Issuer determines, in its sole discretion, that on the Valuation Date or any Observation Date a Market Disruption Event has occurred, then that Valuation Date or Observation Date shall be postponed until the first succeeding Exchange Business Day or Underlying Stock Business Day, as the case may be, on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Exchange Business Days or Underlying Stock Business Days, as the case may be, as the case may be, immediately following the original date that, but for the Market Disruption Event, would have been a Valuation Date or an Observation Date. In that case:-

- that fifth Exchange Business Day or Underlying Stock Business Day, as the case may be, shall be deemed to be the Valuation Date or the Observation Date notwithstanding the Market Disruption Event; and
- (ii) the Issuer shall determine the Final Reference Level or the relevant closing level on the basis of its good faith estimate of the Final Reference Level or the relevant closing level that would have prevailed on that fifth Exchange Business Day or Underlying Stock Business Day, as the case may be, but for the Market Disruption Event.

"Market Disruption Event" means the occurrence or existence of (i) any suspension of trading on the Relevant Stock Exchange of the Underlying Stock requested by the Company if that suspension is, in the determination of the Issuer, material, (ii) any suspension of or limitation imposed on trading (including but not limited to unforeseen circumstances such as by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or any act of God, war, riot, public disorder, explosion, terrorism or otherwise) on the Relevant Stock Exchange in the Underlying Stock if that suspension or limitation is, in the determination of the Issuer, material, or (iii) the closing of the Relevant Stock Exchange or a disruption to trading on the Relevant Stock Exchange if that disruption is, in the determination of the Issuer, material as a result of the occurrence of any act of God, war, riot, public disorder, explosion or terrorism.

(b) Exercise Expenses. Certificate Holders will be required to pay all charges which are incurred in respect of the exercise of the Certificates (the "Exercise Expenses"). An amount equivalent to the Exercise Expenses will be deducted by the Issuer from the Cash Settlement Amount in accordance with Condition 4. Notwithstanding the foregoing, the Certificate Holders shall account to the Issuer on demand for any Exercise Expenses to the extent that they were not or could not be deducted from the

Cash Settlement Amount prior to the date of payment of the Cash Settlement Amount to the Certificate Holders in accordance with Condition 4.

(c) No Rights. The purchase of Certificates does not confer on the Certificate Holders any right (whether in respect of voting, dividend or other distributions in respect of the Underlying Stock or otherwise) which the holder of an Underlying Stock may have.

3. Expiry Date

Unless automatically exercised in accordance with Condition 4(b), the Certificates shall be deemed to expire at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day (as defined below), the immediately preceding Business Day.

4. Exercise of Certificates

- (a) *Exercise*. Certificates may only be exercised on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, in accordance with Condition 4(b).
- (b) Automatic Exercise. Certificate Holders shall not be required to deliver an exercise notice. Exercise of Certificates shall be determined by whether the Cash Settlement Amount (less any Exercise Expenses) is positive. If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates shall be deemed to have been automatically exercised at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day. The Cash Settlement Amount less the Exercise Expenses in respect of the Certificates shall be paid in the manner set out in Condition 4(c) below. In the event the Cash Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business shall be deemed to have be paid in the manner set out in Condition 4(c) below. In the event the Cash Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, and Certificate Holders shall not be entitled to receive any payment from the Issuer in respect of the Certificates.
- (c) Settlement. In respect of Certificates which are automatically exercised in accordance with Condition 4(b), the Issuer will pay to the relevant Certificate Holder the Cash Settlement Amount (if any) in the Settlement Currency. The aggregate Cash Settlement Amount (less any Exercise Expenses) shall be despatched as soon as practicable and no later than five Business Days following the Expiry Date by way of crossed cheque or other payment in immediately available funds drawn in favour of the Certificate Holder only (or, in the case of joint Certificate Holders, the first-named Certificate Holder) appearing in the records maintained by CDP. Any payment made pursuant to this Condition 4(c) shall be delivered at the risk and expense of the Certificate Holder and posted to the Certificate Holder's address appearing in the records maintained by CDP). If the Cash Settlement Amount is equal to or less than the determined Exercise Expenses, no amount is payable.
- (d) CDP not liable. CDP shall not be liable to any Certificate Holder with respect to any action taken or omitted to be taken by the Issuer or the Warrant Agent in connection with the exercise of the Certificates or otherwise pursuant to or in connection with these Conditions.
- (e) *Business Day*. In these Conditions, a "**Business Day**" shall be a day on which the SGX-ST is open for dealings in Singapore during its normal trading hours and banks

are open for business in Singapore.

5. Warrant Agent

- (a) Warrant Agent. The Issuer reserves the right, subject to the appointment of a successor, at any time to vary or terminate the appointment of the Warrant Agent and to appoint another Warrant Agent provided that it will at all times maintain a Warrant Agent which, so long as the Certificates are listed on the SGX-ST, shall be in Singapore. Notice of any such termination or appointment and of any change in the specified office of the Warrant Agent will be given to the Certificate Holders in accordance with Condition 9.
- (b) Agent of Issuer. The Warrant Agent will be acting as agent of the Issuer and will not assume any obligation or duty to or any relationship of agency or trust for the Certificate Holders. All determinations and calculations by the Warrant Agent under these Conditions shall (save in the case of manifest error) be final and binding on the Issuer and the Certificate Holders.

6. Adjustments

- (a) Potential Adjustment Event. Following the declaration by a Company of the terms of any Potential Adjustment Event (as defined below), the Issuer will determine whether such Potential Adjustment Event has a dilutive or concentrative or other effect on the theoretical value of the Underlying Stock and, if so, will (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Issuer determines appropriate to account for that dilutive or concentrative or other effect, and (ii) determine the effective date of that adjustment. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an exchange on which options or futures contracts on the Underlying Stock are traded.
- (b) *Definitions.* "Potential Adjustment Event" means any of the following:
 - a subdivision, consolidation, reclassification or other restructuring of the Underlying Stock (excluding a Merger Event) or a free distribution or dividend of any such Underlying Stock to existing holders by way of bonus, capitalisation or similar issue;
 - (ii) a distribution or dividend to existing holders of the Underlying Stock of (1) such Underlying Stock, or (2) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Company equally or proportionately with such payments to holders of such Underlying Stock, or (3) share capital or other securities of another issuer acquired by the Company as a result of a "spin-off" or other similar transaction, or (4) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Issuer;
 - (iii) an extraordinary dividend;
 - (iv) a call by the Company in respect of the Underlying Stock that is not fully paid;
 - a repurchase by the Company of the Underlying Stock whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;

- (vi) with respect to a Company an event that results in any shareholder rights pursuant to a shareholder rights agreement or other plan or arrangement of the type commonly referred to as a "poison pill" being distributed, or becoming separated from shares of common stock or other shares of the capital stock of such Company (provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights); or
- (vii) any other event that may have, in the opinion of the Issuer, a dilutive or concentrative or other effect on the theoretical value of the Underlying Stock.
- (c) Merger Event, Tender Offer, Nationalisation and Insolvency. If a Merger Event, Tender Offer, Nationalisation or Insolvency occurs in relation to the Underlying Stock, the Issuer may take any action described below:
 - (i) determine the appropriate adjustment, if any, to be made to any one or more of the Conditions to account for the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, Nationalisation or Insolvency made by an options exchange to options on the Underlying Stock traded on that options exchange;
 - (ii) cancel the Certificates by giving notice to the Certificate Holders in accordance with Condition 9. If the Certificates are so cancelled, the Issuer will pay an amount to each Certificate Holder in respect of each Certificate held by such Certificate Holder which amount shall be the fair market value of a Certificate taking into account the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or any of its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its reasonable discretion. Payment will be made in such manner as shall be notified to the Certificate Holders in accordance with Condition 9; or
 - (iii) following any adjustment to the settlement terms of options on the Underlying Stock on such exchange(s) or trading system(s) or quotation system(s) as the Issuer in its reasonable discretion shall select (the "Option Reference Source") make a corresponding adjustment to any one or more of the Conditions, which adjustment will be effective as of the date determined by the Issuer to be the effective date of the corresponding adjustment made by the Option Reference Source. If options on the Underlying Stock are not traded on the Option Reference Source, the Issuer will make such adjustment, if any, to any one or more of the Conditions as the Issuer determines appropriate, with reference to the rules and precedents (if any) set by the Option Reference Source, to account for the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, that in the determination of the Issuer would have given rise to an adjustment by the Option Reference Source if such options were so traded.

Once the Issuer determines that its proposed course of action in connection with a Merger Event, Tender Offer, Nationalisation or Insolvency, it shall give notice to the Certificate Holders in accordance with Condition 9 stating the occurrence of the Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto. Certificate Holders

should be aware that due to the nature of such events, the Issuer will not make an immediate determination of its proposed course of action or adjustment upon the announcement or occurrence of a Merger Event, Tender Offer, Nationalisation or Insolvency.

- (d) "Insolvency" means that by reason of the voluntary or involuntary Definitions. liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting a Company (i) all the Underlying Stock of that Company is required to be transferred to a trustee, liquidator or other similar official or (ii) holders of the Underlying Stock of that Company become legally prohibited from transferring them. "Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Issuer. "Merger Event" means, in respect of the Underlying Stock, any (i) reclassification or change of such Underlying Stock that results in a transfer of or an irrevocable commitment to transfer all of such Underlying Stock outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of a Company with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Company is the continuing entity and which does not result in reclassification or change of all of such Underlying Stock outstanding), (iii) takeover offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Underlying Stock of the Company that results in a transfer of or an irrevocable commitment to transfer all such Underlying Stock (other than such Underlying Stock owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Company or its subsidiaries with or into another entity in which the Company is the continuing entity and which does not result in a reclassification or change of all such Underlying Stock outstanding but results in the outstanding Underlying Stock (other than Underlying Stock owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Underlying Stock immediately following such event, in each case if the Merger Date is on or before the Valuation Date. "Nationalisation" means that all the Underlying Stock or all or substantially all of the assets of a Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof. "Tender Offer" means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Company, as determined by the Issuer, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Issuer deems relevant.
- (e) Other Adjustments. Except as provided in this Condition 6 and Conditions 10 and 12, adjustments will not be made in any other circumstances, subject to the right reserved by the Issuer (such right to be exercised in the Issuer's sole discretion and without any obligation whatsoever) to make such adjustments and amendments as it believes appropriate in circumstances where an event or events occur which it believes in its sole discretion (and notwithstanding any prior adjustment made pursuant to the above) should, in the context of the issue of the Certificates and the obligations of the Issuer, give rise to such adjustment or, as the case may be, amendment provided that such adjustment or, as the case may be, amendment is considered by the Issuer not to be

materially prejudicial to the Certificate Holders generally (without considering the circumstances of any individual Certificate Holder or the tax or other consequences of such adjustment or amendment in any particular jurisdiction).

(f) Notice of Adjustments. All determinations made by the Issuer pursuant hereto will be conclusive and binding on the Certificate Holders. The Issuer will give, or procure that there is given, notice as soon as practicable of any adjustment and of the date from which such adjustment is effective by publication in accordance with Condition 9. For the avoidance of doubt, no notice will be given if the Issuer determines that adjustments will not be made.

7. Purchases

The Issuer, the Guarantor or any of their respective subsidiaries may at any time purchase Certificates at any price in the open market or by tender or by private treaty. Any Certificates so purchased may be held or resold or surrendered for cancellation.

8. Meetings of Certificate Holders; Modification

(a) Meetings of Certificate Holders. The Master Warrant Agent Agreement or Warrant Agent Agreement contains provisions for convening meetings of the Certificate Holders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Warrant Agent Agreement or Warrant Agent Agreement) of a modification of the provisions of the Certificates or of the Master Warrant Agent Agreement or Warrant Agent Agreement.

At least 21 days' notice (exclusive of the day on which the notice is given and of the day on which the meeting is held) specifying the date, time and place of the meeting shall be given to the Certificate Holders.

Such a meeting may be convened by the Issuer or by Certificate Holders holding not less than ten per cent. of the Certificates for the time being remaining unexercised. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 25 per cent. of the Certificates for the time being remaining unexercised, or at any adjourned meeting, two or more persons being or representing Certificate Holders whatever the number of Certificates so held or represented.

A resolution will be an Extraordinary Resolution when it has been passed at a duly convened meeting by not less than three-quarters of the votes cast by such Certificate Holders who, being entitled to do so, vote in person or by proxy.

An Extraordinary Resolution passed at any meeting of the Certificate Holders shall be binding on all the Certificate Holders whether or not they are present at the meeting. Resolutions can be passed in writing if passed unanimously.

(b) Modification. The Issuer may, without the consent of the Certificate Holders, effect (i) any modification of the provisions of the Certificates or the Master Instrument which is not materially prejudicial to the interests of the Certificate Holders or (ii) any modification of the provisions of the Certificates or the Master Instrument which is of a formal, minor or technical nature, which is made to correct an obvious error or which is necessary in order to comply with mandatory provisions of Singapore law. Any such modification shall be binding on the Certificate Holders and shall be notified to them by the Warrant Agent before the date such modification 9.

9. Notices

- (a) Documents. All cheques and other documents required or permitted by these Conditions to be sent to a Certificate Holder or to which a Certificate Holder is entitled or which the Issuer shall have agreed to deliver to a Certificate Holder may be delivered by hand or sent by post addressed to the Certificate Holder at his address appearing in the records maintained by CDP or, in the case of joint Certificate Holders, addressed to the joint holder first named at his address appearing in the records maintained by CDP, and airmail post shall be used if that address is not in Singapore. All documents delivered or sent in accordance with this paragraph shall be delivered or sent at the risk of the relevant Certificate Holder.
- (b) Notices. All notices to Certificate Holders will be validly given if published in English on the web-site of the SGX-ST. Such notices shall be deemed to have been given on the date of the first such publication. If publication on the web-site of the SGX-ST is not practicable, notice will be given in such other manner as the Issuer may determine. The Issuer shall, at least one month prior to the expiry of any Certificate, give notice of the date of expiry of such Certificate in the manner prescribed above.

10. Liquidation

In the event of a liquidation or dissolution of the Company or the appointment of a liquidator (including a provisional liquidator) or receiver or judicial manager or trustee or administrator or analogous person under Singapore or other applicable law in respect of the whole or substantially the whole of its undertaking, property or assets, all unexercised Certificates will lapse and shall cease to be valid for any purpose, in the case of voluntary liquidation, on the effective date of the relevant resolution and, in the case of an involuntary liquidation or dissolution, on the date of the relevant court order or, in the case of the appointment of a liquidator (including a provisional liquidator) or receiver or judicial manager or trustee or administrator or analogous person under Singapore or other applicable law in respect of the whole or substantially the whole of its undertaking, property or assets, on the date when such appointment is effective but subject (in any such case) to any contrary mandatory requirement of law. In the event of the voluntary liquidation of the Company, the Issuer shall make such adjustments or amendments as it reasonably believes are appropriate in the circumstances.

11. Further Issues

The Issuer shall be at liberty from time to time, without the consent of the Certificate Holders, to create and issue further certificates so as to form a single series with the Certificates, subject to the approval of the SGX-ST.

12. Delisting

- (a) Delisting. If at any time, the Underlying Stock ceases to be listed on the Relevant Stock Exchange, the Issuer shall give effect to these Conditions in such manner and make such adjustments and amendments to the rights attaching to the Certificates as it shall, in its absolute discretion, consider appropriate to ensure, so far as it is reasonably able to do so, that the interests of the Certificate Holders generally are not materially prejudiced as a consequence of such delisting (without considering the individual circumstances of any Certificate Holder or the tax or other consequences that may result in any particular jurisdiction).
- (b) Issuer's Determination. The Issuer shall determine, in its absolute discretion, any adjustment or amendment and its determination shall be conclusive and binding on the Certificate Holders save in the case of manifest error. Notice of any adjustments or

amendments shall be given to the Certificate Holders in accordance with Condition 9 as soon as practicable after they are determined.

13. Early Termination

(a) Early Termination for Illegality and Force Majeure, etc. If the Issuer determines that a Regulatory Event (as defined below) has occurred and, for reasons beyond its control, the performance of its obligations under the Certificates has become illegal or impractical in whole or in part for any reason, or the Issuer determines that, for reasons beyond its control, it is no longer legal or practical for it to maintain its hedging arrangements with respect to the Certificates for any reason, the Issuer may in its discretion and without obligation terminate the Certificates early in accordance with Condition 13(d).

Should any one or more of the provisions contained in the Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

For the purposes of this Condition:

"Regulatory Event" means, following the occurrence of a Change in Law (as defined below) with respect to the Issuer and/or Société Générale as Guarantor or in any other capacity (including without limitation as hedging counterparty of the Issuer, market maker of the Certificates or direct or indirect shareholder or sponsor of the Issuer) or any of its affiliates involved in the issuer of the Certificates (hereafter the "Relevant Affiliates" and each of the Issuer, Société Générale and the Relevant Affiliates, a "Relevant Entity") that, after the Certificates have been issued, (i) any Relevant Entity would incur a materially increased (as compared with circumstances existing prior to such event) amount of tax, duty, liability, penalty, expense, fee, cost or regulatory capital charge however defined or collateral requirements for performing its obligations under the Certificates or hedging the Issuer's obligations under the Certificates, including, without limitation, due to clearing requirements of, or the absence of, clearing of the transactions entered into in connection with the issue of, or hedging the Issuer's obligation under, the Certificates, (ii) it is or will become for any Relevant Entity impracticable, impossible (in each case, after using commercially reasonable efforts), unlawful, illegal or otherwise prohibited or contrary, in whole or in part, under any law, regulation, rule, judgement, order or directive of any governmental, administrative or judicial authority, or power, applicable to such Relevant Entity (a) to hold, acquire, issue, reissue, substitute, maintain, settle, or as the case may be, guarantee, the Certificates, (b) to acquire, hold, sponsor or dispose of any asset(s) (or any interest thereof) of any other transaction(s) such Relevant Entity may use in connection with the issue of the Certificates or to hedge the Issuer's obligations under the Certificates, (c) to perform obligations in connection with, the Certificates or any contractual arrangement entered into between the Issuer and Société Générale or any Relevant Affiliate (including without limitation to hedge the Issuer's obligations under the Certificates) or (d) to hold, acquire, maintain, increase, substitute or redeem all or a substantial part of its direct or indirect shareholding in the Issuer's capital or the capital of any Relevant Affiliate or to directly or indirectly sponsor the Issuer or any Relevant Affiliate, or (iii) there is or may be a material adverse effect on a Relevant Entity in connection with the issue of the Certificates.

"Change in law" means (i) the adoption, enactment, promulgation, execution or ratification of any applicable new law, regulation or rule (including, without limitation, any applicable tax law, regulation or rule) after the Certificates have been issued, (ii)

the implementation or application of any applicable law, regulation or rule (including, without limitation, any applicable tax law, regulation or rule) already in force when the Certificates have been issued but in respect of which the manner of its implementation or application was not known or unclear at the time, or (iii) the change of any applicable law, regulation or rule existing when the Certificates are issued, or the change in the interpretation or application or practice relating thereto, existing when the Certificates are issued of any applicable law, regulatory or rule, by any competent court, tribunal, regulatory authority or any other entity exercising executive, legislative, judicial, taxing, regulatory or administrative powers or functions of or pertaining to government (including any additional or alternative court, tribunal, authority or entity, to that existing when the Certificates are issued).

(b) Early Termination for Holding Limit Event. The Issuer may in its discretion and without obligation terminate the Certificates early in accordance with Condition 13(d) where a Holding Limit Event (as defined below) occurs.

For the purposes of this Condition:

"Holding Limit Event" means, assuming the investor is the Issuer and/or any of its affiliates, the Issuer together with its affiliates, in aggregate hold, an interest in the Underlying Stock, constituting or likely to constitute (directly or indirectly) ownership, control or the power to vote a percentage of any class of voting securities of the Underlying Stock, of the Underlying Stock in excess of a percentage permitted or advisable, as determined by the Issuer, for the purpose of its compliance with the Bank Holding Company Act of 1956 as amended by Section 619 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Volcker Rule), including any requests, regulations, rules, guidelines or directives made by the relevant governmental authority under, or issued by the relevant governmental authority in connection with, such statutes.

- (c) Early Termination for other reasons. The Issuer reserves the right (such right to be exercised in the Issuer's sole and unfettered discretion and without any obligation whatsoever) to terminate the Certificates in accordance with Condition 13(d) where an event or events occur which it believes in its sole discretion should, in the context of the issue of the Certificates and the obligations of the Issuer, give rise to such termination provided that such termination (i) is considered by the Issuer not to be materially prejudicial to the interests of Certificate Holders generally (without considering the circumstances of any individual Certificate Holder or the tax or other consequences of such termination in any particular jurisdiction); or (ii) is otherwise considered by the Issuer to be appropriate and such termination is approved by the SGX-ST.
- (d) Termination. If the Issuer terminates the Certificates early, then the Issuer will give notice to the Certificate Holders in accordance with Condition 9. The Issuer will, if and to the extent permitted by applicable law, pay an amount to each Certificate Holder in respect of each Certificate held by such holder equal to the fair market value of a Certificate notwithstanding such illegality, impracticality or the relevant event less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Certificate Holders in accordance with Condition 9.

14. Governing Law

The Certificates, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement will be governed by and construed in accordance with Singapore law. The Issuer and the Guarantor and each Certificate Holder (by its purchase of the Certificates) shall be deemed to have submitted for all purposes in connection with the Certificates, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement to the non-exclusive jurisdiction of the courts of Singapore. The Guarantee shall be governed by and construed in accordance with Singapore law.

15. Prescription

Claims against the Issuer for payment of any amount in respect of the Certificates will become void unless made within six years of the Expiry Date and, thereafter, any sums payable in respect of such Certificates shall be forfeited and shall revert to the Issuer.

16. Contracts (Rights of Third Parties) Act, Chapter 53B of Singapore

Unless otherwise provided in the Global Warrant, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement, a person who is not a party to any contracts made pursuant to the Global Warrant, the Master Instrument and the Master Warrant Agent Agreement or Warrant Agent Agreement has no rights under the Contracts (Rights of Third Parties) Act, Chapter 53B of Singapore to enforce any terms of such contracts. Except as expressly provided herein, the consent of any third party is not required for any subsequent agreement by the parties hereto to amend or vary (including any release or compromise of any liability) or terminate such contracts.

INFORMATION RELATING TO THE EUROPEAN STYLE CASH SETTLED SHORT CERTIFICATES ON SINGLE EQUITIES

What are European Style Cash Settled Short Certificates on Single Equities?

European style cash settled short certificates on single equities (the "**Certificates**") are structured products relating to the Underlying Stock and the return on a Certificate is linked to the performance of the Leverage Inverse Strategy.

A) Cash Settlement Amount Payable upon the Exercise of the Certificates at Expiry

Upon the exercise of the Certificates at expiry, the Certificate Holders would be paid a Cash Settlement Amount in respect of each Certificate.

The Cash Settlement Amount, in respect of each Certificate, shall be an amount payable in the Settlement Currency equal to the Closing Level multiplied by the Notional Amount per Certificate.

The Closing Level, in respect of each Certificate, shall be an amount payable in the Settlement Currency equal to (1) divided by (2) less (3) subject to any adjustments such as (4), where:

- (1) is the Final Reference Level multiplied by the Final Exchange Rate;
- (2) is the Initial Reference Level multiplied by the Initial Exchange Rate;
- (3) is the Strike Level; and
- (4) is the Hedging Fee Factor.

If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates shall be deemed to have been automatically exercised and investors will receive a Cash Settlement Amount. If the Cash Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired. Please refer to the section headed "Terms and Conditions of the European Style Cash Settlement Long/Short Certificates on Single Equities" for further details on the calculation of the Cash Settlement Amount.

The Certificates are only suitable for investors who believe that the price of the Underlying Stock will decrease and are seeking short-term leveraged inverse exposure to the Underlying Stock.

B) Trading the Certificates before Expiry

If the Certificate Holders want to cash out their investments in the Certificates before the expiry of the Certificates, they may sell the Certificates in the secondary market during the life of the Certificates, and would be subject to the following fees and charges:

- (i) For Certificate Holders who trade the Certificates intraday: shall pay normal transaction and brokerage fees for the trading of the Certificates on the SGX-ST, and may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Certificates are transferred; and
- (ii) For Certificate Holders who hold the Certificates overnight: in addition to the normal transaction and brokerage fees and applicable stamp taxes, would also be required to bear the Management Fee and Gap Premium as well as certain costs embedded within the Leverage Inverse Strategy including the Stock Borrowing Cost and Rebalancing Cost.

Illustration of the Calculation of Hedging Fee Factor

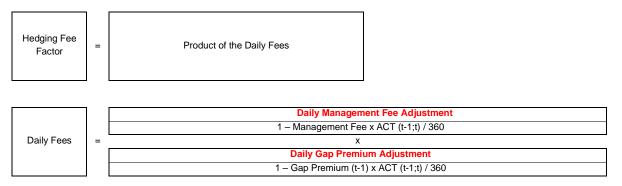

Illustration of the Calculation of Cash Settlement Amount

Cash Settlement Amount = Final Value of Certificates - Strike Level (zero)

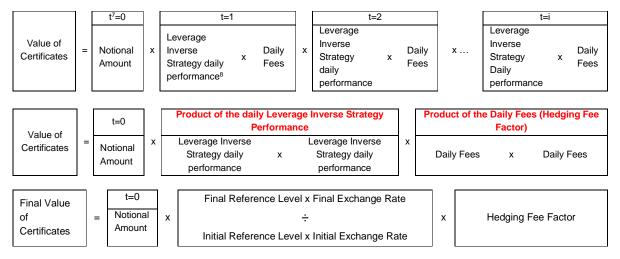

Illustration of the applicable fees and charges for an intraday trading scenario

Hedging Fee is implemented overnight in the price of the Certificate. As a consequence, when trading intraday, investors will not bear any Hedging Fee.

Investors will only support bid/ask costs, which are the difference between the price at which the Designated Market Maker purchases (bid) and sells (ask) the Certificate at any point of time.

⁷ "t" refers to "**Observation Date**" which means each Exchange Business Day (subject to Market Disruption Event) from (and including) the Exchange Business Day immediately preceding the Expected Listing Date to the Valuation Date.

⁸ Leverage Inverse Strategy daily performance is computed as the Leverage Inverse Strategy Closing Level on Business Day (t) divided by the Leverage Inverse Strategy Closing Level on Business Day (t-1).

Example of Calculation of Hedging Fee Factor and Cash Settlement Amount

The example is purely hypothetical. We include the example to illustrate how the Certificates work, and you MUST NOT rely on them as any indication of the actual return or what the payout on the Certificates might actually be. The example also assumes a product which expires 16 days after listing date, to illustrate the daily calculation of price, costs and fees from listing date to expiry date.

Assuming an investor purchases the following Certificates at the Issue Price:

| Underlying Stock: | Ordinary shares of Genting Singapore Limited |
|----------------------------------|--|
| Expected Listing Date: | 03/07/2018 |
| Expiry Date: | 18/07/2018 |
| Initial Reference Level: | 1,000 |
| Initial Exchange Rate: | 1 |
| Final Reference Level: | 1,200 |
| Final Exchange Rate: | 1 |
| Issue Price: | 1.20 SGD |
| Notional Amount per Certificate: | 1.20 SGD |
| Management Fee (p.a.): | 0.40% |
| Gap Premium (p.a.): | 5.00% |
| Strike Level: | Zero |

Hedging Fee Factor

Hedging Fee Factor on the n^{th} Exchange Business Day after issuance of Certificate ("HFF (n)") is calculated as follows:

HFF(0) = 100%

On Next Calendar Day (assuming it is an Exchange Business Day):

HFF (1) = HFF (0) ×
$$\left(1 - \text{Management Fee} \times \frac{\text{ACT } (t - 1; t)}{360}\right)$$
 × $\left(1 - \text{Gap Premium} \times \frac{\text{ACT } (t - 1; t)}{360}\right)$
HFF (1) = 100% × $\left(1 - 0.40\% \times \frac{1}{360}\right)$ × $\left(1 - 5.00\% \times \frac{1}{360}\right)$
HFF (1) = 100% × 99.9989% × 99.9861% ≈ 99.9850%

Assuming 2nd Exchange Business Day falls 3 Calendar Days after 1st Exchange Business Day:

$$HFF(2) = HFF(1) \times \left(1 - Management Fee \times \frac{ACT(t-1;t)}{360}\right) \times \left(1 - Gap Premium \times \frac{ACT(t-1;t)}{360}\right)$$

HFF (2) = 99.9850% × $\left(1 - 0.40\% \times \frac{3}{360}\right) \times \left(1 - 5.00\% \times \frac{3}{360}\right)$

HFF (2) = $99.9850\% \times 99.9967\% \times 99.9583\% \approx 99.9400\%$

The same principle applies to the following Exchange Business Days:

$$HFF(n) = HFF(n-1) \times \left(1 - Management Fee \times \frac{ACT(t-1;t)}{360}\right) \times \left(1 - Gap \text{ Premium } \times \frac{ACT(t-1;t)}{360}\right)$$

In this example, the Hedging Fee Factor as of the Valuation Date would be equal to 99.7752 % as illustrated below:

| Date | HFF |
|-----------|-----------|
| 3/7/2018 | 100.0000% |
| 4/7/2018 | 99.9850% |
| 5/7/2018 | 99.9700% |
| 6/7/2018 | 99.9550% |
| 9/7/2018 | 99.9100% |
| 10/7/2018 | 99.8950% |
| 11/7/2018 | 99.8801% |
| 12/7/2018 | 99.8651% |
| 13/7/2018 | 99.8501% |
| 16/7/2018 | 99.8052% |
| 17/7/2018 | 99.7902% |
| 18/7/2018 | 99.7752% |

Cash Settlement Amount

In this example, the Closing Level and the Cash Settlement Amount would be computed as follows:

Closing Level = [(Final Reference Level x Final Exchange Rate) / (Initial Reference Level x Initial Exchange Rate) – Strike Level] x Hedging Fee Factor

= [(1200 x 1) / (1000 x 1) - 0] x 99.7752%

= 119.73%

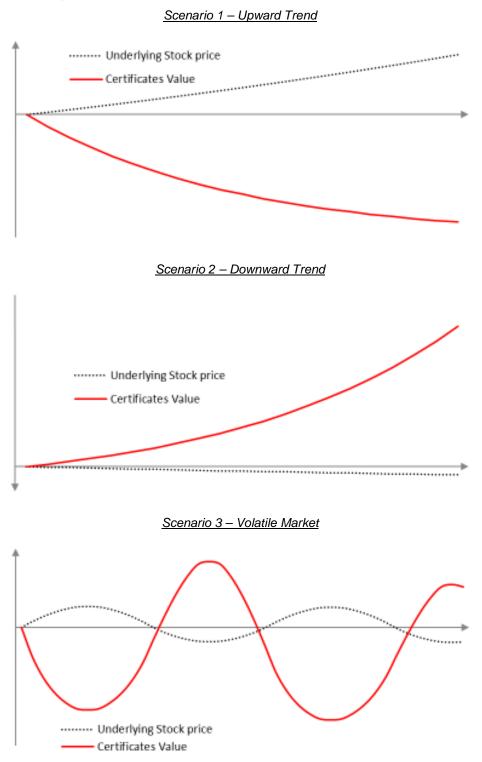

Cash Settlement Amount = Closing Level x Notional Amount per Certificate = 119.73% x 1.20 SGD

= 1.437 SGD

Illustration on how returns and losses can occur under different scenarios

The examples are purely hypothetical and do not take fees and charges payable by investors into consideration. The examples highlight the effect of the Underlying Stock performance on the value of the Certificates and do not take into account the possible influence of fees, exchange rates, dividends, or any other market parameters.

Description of Air Bag Mechanism

The Certificates integrate an "Air Bag Mechanism" which is designed to reduce exposure to the Underlying Stock during extreme market conditions.

When the Air Bag triggers, a 30-minute period starts. This period is divided into two sub-periods:

- <u>Observation Period</u> : during 15 minutes after the Air Bag trigger, the price of the Underlying Stock is observed and its maximum price is recorded; and
- <u>Reset Period</u>: after 15 minutes, the Leverage Inverse Strategy is reset using the maximum price of the Underlying Stock during the Observation Period as the New Observed Price. The New Observed Price replaces the last closing price of the Underlying Stock in order to compute the performance of the Leverage Inverse Strategy, 30 minutes after the Air Bag trigger.

Trading of Certificates is suspended for at least 30 minutes after the Air Bag is triggered. Investors cannot sell or purchase any Certificates during this period.

The performance of the Leverage Inverse Strategy will be the inverse of the Underlying Stock.

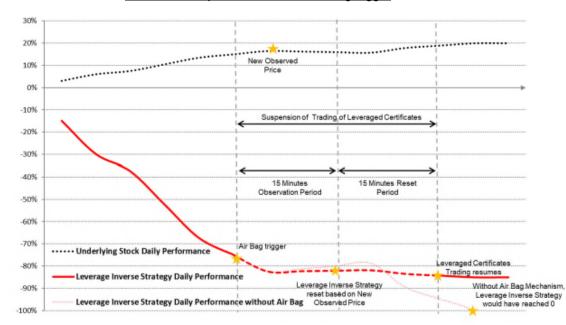

Air Bag Mechanism timeline

| Air Bag Trigger | Observation Period | Resumption of Trading |
|---|---|--|
| More than 45 minutes before Market Close | | Trading resumes the same day between 30 and 45 minutes after Air Bag Trigger |
| 45 minutes before Market Close | | |
| 30 to 45 minutes before Market Close | First 15 minutes after Air Bag Trigger | |
| 30 minutes before Market Close | | |
| 15 to 30 minutes before Market Close | | Next trading day at Market Open |
| 15 minutes before Market Close | | |
| Less than 15 minutes before Market Close | From Air Bag Trigger to Market Close | |

With Market Close defined as:

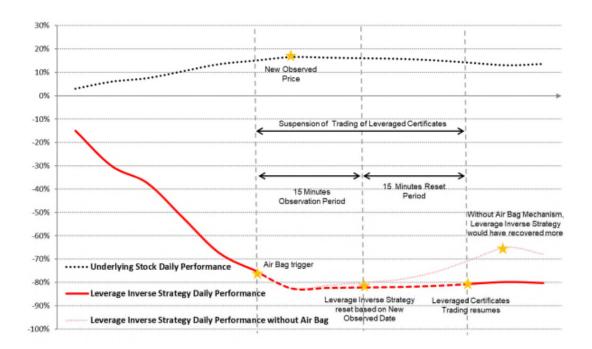

- Underlying Stock closing time with respect to the Observation Period
- The sooner between Underlying Stock closing time and SGX closing time with respect to the Resumption of Trading

Illustrative examples of the Air Bag Mechanism⁹

Scenario 1 – Upward Trend after Air Bag trigger

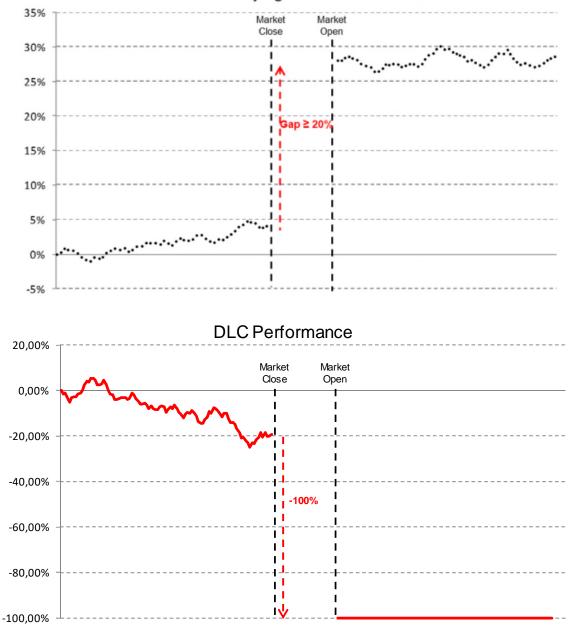

⁹ The illustrative examples are not exhaustive.

Scenarios where the investor may lose the entire value of the investment

The scenarios below are purely hypothetical and do not take fees and charges payable by investors into consideration. The scenarios highlight cases where the Certificates may lose 100% of their value.

Scenario 1 – Overnight rise of the Underlying Stock

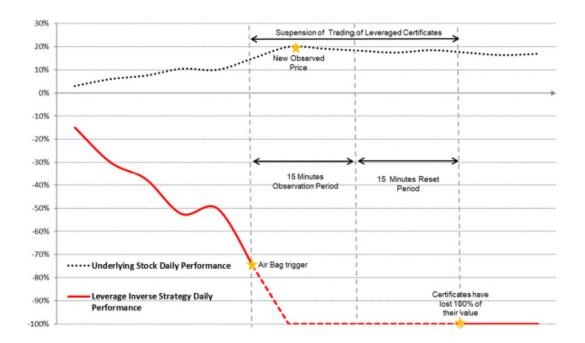

On any business day, the opening price of the Underlying Stock may be higher or lower than the closing price on the previous day. The difference between the previous closing price and the opening price of the Underlying Stock is termed a "gap". If the opening price of the Underlying Stock is 20% or more above the previous day closing price, the Air Bag Mechanism would only be triggered when the market opens the following day, and the Certificates would lose their entire value in such event.

Underlying Stock Performance

Scenario 2 – Sharp intraday rise of the Underlying Stock

Although the Air Bag Mechanism is designed to reduce the exposure to the Underlying Stock during extreme market conditions, the Certificate can lose 100% of its value in the event the price of the Underlying Stock rises by 20% or more within the 15 minutes Observation Period compared to the reference price, being: (i) if air bag has not been previously triggered on the same day, the previous closing price of the Underlying Stock, or (ii) if one or more air bag have been previously triggered on the same day, the latest New Observed Price. The Certificates would lose their entire value in such event.

Examples and illustrations of adjustments due to certain corporate actions

The examples are purely hypothetical and do not take fees and charges payable by investors into consideration. The examples highlight the effect of corporate actions on the value of the Certificates and do not take into account the possible influence of fees, exchange rates, or any other market parameters.

In the case of any corporate action on the Underlying Stock, the Calculation Agent will, as soon as reasonably practical after it becomes aware of such event, determine whether such corporate action has a dilutive or concentrative effect on the theoretical value of the Underlying Stock, and if so, will (a) calculate the corresponding adjustment, if any, to be made to the elements relating to the Underlying Stock which are used to determine any settlement or payment terms under the Certificates and/or adjust at its discretion any other terms of the Certificates as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Certificates and (b) determine the effective date of such adjustment.

Notwithstanding the foregoing, in the event Observation Date (t) is an ex-date with respect to a corporate action related to the Underlying Stock, the Calculation Agent may, in its sole and absolute discretion, replace the $Rfactor_t$ with respect to such Observation Date (t) by an amount computed according to the following generic formula :

$$Rfactor_{t} = \left[1 - \frac{Div_{t} + DivExc_{t} - M \times R}{S_{t-1}}\right] \times \frac{1}{1 + M}$$

This formula is provided for indicative purposes and the Calculation Agent may determine that this formula is not appropriate for certain corporate actions and may apply a different formula instead.

Such adjustment of $Rfactor_t$ would affect the Leveraged Return, the Rebalancing Cost, and the Underlying Reference Price used to determine the Intraday Restrike Event. The Air Bag mechanism would not be triggered if the stock price rises by 15% exclusively because of the dilutive effect of a corporate action.

Where:

 $DivExc_t$ is the amount received as an Extraordinary Dividend by a holder of existing Shares for each Share held prior to the Extraordinary Dividend, net of any applicable withholding taxes.

M is the number of new Share(s) (whether a whole or a fraction) per existing Share each holder thereof is entitled to subscribe or to receive (positive amount) or the number of existing Shares redeemed or canceled per existing Share (negative amount), as the case may be, resulting from the corporate action.

R is the subscription price per Share (positive amount) or the redemption price per Share (negative amount) including any dividends or other benefits forgone to be subscribe to or to receive (as applicable), or to redeem a Share.

1. Stock split

Assuming the Underlying Stock is subject to a 1 to 2 stock split (i.e. 1 new Share for every 1 existing share):

 $S_{t-1} = 100 $S_t = 51 $Div_t = 0 $DivExc_t = 0 M = 1 (i.e. 1 new Shares for 1 existing Share)

R = \$0 (no subscription price / redemption price)

$$Rfactor_t = \left[1 - \frac{0 + 0 - 2 \times 0}{100}\right] \times \frac{1}{1 + 1} = 50\%$$

As a consequence:

$$LR_{t-1,t} = Leverage \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1\right) = -5 \times \left(\frac{51}{100 \times 50\%} - 1\right) = -10\%$$

| S _{t-1} | $S_{t-1} \times Rfactor_t$ | S _t | Adjusted Underlying Stock Performance |
|------------------|----------------------------|----------------|--|
| 100 | 50 | 51 | 2% |

| Value of the Certificate (t-1) | Value of the Certificate (t) | Certificates' performance (excluding any cost and fees) |
|--------------------------------|------------------------------|--|
| 1.20 | 1.08 | -10% |

In such case an Intraday Restrike Event would occur if the Underlying Stock price rises to \$57.5, which is 15% above \$50, the Underlying Stock Reference Price.

2. Share Consolidation

Assuming the Underlying Stock is subject to a 2 to 1 share consolidation (i.e. 1 Share canceled for every 2 existing Shares):

 $S_{t-1} =$ \$100

 $S_t = 202

 $\text{Div}_{t} = \$0$

 $DivExc_t = \$0$

M = -0.5 (i.e. 0.5 Shares canceled for each 1 existing Share)

R = \$0 (no subscription price / redemption price)

$$Rfactor_t = \left[1 - \frac{0 + 0 - (-0.5) \times 0}{100}\right] \times \frac{1}{1 + (-0.5)} = 200\%$$

As a consequence:

$$LR_{t-1,t} = Leverage \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1\right) = -5 \times \left(\frac{202}{100 \times 200\%} - 1\right) = -5\%$$

| S _{t-1} | $S_{t-1} \times Rfactor_t$ | S _t | Adjusted Underlying Stock Performance |
|------------------|----------------------------|----------------|--|
| 100 | 200 | 202 | 1% |

| Value of the Certificate (t-1) | Value of the Certificate (t) | Certificates' | performance |
|--------------------------------|------------------------------|-------------------|---------------|
| | | (excluding any co | ost and fees) |
| 1.20 | 1.14 | -5% | |

In such case an Intraday Restrike Event would occur if the Underlying Stock price rises to \$230, which is 15% above \$200, the Underlying Stock Reference Price.

3. Rights Issues

Assuming there is a rights issue with respect to the Underlying Stock, with a right to receive 1 new Share for every 2 existing Shares, for a subscription price of \$40.

 $S_{t-1} = 100

 $S_t = 84

 $\text{Div}_t = \$0$

 $DivExc_t = \$0$

R = \$40 (i.e. subscription price of \$40)

M = 0.5 (i.e. 1 new share for every 2 existing shares)

$$Rfactor_t = \left[1 - \frac{0 + 0 - 0.5 \times 40}{100}\right] \times \frac{1}{1 + 0.5} = 80\%$$

As a consequence:

 $LR_{t-1,t} = Leverage \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1\right) = -5 \times \left(\frac{84}{100 \times 80\%} - 1\right) = -25\%$

| S _{t-1} | $S_{t-1} \times Rfactor_t$ | S _t | Adjusted Underlying Stock Performance |
|------------------|----------------------------|----------------|--|
| 100 | 80 | 84 | 5% |

| Value of the Certificate (t-1) | Value of the Certificate (t) | Certificates' performance (excluding any cost and fees) |
|--------------------------------|------------------------------|--|
| 1.20 | 0.90 | -25% |

In such case an Intraday Restrike Event would occur if the Underlying Stock price rises to \$92, which is 15% above \$80, the Underlying Stock Reference Price.

4. Bonus Issues

Assuming there is a bonus issue with respect to the Underlying Stock, where shareholders receive 1 bonus share for 5 existing shares:

 $S_{t-1} = 100

S_t = \$85

 $Div_t = \$0$

 $DivExc_t = \$0$

R = \$0

M = 0.2 (i.e. 1 new share for 5 existing shares)

$$Rfactor_t = \left[1 - \frac{0 + 0 - 0.2 \times 0}{100}\right] \times \frac{1}{1 + 0.2} = 83.33\%$$

As a consequence:

$$LR_{t-1,t} = Leverage \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1\right) = -5 \times \left(\frac{85}{100 \times 83.33\%} - 1\right) = -10\%$$

| S _{t-1} | $S_{t-1} \times Rfactor_t$ | St | Adjusted Underlying Stock Performance |
|------------------|----------------------------|----|--|
| 100 | 83.33 | 85 | 2% |

| Value of the Certificate (t-1) | Value of the Certificate (t) | Certificates' performance (excluding any cost and fees) |
|--------------------------------|------------------------------|--|
| 1.20 | 1.08 | -10% |

In such case an Intraday Restrike Event would occur if the Underlying Stock price rises to \$95.83, which is 15% above \$83.33, the Underlying Stock Reference Price.

5. Extraordinary Dividend

Assuming there is an extraordinary dividend of \$20 (net of taxes) paid in respect of each stock.

 $S_{t-1} = 100 $S_t = 84 $Div_t = 0 $DivExc_t = 20 R = \$0M = 0

$$Rfactor_t = \left[1 - \frac{0 + 20 - 0 \times 0}{100}\right] \times \frac{1}{1 + 0} = 80\%$$

As a consequence:

$$LR_{t-1,t} = Leverage \times \left(\frac{S_t}{S_{t-1} \times Rfactor_t} - 1\right) = -5 \times \left(\frac{84}{100 \times 80\%} - 1\right) = -25\%$$

| S _{t-1} | $S_{t-1} \times Rfactor_t$ | S _t | Adjusted Underlying Stock Performance |
|------------------|----------------------------|----------------|--|
| 100 | 80 | 84 | 5% |

| Value of the Certificate (t-1) | Value of the Certificate (t) | Certificates' performance (excluding any cost and fees) |
|--------------------------------|------------------------------|--|
| 1.20 | 0.90 | -25% |

In such case an Intraday Restrike Event would occur if the Underlying Stock price rises to \$92, which is 15% above \$80, the Underlying Stock Reference Price.

The information set out in Appendix I of this document relates to the audited consolidated financial statements of the Company and its subsidiaries for the year ended 31 December 2020 and has been extracted and reproduced from an announcement by the Company dated 24 March 2021 in relation to the same. Further information relating to the Company may be located on the web-site of the SGX-ST at http://www.sgx.com.

INFORMATION RELATING TO THE DESIGNATED MARKET MAKER

Société Générale has been appointed the designated market maker ("**DMM**") for the Certificates. The DMM will provide competitive buy and sell quotes for the Certificates continuously during the trading hours of the SGX-ST on the following basis:

| (a) | Maximum bid and offer spread | : | (i) when the best bid price of the Certificate is S\$10 and below: 10 ticks or S\$0.20 whichever is greater; and |
|-----|--|---|--|
| | | | (ii) when the best bid price of the Certificate is above S\$10: 5% of the best bid price of the Certificate. |
| (b) | Minimum quantity subject to bid and offer spread | : | 10,000 Certificates |
| (c) | Last Trading Day for Market Making | | The date falling 5 Business Days immediately preceding the Expiry Date |

In addition, the DMM may not provide a quotation in the following circumstances:

- (i) during the pre-market opening and five minutes following the opening of the SGX-ST on any trading day;
- (ii) if the Certificates are valueless (where the Issuer's bid price is below the minimum bid size for such securities as prescribed by the SGX-ST);
- (iii) where the Certificates are suspended from trading for any reason;
- (iv) market disruption events, including, without limitation, any suspension of or limitation imposed on trading (including but not limited to unforeseen circumstances such as by reason of movements in price exceeding limits permitted by the SGX-ST or any act of God, war, riot, public disorder, explosion, terrorism or otherwise) in the Underlying Stock;
- (v) where the Issuer or the DMM faces technical problems affecting the ability of the DMM to provide bids and offer quotations;
- (vi) where the ability of the Issuer to source a hedge or unwind an existing hedge, as determined by the Issuer in good faith, is materially affected by the prevailing market conditions, and the Issuer informs the SGX-ST of its inability to do so as soon as practicable;
- (vii) in cases where the Issuer has no Certificates to sell, then the DMM will only provide the bid price;
- (viii) if the stock market experiences exceptional price movement and volatility;
- (ix) when it is a public holiday in Singapore and/or the SGX-ST is not open for dealings; and
- (x) during the suspension of trading of Certificates after an Air Bag Mechanism has been triggered.

The last trading day on which the DMM will provide competitive quotations for the Certificates would be the fifth Business Day immediately preceding the Expiry Date.

SUPPLEMENTAL INFORMATION RELATING TO THE GUARANTOR

The information set out in Appendix II of this document is a reproduction of the press release dated 10 February 2021 containing the Guarantor's consolidated financial results for the fourth quarter ended 31 December 2020.

SUPPLEMENTAL GENERAL INFORMATION

The information set out herein is supplemental to, and should be read in conjunction with, the information set out on page 105 of the Base Listing Document.

- Save as disclosed in this document and the Base Listing Document, neither the Issuer nor the Guarantor is involved in any legal or arbitration proceedings (including any proceedings which are pending or threatened of which the Issuer or the Guarantor is aware) which may have or have had in the previous 12 months a significant effect on the financial position of the Issuer or the Guarantor in the context of the issuance of the Certificates.
- 2. Settlement of trades done on a normal "ready basis" on the SGX-ST generally take place on the second Business Day following the transaction. Dealing in the Certificates will take place in Board Lots in Singapore dollars. For further details on the transfer of Certificates and their exercise, please refer to the section headed "Summary of the Issue" above.
- 3. It is not the current intention of the Issuer to apply for a listing of the Certificates on any stock exchange other than the SGX-ST.
- 4. Save as disclosed in the Base Listing Document and herein, there has been no material adverse change in the financial position or prospects of the Issuer since 31 December 2019 or the Guarantor since 31 December 2020, in the context of the issuance of Certificates hereunder.
- 5. The following contracts, relating to the issue of the Certificates, have been or will be entered into by the Issuer and/or the Guarantor and may be material to the issue of the Certificates:
 - (a) the Guarantee;
 - (b) the Master Instrument; and
 - (c) the Master Warrant Agent Agreement.

None of the directors of the Issuer and the Guarantor has any direct or indirect interest in any of the above contracts.

6. The Auditors of the Issuer and the Guarantor have given and have not withdrawn their written agreement to the inclusion of the report, included herein, in the form and context in which it is included. Their report was not prepared exclusively for incorporation into this document.

The Auditors of the Issuer and the Guarantor have no shareholding in the Issuer or the Guarantor or any of its subsidiaries, nor do they have the right (whether legally enforceable or not) to subscribe for or to nominate persons to subscribe for securities of the Issuer or the Guarantor or any of its subsidiaries.

- 7. The Certificates are not fully covered by the Underlying Stock held by Issuer or a trustee for and on behalf of the Issuer. The Issuer has appropriate risk management capabilities to manage the issue of the Certificates.
- 8. Société Générale, Singapore Branch, currently of 8 Marina Boulevard, #12-01 Marina Bay Financial Centre Tower 1, Singapore 018981, has been authorised to accept, on behalf of the Issuer and the Guarantor, service of process and any other notices required to be served on the Issuer or the Guarantor. Any notices required to be served on the Issuer or the Guarantor should be sent to Société Générale at the above address for the attention of Société Générale Legal Department.

- 9. Copies of the following documents may be inspected during usual business hours on any weekday (Saturdays, Sundays and holidays excepted) at the offices of Société Générale, Singapore Branch at 8 Marina Boulevard, #12-01 Marina Bay Financial Centre Tower 1, Singapore 018981, during the period of 14 days from the date of this document:
 - (a) the Memorandum and Articles of Association of the Issuer and the Constitutional Documents of the Guarantor;
 - (b) the latest financial reports (including the notes thereto) of the Issuer;
 - (c) the latest financial reports (including the notes thereto) of the Guarantor;
 - (d) the consent letters from the Auditors to the Issuer and the Guarantor referred to in paragraph 6 above;
 - (e) the Base Listing Document;
 - (f) this document; and
 - (g) the Guarantee.

PLACING AND SALE

General

No action has been or will be taken by the Issuer that would permit a public offering of the Certificates or possession or distribution of any offering material in relation to the Certificates in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Certificates, or distribution of any offering material relating to the Certificates may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws or regulations and will not impose any obligation on the Issuer. In the event that the Issuer contemplates a placing, placing fees may be payable in connection with the issue and the Issuer may at its discretion allow discounts to placees.

Each Certificate Holder undertakes that it will inform any subsequent purchaser of the terms and conditions of the Certificates and all such subsequent purchasers as may purchase such securities from time to time shall deemed to be a Certificate Holder for the purposes of the Certificates and shall be bound by the terms and conditions of the Certificates.

Singapore

This document has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this document and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of Certificates may not be circulated or distributed, nor may Certificates be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than pursuant to, and in accordance with the conditions of, any applicable provision of the Securities and Futures Act, Chapter 289 of Singapore.

Hong Kong

Each dealer has represented and agreed, and each further dealer appointed in respect of the Certificates and each other purchaser will be required to represent and agree, that:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Certificates (except for Certificates which are a "structured product" as defined in the Securities and Futures Ordinance (Cap.571) of Hong Kong) other than (i) to "professional investors" as defined in the Securities and Futures Ordinance and any rules made under that Ordinance; or (ii) in other circumstances which do not result in the document being a "prospectus", as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (CWUMPO) or which do not constitute an offer to the public within the meaning of that Ordinance; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Certificates, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Certificates which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the Securities and Futures Ordinance and any rules made under that Ordinance.

European Economic Area and the United Kingdom

Each dealer represents and agrees, and each further dealer appointed in respect of the

Certificates will be required to represent and agree that, it has not offered, sold or otherwise made available and will not offer, sell, or otherwise make available any Certificates which are the subject of the offering as contemplated by this document to any retail investor in the European Economic Area or in the United Kingdom. For the purposes of this provision:

- (a) the expression "retail investor" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II"); or
 - (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the Insurance Distribution Directive), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended and superseded, the Prospectus Regulation); and
- (b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Certificates to be offered so as to enable an investor to decide to purchase or subscribe the Certificates.

In respect of the United Kingdom, each dealer has further represented and agreed, and each further dealer appointed in respect of the Certificates will be required to further represent and agree, that:

- (a) in respect to Certificates having a maturity of less than one year: (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and (ii) it has not offered or sold and will not offer or sell any Certificates other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Certificates would otherwise constitute a contravention of Section 19 of Financial Services and Markets Act, as amended (the "FSMA") by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Certificates in circumstances in which section 21(1) of the FSMA does not apply to the Issuer or the Guarantor; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Certificates in, from or otherwise involving the United Kingdom.

United States

The Certificates and the Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") or any state securities law, and trading in the Certificates has not been approved by the United States Commodity Futures Trading Commission (the "CFTC") under the United States Commodity Exchange Act of 1936, as amended (the "Commodity Exchange Act") and the Issuer will not be registered as an investment company under the United States Investment Company Act of 1940, as amended, and the rules and regulations thereunder. None of the Securities and Exchange Commission, any state securities commission or regulatory authority or any other United States, French or other regulatory authority has approved or disapproved of the

Certificates or the Guarantee or passed upon the accuracy or adequacy of this document. Accordingly, Certificates, or interests therein, may not at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, nor may any U.S. person at any time trade, own, hold or maintain a position in the Certificates or any interests therein. In addition, in the absence of relief from the CFTC, offers, sales, re-sales, trades, pledges, exercises, redemptions, transfers or deliveries of Certificates, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons, may constitute a violation of United States law governing commodities trading and commodity pools. Consequently, any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. person will not be recognised.

Each dealer has represented and agreed, and each further dealer will be required to represent and agree, that it has not and will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, Certificates in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, trade, pledge, exercise, redeem, transfer or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any such U.S. person. Any person purchasing Certificates of any tranches must agree with the relevant dealer or the seller of such Certificates that (i) it will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, any Certificates in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale, trade, pledge, exercise, redeemption, transfer or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person, and (ii) it is not purchasing any Certificates for the account or benefit of any U.S. person.

Exercise or otherwise redemption of Certificates will be conditional upon certification that each person exercising or otherwise redeeming a Certificate is not a U.S. person or in the United States and that the Certificate is not being exercised or otherwise redeemed on behalf of a U.S. person. No payment will be made to accounts of holders of the Certificates located in the United States.

As used in the preceding paragraphs, the term "**United States**" includes the territories, the possessions and all other areas subject to the jurisdiction of the United States of America, and the term "**U.S. person**" means any person who is (i) a U.S. person as defined under Regulation S under the Securities Act, (ii) a U.S. person as defined in paragraph 7701(a)(30) of the Internal Revenue Code of 1986, or (iii) a person who comes within any definition of U.S. person for the purposes of the United States Commodity Exchange Act of 1936, as amended (the "**CEA**") or any rules thereunder of the CFTC (the "**CFTC Rules**"), guidance or order proposed or issued under the CEA (for the avoidance of doubt, any person who is not a "Non-United States person" defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons", shall be considered a U.S. person).

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

1. GENERAL

Genting Singapore Limited is listed on the Main Board of the Singapore Exchange Securities Trading Limited ("SGX-ST").

The address of the Company's registered office is 10 Sentosa Gateway, Resorts World Sentosa, Singapore 098270.

The Company's principal activity is that of an investment holding company. The principal activities of the Company's subsidiaries include the development and operation of integrated resort, operation of casinos, provision of sales and marketing support services to leisure and hospitality related businesses and investments.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)s") under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I)s requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

Interpretations and amendments to published standards effective in 2020

On 1 January 2020, the Group and the Company have adopted the new or amended SFRS(I)s that are effective for financial year beginning on or after 1 January 2020. The adoption of the new SFRS(I)s did not result in any significant changes to the accounting policies and had no material effect on the amounts reported for the current or prior financial years.

There are no other standards that are not yet effective that would be expected to have a material impact on the Group and the Company in the current or foreseeable future reporting periods.

2.2 Group accounting

(a) Subsidiaries

(i) Consolidation

Subsidiaries are entities (including special purpose entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Group accounting (Continued)

(a) Subsidiaries (Continued)

(i) Consolidation (Continued)

Subsidiaries are consolidated from the date on which control is transferred to the Group and are deconsolidated from the date that control ceases. All intercompany transactions, balances and unrealised gains on transactions between the Group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Where necessary, accounting policies of the subsidiaries have been changed to ensure consistency with the policies adopted by the Group.

Non-controlling interests are that part of the net results of operations and of net assets of a subsidiary attributable to the interests which are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and the statement of financial position. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations by the Group. Under this method, the cost of an acquisition of a subsidiary or business is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of acquisition. The cost of acquisition also includes the fair value of any contingent consideration arrangement.

If the business combination is achieved in stages, previously held equity interest in the acquiree is re-measured to fair value at the acquisition date and any corresponding gain or loss is recognised in the profit or loss.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill (see accounting policy note on intangible assets). If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Group accounting (Continued)

(a) Subsidiaries (Continued)

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. The profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest; and (ii) the previous carrying amount of the assets (including goodwill), and the liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred to retained earnings if required by a specific standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

(b) Joint venture

The Group's interests in joint venture is accounted for in the consolidated financial statements using the equity method of accounting. Equity accounting involves recognising the Group's share of the post-acquisition results of joint venture in profit or loss and its share of post-acquisition movements within reserve is recognised in other comprehensive income. These post-acquisition movements and distributions are adjusted against the carrying amount of the investment.

The Group recognises the portion of gains or losses on the sale of assets by the Group to the joint venture that is attributable to the other venturer. The Group does not recognise its share of profits or losses from joint venture that results from the purchase of assets by the Group from the joint venture, until it resells the assets to an independent party. However, if a loss on the transaction provides evidence of a reduction in the net realisable value of current assets or an impairment loss, the loss is recognised immediately in profit or loss.

Where necessary, in applying the equity method, adjustments have been made to the financial statements of joint venture to ensure consistency of accounting policies with those of the Group.

(c) Transactions with non-controlling interests

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Revenue attributable to the award of benefits measured at fair value is deferred until they are utilised. Revenue is shown as net of goods and services tax, and discounts and after eliminating sales within the Group.

Gaming revenue represents net house takings, which is the aggregate of wins and losses arising from gaming play, and is reported after deduction of goods and services tax, commissions, discounts and loyalty points awarded to customers. Complimentary goods or services provided by the Group is allocated to the appropriate revenue type based on the goods and services provided, at the standalone selling price of each good and service.

Hotel room revenue is recognised at the time of room occupancy.

Attraction revenue is recognised when tickets are used. Revenue from annual passes is amortised over the period of their validity.

Food and beverage, retail sales and other hospitality and support services are recognised when goods are delivered or services are rendered to the customers.

Rental income from retail outlets, net of any incentives given to the lessee, is recognised on a straightline basis over the period of the respective lease terms.

2.4 Interest income

Interest income is recognised on a time-proportion basis using the effective interest method.

2.5 Property, plant and equipment

All property, plant and equipment except for freehold land is initially recognised at cost and is subsequently carried at cost less accumulated depreciation and accumulated impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items including borrowing costs and realised gains or losses on qualifying cash flow hedges incurred specifically for the construction or development of the asset. Depreciation is calculated using the straight-line method to allocate the depreciable amounts of property, plant and equipment less their estimated residual values over their estimated useful lives as follows:

| | Estimated useful lives |
|--|------------------------|
| Freehold properties and improvements | 25 years |
| Leasehold land, properties and improvements | 30-99 years |
| Machinery, computer equipment, fixtures, fittings and motor vehicles | 2-5 years |
| Public attractions, theme park equipment, mechanical and electrical system | 10-35 years |
| Exhibit animals | 5-15 years |

Freehold land is stated at cost and is not depreciated. Leasehold land is depreciated over the lease period of 60 to 99 years. Leasehold properties and improvements are depreciated over 30 to 60 years.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 Property, plant and equipment (Continued)

The depreciation of leasehold land is capitalised during the period of construction as part of constructionin-progress in property, plant and equipment until the construction is completed.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to profit or loss during the financial year that they are incurred.

Construction-in-progress consists of assets and property under construction. Assets include acquired computer hardware, computer software licence and implementation cost incurred in bringing the computer system to use.

Construction-in-progress is stated at cost and is not depreciated. Costs include borrowing costs and other directly related expenditure incurred during the period of construction and up to the completion of the construction. Construction-in-progress relating to assets and property under construction is reclassified to the respective categories of property, plant and equipment upon completion of the project.

For major construction-in-progress, the cost is supported by qualified quantity surveyors' certification of work done.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

Where an indication of impairment exists, the recoverable amount of the asset is assessed and if it is estimated to be less than its carrying amount, the carrying amount of the assets is written down immediately to its recoverable amount (see accounting policy note on impairment of non-financial assets).

Gains and losses on disposal are determined by comparing proceeds with carrying amount and are included in profit or loss.

2.6 Intangible assets

(a) Goodwill on acquisition

Goodwill on acquisition represents the excess of the cost of an acquisition over the fair value of the Group's share of the net identifiable assets of the acquired subsidiary at the date of acquisition. Goodwill on acquisition of subsidiaries is included in intangible assets.

Goodwill on acquisition of subsidiaries is tested at least annually for impairment and carried at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units ("CGUs") for the purpose of impairment testing. The allocation is made to those CGUs or groups of CGUs that are expected to benefit from the business combination in which the goodwill arose, identified according to operating segment.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.6 Intangible assets (Continued)

(b) Trademarks and tradenames

Trademarks and tradenames are initially recognised at cost and are subsequently carried at cost less any accumulated impairment losses. Trademarks and tradenames have an indefinite useful life as it is maintained through continuous marketing and upgrading. Trademarks and tradenames are tested annually for impairment. Where an indication of impairment exists, the carrying amount of trademarks and tradenames are assessed and written down immediately to its recoverable amount (see accounting policy note on impairment of non-financial assets).

(c) Licences

Casino and theme park licences are initially recognised at cost and subsequently carried at cost less accumulated amortisation and accumulated impairment losses. Such cost is amortised using the straight-line method over 3 to 35 years, which is the shorter of its economic useful life and periods of contractual right. The amortisation period and amortisation method are reviewed at each reporting date. The effects of any revision are recognised in profit or loss when changes arise. Amortisation is recognised in profit or loss unless the amount can be capitalised as part of construction-in-progress. Where an indication of impairment exists, the carrying amount of licence is assessed and written down immediately to its recoverable amount.

(d) Computer software

Computer software that does not form an integral part of other related hardware is treated as an intangible asset. Costs that are directly associated with development and acquisition of computer software programmes by the Group are capitalised as intangible assets when the following criteria are met:

- it is technically feasible to complete the software product so that it will be available for use;
- management intends to complete the software product and use or sell it;
- there is an ability to use or sell the software product;
- it can be demonstrated how the software product will generate probable future economic benefits;
- adequate technical, financial and other resources to complete the development and to use or sell the software product are available; and
- the expenditure attributable to the software product during its development can be reliably measured.

Direct costs include staff costs of the software development team and an appropriate portion of relevant overheads. Costs associated with maintaining computer software programmes are recognised as an expense when incurred.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.6 Intangible assets (Continued)

(d) Computer software (Continued)

Expenditure that enhances or extends the performance of computer software programmes beyond their original specifications is recognised as a capital improvement and added to the original cost of the software.

Computer software are subsequently carried at cost less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss using the straight-line method over their estimated useful life of 10 years.

2.7 Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses in the Company's statement of financial position. On disposal of investments in subsidiaries, the differences between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount (see accounting policy note on impairment of non-financial assets).

2.8 Impairment of non-financial assets

Assets that have an indefinite useful life, including goodwill, are not subject to amortisation and are tested at least annually for impairment. Assets that are subject to amortisation and depreciation, and investments in subsidiaries and joint venture are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units or CGUs). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

Impairment is charged to profit or loss. Impairment is reversed only to the extent that the reversal does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment been recognised in prior years for the same asset. The reversal is recognised in profit or loss. Impairment on goodwill is not reversed once recognised.

2.9 Financial assets

(a) Classification and measurement

The Group classifies its financial assets in the following categories: amortised cost and fair value through profit or loss. The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest. The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.9 Financial assets (Continued)

(b) Recognition and derecognition

Purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

(c) Initial recognition

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(d) Subsequent measurement

Debt instruments mainly comprise of cash and cash equivalents, trade and other receivables, quoted and unquoted debt securities.

Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.

Debt instruments that are held for trading as well as those that do not meet the criteria for classification as amortised cost or fair value through other comprehensive income are classified as financial assets at fair value through profit or loss. Movement in fair values and interest income is recognised in profit or loss in the period in which it arises and presented in other gains and losses.

(e) Impairment

The Group assesses on a forward looking basis the expected credit losses associated with its debt financial assets carried at amortised cost. The impairment methodology applied depends on the level of credit risk, which is set out in Note 26(d). For trade receivables, the Group measures the loss allowance at an amount equal to lifetime expected credit losses.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.10 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average method. Cost of inventories comprises all cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

2.11 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Approved government grants relating to qualifying expenditure are deferred and recognised in profit or loss over the period necessary to match them with the costs that they are intended to compensate, unless they are directly attributable to the construction of an item of property, plant and equipment, in which case, they are set off against the asset.

Government grants relating to expenses are presented as a deduction of the related expense.

2.12 Cash and cash equivalents

Cash and cash equivalents include cash and bank balances (net of bank overdrafts), deposits held at call with banks and other short-term highly liquid investments with original maturities of 12 months or less.

2.13 Trade and other payables

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

2.14 Employee benefits

(a) Short-term employee benefits

Short-term employee benefits include wages, salaries, bonus and paid annual leave. These benefits are recognised as an expense in profit or loss when incurred and are measured on an undiscounted basis, unless they can be capitalised as part of the cost of a self-constructed asset.

(b) Defined contribution plans

The Group contributes to defined contribution plans for some of its employees under which the Group pays fixed contributions into the employees provident funds in certain countries in which it operates on a mandatory, contractual or voluntary basis and will have no legal or constructive obligations to pay further contributions if those funds do not hold sufficient assets to pay all employees the benefits relating to services provided in the current and prior periods. The Group's contributions to such plans are recognised in profit or loss as employee benefits expense when they are due, unless they can be capitalised as part of the cost of a self-constructed asset.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.14 Employee benefits (Continued)

(c) Long-term employee benefits

The Group provides retirement gratuities under a retirement gratuity scheme that was established in 1991 by the Board of Directors of the ultimate holding corporation for certain executives and executive directors of the Company and certain subsidiaries. The level of retirement gratuities payable is in relation to the past services rendered. The gratuity is calculated based on employees' basic salary for each completed year of service. Such benefits vest on the employees when they reach retirement age.

The present value of the retirement gratuities is determined by discounting the amount payable by reference to market yields at the reporting date on high quality corporate bonds or government bond which have terms to maturity approximating the terms of the related liability. Employee turnover is also factored in arriving at the level of provision for retirement gratuities. The differences arising from the application of such discounting as well as any past service costs and the effects of any curtailments or settlements, if any, are recognised immediately in profit or loss. Such retirement gratuities payable are classified as current liabilities where it is probable that a payment will be made within the next 12 months.

(d) Share-based compensation benefits

The Group operates equity-settled, share-based compensation plans, where shares are issued by the Company to eligible executives and directors of the Group. The value of the employee services received in exchange for the grant of the shares is recognised as an expense in profit or loss with a corresponding entry to reserves over the vesting period. The total amount to be expensed over the vesting period is determined by reference to the fair value of the shares granted at the grant date and the number of shares vested by vesting date, excluding the impact of any non-market vesting conditions. Non-market vesting conditions are included in the estimates of the number of shares that are expected to become vested.

The fair value of services received from the employees of the Company and its subsidiaries in exchange for the grant of the shares are essentially services rendered in the past, are charged out to profit or loss immediately, unless they can be capitalised as part of the cost of a self-constructed asset. Before the end of the vesting period, at each reporting date, the Company will revise its estimates of the number of shares that are expected to be vested at the vesting date and it recognises the impact of this revision in profit or loss is made. For performance shares that are expected to be granted, due to services received before grant date, the total amount to be recognised over the vesting period is determined by reference to the fair value of the performance shares at the end of the reporting period, until the date of grant has been established. Upon vesting of shares, reserves relating to the vested shares will be transferred to retained earnings.

Where the terms of a share-based compensation plan are modified, the expense that has yet to be recognised for the award, is recognised over the remaining vesting period as if the terms had not been modified. Additional expense is recognised for any increase in the total fair value of the share due to the modification, as measured at the date of the modification.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.14 Employee benefits (Continued)

(e) Termination benefits

Termination benefits are recognised as an expense in profit or loss at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs that is within the scope of SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets* and involves the payment of termination benefits.

2.15 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event. It is more likely than not that an outflow of resources embodying economic benefits will be required to settle the obligation, and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits received under it.

2.16 Borrowings and borrowing costs

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date, in which case they are presented as non-current liabilities.

Borrowings are recognised initially at fair value (net of transaction costs) and subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowing costs including commitment fees on credit facilities, amortisation of transaction costs and interest expenses are recognised in profit or loss unless they are directly attributable to the constructionin-progress, in which case, they are capitalised as part of the cost of the self-constructed asset during the construction period.

2.17 Leases

(a) When the Group is the lessee

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.17 Leases (Continued)

(a) When the Group is the lessee (Continued)

Right-of-use ("ROU") assets

The Group recognises a ROU asset and lease liability at the date which the underlying asset is available for use. ROU assets are measured at cost which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement date and lease incentive received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the ROU assets.

These ROU assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the ROU asset or the end of the lease term.

ROU assets are presented within "Property, plant and equipment".

Lease liabilities

The initial measurement of lease liability is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group shall use its incremental borrowing rate.

Lease payments include fixed payment (including in-substance fixed payments), less any lease incentives receivables.

Lease liability is measured at amortised cost using the effective interest method and shall be remeasured when:

- There is a change in future lease payments arising from changes in the lease's implicit rate;
- There is a change in the Group's assessment of whether it will exercise an extension option; or
- There are modifications in the scope or the consideration of the lease that was not part of the original term.

Lease liability is remeasured with a corresponding adjustment to the ROU asset, or is recorded in profit or loss if the carrying amount of the ROU asset has been reduced to zero.

Short-term and low value leases

Lease payments relating to short-term leases that have lease terms of 12 months or less and leases of low value leases, except for sublease arrangements, are expensed to profit or loss on a straight-line basis over the lease term.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.17 Leases (Continued)

(b) When the Group is the lessor

Leases where the Group retains substantially all risks and rewards of ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in profit or loss on a straight-line basis over the lease term.

Initial direct costs incurred by the Group in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognised as an expense in profit or loss over the lease term on the same basis as the lease income.

Lease incentives are recognised as other receivables where such incentives are provided by the Group and recognised net of lease income in profit or loss over the lease term on the same basis as the lease income. Contingent rents are recognised as income in profit or loss when earned.

2.18 Income tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it arises from a transaction or event which is recognised, in the same or different period, in other comprehensive income or directly in equity. Tax relating to transactions or events recognised in other comprehensive income or directly in equity is also recognised in other comprehensive income or directly in equity is also recognised in other comprehensive income or directly.

(a) Current tax

Current tax is calculated according to the tax laws of each jurisdiction in which the Company and its subsidiaries operate and includes all taxes based upon the taxable income and is measured using the tax rates and tax laws which are applicable at the reporting date.

(b) Deferred tax

Deferred tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, if the deferred tax arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss, it is not accounted for.

Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred tax liability is settled; and based on the tax consequences that will follow from the manner in which the Group expects, at the same reporting date, to recover or settle the carrying amount of its assets or liabilities.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary difference can be utilised.

Deferred tax is provided on temporary differences arising on investments in subsidiaries and joint venture, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.19 Share capital and treasury shares

Ordinary shares are classified as equity when there is no contractual obligation to deliver cash or other financial assets to another person or entity or to exchange financial assets or liabilities with another person or entity that are potentially unfavourable to the issuer.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds. The proceeds received net of any directly attributable transaction costs are credited to share capital.

When shares recognised as equity are acquired, the consideration paid, including any directly attributable transaction costs, are recorded in the treasury shares account.

When the Company purchases its own ordinary shares ("treasury shares"), they are presented as a deduction from total equity until they are cancelled, sold or reissued.

When treasury shares are subsequently sold or reissued pursuant to equity compensation plans, the cost of treasury shares is reversed from the treasury shares account and the realised gain or loss on sale or reissue, net of any directly attributable incremental transaction costs, is recognised in equity.

2.20 Foreign currency translation

(a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in the functional currency of the Company which is Singapore Dollars ("\$").

(b) Transactions and balances

Foreign currency transactions of each entity in the Group are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the closing rates at the reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.20 Foreign currency translation (Continued)

(c) Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities are translated at the closing rate at the reporting date;
- (ii) income and expenses are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- (iii) all resulting exchange differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rate at the reporting date.

2.21 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the period in which the dividends are approved for payment.

2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources, making strategic decisions and assessing performance of the operating segments has been identified as the Executive Chairman, and President and Chief Operating Officer of the Group and of the Company.

2.23 Contingent liabilities and contingent assets

The Group does not recognise a contingent liability but discloses its existence in the financial statements. A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by uncertain future events beyond the control or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. When a change in the probability of an outflow of economic resources occurs so that outflow is probable, it will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by uncertain future events beyond the control of the Group. The Group does not recognise contingent assets but discloses their existence where an inflow of economic benefits is probable, but not virtually certain. When an inflow of economic resources is virtually certain, the asset is recognised.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will not necessarily equal the related actual results.

(a) Taxation

The Group is subject to income taxes in numerous jurisdictions in which the Group operates, mainly in Singapore. Significant judgement is required in determining the provision for income taxes that includes the estimate of the amount of the taxability of certain income and the deductibility of certain expenses.

Where the final tax outcome of tax liabilities is different from the amounts that were initially recorded, such differences will impact the income tax liabilities and deferred tax assets and liabilities (Notes 7 and 13), where applicable, in the period in which such determination is made.

(b) Impairment of trade receivables

As at 31 December 2020, the Group's trade receivables amounted to \$246,528,000, majority of which are related to casino debtors. Trade receivables are grouped based on shared credit risk characteristics and days past due, with expected loss rates assessed based on the Group's historical credit loss experience.

The Group further evaluates the expected credit loss on customers on a case-by-case basis, which will be assessed based on indicators such as changes in financial capability of the debtor, and default or significant delay in payments.

The Group's credit risk exposure for trade receivables is set out in Note 26(d).

10. INTANGIBLE ASSETS (CONTINUED)

Goodwill is allocated to the Group's CGUs identified according to geographical areas. A segment-level summary of the allocation of goodwill with indefinite useful life is as follows:

| | Gro | up |
|---------------------------|--------|--------|
| | 2020 | 2019 |
| | \$'000 | \$'000 |
| Goodwill attributable to: | | |
| Singapore | 83,047 | 83,047 |
| Malaysia | 2 | 2 |
| | 83,049 | 83,049 |

The goodwill attributed to the Singapore CGU mainly arose from the acquisition of the remaining 25% equity interest in Resorts World at Sentosa Pte. Ltd. ("RWSPL") which developed the first integrated resort in Singapore. The impairment test for goodwill relating to the Singapore CGU was assessed using the value-in-use method. Cash flow projections used in this calculation were based on financial budgets approved by management. The cash flow projection covers a five-year period. Cash flows beyond the five-year period were extrapolated using the estimated growth rate stated below. The growth rate did not exceed the long-term average growth rate for the leisure and hospitality industry in which the CGU operates.

Key assumptions used in the value-in-use calculation for 2020 include a growth rate and weighted average cost of capital ("WACC") of 2.0% and 10.2% (2019: 2.0%, 9.9%) respectively.

Based on the impairment test, no impairment is required for goodwill attributed to the Singapore CGU. A reasonably possible change in a key assumption on which management has based its determination of the CGU's recoverable amount would not cause its carrying amount to exceed its recoverable amount.

11. INTERESTS IN JOINT VENTURE

| | Group | |
|---------------------------------------|----------------|----------------|
| | 2020 \$'000 | 2019 \$'000 |
| Share of net assets of joint venture: | 00,400 | 00.000 |
| DCP (Sentosa) Pte. Ltd. | 63,483 | 62,239 |

On 15 April 2008, RWSPL entered into a joint venture with Sentosa Leisure Management Pte. Ltd. ("SLM") to build and operate a district cooling plant on Sentosa Island, Singapore, through the formation of DCP (Sentosa) Pte. Ltd. ("DCP"), a private company incorporated in Singapore. RWSPL and SLM own 80% and 20% of the share capital of DCP respectively. DCP is deemed to be a joint venture of the Group, as both RWSPL and SLM have contractually agreed to the sharing of control in DCP.

Retention monies refer to amounts withheld from contractors' claim for work done in accordance with contractual rights, which are progressively released upon the completion of the project.

Contract liabilities represent performance obligations that are contracted for but whose revenue have not been recognised in the financial statements. They are expected to be recognised as revenue in the next financial year. The following table summarises the contract liabilities activity related to contracts with customers:

| | Customer | deposits | Deferred | revenue | Other contra | ct liabilities |

(a) Performance share reserve

Performance share reserve comprise cumulative fair value of services received from employees measured at the date of grant for unvested equity-settled performance shares under the Genting Singapore Performance Share Scheme ("PSS").

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

22. OTHER RESERVES (CONTINUED)

(a) Performance share reserve (Continued)

On 8 August 2007, the shareholders of the Company approved the adoption of the PSS for an initial period of up to 7 August 2017 (the "Initial Period"). The objective of the PSS is to attract and retain the Group's executives, executive directors and non-executive directors, who are in the position to drive the growth of the Company. The PSS gives the Company flexibility in relation to the Group's remuneration package for the Group's executives, executives, executive directors and non-executive directors and allows the Group to manage its fixed overheads. On 21 April 2016, the shareholders of the Company approved amendments to the rules of the PSS and the extension of the duration of the PSS for a further period of 10 years, from 8 August 2017 to 7 August 2027 (both dates inclusive) (the "Extended Period").

Under the PSS, the Company may grant to participants performance share awards which represent the right of such participants to receive fully paid shares free of charge, upon such participants satisfying the criteria set out in the PSS and such conditions as may be imposed. The number of shares which are the subject of each performance share award shall be determined at the absolute discretion of the Remuneration Committee, which shall take into account various criteria including those set out in the rules of the PSS. The Company will deliver shares to be received under a performance share award by issuing new shares and/or transferring treasury shares to the participants.

The total number of shares which may be awarded pursuant to performance share awards granted under the PSS during the Initial Period shall not exceed 208,853,893 shares, and when added to the number of shares issued and/or issuable under such other share-based incentive schemes of the Company, shall not exceed 5% of the total number of issued shares of the Company (excluding treasury shares) from time to time. The total number of shares which may be awarded pursuant to performance share awards granted under the PSS during the Extended Period shall not exceed 420,433,143 shares, and when added to the number of shares issued and/or issuable under such other share-based incentive schemes of the Company, shall not exceed 5% of the total number of issued shares of the Company (excluding treasury shares) from time to time. As at 31 December 2020, no participant other than Mr Tan Hee Teck, has received 5% or more of the total number of performance share awards available under the PSS.

The vesting of performance shares granted under PSS is subject to the achieving of pre-agreed service and/or performance conditions over the performance period.

For performance share grants with pre-agreed service conditions, the fair value was determined based on the Company's closing market price at the date of grant. The weighted average fair value per share granted in 2020 was \$0.81 (2019: \$1.04).

Movements in the number of performance shares outstanding are as follows:

^ On 28 May 2020, the shareholders approved the payment of the final dividend of 2.5 cents per ordinary share in respect of the financial year ended 31 December 2019. The dividend has been accounted for in shareholders' equity as an appropriation of retained earnings in the financial year ended 31 December 2020.

The Directors proposed the payment of a final dividend of 1 cent per ordinary share, in respect of the financial year ended 31 December 2020, subject to the approval of shareholders at the next AGM of the Company. These financial statements do not reflect this dividend, which will be accounted for in shareholders' equity as an appropriation of retained earnings in the financial year ending 31 December 2021, after it has been approved by shareholders at the AGM.

26. FINANCIAL RISK MANAGEMENT

The Group's overall financial risk management objective is to optimise value creation for shareholders. The Group seeks to minimise the potential adverse impact arising from fluctuations in foreign exchange and interest rates and the unpredictability of the financial markets on the Group's financial performance.

The Group operates within clearly defined guidelines that are approved by the Board of Directors. Financial risk management is carried out through risk reviews conducted at all significant operational units. This process is further enhanced by effective internal controls, a group-wide insurance programme and adherence to the financial risk management policies.

The main areas of financial risk faced by the Group are as follows:

(a) Foreign currency exchange risk

The Group has certain investments in foreign operations, whose net assets are exposed to foreign currency translation risk. Currency exposure arising from the net assets of the Group's foreign operations is managed primarily through borrowings denominated in the relevant foreign currencies.

The Group is exposed to foreign currency exchange risk when the Company and its subsidiaries enter into transactions that are not denominated in their functional currencies. To manage these exposures, the Group takes advantage of any natural offsets of the Group's revenue and expenses denominated in foreign currencies and may from time to time enter into foreign exchange forward contracts for a portion of the remaining exposure relating to these forecast transactions when deemed appropriate.

The Group's and Company's principal net foreign currency exposures mainly relate to the United States Dollar ("USD").

| - Weakened | (1,305) | (1,761) | (1,040) | (771) | | |

(b) Price risk

As at 31 December 2020, the Group is exposed to securities price risk arising from its debt securities classified as financial assets at fair value through profit or loss. If prices for debt securities increase/ decrease by 1,000 basis points (2019: 100 basis points) with all other variables being held constant, the profit before taxation will be higher/lower by \$3,792,000 (2019: \$1,954,000) as a result of fair value gain/loss on these debt securities.

(c) Interest rate risk

The Group and the Company are not subject to material interest rate risk.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

26. FINANCIAL RISK MANAGEMENT (CONTINUED)

(d) Credit risk

Credit risk is the potential financial loss resulting from the failure of counterparties of the Group, to settle their financial and contractual obligation as and when they fall due.

The Group's main class of financial assets that are subject to credit risk are trade and other receivables, financial assets at fair value through profit or loss and cash and cash equivalents. The Group's financial assets except trade and other receivables are subject to immaterial credit loss.

As the Group does not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statements of financial position.

Trade receivables

In managing credit risk exposure from trade receivables, majority of which are related to casino debtors, the Group has established a credit committee and processes to evaluate the creditworthiness of its counterparties. The counterparty's payment profile and credit exposure are continuously monitored by the credit committee, together with the operational policies and guidelines. Credit exposure to an individual counterparty is restricted by the credit limits set by the credit committee based on the ongoing credit evaluation. The top 10 trade debtors of the Group represented 28% (2019: 20%) of trade receivables.

In measuring the lifetime expected credit losses, the Group uses the provision matrix method where trade receivables are grouped based on shared credit risk characteristics and days past due. The expected loss rates are based on the payment profiles and the corresponding historical credit losses experienced. The Group has considered forward-looking information and determined that it does not significantly affect the historical credit losses.

The Group considers a trade receivable as credit impaired when one or more events that have a detrimental impact on the estimated cash flow have occurred. These instances include adverse changes in the financial capability of the debtor and default or significant delay in payments.

The movements in allowance for impairment on trade receivables are as follows:

| | Group | | |
|--------------------------------------|----------|----------|--|
| | 2020 | | |
| | \$'000 | \$'000 | |
| Beginning of financial year | 312,389 | 239,070 | |
| (Credited)/charged to profit or loss | (17,299) | 110,021 | |
| Allowance utilised | (68,517) | (36,696) | |
| Exchange differences | (7) | (6) | |
| End of financial year | 226,566 | 312,389 | |

Trade receivables are written off when there is no reasonable expectation of recovery, with the case-bycase assessment performed based on indicators such as insolvency or demise. Where receivables are written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in profit or loss.

| Total | 90,875 | 7,276 | 50 | 28 | 98,229 |

Other receivables

The Group and the Company use the below internal credit risk categories for other receivables which are subject to expected credit losses approach permitted under SFRS(I) 9 *Financial Instruments*. The 4 categories reflect the respective credit risk and how the loss provision is determined for each of those categories as follows:

....

. .

.

| С | ategory | Description | Basis for recognition of expected credit losses |
|---|------------------|---|--|
| • | Performing | Low risk of default and a strong capacity to meet contractual cash flows. | 12-month expected credit losses |
| • | Under-performing | Significant increase in credit risk since initial recognition. | Lifetime expected credit losses |
| • | Non-performing | Evidence indicating that the asset is impaired. | Lifetime expected credit losses |
| • | Write-off | No reasonable expectation of recovery. | Amount is written off |

Other than the Company's amounts due from subsidiaries and loan to a subsidiary (Note 15) which are under-performing, the Group and Company have no financial assets that are subject to more than immaterial credit losses.

(e) Liquidity risk

The Group practises prudent liquidity risk management to minimise the mismatch of financial assets and liabilities. The Group's cash flow is reviewed regularly to ensure that the Group is able to settle its commitments when they fall due.

Cash flow forecasting is performed in the operating entities of the Group and aggregated for Group purposes. The Group monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn borrowing facilities at all times so that the Group does not breach borrowing limits or covenants on any of its borrowing facilities. Such forecasting takes into consideration the Group's debt financing plans, covenant compliance and compliance with internal ratio targets.

The table below analyses the financial liabilities of the Group and the Company into relevant maturity groupings based on the remaining period as at reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

(f) Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders.

In order to optimise the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, buy back issued shares, take on new debt or sell assets to reduce debt.

Consistent with the industry, the Group monitors capital utilisation based on the basis of the gearing ratio. This ratio is calculated as total debt divided by total capital. Total debt is calculated as total borrowings. Total capital is calculated as equity attributable to ordinary shareholders of the Company plus total debt.

The gearing ratios are as follows:

| | Group | | |
|---|----------------------|----------------------|--|
| | 2020 \$'000 | 2019 \$'000 | |
| Total debt Total equity attributable to ordinary shareholders of the Company | 266,769 7,835,560 | 260,645 8,057,589 | |
| Total capital | 8,102,329 | 8,318,234 | |
| Gearing ratio | 3% | 3% | |

There were no changes in the Group's approach to capital management during the current financial year.

The Group is not subject to any externally imposed capital requirements.

(g) Fair value estimation

The following table presents the Group's assets and liabilities measured at fair value and classified by level of the following fair value measurement hierarchy:

- (i) Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (ii) Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- (iii) Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

| Group | Level 1 \$'000 | Level 2 \$'000 | Level 3 \$'000 | Total \$'000 |
|--|-------------------|-------------------|-------------------|-----------------|
| 2020 | | | | |
| Assets | | | | |
| Financial assets at fair value through | | | | |
| profit or loss (Note 14) | - | _ | 37,916 | 37,916 |

| 2019 | | | | |
| Assets | | | | |
| Financial assets at fair value through | | 105 407 | 07.044 | 000 051 |
| profit or loss (Note 14) | | 195,407 | 37,844 | 233,251 |

There were no transfers between Level 1 and Level 2.

The fair value of financial instruments traded in active markets is based on closing quoted market prices on the last market day at the reporting date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets is the current bid price. These instruments are included in Level 1.

The fair value of financial instruments that are not traded in an active market (for example, over-thecounter derivatives) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date. Quoted market prices or dealer quotes for similar instruments are used to estimate fair value for long term debt for disclosure purposes. Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

26. FINANCIAL RISK MANAGEMENT (CONTINUED)

(g) Fair value estimation (Continued)

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. Changing one or more of the unobservable inputs in the valuation technique used for Level 3 instruments will not significantly impact the fair value of these instruments. The assessment of the fair value of unquoted debt securities is performed on a quarterly basis based on the latest available data such as underlying net asset value of the investee entity to approximate the fair value as at reporting date.

The following table presents the changes in Level 3 instruments:

| | Group | | |
|--|---------|--------|--|
| | 2020 | | |
| | \$'000 | \$'000 | |
| Beginning of financial year | 37,844 | 37,994 | |

| Exchange differences | (119) | (523) | |
| End of financial year | 37,916 | 37,844 | |

The fair value of current and non-current financial assets and liabilities approximate their carrying amounts.

28. SEGMENT INFORMATION

Management has determined the operating segments based on the reports that are used by the chief operating decision-maker to make strategic decisions.

The chief operating decision-maker considers the business from both business and geographic perspectives.

Business segment

The Singapore leisure and hospitality segment derives revenue from the development and operation of the integrated resort.

Under the Development Agreement signed between the SDC and the Group, the Group is required to construct, develop and operate a resort with a comprehensive range of integrated and synergised amenities for recreation, entertainment and lifestyle uses. This includes key attractions such as hotels, event facilities, retail, dining, entertainment shows, themed attractions and casino, which must be at all times operated and managed together. Each key attraction cannot be closed without prior written approval from SDC.

The investment business derives revenue from investing in assets to generate future income and cash flows.

Sales between segments are carried out at arm's length. The revenue from external parties reported to the chief operating decision-maker is measured in a manner consistent with that in the statement of comprehensive income.

The chief operating decision-maker assesses the performance of the operating segments based on a measure of adjusted earnings before interest, tax, depreciation and amortisation ("Adjusted EBITDA"). This measurement basis excludes the effects of gain/loss on disposal of assets and liabilities classified as held-for-sale, share-based payment, net exchange gain/loss relating to investments and other income/expenses which include impairment/ write-off/gain/loss on disposal of property, plant and equipment, pre-opening/development expenses and other non-recurring adjustments.

Segment assets consist primarily of property, plant and equipment, intangible assets, inventories, trade and other receivables, financial assets at fair value through profit or loss, restricted cash and cash and cash equivalents.

Segment liabilities comprise all liabilities other than current and deferred tax liabilities and borrowings.

Geographical information

The Group operates predominantly in Asia. The main business of the Group is in leisure and hospitality operations in Singapore where the development and operation of an integrated resort contributes most of its revenue. The operations in other geographical areas in the Asia Pacific (excluding Singapore) are sales and marketing services relating to the Group's leisure and hospitality related businesses and other investments.

Revenue is classified based on the location in which revenue is derived. Sales between segments are eliminated. Non-current assets exclude deferred tax assets and financial assets at fair value through profit or loss.

29. IMPACT OF COVID-19

The Coronavirus Disease 2019 (COVID-19) has caused major disruptions to the travel and tourism industry, as the pandemic resulted in border closures and other measures imposed by the various governments. As part of the Singapore Government's Circuit Breaker measures, most of the service offerings of the Group's integrated resort at Resorts World Sentosa, including attractions and casino were temporarily suspended from 7 April 2020 to 30 June 2020. The COVID-19 pandemic had a negative impact on the Group's financial performance for 2020 as the Group's integrated resort was built predominantly to attract large scale international demand.

As the global COVID-19 situation remains very fluid as at the date on which these financial statements were authorised for issue, the Group is currently unable to estimate the financial impact to the Group's results for the financial year ending 31 December 2021. Notwithstanding this, the Group has assessed that the going concern basis of preparation for this set of financial statements remains appropriate.

30. AUTHORISATION OF FINANCIAL STATEMENTS

The financial statements were authorised for issue in accordance with a resolution of the Board of Directors on 9 February 2021.

TO THE MEMBERS OF GENTING SINGAPORE LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our Opinion

In our opinion, the accompanying consolidated financial statements of Genting Singapore Limited (the "Company") and its subsidiaries (the "Group") and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020, and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the financial year ended on that date.

What we have audited

The financial statements of the Company and the Group comprise:

- the consolidated statement of comprehensive income of the Group for the financial year ended 31 December 2020;
- the consolidated statement of financial position of the Group as at 31 December 2020;
- the statement of financial position of the Company as at 31 December 2020;
- the consolidated statement of changes in equity of the Group for the financial year then ended;
- the statement of changes in equity of the Company for the financial year then ended;
- the consolidated statement of cash flows of the Group for the financial year then ended; and
- the notes to the financial statements, including a summary of significant accounting policies.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

Our Audit Approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

TO THE MEMBERS OF GENTING SINGAPORE LIMITED

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements for the financial year ended 31 December 2020. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

Management is responsible for the other information. The other information comprises the chairman's statement, 2020 highlights, board of directors, management & corporate information, corporate diary & RWS management team, financial highlights & awards and accolades, year in review, corporate social responsibility, corporate governance, directors' statement and group offices (but does not include the financial statements and our auditor's report thereon), which we obtained prior to the date of this auditor's report, and the other sections of the annual report ("the Other Sections") which are expected to be made available to us after that date.

TO THE MEMBERS OF GENTING SINGAPORE LIMITED

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Other Sections, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions in accordance with SSAs.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

TO THE MEMBERS OF GENTING SINGAPORE LIMITED

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and the other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tan Boon Chok.

2021 PRIORITY: DISCIPLINED EXECUTION OF THE STRATEGIC ROADMAP

First year of preparation of the **merger of the Societe Generale and Crédit du Nord networks** Finalisation of the repositioning of **Global Markets**

Ramping up of growth drivers

Further development of Corporate Social Responsibility dynamics

Increased operational efficiency efforts mainly through the digitalisation of processes

Frédéric Oudéa, the Group's Chief Executive Officer, commented:

"The Q4 results provide further confirmation of the rebound in our businesses observed in Q3 after a beginning of the year marked by the impacts of the COVID crisis. Confident in the quality of our franchises and our balance sheet, drawing on the exceptional commitment of our teams, in H2 we defined ambitious and value-creating strategic trajectories for our businesses, demonstrating our ability to adapt and transform in a durably more uncertain environment. We are therefore entering 2021 with confidence and determination with, as a priority, the execution of our strategic roadmap. Consistent with our raison d'être, we will continue to support our customers in all the transformations accelerated by this crisis, whether they concern the growing use of digital technologies or increased attention to corporate social responsibility issues."

(1) Adjusted for exceptional items and linearisation of IFRIC 21

Societe Generale's Board of Directors, which met on February 9th, 2021, under the chairmanship of Lorenzo Bini Smaghi, examined the Societe Generale Group's results for Q4 and approved the results for full-year 2020.

The various restatements enabling the transition from underlying data to published data are presented in the methodology notes (section 10.5).

Net banking income

2020 was impacted by a global health crisis resulting in net banking income for the Group of EUR 22,113 million, down -7.6%^{*} vs. 2019. After a H1 marked by the effects of the health crisis and the dislocation of businesses, the performance of the three business divisions improved significantly in H2, in a still uncertain environment.

Net banking income (excluding PEL/CEL provision) for French Retail Banking was up +2% in H2 2020 vs. H1, with a full-year contraction of -6.1% vs. 2019. The dynamic rebound in H2 was also observed on International Retail Banking & Financial Services' revenues (+2.6%* vs. H1 20); its full-year trend was -2.9%*.

There was also a sharp rebound in Global Banking & Investor Solutions' net banking income in H2 (+17% vs. H1) against the backdrop of the normalisation of market conditions. Revenues were down -12.5% (-11.8%*) in 2020.

Q4 confirmed the improvement in revenues observed in Q3, despite the worsening health crisis in several regions. The three business divisions contributed to the growth in the Group's net banking income which came to EUR 5,838 million, up +1.6%* when adjusted for changes in Group structure and at constant exchange rates vs. Q3 20.

Operating expenses

Underlying operating expenses were substantially lower in 2020 at EUR 16,504 million (-5.2% vs. 2019, -2.8%*), in line with the full-year target.

Operating expenses included a EUR 210 million restructuring charge recognised in Q4 and as a result came to EUR 16,714 million, down -5.7% vs. 2019 (-3.4%*). They included a EUR 316 million restructuring provision in 2019.

All the Group's businesses contributed to this decline: French Retail Banking's costs were down -4.9% vs. 2019, those of International Retail Banking & Financial Services fell by -9.6% in 2020 and those of Global Banking & Investor Solutions by -8.7%.

The Group is committed to a decline in its underlying operating expenses as from 2023 (vs. 2020). Several initiatives, already launched, will contribute to this process with benefits already expected in 2022 (a decline in underlying costs of around EUR 450 million in Global Markets between now and 2022/2023 and around EUR 450 million in French Retail Banking by 2025 - with around 80% already expected to be achieved in 2024 - as well as additional reductions expected in particular following the finalisation of remediation efforts and the industrialisation of processes).

In 2021, the Group intends to continue to strictly manage its costs and is aiming for a positive jaws effect with costs slightly higher.

Underlying operating expenses totalled EUR 4,318 million in Q4 20, down -6.0% vs. Q4 19, after restatement of a restructuring charge of EUR 210 million and an IFRIC 21 adjustment charge of EUR -177 million. Underlying operating expenses were down -3% when adjusted for changes in Group structure and at constant exchange rates, enabling a positive jaws effect.

Cost of risk

The commercial cost of risk amounted to 64 basis points in 2020, representing a net cost of risk of EUR 3,306 million (vs. EUR 1,278 million in 2019). This rise can be attributed primarily to an increase in provisions in respect of performing loans (classified in Stage 1 and Stage 2) for a total amount of EUR 1,367 million, including an impact of EUR 1,010 million related to the review of macro-economic scenarios.

The gross doubtful outstandings ratio remained at low levels throughout the year and amounted to $3.3\%^{(1)}$ at December $31^{st} 2020 (3.1\% at December <math>31^{st} 2019$). The Group's gross coverage ratio for doubtful outstandings stood at $52\%^{(2)}$ at December $31^{st} 2020 (56\% at December <math>31^{st} 2019$).

In Q4, the commercial cost of risk stood at 54 basis points (40 basis points in Q3 20 and 29 basis points in Q4 19). The net cost of risk of EUR 689 million includes provisions related to loans classified in performing (Stage 1 and Stage 2) for a total amount of EUR 367 million.

The total amount of repayment moratoriums, within the meaning of the EBA definition, granted at end-September 2020 was around EUR 35 billion, with around EUR 5 billion still in force at December 31st 2020. Of the total repayment moratoriums granted at 31 December 2020, 2.2% were classified in Stage 3 (credit-impaired loans).

⁽¹⁾ NPL ratio calculated according to the new EBA methodology

⁽²⁾ Ratio between the amount of provisions on doubtful outstandings and the amount of these same outstandings.

The Group also granted EUR 19 billion of State-guaranteed loans in all geographies o/w EUR 18 billion in France. Net exposure of the Group on State-guaranteed loans in France ("*PGE*") is around EUR 2 billion. At 31 December 2020, 2.3% of State-guaranteed loans are classified in Stage 3 (non-performing loans).

The Group expects a lower commercial cost of risk in 2021 than in 2020.

Net profits or losses from other assets

Net profits or losses from other assets totalled EUR -12 million in 2020 and EUR -94 million in Q4 20.

Distribution to shareholders

The Board of Directors has decided to propose the payment of a dividend of EUR 0.55 per share in cash to the Ordinary General Meeting of Shareholders on May 18th, 2021, in accordance with the methodology recommended by the European Central Bank (ECB). The dividend will be detached on May 25th, 2021 and paid on May 27th, 2021.

The Group intends to launch a share buy-back programme, in Q4 2021, for an amount equivalent to the amount assigned to the dividend payment (around EUR 470m, i.e. an impact of around 13 basis points on the Group's CET1 ratio), subject to the non-renewal of the ECB's recommendation and the authorisation for its implementation. The fully loaded pro forma ratio would be 13% at end-December 2020 (phased-in pro-forma ratio of 13.3%).

Additional information

Societe Generale's Board of Directors, which met on January 14th, 2021, decided to submit to the May 2024 General Meeting of Shareholders that will approve the financial statements for the 2023 financial year, the appointment of the firms KPMG and PwC as from January 1st, 2024 as statutory auditors for a 6-year term to replace the firms Deloitte and EY, whose terms of office will expire and can no longer be renewed in accordance with legal provisions. This decision follows a tender process managed under the supervision of the audit and internal control committee. The committee interviewed all the candidates and made its choice independently of the management. It presented the possible different choices to the Board of Directors before formulating its proposal.

2. THE GROUP'S FINANCIAL STRUCTURE

Group **shareholders' equity** totalled EUR 61.7 billion at December 31st, 2020. Net asset value per share was EUR 62.3 and tangible net asset value per share was EUR 54.8.

The **consolidated balance sheet** totalled EUR 1,462 billion at December 31st, 2020. The net amount of customer loan outstandings at December 31st, 2020, including lease financing, was EUR 440 billion (EUR 430 billion at December 31st, 2019) – excluding assets and securities purchased under resale agreements. At the same time, customer deposits amounted to EUR 451 billion, vs. EUR 410 billion at December 31st, 2019 (excluding assets and securities agreements).

At end-December 2020, the parent company had issued EUR 34.3 billion of medium/long-term debt (including EUR 3.9 billion of pre-financing for the 2021 programme), having an average maturity of 5.4 years and an average spread of 59 basis points (vs. the 6-month midswap, excluding subordinated debt). The subsidiaries had issued EUR 2.9 billion. At December 31st, 2020, the Group had issued a total of EUR 37.2 billion of medium/long-term debt. The LCR (Liquidity Coverage Ratio) was well above regulatory requirements at 149% at end-December 2020 (153% on average for the quarter), vs. 119% at end-December 2019. At the same time, the NSFR (Net Stable Funding Ratio) was over 100% at end December 2020.

The Group's **risk-weighted assets** (RWA) amounted to EUR 352.4 billion at December 31st, 2020 (vs. EUR 345.0 billion at end-December 2019) according to CRR/CRD4 rules. Risk-weighted assets in respect of credit risk represent 81.7% of the total, at EUR 287.9 billion, up 1.9% vs. December 31st, 2019.

At December 31st, 2020, the Group's **Common Equity Tier 1** ratio stood at 13.4% (or around 440 basis points above the regulatory requirement). The CET1 ratio at December 31st, 2020 includes an effect of +28 basis points for phasing of the IFRS 9 impact. Excluding this effect, the fully-loaded ratio amounts to 13.2%. The Tier 1 ratio stood at 15.7%⁽¹⁾ at end-December 2020 (15.1% at end-December 2019) and the total capital ratio amounted to 18.9%⁽¹⁾ (18.3% at end-December 2019).

The Group aims to operate with a CET1 ratio more than 200 basis points above the regulatory requirement, including after the entry into force of the regulation finalising the Basel III reform whose impact is expected to be around EUR 39 billion⁽²⁾ as from 2023, or around 115 basis points⁽³⁾

In 2021, the CET1 ratio is expected to be at a level significantly higher than 200 basis points above the regulatory requirement.

The **leverage ratio** stood at 4.7%⁽¹⁾ at December 31st, 2020 (4.3% at end-December 2019).

With a level of $30.6\%^{(1)}$ of RWA and $9.2\%^{(1)}$ of leveraged exposure at end-December 2020, the Group's TLAC ratio is above the FSB's requirements for 2020. At December 31^{st} , 2020, the Group was also above its MREL requirements of 8.51% of the TLOF⁽⁴⁾ (which, in December 2017, represented a level of 24.4% of RWA), which were used as a reference for the SRB calibration.

The Group is rated by four rating agencies: (i) Fitch Ratings - long-term rating "A-", stable outlook, senior preferred debt rating "A", short-term rating "F1"; (ii) Moody's – long-term rating (senior preferred debt) "A1", stable outlook, short-term rating "P-1"; (iii) R&I - long-term rating (senior preferred debt) "A", stable outlook; and (iv) S&P Global Ratings - long-term rating (senior preferred debt) "A", negative outlook, short-term rating "A-1".

(1) Adjusted for the linearisation of IFRIC 21 and PEL/CEL provision

After the substantial impact of the lockdown on activity at the beginning of the year, French Retail Banking's commercial performance continued to improve in Q4.

The brands continued to expand their activity in the core businesses

French Retail Banking continued to support the economy, accompanying individual, corporate and professional customers.

In the Corporate and Professional customers segment, the Bank supported its customers in France primarily through granting State Guaranteed Loans (PGE), for which it received more than 98,200 applications for a total disbursed amount of EUR 18 billion.

Life insurance saw its inflow grow by +7.5% vs. Q3 20, with the unit-linked share accounting for 39% of new business in Q4 20. Property/casualty premiums and protection insurance delivered good performances, with premiums up +3.9% vs. 2019. The number of personal protection policies was up +5.3% vs. 2019.

Private Banking's net inflow remained buoyant at EUR 553 million in Q4 20 and EUR 2.5 billion in 2020.

Boursorama consolidated its position as the leading online bank in France, with more than 2.6 million clients at end-December 2020. Client onboarding at Boursorama reached a record level, with around 590,000 new clients in 2020 including around 192,000 in Q4 20. Housing loan production experienced strong growth of +22% vs. Q4 19, with a record level in Q4 20. In addition, the number of stock market orders tripled compared to 2019.

Average investment loan outstandings (including leases), rose 25.0% vs. Q4 19 to EUR 88.9 billion (+2.3% excluding State Guaranteed Loans). Average outstanding loans to individuals were up 2.8% at EUR 123.2 billion, bolstered by housing loans which were up +3.5% vs. Q4 19.

Private Banking's assets under management totalled EUR 70.4 billion at end-December 2020.

Average outstanding balance sheet deposits⁽¹⁾ were 15.1% higher than in Q4 19 at EUR 242.6 billion, still driven by sight deposits (+18.7% vs. Q4 19).

As a result, the average loan/deposit ratio stood at 92% in Q4 20 vs. 96% in Q4 19.

⁽¹⁾ Including BMTN (negotiable medium-term notes)

Net banking income excluding PEL/CEL

2020: revenues (excluding PEL/CEL) totalled EUR 7,381 million, down -6.1% vs. 2019, reflecting the effects of Covid-19 and the low interest rate environment. Net interest income (excluding PEL/CEL) was 3.6%⁽¹⁾ lower and commissions declined by -5.7%⁽¹⁾.

Q4 20: revenues (excluding PEL/CEL) totalled EUR 1,870 million, up +0.7% vs. Q3 20 and down -5.0% vs. Q4 19. Net interest income (excluding PEL/CEL) was 4.2%⁽¹⁾ lower than in Q4 19 against a backdrop of low interest rates and a sharp rise in deposits. However, it picked up compared to Q3 20 (+0.4%⁽¹⁾). Commissions were 3.3%⁽¹⁾ lower than in Q4 19 but picked up compared to Q3 20 (+2.5%⁽¹⁾), with a gradual recovery in financial and service commissions.

Operating expenses

2020: operating expenses were lower at EUR 5,418 million (-4.9% vs. 2019 and -5.5% excluding Boursorama). The cost to income ratio (restated for the PEL/CEL provision) stood at 73.4%.

Q4 20: operating expenses were lower at EUR 1,443 million (-3.2% vs. Q4 19), illustrating the Group's work on costs. The cost to income ratio (after linearisation of the IFRIC 21 charge and restated for the PEL/CEL provision) stood at 78.9%.

Cost of risk

2020: the commercial cost of risk amounted to EUR 1,097 million or 52 basis points, higher than in 2019 (year in which it amounted to EUR 467 million or 24bp), divided between EUR 646 million of S1/S2 provisioning and EUR 451 million of S3 (non-performing loans) provisioning.

Q4 20: the commercial cost of risk amounted to EUR 276 million or 50 basis points. It corresponds to EUR 236 million of S1/S2 (performing/underperforming loans) provisioning and EUR 41 million of S3 (non-performing loans) provisioning.

Contribution to Group net income

2020: the contribution to Group net income totalled EUR 666 million (-41.1% vs. 2019). RONE (restated for the PEL/CEL provision) stood at 6.2% in 2020.

Q4 20: the contribution to Group net income totalled EUR 104 million. RONE (after linearisation of the IFRIC 21 charge and restated for the PEL/CEL provision) stood at 3.5% and excluding Boursorama, French Retail Banking's adjusted RONE stood at 5.0%.

(1) Adjusted for the linearisation of IFRIC 21 and the restructuring provision of EUR 34 million in 2019 (including EUR 5 million in Q4 19)

In International Retail Banking, there was further confirmation of the rebound observed in H2 on loan and deposit production, despite the new lockdown measures in Q4. Outstanding loans totalled EUR 85.9 billion. They rose +2.5%* vs. end-December 2019 (-2.8% at current structure and exchange rates given, in particular, the disposal of SG Antilles and the currency effect in Russia). Outstanding deposits climbed +8.8%* (+2.0%) at current structure and exchange rates) vs. December 2019, to EUR 79.6 billion.

For the Europe scope, outstanding loans were up $+2.8\%^*$ vs. December 2019 at EUR 54.9 billion (+1.0% at current structure and exchange rates), driven by the Czech Republic ($+4.6\%^*$, +1.2%) and to a lesser extent Western Europe (+2.0%). Outstanding deposits were up $+8.2\%^*$ (+5.3% at current structure and exchange rates), with a healthy momentum in the Czech Republic ($+8.9\%^*$, +5.4%).

In Russia, outstanding loans rose +2.7%* at constant exchange rates (-21.5% at current exchange rates) while outstanding deposits climbed +13.7%* (-13.0% at current exchange rates).

In Africa, Mediterranean Basin and French Overseas Territories, outstanding loans rose +1.8%^{*} (or -2.7%) vs. December 2019. Outstanding deposits enjoyed a strong momentum, up +7.9%^{*} (+3.4%).

In the Insurance business, the life insurance savings business saw outstandings increase $+0.5\%^*$ vs. December 2019. There was confirmation of a recovery in gross life insurance inflow (+43% vs. Q3 20), with the good composition of inflow (46% of unit-linked products in Q4 20). Protection insurance increased $+1.6\%^*$ vs. 2019 and $+5.5\%^*$ vs. Q4 19. This growth was driven partially by an 11.0%* increase in property/casualty premiums vs. Q4 19 (+9.9%* vs. 2019) and to a lesser extent by a rise in personal protection premiums (+1.9%* vs. Q4 19, -3.3%* vs. 2019). In France, protection premiums were 8%* higher than in Q4 19.

Financial Services to Corporates delivered a resilient commercial performance. The number of contracts for Operational Vehicle Leasing and Fleet Management was stable vs. end-December 2019, at 1.76 million contracts at end-December 2020. Equipment Finance's outstanding loans were slightly lower (-0.8%*) vs. end-December 2019, at EUR 14.1 billion (excluding factoring).

Net banking income

Revenues amounted to EUR 7,524 million in 2020, down -2.9%^{*} (-10.1%) vs. 2019. Net banking income amounted to EUR 1,919 million in Q4 20, up +0.3%^{*} (-7.6%) vs. Q4 19. The increase of +4.1%^{*} vs. Q3 20 illustrates the recovery in activity.

In **International Retail Banking**, net banking income totalled EUR 4,902 million in 2020, down -3.4%* (-12.3%) vs. 2019, marked in particular by reduced activity due to the lockdowns and a fall in net interest income in the Czech Republic and Romania, in conjunction with the decline in rates.

Net banking income amounted to EUR 1,236 million in Q4 20, down -3.5%* vs. Q4 19, excluding the structure effect and the currency effect (-11.2%). In Europe, revenues were down -5.9%* (-11.7%) impacted primarily by the rates in the Czech Republic and Romania in H1. However, activity remained dynamic in consumer credit, with stable revenues vs. Q4 19. Revenues (-2.5%*, -24.3%) held up well for SG Russia⁽¹⁾ despite the lockdown measures and a decline in rates, with particularly dynamic activity in housing loans (production up +18%* vs. Q4 19). Revenues were up +0.9%* (-3.0%) in Africa, Mediterranean Basin and French Overseas Territories vs. Q4 19, with a confirmed recovery in commissions. Revenues were higher in Sub-Saharan Africa in 2020 (+3%* vs. 2019).

The Insurance business saw net banking income decline by -2.1%*vs.2019, to EUR 887 million. When adjusted for the contribution to the solidarity fund in France, net banking income was down -0.9%* vs. 2019, illustrating a resilient financial performance. Gross inflow was of good quality in 2020, with the unit-linked share accounting for 44%. Net banking income was up +1.1%* (+0.9%) in Q4 20 vs. Q4 19, at EUR 224 million. The second half of 2020 was marked primarily by a rebound in gross life insurance inflow. Moreover, gross inflow continued to be of good quality, with the unit-linked contracts share accounting for 46% in Q4 20.

Financial Services to Corporates' net banking income was down -2.1%^{*} (-7.3%) in 2020, at EUR 1,735 million. However, in 2020, ALD posted a used car sale result (EUR 201 per unit) above the guidance, while margins were higher in Equipment Finance. Financial Services to Corporates' net banking income came to EUR 459 million in Q4 20, up +11.8%^{*} (-0.9%) vs. Q4 19.

Operating expenses

Operating expenses were down -1.6%^{*} (-9.6%) vs. 2019. When restated for restructuring costs related to the simplification of the head office (EUR 34 million in 2019), the tax on financial assets in Romania (EUR 16 million in 2019) and the contribution to COVID guarantee funds in the Mediterranean Basin (EUR 15 million in 2020), operating expenses were 0.8%^{*} lower than in 2019.

Operating expenses were down -2.4%^{*} (-10.8%) in Q4 20 vs. Q4 19. When restated for the tax in Romania, operating expenses were 0.9%^{*} lower, reflecting control of costs.

The cost to income ratio stood at 55.1% in 2020 and 53.0% in Q4 20.

In International Retail Banking, operating expenses were down -1.4%^{*} (-10.8%) vs. 2019 and down -4.3%^{*} (-12.8% at current structure and exchange rates) vs. Q4 19 which included the tax in Romania. For the SG Russia⁽¹⁾ scope, the rationalisation of the network and pooling initiatives helped optimise costs (-8.6%^{*} in Q4 20 vs. Q4 19) and gross operating income (+10.9%^{*} vs. Q4 19). For the Africa, Mediterranean Basin and French Overseas Territories scope, costs were lower (-1.8%^{*} vs. Q4 19).

In the **Insurance business**, operating expenses rose $+2.5\%^*$ (+2.0%) vs. 2019 to EUR 356 million and were slightly higher $+0.5\%^*$, (0.0%) than in Q4 19, in conjunction with efforts to control costs.

In **Financial Services to Corporates**, operating expenses were down $-0.3\%^*$ (-6.5%) vs. 2019 and were $4.4\%^*$ higher than in Q4 19 (-5.7%).

⁽¹⁾ SG Russia encompasses the entities Rosbank, Rusfinance Bank, Societe Generale Insurance, ALD Automotive and their consolidated subsidiaries.

Cost of risk

2020: the cost of risk amounted to 96 basis points (or EUR 1,265 million). It was 43 basis points in 2019. The estimate of expected credit losses in Stage 1 and Stage 2 amounts to EUR 389 million.

Q4 20: the commercial cost of risk amounted to 89 basis points in Q4 20 (or EUR 287 million), vs. 102 basis points in Q3 20, and 46 basis points in Q4 19. The Q4 cost of risk includes EUR 79 million for the estimate of expected credit losses in Stage 1 and Stage 2.

Contribution to Group net income

The contribution to Group net income totalled EUR 1,304 million in 2020 (-27.1%*, -33.3% vs. 2019) and EUR 376 million in Q4 20 (-11.7%*, -18.8% vs. Q4 19).

Underlying RONE stood at the high level of 12.4% in 2020, vs. 17.9% in 2019 and 14.3% in Q4 20 vs. 16.8% in Q4 19 (with RONE of 10.0% in International Retail Banking and 20.0% in financial services and insurance).

Net banking income

2020: Global Banking & Investor Solutions' revenues were down -12.5% vs. 2019. When restated for the impact of restructuring in Global Markets in 2019 and the revaluation of SIX securities (EUR +66 million), they were down -10.0%.

Q4 20: net banking income was down -5.2% (-2.7%* when adjusted for changes in Group structure and at constant exchange rates) at EUR 2,072 million vs. Q4 19 and rebounded +1.9% (+2.4%*) vs. Q3 20.

In 2020, a strategic review carried out by the Group of its Global Markets business contributed to reducing the risk profile on equity and credit structured products in order to reduce the sensitivity of Global Markets' revenues to market dislocations. A cost reduction plan was also launched in 2020, with the objective of an expected net reduction of around EUR 450 million between now and 2022-2023.

In Global Markets & Investor Services, revenues were down -20.1% (-19.3%*) in 2020 vs. 2019, at EUR 4,164 million, after a H1 impacted by the health crisis. When restated for the impact of restructuring in Global Markets in 2019 and the revaluation of SIX securities, they were down -16.9%*.

Net banking income totalled EUR 1,160 million in Q4 20, down -10.8% (-8.2%*) vs. Q4 19.

The performance of Fixed Income & Currency activities was up +14.9% in 2020 vs. 2019 (+21.3% when restated for the impact of activities discontinued in 2019), with revenues of EUR 2,292 million. They were driven by a healthy commercial momentum and particularly favourable market conditions in H1, in all regions. They normalised in H2 2020.

In Q4 20, Fixed Income & Currency activities were hit by a slowdown in client activity, in rate activities and the compression of short-term financing spreads in financing activities. Credit's good performance failed to offset the overall decline in revenues of -16.2% vs. Q4 19.

Equity activities' net banking income was down -49.0% in 2020 vs. 2019, at EUR 1,275 million, with structured products hard hit by the market dislocation in H1. Losses were mitigated by the increased revenues for listed products and equity flow products. Revenues rebounded in H2, in a normalising market environment. The integration of EMC activities was successfully finalised in Q1 20.

Q4 20 provided further confirmation of the improvement in revenues observed in Q3 20, with net banking income up +11.5% (-6.9% vs. Q4 19) and in particular a gradual recovery in structured products. Flow & hedging activities enjoyed strong volumes over the quarter and the Asia region performed well in all products.

Securities Services' assets under custody amounted to EUR 4,315 billion at end-December 2020, slightly lower (-0.3%) than at end-September 2020. Over the same period, assets under administration were up +4.1% at EUR 638 billion.

Securities Services' revenues totalled EUR 597 million in 2020, down -12.2% (when restated for the revaluation of SIX securities) vs. 2019 (-16.4% on a reported basis). They were down -9.5% in Q4 20 vs. Q4 19, at EUR 153 million.

Financing & Advisory revenues totalled EUR 2,546 million in 2020, up +0.6%* vs. 2019 (stable at current structure and exchange rates), with the strengthening of the franchises and ongoing support for clients during this challenging year. Investment Banking performed particularly well, benefiting from a high level of issues in the debt and equity capital markets and buoyant acquisition financing activity.

Financing & Advisory enjoyed solid net banking income of EUR 681 million in Q4 20, increasing by +9.0%* vs. Q4 19 (+5.9% at current structure and exchange rates) and rebounding by +18.3%* vs. Q3 20. This increase reflects the good performance of asset financing activities, the Asset Backed Products platform and the recovery in Global Transaction and Payment Services. Investment Banking revenues continued to grow in Q4 20.

Asset and Wealth Management's net banking income totalled EUR 903 million in 2020, down -4.6% vs. 2019 (-1.3% when restated for the revaluation of SIX securities). It was 4.9% lower in Q4 20 than in Q4 19.

Lyxor's net banking income amounted to EUR 207 million in 2020, up +3.5% vs. 2019, driven by a high level of performance fees. It rebounded by +20.8% in Q4 20 vs. Q3 20 (+12.3% vs. Q4 19), with growth in the Active Management segment. Lyxor confirmed its leadership position in the Green Bond segment in 2020 and enhanced its ESG ETF offering. Lyxor's assets under management totalled EUR 140 billion at end-December 2020, up +5.9% vs. Q4 19.

Private Banking's performance was lower in 2020 (-2.4%, when restated for the revaluation of SIX securities) vs. 2019, with net banking income of EUR 678 million. Revenues were hit by pressures on interest margins despite stable commercial revenues. Net banking income was 10.5% lower in Q4 20 than in Q4 19.

Assets under management were up +2.0% in Q4 20, at EUR 116 billion. Net inflow totalled EUR 1.7 billion in 2020, driven by France.

Operating expenses

2020: underlying operating expenses (restated for the restructuring provision recognised in Q2 19 for EUR 227 million and the restructuring charge recognised in Q4 20 for EUR 157 million, related to the new EUR 450 million cost savings plan between now and 2022/2023), were substantially lower (-7.2%*) than in 2019. This decline reflects the successful cost savings plan (EUR 500 million) implemented in Global Banking & Investor Solutions in 2018. They were down -7.9%* on a reported basis.

Q4 20: underlying operating expenses were down -9.7%* (-2.3%* on a reported basis) vs. Q4 19, with a positive jaws effect in Q4 20.

Net cost of risk

2020: the cost of risk amounted to 57 basis points (or EUR 922 million) vs. 13 basis points in 2019. It includes EUR 310 million of S1/S2 provisioning and EUR 612 million of S3 (non-performing loans) provisioning.
Q4 20: the commercial cost of risk amounted to 28 basis points (or EUR 104 million), vs. 14 basis points in Q3 20 and 17 basis points in Q4 19. It includes EUR 26 million of S1/S2 (performing/underperforming loans) provisioning and EUR 77 million of S3 (credit-impaired loans) provisioning.

Contribution to Group net income

2020: the underlying contribution to Group net income (after linearisation of IFRIC 21 and adjusted for restructuring charges in 2020 and the restructuring provision in 2019) came to EUR 183 million. **Q4 20:** the underlying contribution to Group net income amounted to EUR 320 million, up +46%* vs. Q4 19.

Underlying RONE stood at 1.3% in 2020 vs. 7.4% in 2019 and 9.0% in Q4 20 vs. 6.5% in Q4 19.

The Corporate Centre includes:

- the property management of the Group's head office,
- the Group's equity portfolio,
- the Treasury function for the Group,
- certain costs related to cross-functional projects and certain costs incurred by the Group and not reinvoiced to the businesses.

The Corporate Centre's net banking income totalled EUR 2 million in Q4 20 vs. EUR -7 million in Q4 19 and EUR -339 million in 2020 vs. EUR -152 million in 2019. In 2020, it includes notably the change in fair value of financial instruments corresponding to economic hedges of financial debt but that do not meet IFRS hedge accounting criteria.

Operating expenses totalled EUR -202 million in Q4 20 vs. EUR -98 million in Q4 19. They amounted to EUR -441 million in 2020 vs. EUR -94 million in 2019 (which included an operating tax adjustment for EUR +241 million). In 2020, they include a restructuring charge of EUR 53 million recorded in Q4 20.

Gross operating income totalled EUR -200 million in Q4 20 vs. EUR -105 million in Q4 19 and EUR -780 million in 2020 vs. EUR -246 million in 2019.

Net profits or losses from other assets amounted to EUR -105 million in Q4 20 vs. EUR -145 million in Q4 19 and EUR -185 million in 2020 vs. EUR -394 million in 2019 related to the application of IFRS 5 as part of the implementation of the Group's refocusing plan (in 2020, EUR -101 million in respect of the disposal of SG Finans and EUR -69 million for the finalisation of the disposal of Societe Generale de Banque aux Antilles).

Net income from companies accounted for by the equity method is nil in 2020. In 2019, it included an impairment of EUR -158 million corresponding to the Group's entire minority stake (16.8%) in SG de Banque au Liban.

In 2020, the review of Global Markets & Investor Services' financial trajectory led to the impairment of the associated goodwill for EUR -684 million and deferred tax assets for EUR -650 million.

The Corporate Centre's contribution to Group net income was EUR -290 million in Q4 20 vs. EUR -330 million in Q4 19 and EUR -2,285 million in 2020 vs. EUR -796 million in 2019.

7. OUTLOOK

The Group is aiming for a decline in underlying operating expenses in relation to 2020, as from 2023. In 2021, it will maintain strict discipline and target a positive jaws effect against the backdrop of an improvement in the economic outlook with a slight increase in its costs.

The 2021 cost of risk is expected to be lower than in 2020.

The Group aims to operate with a CET1 ratio more than 200 basis points above the regulatory requirement, including after the entry into force of the regulation finalising the Basel III reform whose impact is expected to be around EUR 39 billion⁽¹⁾ as from 2023, or around 115 basis points⁽²⁾

In 2021, the CET1 ratio is expected to be at a level significantly higher than 200 basis points above the regulatory requirement.

Regarding its distribution policy for the 2021 financial year, the Board of Directors has confirmed the objective defined before the outbreak of the COVID crisis, i.e. a payout ratio of 50% of underlying Group net income⁽³⁾, which may include a share buy-back component (up to 10%)⁽⁴⁾; the dividend component being paid in cash.

Finally, the Group will present its Global Banking & Investor Solutions' strategy to the market on May 10th, 2021 and its focus on CSR in H2.

8. CONCLUSION

The year 2020 will have been marked by a global health crisis, the economic and social (confinements and curfews) consequences have affected the Group's business, particularly in the first half of the year. With a significant improvement in H2 (+11% in H2 20 vs. H1 20), the Group's full-year revenues totalled EUR 22,113 million, down -7.6%* (vs. 2019), confirming the relevance of its diversified business model, the resilience of its franchises and its ability to generate capital.

In this challenging environment, the Group achieved all its financial targets in terms of costs (underlying operating expenses of EUR 16.5 billion), cost of risk (64 basis points, below the target of 70 basis points) and capital (CET1 ratio of 13.4%, i.e. above 12%).

More generally, the Group demonstrated its ability to manage this crisis responsibly throughout the year, by playing its role with its employees, customers and communities.

Moreover, this crisis has proved to be an accelerator of societal trends that the Group had already identified as a priority: Corporate Social Responsibility and digital technology. In 2020, the Group achieved a new milestone in terms of the energy transition by becoming the No. 2 globally in renewable energy financing and No. 1 on the advisory component. Moreover, the Board of Directors has validated a binding objective: the Group's governing bodies will have to include at least 30% women by 2023, ensuring compliance with this objective both in the businesses and the functions. More generally, the Group's extra-financial ratings are among the leaders in the banking sector: highest rating (A1+) assigned by the extra-financial rating agency Vigeo Eiris, position in the first decile of the ISS ESG ranking (C+ Prime), top 14% in the bank MSCI ranking (AA) and first decile of the RobecoSAM ranking with a place of 25th worldwide, after being ranked 1st worldwide on environmental issues in 2019.

In 2021, the Group shall remain fully committed to its priorities (i) its customers (ii) maintaining strict cost discipline, managing the cost of risk and the allocation of capital, (iii) creating value for its shareholders.

The Alternative Performance Measures, notably the notions of net banking income for the pillars, operating expenses, IFRIC 21 adjustment, (commercial) cost of risk in basis points, ROE, ROTE, RONE, net assets, tangible net assets, and the amounts serving as a basis for the different restatements carried out (in particular the transition from published data to underlying data) are presented in the methodology notes, as are the principles for the presentation of prudential ratios.

This document contains forward-looking statements relating to the targets and strategies of the Societe Generale Group.

These forward-looking statements are based on a series of assumptions, both general and specific, in particular the application of accounting principles and methods in accordance with IFRS (International Financial Reporting Standards) as adopted in the European Union, as well as the application of existing prudential regulations.

These forward-looking statements have also been developed from scenarios based on a number of economic assumptions in the context of a given competitive and regulatory environment. The Group may be unable to:

- anticipate all the risks, uncertainties or other factors likely to affect its business and to appraise their potential consequences;

- evaluate the extent to which the occurrence of a risk or a combination of risks could cause actual results to differ materially from those provided in this document and the related presentation.

Therefore, although Societe Generale believes that these statements are based on reasonable assumptions, these forward-looking statements are subject to numerous risks and uncertainties, in particular in the Covid-19 crisis context, including matters not yet known to it or its management or not currently considered material, and there can be no assurance that anticipated events will occur or that the objectives set out will actually be achieved. Important factors that could cause actual results to differ materially from the results anticipated in the forward-looking statements include, among others, overall trends in general economic activity and in Societe Generale's markets in particular, regulatory and prudential changes, and the success of Societe Generale's strategic, operating and financial initiatives.

More detailed information on the potential risks that could affect Societe Generale's financial results can be found in the Universal Registration Document filed with the French Autorité des Marchés Financiers.

Investors are advised to take into account factors of uncertainty and risk likely to impact the operations of the Group when considering the information contained in such forward-looking statements. Other than as required by applicable law, Societe Generale does not undertake any obligation to update or revise any forward-looking information or statements. 11. APPENDIX 2: METHODOLOGY

1 – The financial information presented in respect of the fourth quarter and 2020 was examined by the Board of Directors on February 9th, 2021 and has been prepared in accordance with IFRS as adopted in the European Union and applicable at that date. This information has not been audited.

2 – Net banking income

The pillars' net banking income is defined on page 43 of Societe Generale's 2020 Universal Registration Document. The terms "Revenues" or "Net Banking Income" are used interchangeably. They provide a normalised measure of each pillar's net banking income taking into account the normative capital mobilised for its activity.

3 - Operating expenses

Operating expenses correspond to the "Operating Expenses" as presented in note 8.1 to the Group's consolidated financial statements as at December 31st, 2019 (pages 423 et seq. of Societe Generale's 2020 Universal Registration Document). The term "costs" is also used to refer to Operating Expenses.

The Cost/Income Ratio is defined on page 43 of Societe Generale's 2020 Universal Registration Document.

4 - IFRIC 21 adjustment

The IFRIC 21 adjustment corrects the result of the charges recognised in the accounts in their entirety when they are due (generating event) so as to recognise only the portion relating to the current quarter, i.e. a quarter of the total. It consists in smoothing the charge recognised accordingly over the financial year in order to provide a more economic idea of the costs actually attributable to the activity over the period analysed.

5 - Exceptional items - Transition from accounting data to underlying data

It may be necessary for the Group to present underlying indicators in order to facilitate the understanding of its actual performance. The transition from published data to underlying data is obtained by restating published data for exceptional items and the IFRIC 21 adjustment.

Moreover, the Group restates the revenues and earnings of the French Retail Banking pillar for **PEL/CEL provision allocations or write-backs**. This adjustment makes it easier to identify the revenues and earnings relating to the pillar's activity, by excluding the volatile component related to commitments specific to regulated savings.

The reconciliation enabling the transition from published accounting data to underlying data is set out in the table below:

6 - Cost of risk in basis points, coverage ratio for doubtful outstandings

The cost of risk or commercial cost of risk is defined on pages 45 and 574 of Societe Generale's 2020 Universal Registration Document. This indicator makes it possible to assess the level of risk of each of the pillars as a percentage of balance sheet loan commitments, including operating leases.

| | (In EUR m) | Q4 20 | Q4 19 | 2020 | 2019 |
|--|-------------------------|---------|---------|---------|---------|

| | Cost of Risk in bp | 54 | 29 | 64 | 25 |

The **gross coverage ratio for doubtful outstandings** is calculated as the ratio of provisions recognised in respect of the credit risk to gross outstandings identified as in default within the meaning of the regulations, without taking account of any guarantees provided. This coverage ratio measures the maximum residual risk associated with outstandings in default ("doubtful").

7 - ROE, ROTE, RONE

The notions of ROE (Return on Equity) and ROTE (Return on Tangible Equity), as well as their calculation methodology, are specified on page 45 and 46 of Societe Generale's 2020 Universal Registration Document. This measure makes it possible to assess Societe Generale's return on equity and return on tangible equity.

RONE (Return on Normative Equity) determines the return on average normative equity allocated to the Group's businesses, according to the principles presented on page 46 of Societe Generale's 2020 Universal Registration Document.

Group net income used for the ratio numerator is book Group net income adjusted for "interest net of tax payable on deeply subordinated notes and undated subordinated notes, interest paid to holders of deeply subordinated notes and undated subordinated notes, issue premium amortisations" and "unrealised gains/losses booked under shareholders' equity, excluding conversion reserves" (see methodology note No. 9). For ROTE, income is also restated for goodwill impairment.

Details of the corrections made to book equity in order to calculate ROE and ROTE for the period are given in the table below:

8 - Net assets and tangible net assets

Net assets and tangible net assets are defined in the methodology, page 48 of the Group's 2020 Universal Registration Document. The items used to calculate them are presented below:

| End of period | 2020 | 2019 | 2018 |
|--|---------|---------|---------|
| Shareholders' equity Group share | 61,684 | 63,527 | 61,026 |
| Deeply subordinated notes | (8,830) | (9,501) | (9,330) |
| Undated subordinated notes | (264) | (283) | (278) |
| Interest, net of tax, payable to holders of deeply subordinated notes & undated subordinated notes, interest paid to holders of deeply subordinated notes & undated subordinated notes, issue premium amortisations | 19 | 4 | (14) |
| Bookvalue of own shares in trading portfolio | 301 | 375 | 423 |
| Net Asset Value | 52,910 | 54,122 | 51,827 |
| Goodwill | (3,928) | (4,510) | (4,860) |
| Intangible Assets | (2,484) | (2,362) | (2,224) |
| Net Tangible Asset Value | 46,498 | 47,250 | 44,743 |
| Number of shares used to calculate NAPS** | 848,859 | 849,665 | 801,942 |
| Net Asset Value per Share | 62.3 | 63.7 | 64.6 |
| Net Tangible Asset Value per Share | 54.8 | 55.6 | 55.8 |

** The number of shares considered is the number of ordinary shares outstanding as at December 31st, 2020, excluding treasury shares and buybacks, but including the trading shares held by the Group.

In accordance with IAS 33, historical data per share prior to the date of detachment of a preferential subscription right are restated by the adjustment coefficient for the transaction.

9 - Calculation of Earnings Per Share (EPS)

The EPS published by Societe Generale is calculated according to the rules defined by the IAS 33 standard (see page 47 of Societe Generale's 2020 Universal Registration Document). The corrections made to Group net income in order to calculate EPS correspond to the restatements carried out for the calculation of ROE and ROTE. As specified on page 47 of Societe Generale's 2020 Universal Registration Document, the Group also publishes EPS adjusted for the impact of non-economic and exceptional items presented in methodology note No. 5 (underlying EPS).

The calculation of Earnings Per Share is described in the following table:

| Average number of shares (thousands) | 2020 | 2019 | 2018 |
|---|---------|---------|---------|
| Existing shares | 853,371 | 834,062 | 807,918 |
| Deductions | | | |
| Shares allocated to cover stock option plans and free shares awarded to staff | 2,987 | 4,011 | 5,335 |
| Other own shares and treasury shares | | 149 | 842 |
| Number of shares used to calculate EPS** | 850,385 | 829,902 | 801,741 |
| Group net Income | (258) | 3,248 | 4,121 |
| Interest on deeply subordinated notes and undated subordinated notes | (611) | (715) | (719) |
| Capital gain net of tax on partial buybacks | | | |
| Adjusted Group net income | (869) | 2,533 | 3,402 |
| EPS (in EUR) | (1.02) | 3.05 | 4.24 |
| Underlying EPS* (in EUR) | 0.97 | 4.03 | 5.00 |

(*) Excluding exceptional items and including linearisation of the IFRIC 21 effect.

(**)The number of shares considered is the number of ordinary shares outstanding as at December 31st, 2020, excluding treasury shares and buybacks, but including the trading shares held by the Group.

10 - The Societe Generale Group's Common Equity Tier 1 capital is calculated in accordance with applicable CRR/CRD4 rules. The fully-loaded solvency ratios are presented pro forma for current earnings, net of dividends, for the current financial year, unless specified otherwise. When there is reference to phased-in ratios, these do not include the earnings for the current financial year, unless specified otherwise. The leverage ratio is calculated according to applicable CRR/CRD4 rules including the provisions of the delegated act of October 2014.

NB (1) The sum of values contained in the tables and analyses may differ slightly from the total reported due to rounding rules.

(2) All the information on the results for the period (notably: press release, downloadable data, presentation slides and supplement) is available on Societe Generale's website www.societegenerale.com in the "Investor" section.
